

Don't Scratch, Wait A Minute

Eczema, Salt Rheum, Ulcers, Sores, Bites, Wounds and Distressing Itch or Skin Diseases Relieved and Cured in a Night.

A Most Astonishing Product of Nature is a Marvel and the Cures Are Wonderful.

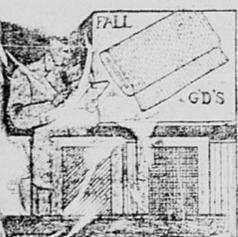

Don't Scratch, You Can Get Cuticlay at any Drugstore in a Minute. A well known Chicago dentist, Dr. S. E. Allen, while extracting a tooth, scratched his finger. When the arm was frictionally swollen to his shoulder, several swollen glands formed, and it looked like blood poisoning. In about an hour after he applied Cuticlay to the pain, swelling and fever were gone, it is simply marvelous. The physician in charge of the Halsted Street Dispensary has put Cuticlay to many trying tests. In his district working people rush in with all sorts of burns, cuts, bruises. Dr. Hisekell says: "I have put Cuticlay to very severe tests and in every case am pleased, satisfied and surprised, and in cutaneous lesions (eczema, etc.), its action was quick and decided." Doctors recommend Cuticlay and publicly endorse it because it is not a patent medicine but a pure, strange product of nature—nothing added or taken from it. A. D. Hammond, a wealthy manufacturer in Chicago, cured his eczema of the hands by Cuticlay. Another prominent man used it on his daughter's scalp for a peculiar eruption. The doctors had nothing that even relieved it. Cuticlay is certainly a grand discovery. Nature is a profound mystery in forming such a strange and extraordinary cure for skin eruptions. You can get a large can of Cuticlay at any drug store for 50 cents, or will be mailed upon receipt of price. If you wish to first demonstrate what the wonderful Cuticlay will do for you, upon the receipt of six cents in stamps to pay the cost of packing etc., we will mail you a large trial package. The Cuticlay Co., Chicago, Ill. It is sold and highly recommended in Marshalltown by McEldred & Will Drug Company, Elder Drug Company, and C. J. Lander.

MARSHALLTOWN'S GREAT WHITE WAY

NEW ORNAMENTAL ELECTROLIERS WILL BE LIGHTED AT 8 O'CLOCK TONIGHT.

COMMITTEE WOULD MAKE EVENT LOCAL JUBILEE

People of City and Their Guests Are Invited to Come Down Town Tonight to Celebrate Lighting of Main Street, and See Decorations, Which Are Now Completed.

Editor Times-Republican: The special lighting committee of the Marshalltown club, in charge of the Main street lighting, wish to announce to the citizens of Marshalltown that the new system of ornamental electroliers will be turned on for the opening of the Elks state convention tonight, promptly at 8 o'clock. The committee that were chosen to turn out tonight and bring his guests with him, as we are confident that Marshalltown's Great White Way will prove not only a treat but a show that one will not forget. The combination of parade and electroliers together with the Elks' beautiful decorations, will be well worth going miles to see. In addition there will be a band concert from the balcony of the Elks' club house. Show your appreciation tonight by coming early.

We believe the future holds greater things in store for Marshalltown. Let us go on together and boost for after all its energy getting the habit and Marshalltown is "booming back".

Years for a greater Marshalltown. S. W. LASHLEIGH, H. B. HAMILTON, J. H. POIND, Committee.

PROGRAM FOR ELKS WEDNESDAY

Convention Starts With Reception at Elks' Building Tonight.

Tonight the program for the Elks' convention will be formally opened with reception for the visiting Elks at the hotel's building this evening. This will be purely an informal good-fellowship affair for the purpose of getting acquainted.

Wednesday afternoon the Marshalltown Driving Club's matinee of races will begin. There will be horse, auto and motorcycle races in addition to the driver show and band concert. Admission to the grounds is free for all Elks and their ladies. Others will be charged 25 cents. The evening banquet and social session for the Elks will be held in Forney's hall.

CITY CLOCK STOPS AT 11.

Hands Point to Hour Symbolic of All Elks' Day.

During the night some strange disorder seized the usually reliable city clock, and from indications early today there was no expectation that it would tell the correct time more than two minutes out of each twenty-four hours for the next three days.

At 8 o'clock this morning it showed 11. At 9 it still said 11 was the time and at 10 its hands still pointed to an hour before noon, or midnight. Until the Elks' convention is over all four faces of the big time piece will show nothing but 11. This is the symbolic hour of the Elks, the meaning of which none but the initiated know.

FIRST ELK TO GET HERE.

J. P. Thomas, of Kearney, Neb., First Visitor to Arrive.

To Nebraska and a Nebraska Elks must be accorded the distinction of being the first visiting Elks to get here for the convention. J. P. Thomas, of Kearney, Neb., stepped from an early morning train and was immediately taken in tow by the reception committee, which early this morning began to meet all incoming trains.

