MURDER CHARGE FILED

GEORGE AND MOREAU MORRIS, FATHER AND SON, PLACED UNDER ARREST.
OUTCOME OF SHOOTING OF H. SHOCKLEY NEAR GRINNELL

Special to Times-Republican. Grinnell, Aug. 2.—The relatives of Hamor Shockley, the Grinnell man who was shot and instantly killed one night last week while in the act of taking out from the granary on the George Morris farm, north of town, have started criminal prosecution against those responsible for the shooting.

It was generally supposed that, under the circumstances, the Morris, father and son, would not be prosecuted, but upon the application of Charles Shockley, a brother of Hamor Shockley, Justice T. J. Noll issued a warrant for the arrest of George Morris and his son, Moreau Morris, they being accused of murder in the first degree. They were taken before Justice A. H. Palmer, of Chester township, and there gave bonds in the sum of \$5,000 for appearance when summoned. The bonds were signed by George Morris, John Newcomer and A. H. Palmer.

County Attorney H. E. Boyd has been here from his home in Malcom but no definite line of action has been made public. So far as has been learned the substance of the verdict of the coroner's jury was that Hamor Shockley came to his death from a gunshot wound, the weapon being in the hands of Moreau Morris when it was fired.

A YOUTHFUL FORGER. Fifteen-Year-Old Waterloo Boy Raises Several Checks. Waterloo, Aug. 2.—Howard Gale, a 15-year-old boy residing at 242 Maple street, has been making money by raising checks \$10 each that were given him by Shippey & Burke, contracting carpenters, whom he worked. The kid realized \$30 on three checks in this way and the police believe another fraudulent bit of paper will show up later.

Gale's work was neatly done and the forgery would escape detection unless the checks were carefully scrutinized. Two of the checks were for \$6 each originally and the third was for \$7.25. In each instance the boy had placed the numeral "1" in front of the amount and written the word "teen" in the proper place. With this cleverly accomplished combination the checks were cashed very readily.

The police have captured several forgers, but Gale is the youngest. He is too young for regular police or justice court procedure and this case must be taken up in juvenile court.

BUILDING NEW CUT-OFF. Northwestern Laying Steel on Line of Thirty Miles. Sioux City, Aug. 2.—More than two miles of track per day is being laid on the new cut-off from Wren, Iowa, to Hawarden, by the Northwestern road. The work of laying the rails was started last Tuesday and it is hoped to have it completed this month. A force of twelve men and a modern track laying machine are being used in the work.

A direct line to the Dakotas via Hawarden will be opened by the new line and it will not be necessary to go to Alton in order to reach Hawarden, as is now the case. The territory has no railroad and will open up a splendid country. Three new townships have already been located, Craig, which is the principal one, is beginning to assume a prosperous air and several buildings have been erected. The other townships, McNally and Brunsville, have not yet started on their career.

The new branch is thirty miles long and will cost about \$1,500,000. Nearly a year was spent in grading the right of way. J. A. S. Redfield, formerly division engineer of the Northwestern railroad in Sioux City, is superintending the work of the cut-off.

NORTH IOWA FAIR ENTRIES. Many Horses to Compete and Fast Races Promised—Baseball Games. Special to Times-Republican. Mason City, Aug. 2.—One hundred and forty entries is the sum total of all the race entries for the North Iowa Fair races, which will be on here Aug. 22-26 inclusive. In all there will be eight events. The class races closed today while the stake races closed six weeks ago. In the 2:30 trot there are 26 entries; 2:15 pace, 24 entries with as fine field of horses as ever appeared on an Iowa track; 2:25 pace, 25 entries; 3-year-old trot, 16 entries; 2:12 pace, 9 entries. In this race Dr. B. P. Homer Sheldon, Little Nig, Elsie H. Tom Grundy, Red Milda, Johanne Spangle and Ditto Electric will be in contest. In the 3-year-old pace 9 entries; in the 2:18 trot there are 17 entries; in the 3-year-old pace 9 entries, and 2:30 trot 14 entries. Mason City baseball team will compete with Charles City, Dougherty, Clear Lake and Eldora during four days of the fair. On Friday will be the sensational automobile races. The management are putting in nearly \$2,000 in special attractions and vaudeville stunts, animal performing stunts, etc., will be given during all the heats of the races.

STRUCK BY AUTO. James Clyde Scott, of Iowa City, Seriously Injured in Collision. Special to Times-Republican. Iowa City, Aug. 2.—James Clyde Scott, driving in a buggy, was struck amidships by an auto, in which rode Joseph O'Leary, about midnight last night. His horse was killed and he was injured, and is now in the hospital. He may be internally hurt.

