

Stop That Scratching
Just as Long as You Have Dandruff
Your Head Will Itch.

It's the little microbes that are gnawing down into the hair roots. It may take a long time for these persistent pests to get down to the vital part, but when they do they will shorten the life of the hair in a very short time.

I write in short that my head was almost running in a week. I saw your ad in the Times-Union. I bought a bottle of Parisian Sage and once and tried it, and in a week I could see that my head was almost well, and my hair was growing wonderful, and I continued using Parisian Sage, and now my hair is beautiful and everybody admires it. My scalp is always clean.—Your customer, Mrs. S. Dingle, Jacksonville, Fla., Oct. 15, 1939.

Parisian Sage, the most delightful hair restorer, is guaranteed by B. A. Morgan to stop falling hair, to cure dandruff and all diseases of the scalp, or money back. It is the most refreshing hair dressing in the world. Ladies use it extensively because it makes the hair beautiful, soft and luxuriant. 50 cents a bottle at B. A. Morgan's or by express, charges prepaid, from Giroux Mfg. Company, Buffalo, N. Y. The girl with the Auburn hair is on every bottle.
