BEEF TRUST CASE TO BEGIN MONDAY

GOVERNMENT SENDS JUDGE KENYON TO ASSIST DISTRICT PROSECUTORS.

LANDIS SAYS INDICT INDIVIDUAL PACKERS

Court's Instructions Demand Thorough Work on the Part of Grand Jury, Which Began Deliberations Thursday—Says Agreement Need Not Be Shown if Trade is Restrained.

Chicago, July 15.—A special federal grand jury will begin investigation of the so-called beef trust Monday, according to government officials. W. S. Kenyon, assistant to Attorney General Wickersham, will have charge of the inquiry.

Indict the Individuals.

This practically was the edict of Judge Keneshaw M. Landis in the United States district court yesterday when he gave instructions to the special grand jury impaneled to inquire into the "mysteries" of the so-called "beef trust."

The court's words could be taken to mean but one thing—indictment of "real offenders with the alias" eliminated, or nothing at all.

"It sometimes happens that a person about to violate the law takes a name other than his own," said Judge Landis in his charge to the grand jury. "To illustrate: John Jones, undertaking to counterfeit gold dollars, changes his name to John Smith, or to the Metals Fabricating Company, a corporation, and under that name does the thing forbidden by law. If your investigation discloses such a case, do not indict a mere alias, but follow the trail wherever it may lead until you have located the real offender."

Before sending the grand jurors to their room to begin their deliberations, Judge Landis cautioned them against influences either in favor of the packers or the government, and told them to report to him if anybody approached them for or with information in the case either for or against the "beef trust."

Instructions to the Jurors.

Following is the substance of the instruction given by the court to the grand jurors:

"You are appointed foreman."

"Gentlemen of the grand jury, the oath which has been administered to you exhibits the solemn character of your official duty."

"You will appreciate that there is a double duty cast upon you; one, a duty to society to see that the persons against whom there is just ground to charge the commission of crime shall be held to answer, and the other, a duty to the citizen to see that he is not subjected to prosecution upon unfounded accusations inspired by clamor or malice. You will consider only legal evidence, commonly known as the hearsay or mere gossip. Subject to this qualification you will receive all the evidence presented, which may throw light on the subject under inquiry, whether it tends to establish the guilt or the innocence of the accused, and if in course of your inquiry you find evidence not presented within your reach which would qualify or explain away the charge upon evidence produced."

Anti-Trust Law Cited.

"With these general observations, I direct your attention to the anti-trust law, evidence respecting the alleged violations of which, in connection with the dressed meat industry, will be laid before you by the legal representatives of the United States."

"By that act every contract, combination in the form of trust or otherwise, or conspiracy in restraint of trade or commerce among the several states or with foreign nations, is declared to be illegal, and it is provided that every person who shall make any such contract or engage in any such combination or conspiracy, or who shall monopolize or combine or conspire with any other person or persons to monopolize any part of such trade or commerce shall be deemed guilty of misdemeanor."

"To constitute the offense it is not essential that there should be a purpose to completely eliminate competition, for, as before observed, the statute forbids a combination or conspiracy designed to restrict it."

"Therefore, should it appear that any persons have by concerted action, resulting from agreement or understanding, undertaken to control prices, limit the output or shipments, divide territory, or destroy competitors, this would amount to an infraction of the law."

Common Purpose is Essential.

"The gist of the crime is the common understanding or agreement by the parties, and, of course, by understanding or agreement, is not necessarily meant a formal written document. A mere understanding among the parties to work, or co-operate to a common purpose, is all that is essential, and this may appear, although there be no evidence of spoken or written words between the conspirators or a meeting of the conspirators or their even knowing of all the plans for the accomplishment of the result, either in a general way or in detail."

"The nature of the offense is such that first hand information respecting its commission is rarely obtainable. Ordinarily it is necessary to rely upon facts and circumstances, the acts of persons accused, to establish a conspiracy; thus, if there be several acts, knowingly committed by different persons, either simultaneously, or suc-

cessively, all dovetailing together and reasonably leading to the accomplishment of a result which the law prohibits, the circumstances all showing that result to have been in the contemplation of the several actors, you would be justified in finding for such acts that the several participants and a common purpose or agreement to bring about that result."

Investigation to Be Thorough.

W. S. Kenyon, assistant attorney general, who is handling anti-trust cases, said:

"It was thought desirable by Attorney General Wickersham that I come to Chicago and co-operate with Messrs. Sims and Wilkerson in the investigation of this matter."

"All that can be properly said at this time and at this stage during the process of the investigation is that it will be thorough and complete."