NEARING HOME; KILLED. Corning Boy Meets Death in Accident While on Way to Visit Mother. Special to Times-Republican. Creston, Aug. 2.—Mr. Shible, son of the German minister, at Brooks, who

was killed on the railroad track there last winter, was killed in a railroad accident last week, while enroute home to Corning. He had just received an honorable discharge from military duties in the west, and was hurrying home to his mother and sisters, when overtaken by the accident. He was unable to attend the funeral of his father last winter, because of his military position, and this was his first chance to come home since.

Funeral services were held at the home of his mother in Corning Saturday. SHANNON BOY DROWNED. Goes Beyond His Depth and is Mired in Soft Mud. Special to Times-Republican. Creston, Aug. 2.—Fred, the 15-year-old son of Mr. and Mrs. Milton Snyder, of Shannon City, was drowned Sunday in a pond on the Fred Wolf farm, a mile and a half from Shannon. Young Snyder, with several companions, had gone there to swim and Snyder got beyond his depth, into soft mud, and it is thought was mired. The boy's companions made a desperate effort to save him but were unsuccessful.

FEAST WITH NO PRINCIPAL. Wedding at Collins Attended by Many Surprises—Bride and Groom Outwit Guests and Have Suit Cases Stolen. Special to Times-Republican. Nevada, Aug. 2.—Fifty friends who had been invited to attend the wedding of Prof. I. O. Schaub, of North Carolina, and Miss Maud Kennedy, a popular Iowa State College girl, which was to occur at the home of her parents near Collins at half after 7 o'clock in the evening, were surprised when they were presented to the couple as Mr. and Mrs. Schaub, the ceremony having occurred earlier in the afternoon. Just as the dinner was to have been served, the newlyweds jumped into a waiting automobile and again attempted to outwit their bidden guests. They made a flying trip to the home of a brother of the bride and while they were preparing to leave on their honeymoon, a man in a motor automobile, which had followed them, carried away a couple of suit cases, bearing their apparel. The bride and groom drove on to this city, however, regardless of the acts of their friends, purchased other raiment and took the Northwestern for Chicago and the east. This one wedding feast and reception were held without the principals. Professor Schaub was formerly connected with Iowa State College.

LAD SAVES HOME. Carries Blazing Gasoline Stove From House and Extinguishes Flame. Special to Times-Republican. Iowa City, Aug. 2.—A gasoline stove exploded in the kitchen of Mrs. Katie Shay's home today, and the resultant fire damaged the house and some of the furniture. A young boy, named Boxtongton, aged 14, heroized himself, by carrying out the flame-wrapped stove, and then returning and extinguishing the fire, before the department could arrive on the scene. The boy was burned slightly.

LABORER LOSES LEGS. Sioux City, Aug. 2.—Knocked to the ground by a switch engine while crossing the track, Patrick Flanagan, a section man employed by the Great Northern railroad, was seriously and perhaps fatally injured at 10:45 o'clock this morning. He died within a half hour. He was struck by a Great Northern switch engine on tracks near Third and Nebraska streets. His right leg was cut completely from his body and he was picked up several feet from the scene of the accident. The left leg was crushed and amputation was necessary.

Oakland Farmer Missing. Comed Bluffs, Aug. 2.—Relatives and friends are alarmed over the continued absence of Robert Wilson, a farmer, 22 years old, who left his home near Oakland last Thursday in an automobile. He has been traced to Avoca where he was seen by a neighbor, leaving his machine in an Avoca garage. The last seen of him was at the Avoca station. He has a wife and one child, is permanently after the mayor has had time to consider the matter. Mayor Pfeiffer on Friday evening asked Mr. Cheney to resign and surrender his equipment. This he refused to do and then the mayor exercised the power given him by the laws of the state and removed the officer from the force. Friction on the police force is one of the reasons that the mayor has for demanding the star of authority.

Fort Dodge. Rev. P. Kopp, pastor of the Christian church, is laying his plans to hold the dedicatory service of his new church on Sunday, Sept. 11, and everything now points to the selection of that date. The work of plastering and adding the finishing touches to the upper rooms of the structure is now under way and with the arrival of a little of the mill work which has been delayed in delivery, the structure can be pushed to completion and will be ready for occupancy early during September.

Mapleton. A "harvest jubilee" will be held at this place Aug. 25, 26 and 27. The old street fair or carnival idea, with its immoral shows and grafting bunch of rascals, has been tabooed entirely and whatever in the way of attractions that will be advertised will be free to the people. The jubilee is now under way and with the arrival of a little of the mill work which has been delayed in delivery, the structure can be pushed to completion and will be ready for occupancy early during September.

Cedar Rapids. Rev. Joseph Newton, pastor of the Liberal Christian church, has signed a contract for a period of ten years, commencing with Sept. 1, 1911. That is to say Rev. Mr. Newton has agreed to remain with the church, which is a long term. He has had several flattering offers from other cities. He is widely and favorably known. The work he has done, especially since coming to Cedar Rapids, has attracted much attention in this and several other states. He is regarded as one of the coming national figures in the pulpit. He is well known also in the literary world. He has done and is doing much journalistic work. He wrote a life of David Swing which is a model of good biography. It has been widely read and there still is a good demand for it.

