Suit has been filed for the August term of the district court by H. G. Bosch against Leroy Spencer, et al., to quiet title to an eighty-acre tract near State Center, north of the right-of-way of the State Center branch of the Iowa Central Railway. The petition alleges that the land became the property of Leroy Spencer by purchase from the government Oct. 15, 1855, and that he conveyed the property to William Spencer on Oct. 5, 1859. The deed given to the latter did not state whether or not Leroy Spencer was married or single at the time of the transfer, but the plaintiff in the case avers that he was single.

The Greatest Player-Piano

THE WORLD HAS EVER SEEN

WHICH IS GREATEST?

READ THE FOLLOWING AND YOU WILL KNOW:

DO YOU WANT THE BEST? THEN BE GOVERNED BY THE EXPERIENCE OF PEOPLE WHO ARE qualified to judge. THE RUDOLPH WURLITZER COMPANY are the largest manufacturers of automatic and spin operated instruments in the world, and are among the largest piano dealers in the United States.

The following advertisement was taken from the Musical Courier Extra, of Feb. 26, 1910, being a reproduced ad. of The Wurlitzer Company, Cincinnati, O.

"The Steinway Pianola Piano is sold in Cincinnati by The Rudolph Wurlitzer Company. Also the Steinway-Werte Player Piano, which is the Steinway Piano with the Artistic Write Autograph Player built into its case—a superb instrument, which commands an even higher price than the Steinway Pianola Piano. With the acquisition of the Asolian Co. Pianola Piano, we now represent the 12 LEADING MAKES OF PLAYER PIANOS.

"We shall continue to feature the MELVILLE CLARK APOLLO PLAYER-PIANO

as we know the Apollo to be the best player piano the world has ever seen. We have player pianos of nearly all other makes, including Weber, Steck and Stuyvesant Pianola Pianos, that were taken in trade by us toward Apollos after only slight use. These are now on sale at greatly reduced prices.

"Wurlitzer's is the only store in Cincinnati (or any other city) where you can see ALL the leading makes of player pianos. "Here you can make a side-by-side comparison of a dozen makes and see for yourself the superiority of the APOLLO above all other makes."

NOW PLEASE REMEMBER For eight years the APOLLO was the only player with a range of 88 notes, or the entire keyboard of piano; others played only 65—and fought the APOLLO complete-keyboard idea. Within the past year, when the success of the APOLLO 88-note player promised to crowd the 65-note instrument from the market, other manufacturers have come out with 88-note players.

The fact that during these eight years the APOLLO Player Piano was the only 88-note instrument on the market has won for it a wide patronage and unquestioned popularity. As a result there are more 88-note APOLLO Player Pianos in use today than the combined product of all other 88-note player factories.

Then again the APOLLO is the only player piano made that can play the 65-note and the wide and narrow standard 88-note music rolls, thus giving access to larger number of musical selections than all other players on the market.

DON'T YOU THINK it worth investigating? We do, and we are willing to abide by your decision, after seeing them all. Would be pleased to have you call at any time and see and hear it. A. E. WARD Sole Distributer 102 North First St. Marshalltown, Iowa

Of Course You Want Good Paint

No matter whether the job is small or large. The difference in price is no object, because good paint more than makes up the difference, if there is any, in durability and more satisfactory appearance. Our MONARCH 100% PURE PAINTS are good paints in every sense of the word. They have all the good qualities paints can have. They have unusual covering capacity and the test of years has proved their durability. Prices as low as you'll have to pay for just ordinary paints.
