KILL EVERY ONE

National Crusade Against Dandruff Germs Now Being Waged in America.

"The dandruff germ is the greatest American pest of today," declares one of the world's greatest scientists and students of diseases of the hair.

In a recent interview he said, "If the germs, well known as Parisian Sage, is eliminated, the United States will some day be known as the hairless nation. The Americans must wage a relentless war of extermination at once, and I am going to help them."

"My receipt for killing dandruff germs, well known as Parisian Sage, is now being manufactured in the United States."

There is only one way to cure dandruff, and that is to kill the dandruff germs.

There is only one preparation that will kill the germs, and that is Parisian Sage.

Parisian Sage is now manufactured in Buffalo, N. Y., by the Giroux Mfg. Co., and agencies have been established in every town in America.

You take no risk in buying a bottle of Parisian Sage. B. A. Morgan is the agent in this city, and he will guarantee Parisian Sage to cure dandruff, stop falling hair, remove all diseases of the scalp, or money back.

Parisian Sage is the most marvelous hair dressing and tonic; it makes the hair beautiful, soft and luxuriant in one week. It causes hair to grow if the hair root is not altogether dead. The price is only 50 cents a large bottle at B. A. Morgan's or direct by express, charges prepaid, from Giroux Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every bottle.

ACROSS COUNTRY ON WAGER.

Two New York Boys Hiking to San Francisco to Win Puras of \$2,000.

Two 16-year-old boys, Alvin Levine and Max Brody, of New York City, passed thru the city this forenoon, being on their way from New York to San Francisco, in an effort to win \$2,000 offered by a New York skate manufacturer. The boys must reach San Francisco in 100 days in order to claim the money, and are not to walk on Sundays, holidays or rainy days. They are walking thru the country and skating thru the cities and towns.

The young men left New York City on May 9, and have been walking forty-nine days. They carry a message from Mayor McEbride of Patterson, N. J., to Mayor McCarthy, of San Francisco. At all of the larger stops they obtain the signature of the mayor as a matter of record and obtain a letter from Y. M. C. A. secretaries along the route.

They left New York with 35 cents, which was to last until they reached Buffalo. The money was gone when they reached Albany, but they passed on to Buffalo without obtaining other funds. At Buffalo they gave a skating exhibition and with money thus obtained had pictures made which they are offering for sale to pay their expenses. At towns where they stop for the night they give skating exhibitions. They reached Cedar Rapids Saturday and remained there over Sunday and Monday, not being permitted to travel on Sunday or the holiday.

The boys are equipped with skates, and are now using the second pair since starting on their long journey. They received new suits at Cedar Rapids. They have met with no accidents and say their only trouble has been tired and sore feet. They are becoming more accustomed to walking now, however, and are having little difficulty.

The boys expect to complete their journey on time. They left this city shortly before noon and will spend the night at Ames.