Mr. Thomas is a member well known to the Elks of the entire west, and he makes it a special business not to miss any state conventions. He will remain for the entire "show". Mr. Thomas is a member of lodge No. 984.

WATERLOO TO BRING BAND.

Fifth Band Promised for Big Elks' Meeting.

The fifth visiting band promised for the Elks' state convention will come from Waterloo. The band will number thirty-five pieces, and will accompany the Waterloo delegation, which will come on a special train leaving Waterloo at 7:30 o'clock Thursday morning. The train will reach here in time for the delegation to participate in the parade.

TO ARRIVE THIS EVENING.

avenport and Iowa City Delegations Arrive Late Today.

The first of the Elks' delegations reach the city, and two of them will remain at the hotels here from Davenport and Iowa City. All reach the city on the same at about 5 o'clock this evening. Delegations will have special autos for parade.

AUTOS FOR PARADE.

All Owners of Motor Cars, Whether or Not Elks, Invited.

All owners of automobiles, whether belonging to the Elks' lodge or not, are extended an invitation by the local Elks' committee to participate in the street parade on Thursday morning at 10 o'clock. The cars need not necessarily be decorated, altho the committee would like to have some decoration, if nothing more than a purple Marshalltown pennant, swinging from the cars. The committee has been notified of many machines that will be entered in the parade, and is anxious

This Elk's Got No Use For a Bed

A good story is being told on an Elk, which indicates the jollification and continuous-performance good time that the members are expecting during the convention, and runs something as follows:

A local business man recently meeting an Elk friend, who lived in a distant city, and who expected to attend the convention, asked the Elk if he was coming to the convention.

"Sure," replied the Elk brother. "Have you engaged your room yet?" the business man asked solicitously.

"No, I'm only going to be there three days," replied the Elk.

to have all the machines in the county represented. A special invitation is extended to the country people to drive to the city Thursday morning, see the big parade, and participate in it by falling in line with their machines.

PRIZES FOR BOYS.

Additional Purposes For Youngsters Who Will Enter Parade.

Boys and girls of the city, who own or can borrow a bicycle, and will decorate the machine for the big Elks' parade on Thursday morning, will be given \$10 in cash prizes by the local Elks. Lou Tate, who has no children of his own, but who is the father of every "kid" in town, who knows him familiarly as "Old Man Tate," suggested the "kid" feature to the committee last night, and it was adopted immediately. The rider of the best decorated bicycle in the parade will be given a prize of \$3; the second best will receive \$2, and the next five will get \$1 each.

WILL SELL BUTTONS TONIGHT.

Women Will Canvass to Get Rid of Rest of "Ask Me" Buttons.

The purpose of getting rid of the rest of the "Ask Me" buttons, which are being sold to raise money for the disaster fund for South Third avenue, another short canvass will be held this evening. Today as many of the women as it was possible to secure of these who sold the buttons Saturday were asked to help sell those that remain of the 600 that were not sold Saturday. These buttons were placed on sale in various stores Monday morning, but few of them were sold; as the committee desires to get rid of all of them it is believed that the canvassers will be able to do so in an hour or two this evening.

SPORTSMAN ENTERED

Speedy Marengo Horse Entered in Wednesday's Races—Gold Coin Will Compete in Same Event, Assuring Exciting and Fast Race—All Races Are Filled.

The feature race of the two days' meet of the Marshalltown Driving Club, which will be held at the county fair grounds tomorrow and Thursday, will probably be run on the opening day, when the entries include Sportsman, the Marengo horse with a record of 1:27.4, and Charlie, the Gold Coin, the fast and popular local horse.

Sportsman was entered Monday and it has been announced that his owner, Galbraith, will drive the race. All of the events for the two days have been filled and a number of fine horses will go to the post.

The races will be open to the public, the admission price being the same as charged for the regular racing matinees. Elks and their ladies will be admitted to the meetings free of charge.

GO TO JOIN DES MOINES.

Kersey and Ward, Union Ball Players, Get Into Fast Company.

Clay Kersey and Clifford Ward, two players of Union, who have been playing ball with professional and semi-professional teams, have been given a chance to try out in fast company. Both will join the Des Moines team of the Western league next Sunday. Kersey signed with the Brandon, Canada, team of the Canadian league last spring, joining the club at Prescott, Ia. He was allowed to return here on account of the sickness of his mother, and recently was transferred to Des Moines. Mr. Kersey is a brother of G. E. Kersey, of this city.

Ward has been playing with the Elks' semi-professional team for the last month, and is a pitcher.

TO CERTIFY TAX LEVY.

Council Will Report Levy for Next Year at Approaching Meeting.

On Monday, Aug. 23, the ways and means committee of the city council will submit the tax levy for the coming year, which must be certified up to the county auditor before the first Monday in September.

DR. MERRILL MADE SCHOOL DIRECTOR

PHYSICIAN CHOSEN TO FILL VACANCY CAUSED BY W. M. CLARK RESIGNING.

