HOWARD WILBUR

FUNERAL DIRECTOR

LICENSE NO. 430.

HONORS MEMORY OF DR. GEORGE GLICK

CITY COUNCIL WILL ATTEND FUNERAL IN BODY AND WILL DRAPE BUILDINGS.

FUNERAL TO BE HELD THURSDAY MORNING

Rev. William Pence James to Have Charge of Services at St. Paul's, at 9:30—Fire and Police Departments Will Furnish Escorts—Masonic Funeral at Grave.

The city will honor the memory of Dr. George Glick, former member of the council, who died in Chicago Sunday.

At the special meeting of the council Monday night it was voted to attend the funeral in a body, furnish an escort from the police and fire departments, and drape the fire stations in mourning in memory to the pioneer and member of the first city council.

Suitable resolutions of respect will be presented at the next meeting of the council. Mayor Ingle appointed on the committee to draft resolutions, Clark of the First, Gregory of the Second, and Hull, councilman-at-large. The city will also send flowers for the funeral.

Mr. Glick's body reached the city this morning accompanied by Mr. and Mrs. T. J. Fletcher and Miss Belle Fletcher. The funeral will be held at 9:30 Thursday morning from St. Paul's church, in charge of Rev. William Pence James. Interment will be in Riverside, with Masonic services at the grave. Masonic pall bearers will be furnished by relatives of Dr. Glick who will act as honorary pall bearers.

Charles Glick, of Hamilton, Mont., and Fred E. Glick, of Minneapolis, sons of Mr. Glick, are on their way to this city. Fred Glick is expected Wednesday morning, and Charles Wednesday night. A. G. Glick, who is at present visiting at Orden, Utah, with J. W. Abbott, will not be able to be here.

WRITES OF PASSION PLAY.

Mrs. Grace Haviland Tells of Visit to Famous Religious Drama.

In a most interesting letter written by Mrs. Grace K. Haviland, formerly public librarian of this city, who is spending a year in Europe, to Miss Edna Sears, of this city, the writer gives a most excellent description of the Passion Play, one performance of which she saw. From 8 o'clock in the morning until late in the afternoon, excepting for the intermission for the noon hour, Mrs. Haviland, with others, sat in the theater which has been made famous by the peasants of the village while she looked upon the scenes of Christ's life as they were reproduced on the stage.

Mrs. Haviland has very little of criticism and much of praise for this great production. She writes that the dramatic climaxes seize upon the audience with a grip that holds them, and adds that the "illusion of the crucifixion scene was perfect."

STRIKER FILES COMPLAINT.

Wants Lennox Employees Arrested—Charges Later Withdrawn.

Five complaints, against as many non-union employees of the Lennox Machine Company were filed in the mayor's court late Monday afternoon by Carl W. Ethel, a striking machinist's apprentice. The complaints alleged conspiracy to assault and assault and battery. John Mitchell, a Lennox foreman, was the one man named in the five complaints the other four being entered against that number of "John Does."

Just imagine a parade of hundreds of brilliantly decorated cars, representing practically ever auto manufacturing in the country. Such a display will be both brilliant and interesting.

Cars from all over Marshall county and from adjoining counties will be in line. Several drivers are coming from a considerable distance for the sole purpose of entering the parade.

Those desiring to participate in the parade should notify James L. Denmark, at the First National Bank, at once.

NEW CONSERVATORY TEACHER.

Miss Eva Meek, of Chicago, Succeeds Mrs. Richards.

The Marshalltown Conservatory of Music has secured a new instructor in the person of Miss Eva Meek, of Chicago, who takes charge of the violin department, succeeding Mrs. Cassie Mullineaux Richards, of State Center. Miss Meek will also have charge of the voice department. She has studied both violin and voice in the Kansas City Conservatory of Music and the Northwestern Music School, Evanston.

Her teaching experience, in both lines, has included college work at Raleigh, N. C., Athens, Ala., and Paris, Tex. Miss Meek is also experienced as a conductor, and took a full course in this line under Peter Lutkin, dean of Northwestern.

By adding a vice department in charge of a teacher of experience the conservatory is better fitted than before, and is in a much better position to enlarge its field for pupils.

STRING TO REWARD.

South County Residents Will Not Pay If Raymond Hardy is Guilty.

The reward offered by residents in the south part of the county for the capture of the murderer of James Hardy, wife and son has been increased to \$725 which, with the \$400 offered by the state and the sheriff, makes a total of \$1,125. The payment of the reward posted by the people of the Hardy neighborhood, however, is contingent upon the development that Raymond Hardy is not shown to be responsible for the death of the members of his family. In the event that he should be held responsible the money is not to be paid. The people in the Hardy neighborhood do not believe Raymond Hardy guilty, but argue that, should he be found guilty, there would be no object in offering a reward when he is not making an attempt to get away and could be arrested without any trouble.

HO! FOR JOY RIDES

Tony Plans to Equip the City With Fine Automobiles But Herman is Too Slow to Be Appreciative.

The question of buying two new automobiles came before the fire and police committee Monday and caused a stormy session. Chairman Psenicka was in favor of buying two new cars and trading the old one in. One car was to be equipped with modern chemical apparatus for quick action at fires, and the other was to be used for a patrol wagon in place of the one now running.

Councilman Herman, who had opposed the resolution in Friday night's council meeting, opposed the plan in committee on the ground of extravagance. He says that in reply to his question as to how much they would cost Mr. Psenicka had estimated that they could be secured for \$3,000 each. Herman says that he then argued that the city did not have the money available but it was then explained to him that the city has the money.