Manchester. Three fatalities resulting from the consumption of "home" made "head cheese" were narrowly averted at Gold-Head on Friday. The victims of the poisoned food were Ira Muckler, proprietor of the Golden store, Mrs. Muckler and their son. The members of the family were taken very ill following the meal at which the food was eaten. A medical treatment arrested the action of the poison and, it is now thought they will escape other effects than the brief illness.

Onawa. Extensive preparations are being made by Onawa citizens for the old settlers' picnic, which is to be held here on Aug. 30. This is the first time for a number of years that this annual gathering has come to Onawa, and the citizens are making plans to entertain one of the largest crowds ever gathered on this occasion. Committees have been appointed to look after the arrangements, and the reunion promises to be one of the best ever held in the country.

Cedar Falls. Mayor H. J. Pfeiffer on Friday evening relieved F. W. Cheney from his position of assistant marshal at Cedar Falls and has temporarily appointed R. E. Rasmussen to fill the vacancy and it is altogether probable that Mr. Rasmussen will be given the position

TO PROSECUTE KEPPER

ATTORNEY GENERAL BYERS ORDERS COUNTY ATTORNEY TO GET BUSY. CITIZENS TIRE OF LAXITY IN PUNISHING WRONG-DOING

Embezzling Cedar Rapids Council Must Face Courts Despite the Making Good of Defalcations—Fourth Similar Case Where Courts Have Overlooked Crime. Special to Times-Republican. Cedar Rapids, Aug. 2.—As a result of complaint made to the attorney general over the failure to prosecute embezzling city officials in this city, Mr. Byers has ordered the county attorney to submit to the grand jury all the evidence relating to Councilman Keffer's shortage and thoroughly probe city affairs.

Keffer is the fourth city official within the past few years who has been short, and in no case has there been prosecution. Many citizens are determined that laxity of law enforcement shall cease.

INCENDIARY AT RANDALL. Attempt Made to Burn Crosley Drug Store. Webster City, Aug. 2.—It is reported that firebugs attempted to destroy the L. M. Crosley drug store in Randall about 3 o'clock yesterday morning, while the people of the village were asleep. Damages to the extent of \$200 had been done before the flames were extinguished. This is the second attempt of incendiaries, it is reported, to destroy Mr. Crosley's business. About two years ago his entire stock was destroyed by fire and it was thought to be of incendiary origin. He rebuilt and started up in business again. Now, along comes some one and attempts to burn him out the second time. However, the work of the incendiary was nipped in the bud by a young man—Frank Tallman—returning to Jewell from Roland. He drove thru the village of Randall about 3 o'clock and noticed the flames just getting a good headway about the entrance to the drug store and hurriedly raised the alarm. The townspeople turned out en masse and soon extinguished the blaze.

CHILD'S BURNS FATAL. Three-Year-Old Girl, Who Played With Matches, Dies From Injuries. Des Moines, Aug. 2.—Helen Leonard Baker, aged 3 years, daughter of Mr. and Mrs. L. O. Baker, 1889 Walker street, died Sunday at 3 o'clock as a result of burns received Saturday while the child was playing with matches on the lawn "to see the pretty fire."

The mother had vainly and painfully burned by her heroic effort to save the life of her little daughter by rolling her upon the ground and beating the flames with her naked hands.

Jewell News Notes. Special to Times-Republican. Jewell, Aug. 1.—Jewell with the surrounding country ought to have a corn palace this year instead of a farmers' picnic. The corn was never a better stand around here. The farmers have already commenced to thresh and the yield is away above the average. The Northwestern is having to ship in water from Eagle Grove to supply their engines with water.

Elizabeth, who now lives in Whitten, is very low with tuberculosis. He is a young man who was born and reared in Hamilton county. Charles Seidenstuecker is having the old meat market overhauled, being made into a fine modern house. George Chamberlain, Jr., went to Chicago Saturday night to visit his relatives. Mrs. Clara Taylor, of Ogden, visited her mother, Mrs. W. H. Whittinger, over Sunday. Mrs. E. H. Hartman and family of Glidden, were guests of the Whittinger family over Sunday. Clyde Sucher and wife spent Sunday at Wall Lake visiting relatives. Mrs. Snyder and Mrs. Charles Seidenstuecker and children leave today for Lake Ojiboi for a two weeks' outing.

Lake City Chautauqua Closes. Special to Times-Republican. Lake City, Aug. 2.—The chautauqua closed here Saturday evening, after a full week's program. The chautauqua of this year was the most successful of any since 1907, when the first was held here. A large number of business men signed the guarantee for the sale of the necessary number of tickets for next year, so that the return of it here in 1911 is absolutely assured.