THE PITTMAN'S IMBROGLIO.

Government Will Leave Matters to Consul at Managua.

Washington, July 15.—Unless further neglect and mistreatment is shown by the Madrid government toward William Pittman, the American engineer now held in Managua as a prisoner of war, the state department will leave his case in the hands of Consul General Managua. The abuse already heaped upon the prisoner will be remembered by the department when the day of reckoning with the Managua government comes, however.

WHITE OPPOSES HUBBARD

Democrats Select Ida Grove Man to Make the Race for Congress Against Hubbard—Say They Will Beat Keuhle for State Senate.

Special to Times-Republican.

Sioux City, July 15.—M. M. White, of Ida Grove, was nominated this morning by the democrats of the Eleventh district to make the race for congress against E. H. Hubbard, the present republican incumbent. Mr. White is a well known attorney, having served as county attorney of Ida county for three terms, declining a re-nomination to make the race for congress. The democrats were in an optimistic mood, declaring that E. L. Crow, of Mapleton, would defeat Carl Keuhle, of Denison, the standard republican candidate for state senate, in the thirty-fourth district, which comprises Monona, Crawford and Harrison counties.

GRASPED A LIVE WIRE

Boy Near Ames College Probably Fatally Shocked While At Play—Is Still Unconscious.

Special to Times-Republican.

Nevada, July 15.—A serious accident occurred to the 10-year-old son of Mr. and Mrs. Frank R. Smith, living just west of the college, when, while standing on the iron break stand of a box car, he placed his hands upon the trolley wire of the interurban and was nearly electrocuted. His arms and shoulders were badly burned, his shirt torn from his back and the lad knocked unconscious, in which state he has been almost continuously since.

The car was standing near the coal chute out at the college and while little is known as to just how the accident happened, it is supposed that while running over the car, he climbed on the brake stand, and standing with his bare feet upon the iron he grasped the wire above his head. While the boy is still alive it is feared that the accident may yet prove fatal.

State Loses Suits Against Alleged "Shale Rock" Thieves.

Chicago, July 15.—M. H. McGovern, the contractor indicted on charges of graft from the city in the "shale rock" scandal, was cleared today when Judge Barnes refused to allow his case to go to the jury. Judge Barnes had already taken the cases of Paul Redlesky, former deputy commissioner of public works, and John Ericson, city engineer, who were indicted on the same charges, from the jury.

The state announced it would not sue the case against Ralph A. Bonnell, former assistant city engineer, but the defense objected, and Judge Barnes instructed the jury to find him not guilty.

DISAPPROVES COURT'S FINDING.

Walter Howe, commander of the department of the east, however, acting as a reviewing authority, disapproved of the finding of the court.

ZION CITY PASSES TO VOLIVA.

Court Order Enables Overseer to Purchase Dowie Estate.

Chicago, July 15.—Zion City practically passed into the control of Wilbur Glenn Voliva late yesterday afternoon when Judge Kenesaw M. Landis, sitting in the United States circuit court, entered an order accepting the bid of Cebe & McKinnon, real estate dealers for the assets of the John Alexander

Dowie estate. Guy D. Thomas, receiver of the estate, was authorized in the house to dispose of the estate to the realty dealers for \$700,000, who, under a previous contract, will transfer it to Voliva for \$900,000.

Attorneys for the Investors' Association, comprised chiefly of Zionites, wanted the estate of Dowie held in trust on the grounds that the land would later prove more profitable and that better prices could be obtained. Judge Landis refused to permit this.

"Voliva will have about eight years in which to pay the \$900,000 which he offered for the estate some time ago," said Attorney E. B. Pelsenthal. Will Voliva divide the property and sell it? I don't think so. I think he will carry on Dowie's faith. He was Dowie's adviser and aid when the aged healer had many followers."

Chicago, July 15.—Wheat today sold at highest price of the season, the September option going 1/4 above the figures made on the crop scare in the spring. A rise of 1/2 cents a bushel in 1/2 days was shown. The advance since last night was 3/4 @ 3/4. September touching 1.07 1/2. From that point profit taking carried the market down 1 1/2 cents. Spring wheat crop damage in Canada and the United States and Russia, the result of excessive heat and drought, caused excited buying on a large scale.

The turmoil continued unabated until the final tap of the gong. The market closed strong, with the last sales of September at 1.07 to 1.07 1/2, a rise of 2 1/2 @ 2 1/2 @ 2 1/2 cents compared with last night.

JULY COTTON 50 POINTS HIGHER ON A \$5 BALE ADVANCE.