And thereby hangs a tale. Heretofore a 1-mill levy has been made for the fire fund yielding about \$1,800 and \$3,000 or more has been appropriated from the general fund to make up the amount needed. Then the legislature changed the law and permitted a 5-mill levy for fire purposes. The council this year levied the full 5 mills, but accidentally appropriated from the general fund besides and even made the appropriation \$10,000 in addition to the 5-mill levy. It has been intended to use this surplus to build a fire station in the manufacturing district in the east part of town but it would be available for automobiles just as well.

Herman has declared opposition to the two new automobiles. He thinks that the old horse patrol wagon which is now equipped with chemical apparatus will get to a fire quick enough and he says that a rich fellow can buy a new automobile every year if he wants to but he thinks that the city can get along with the car which it has. The council will have to pass on the automobile question as the committee is divided.

ORDERS HORSE KILLED.

Justice Millard Takes Diseased Animal From Owner on Cruelty Charge.

The horse owned by Walter Coolidge, of Iowa street, was ordered killed by Justice Millard when Coolidge was arraigned for preliminary hearing on a charge of cruelty to animals this morning. The owner was allowed to go free after the costs of the case had been charged to him. A veterinarian, who was summoned as a witness, said that the animal, which has milk leg, is so badly diseased that a cure was not likely and that to attempt to treat it would cost more than the horse was worth.

TAKE ZUNDT CASE TO SUPREME COURT

IOWA ANTI-SALOON LEAGUE WILL APPEAL FROM JUDGE PARKER'S DECISION.

LAW POINT INVOLVED NEVER BEEN DECIDED

Similar Case Has Never Been Passed Upon By the Higher Court—Outcome of the Action in Supreme Court Will Be of Statewide Importance—Decision Not Likely Soon.

The Iowa Anti-Saloon League will appeal from the decision of Judge J. M. Parker in denying the application for a temporary injunction against the saloonist, John Zundt. E. R. Acres, the league's attorney, has been authorized by the officers of the anti-saloon forces to carry the case to the supreme court that the point in question may be passed upon.

The law point involved is whether or not the extending of the city's limits by the city council, when it took in addition in 1903, abrogated the multi-petition of consent circulated in 1900, has never been decided by the supreme court.

Parker Decided Case Recently.

The application for a temporary writ of injunction to force Zundt to close his saloon was heard by Judge Parker several weeks ago. He handed down an opinion, a decree in the case last week.

The point involved in the case is important because not only this city but a large number of other cities of the state would be affected provided the supreme court should hold that the privilege to sell intoxicating liquors was abrogated by increasing the city's territory after the petition had been circulated and filed.

In the ordinary course of procedure it will be at least a year, or perhaps even more, before the case will be reached by the higher court, even provided the case is argued without delay. By the time a decision is likely the saloons here will have had to circulate another petition of consent, as the present petition expires in 1911.

Local Weather Record.

A slight lowering of the temperature Monday made it the coolest day for two weeks, but atmospheric conditions made the heat almost as hard to bear as on any of the previous hot days. The maximum temperature for the day was 86, four degrees cooler than Sunday. The minimum during the night was 62, three degrees cooler than the night before. At 7 o'clock this morning the temperature was 72, four degrees warmer than at the same hour Monday morning.

MAY OPEN FOUNDRY

R. W. McDowell, Lennox Furnace Company Molder, Comes Before Marshalltown Club With Proposition to Open a Brass Foundry—Plan Looks Good.

If the Marshalltown Club will furnish a small piece of ground for a site, R. W. McDowell, a molder employed by the Lennox Furnace Company, will, with the backing of local manufacturers, open a brass foundry. This was the proposition which Mr. McDowell, accompanied by J. Lester Williams, of the Marshalltown Trowel Company and the LaPlant Tool Company brought before the directors of the Marshalltown Club at the weekly meeting Monday night.

Mr. Williams recommended Mr. McDowell and the plan most highly. Manufacturers of the city, such as the Fisher Governor Company, the Marshalltown Trowel Company and the LaPlant Tool Company, and others that use brass castings, are prepared to finance the foundry, provided the club will furnish the site, which is all that is asked for. All of these factories are now buying their brass castings outside of the city.

The proposition was received with favor by the directors, having as it did the endorsement of manufacturing interests of the city. No definite action was taken, the proposition being referred to the industrial committee to propose a plan or work out the details.

In the Police Court.

Clarence Umborg, arrested for vagrancy by Constable Morse, was discharged by Justice Millard this morning.

Fred Peters and Reinhold Polus, both of Oelwein, arrested by Constable Reed

for vagrancy, were sent to jail for two days by Justice Peck.

C. Haggerty and John Anderson, arrested by Constable Reed for vagrancy, were order out of town Monday by Justice Peck.

He will remain at Melbourne until he decides definitely where he will go.

TO BUILD FINE HOME.

Dr. Payne to Erect \$5,000 Residence at Third and State.

Having sold his old house Dr. W. C. Payne will soon begin to build on his property at State and Third streets a \$5,000 residence. The old house has been purchased by G. F. Kersey, who will move it to a lot at 512 North Second street which he has purchased. It was necessary to cut the house into three sections to get it off the lot. This work was begun this morning.

As soon as the ground is cleared the work of building the new house will be begun. It will be a six room, one and one-half story cottage, having some of the features of a bungalow. Also only of six room, the rooms will be large. Everything in the house will be modern. The new home will be ready for occupancy by fall. In the meantime Dr. and Mrs. Payne have had their barn made into a temporary home.