GOVERNMENT RECEIVES PROPOSALS FOR GRINNELL AND OTHER POSTOFFICE LANDS.

Washington, Aug. 2.—The treasury department opened a long list of proposals for the sale of sites for public buildings in Iowa to the government. No awards have yet been made. Proposals follow: Charles City, \$10,000, six 140x140—Grace Episcopal church society, southwest corner of Kelly and Jackson streets, 12x132, \$8,750; Mrs. Margaret Langstaff, southeast corner of Wisconsin and Kelly streets, 132x132, \$9,775; estate of J. W. Smith, northeast corner of Main and Ferguson streets, 132x132, \$9,000.

Grinnell, \$8,000, size 180x135—M. C. Capron—southwest corner Commercial and Broad streets, Irreg. 80x150, \$10,000; O. W. Clifton, northeast corner Main street and Fifth avenue, 90x165; \$9,500; H. L. Bliss, southwest corner Broad street and Second avenue, 150x165, \$8,000; Clark Clouts & Boyer, southwest corner Broad street and Fifth avenue, 84x90, \$8,500.

BOOST CLUB MEMBERSHIP. Campaign at Boone to Increase Membership Commercial Organization. Special to Times-Republican. Boone, Aug. 2.—The Boone Commercial Association is just now engaged in a determined effort to raise the membership of the association several hundred. The booster spirit has struck the town right and the commercial association and R. R. Y. M. C. A. are vying with each other in the membership race. The local commercial body is doing much for the town and great good is sure to result from this membership campaign.

Marble Rock Notes. Special to Times-Republican. Marble Rock, Aug. 2.—Out thrashing is now well under way. The yield is good and the quality is at the best. Mrs. Crumb and granddaughter Daisy returned from a several weeks' visit at Garner last Saturday. Miss June Gray is at home after spending several days in Waterloo and Charles City.

The following are on the sick list at the present: Dr. Hayes, Mr. Scott, Mrs. Thomas and Mrs. Rus Ackley. The plat of the new railroad shows one stretch of eleven miles without a crook or turn in it. It is very doubtful if any other road in the state has so long a stretch of straight track as this. Mrs. Osler returned home from a several weeks' visit in Wisconsin last week. The Will Shephard, the Willard Bucklin, and the Ben M. Ludwig families, with the Misses Maud and Myrtle Barr, spent part of last week at Clear Lake.

A Mr. Moore, of Dakota, and his sister, Mrs. Hattie Moore Mitchell, who is one of the professors of Drake University, are visiting old friends here. Grace Meric received a diploma from the State Teachers' College last week and is now spending her vacation at home. Prof. Main Spaulding returned from his duties at the State University last Saturday. Rev. Mr. Tenney of the Baptist College at Des Moines, visited Rev. Mr. Manchester here several days last week. Mr. Lorin Inman has been chosen to fill the place of superintendent in our high school for next year, which gives general satisfaction thruout the community.

Willis Hitter is entertaining his mother from Illinois. The new railroad, or something else is affecting real estate here. Last spring there were many empty houses, but now it is hard to find one. Mrs. P. P. Armer has gone to Duluth, Minn., to escape hay fever.

The International Harvester Company in perfecting labor saving farm machinery is helping the woman as much as the man

The farmer who always has a field to plow has no time to plan for the betterment of his crops nor the extension of his farm. The woman with too many duties cannot pay proper attention to herself, her children, her garden or her poultry. When drudgery takes up the day there is no time for development.

The use of two very simple machines a gasoline engine and a cream harvester as they have been perfected by the International Harvester Company, will do much to increase the woman's leisure and earning capacity.

So long as the cream has to be skimmed from the milk with a ladle and the butter churned by hand, the work will always remain a woman's work.

But when an I. H. C. gasoline engine is running the cream harvester and is calling out for more cows to supply more milk so that more butter can be made, it becomes a man's task—one that a farm hand will willingly assume.

When the water is pumped by a gasoline engine, and, if desired, is piped through the house and stable—when there is a hose instead of a heavy water bucket to clean off the porch—when its power runs a washing machine, and a churn—it is much easier to keep a hired girl.

On a farm thus equipped a woman has time to extend her garden and her poultry raising, and the making of dairy products, until the marketing of her garden truck, chickens, eggs and butter develops into one of an important revenue product.

The wife's sphere of importance grows, she is freed from her burdens of drudgery and keeps pace with her husband.

The work of the International Harvester Company is not only bent towards making this the day of the business man farmer—but also the day of the farmer's BUSINESS WIFE.

A dealer everywhere. LOOK FOR THIS MARK International Harvester Company of America (Incorporated) Chicago, U. S. A.