AUGUST PRICES SOAR BUT LATER SELL OFF.

Sentiment is Exceedingly Nervous With Cotton \$15 a Bale Above Low Level of January—Bull Campaign Carefully Laid and Promoted—Telegraphic News.

New York, July 15.—There was increased excitement in the cotton market today with every indication that the long talked of July squeeze was at last on. Owing to even more urgent demand from July and August shorts, prices had a further sensational advance with July cotton selling at \$16.43, or fifty points above closing price last night and fully \$5 per bale above the price ruling just before the covering movement started Wednesday.

August shorts seemed almost as much worried at those of July and the price for that month advanced to \$15.12, or thirty-six points net higher, but later sold off 2 1/2 points over the closing figures of yesterday. Sentiment was exceedingly nervous. At the high price of this morning July cotton sold nearly \$15 per bale above the low level touched on the big break of last January when the bull leaders were supposed to have inaugurated the present campaign.

ROOSEVELT'S ITINERARIES.

Begins Western Trip Aug. 25, Southern Trip Oct. 5.

Oyster Bay, July 15.—Theodore Roosevelt gave out the itineraries of the two speaking tours he is soon to make—one into the west late in the summer, the other thru the south in the early fall.

The two tours will resemble a campaign trip by a presidential candidate, for Colonel Roosevelt will make not only as many set speeches as his traveling car permits, but probably he will deliver talks from the rear end of his private car. For the first trip a car already has been chartered.

The western trip is to begin on Aug. 25, and will end on Sept. 11. The southern trip will extend from Oct. 6 to Oct. 13. The itineraries follow:

RIDER PICKED TO WIN

Des Moines Almost Certain to Land State Golf Championship—Friend of Marshalltown, Probably Winner of Cedar Rapids Cup.

Special to Times-Republican.

Cedar Rapids, July 15.—At the end of the first 18 holes, on the semi-final of the state golf championship it was reasonably certain that the championship will go again to Des Moines. Two Des Moines men were in the lead, Edgar and Harrison, 1 down and Ammons, of Des Moines, was 5 up on Beaver, of Cedar Rapids, who yesterday downed the ex-champion, Ferguson. Rider was playing the best golf of the four and is the likeliest candidate for the championship.

Much of the play this morning was very ordinary. Donnan, of Independence; Giberson, of Cedar Rapids; Kinney, of Burlington, and Baker, of Ottumwa, reached the semi-finals of the directors' cup. Friend, of Marshalltown, probably will win the Cedar Rapids cup. He put out President McLaughlin, of the association, in the semi-finals this morning.

CHAMPIONS OUT OF RACE.

Both Sheehan and Ferguson Out of Semi-Finals in Golf Tourney.

Cedar Rapids, July 15.—William Sheehan, state golf champion, must quit his title won by another this year. He was put out of the running in the championship by Roland Harrison, a young golfer representing the Waveland Club of Des Moines, who plays practically unknown in state tournaments.

No less a surprise was the defeat of H. H. Ferguson of Cedar Rapids, three times state champion, by J. L. Bever, Jr., his teammate. Sheehan and Ferguson were picked to play the finals together, but today's play completely upset the dope bucket and leaves Ralph Rider of the Des Moines Golf and Country Club, Harrison of the Waveland, W. H. Ammons of the Hyperion and Bever of Cedar Rapids as the semi-finalists.

Tomorrow Rider and Harrison will clash while Bever and Ammons are battling for a place in the final round. Rider is picked as the probable winner, as he was a finalist against Sheehan in the state tournament at Ottumwa last year and has had more tournament experience than has Harrison. However, the wise ones point to Harrison's performance yesterday, when he

outplayed Sheehan on the eighteenth hole, but he was defeated by Ferguson and brought him in 7 down with 6 to play. Ammons defeated Middleton of the Rock Island club by the same figure, and Rider beat Dicky, 6 up and 4 to go.

Sheehan's defeat was the greatest surprise of the week, playing great golf he simply was forced to accept defeat before the greater game of young Harrison. The latter went out with a forty-one, bogey for the course, while Sheehan took just one more stroke. Both men played the last nine holes in thirty-nine, close to the record for the week. The eighteenth hole was the nerve wracker for the youngsters. Harrison was one up and both second shots were on the green. Sheehan's third hung on the lip of the cup, while Harrison's ball lingered fully eighteen feet away. He ran it down for a 4 to go.

At the meeting of the Iowa State Golf Association here last night the Waveland Club was awarded the next tournament and the pairing rules of the Western Golf Association were adopted. It was decided also to hold the tournament earlier if this does not conflict with the Western and the Transmississippi events.