BOARD SEEKS AID DOCTOR CAN GIVE THE SCHOOLS

Professional Advice Will Be of Service in Questions of Sanitation and Health — Gregory Coal, Coke and Lime Company Gets Contract For Year's Supply of Coal.

Dr. Nelson Merrill, a well-known physician of the city, was elected school director to succeed W. M. Clark, and the contract for the year's supply of coal was let at a special meeting of the board, held at the office of J. L. Garney Monday afternoon. Dr. Merrill was made chairman of the committee on text books and course of study, and takes Mr. Clark's place on the committee on school supplies, fuel and printing.

It was the general desire of the members of the board to secure a physician for the place made vacant by the resignation of Mr. Clark, but it required urging before Dr. Merrill was induced to accept.

The board members feel that in question of sanitation, sanitation and general health in the schools a physician could materially assist the board.

The coal contract was awarded to the Gregory Coal, Coke and Lime Company for \$3.20 a ton for mine run and for lump. It is included in the contract book. A clause of the contract provided that if the freight rates on coal are reduced during the life of the contracts the school district is to have the benefit of the reduction. There were four other bids submitted.

CLERK'S SALARY AGAIN.

Councilman Hull Calls Up Ordinance Raising Wiley's Salary.

Councilman Hull Monday night called up the ordinance raising the salary of Clerk F. B. Wiley from \$1,200 to \$1,400 per year. The ordinance was placed on its second reading, and met with the opposition of Councilman Herman, who had opposed it originally. Mr. Herman said that there were more objections now than before to raising the salary. From the fact that the commission plan would be effective here next year, and then the clerk would be drawing more money than the mayor, under the commission plan. Furthermore Herman thought that the fact that the city's legal limit of indebtedness was already exceeded, he did not think the action of the council would be legal. If the commission next year wanted to increase the clerk's salary, well and good, but he did not think the council should now. Mr. Herman moved to lay the ordinance on the table, but received no second. On the vote the ordinance, however, Clerk and Herman voted no, and the ordinance remained on its second reading.

BIG DISPLAY OF FRUIT

Oppice Fruit Company Have the Biggest Assortment of Fruit Any Time During the Present Season—Everything You Want.

Fruit should be a big part of your diet in the summer months. Some people say it is scarce. If you want to disabuse your mind of this idea, go up to the Oppice Fruit Company store and see what they have in fruit—pears, apricots, plums of all kinds, fancy fruit—apples, pears, peaches, oranges, grape fruit, cantaloupes, and the finest water melons that ever came to the market at this time of the year. Frank says that they have four carloads on the tracks. You certainly can get what you want in fruit.

SMALL STATE CENTER FIRE.

Residence of Dr. Theodore Engle Is Damaged Slightly.

A small fire at State Center at 7:30 this morning resulted in slight damage to the residence of Dr. Theodore Engle. Ernest Watson, a colored servant at the Engle home, started the kerosene stove in the kitchen, and it is believed the blaze was allowed to burn too high. At any rate the kitchen was ignited, resulting in the wall paper being burned, the ceiling blackened, and the doors scorched. The damage will probably not exceed \$25, and is fully covered by insurance. Dr. Engle and his wife are away from home, being at Spooner, Wis., on an outing in company with State Center friends. The house is being occupied during the Engle's absence by Mr. and Mrs. Edwin Devendorf, the latter a daughter of Dr. and Mrs. Engle.

OATS GO 88 1/2 BUSHELS.

Twenty Acres on E. L. Monohon Farm Weigh Exceptionally Heavy.

Twenty acres of oats, the E. L. Monohon farm in Timber Creek township yielded a total of 1,170 bushels, or an average, by weight, of eighty-eight and one-half bushels to the acre. This one field was an exceptional plot of rich ground. Mr. Monohon had planted five acres to oats, with an average yield of fifty-seven bushels to the acre.

AGREES ON 8-CENT RATE.

Water Works Committee Decides on Water Rate For Manufacturers.

Chairman of the water works committee, asked further time Monday night to present a detailed report of the uniform water rate for manufacturing concerns. Mr. Clark stated, however, that the committee had agreed that 8 cents per thousand gallons would be an equitable rate for manufacturers.

Farewell Reception For Hodgins.

A farewell social for Rev. and Mrs. N. W. Hodgins, who go to Bangor soon, after completing a two years' pastorate here this month, was held in

the basement of the Friends church Monday evening. Over sixty sat down to the feast which was served in the form of a picnic supper. We still have a complete assortment of Hammocks that we must close out. We are over-stocked on Hammocks

There is plenty of time yet to enjoy the comforts of a good Hammock and it will be to your advantage to look into the extremely low prices we have for convention week.

The convenience and pleasure to be had from a good hammock in the summer time will prove a revelation to those who have not had the good kind. A poor hammock that has no shape cannot be comfortable, nor safe, and there is no pleasure in them.

We would like to show you a hammock that is built for actual use and for continual use. There is the greatest difference in hammocks, as you well know. Let us show you the good one