A. J. McLaughlin of Sioux City was re-elected president, W. J. Maxwell of Cedar Rapids was elected vice president, and Dr. E. E. Dorr of Des Moines secretary-treasurer.

The directors are: F. B. Clark of Ottumwa, H. L. Barquist of Des Moines, George W. Kenney of Burlington, Don D. Donnon of Independence, and H. J. Rodgers of Marshalltown.

SEA PORTS WATCHED FOR DR. CRIPPEN

AMERICAN WHO MURDERED WIFE IN LONDON FAILS TO REACH NEW YORK.

MAN RESEMBLING SUSPECT KILLS HIMSELF IN TRENTON

Police of New York Investigating Clue to Identity of Stranger Found Dead in Park—London Authorities Continue Search and Investigate Methods of Murder.

New York, July 15.—The first of the big liners on which it was thought Dr. Crippen might reach here from England, whose police have requested his arrest, passed up the bay early today, after having undergone a search at quarantine which failed to reveal any sign of the American physician whose wife was found dead in his London home. The steamer was the Lusitania, which left England Saturday.

Crippen was supposed to have taken passage for this country with a young woman named Ethel Clare Lenoir, formerly the doctor's daughter. Crippen was supposed to have taken passage for this country with a young woman named Ethel Clare Lenoir, formerly the doctor's daughter. Crippen was supposed to have taken passage for this country with a young woman named Ethel Clare Lenoir, formerly the doctor's daughter.

London Still Hunting.

London, July 15.—While the authorities were exhausting their resources today to lay hands upon Dr. Crippen and his woman tylist, physicians were examining the mutilated body of his wife with a view to determining the manner in which the murder was done. The finding in the cellar of the revolver three days after the murder, a report that the woman had been shot before the body was battered into an unrecognizable mass and buried in quick lime in the cellar of the Crippen home at Hilldrop Crescent, North London. It is also reported that traces of poison had been found.

Descriptions Are Sent Out.

The police description of Crippen and the woman who is said to have accompanied him follows:

Hawley Crippen, alias Peter Crippen, alias Frankel Crippen, an American, about 50 years old, five feet three inches tall, fresh complexion, light brown hair, inclined to be sandy, bald on top of head, rather long mustache, mark on bridge of nose, wears false teeth and gold rimmed spectacles, speaks with slight American accent, wears his hair on the back of his head in a plausible and quiet spoken, is accompanied by a woman calling herself Mrs. Crippen, 27 years old, light brown hair, gray eyes, good teeth, nice looking, and of pleasant appearance, medium build.

Reminds Charlton Case.

The case is similar to that of the Charlton murder at Lake Como, Italy. Both women were actresses who left their American homes to meet death by violence in a foreign land, and in each instance the police pursued the American husband to the shores of his native land.

Porter Charlton was arrested in Hoboken, but in the absence of extradition treaty between the United States and Italy specifically providing for the return of either country of a citizen of the other country, the woman committed suicide abroad, may go free.

In the present case no such complications are probable, as the British-American extradition treaty leaves no loophole of which a suspected criminal may take advantage. The London police have made a definite charge against Dr. Crippen and propose to get him with the co-operation of the American authorities.

Crippen's Son Guarded.

Los Angeles, July 15.—While the father of Dr. Crippen, sought in connection with the death of his wife in London, expressed himself quite freely here in regard to the case, Hawley Crippen, his son, was protected from interviewers last night by his father-in-law, who took up a position in front of his home, armed with a rifle. The young man and his wife make their home with Mrs. Crippen's parents, Mr. and Mrs. J. C. Herwick. Young Crippen retired early and Herwick said to interviewers:

"No, sir, my son hasn't heard a word about his father, nor he ain't going to be pestered by no reporters, so you kin dust yourself along or you'll get into trouble."

BANDITS SHOOT THREE.

One Dead and Two Wounded in Raid on Railroad Camp.

Cleveland, O., July 15.—One man is dead and two others are badly wounded as the result of the raid of five colored bandits on a Lake Shore construction camp near Olmsted Falls late last night. Charles Brunner, aged 30, was shot thru the abdomen, and died today. The injured men are James Counterman, shot thru the body, and Thomas Zurich, shot in the head. They will recover. No trace of the bandits has been found.

Prize Fighter Sent to Prison.

Hampton, Va., July 14.—William Durand, who claims the heavyweight pugilistic championship of the United States navy, was convicted here today of prize fighting and sentenced to one year in the penitentiary.
