## JOHN BROWN PARK GIVEN TO KANSAS

### ROOSEVELT DELIVERS ADDRESS DEDICATING HISTORIC BATTLE FIELD FOR STATE. PARADE AND RECEPTION PRECEDE COLONEL'S SPEECH

#### Thousands of Kansans Troop to Osawatomie to See Ex-President—Five Survivors of Famous Battle For Liberty Seated on Platform From Which Roosevelt Spoke.

Osawatomie, Kan., Aug. 31.—Roosevelt arrived this morning to dedicate as "The John Brown Park" the battlefield of Osawatomie, where, over half a century ago, the noted abolitionist and his meager force fired their first gun in the defense of liberty. Roosevelt's train was met at the station by troops E and H, of the Fifteenth cavalry. At the Masonic temple a reception was held.

The program then provided for a visit to the John Brown old cabin and luncheon at the state hospital for the insane.

#### Roosevelt Reviews Parade.

This afternoon's exercises include a parade, to be reviewed by Roosevelt, and including the regular troops, there were militia, Grand Army veterans, and civic societies. The parade is to pass the modest monument erected to "Captain John Brown" in a park a few blocks north of the business district, and dedicated in 1877 by the late Senator John J. Ingalls. After a brief stop at the monument, the parade will continue to the battlefield. There, following introductory remarks by Governor Stubbs, president of the board of trustees, named by the legislature to manage the park and by Governor Stubbs, Roosevelt will deliver the address dedicating the grounds as a state park.

#### Survivors On Platform.

Seated on the platform in the park there will be five survivors of the battle of Osawatomie. They are: William W. Caine, Winona, Minn., aged 74; Luke F. Parsons, of Salina, Kan., aged 77; Robert Sherer, of Paola, Kan., aged 73; D. W. Collis, of Santa Monica, Cal., aged 84; and E. P. Bridgeman, of Madison, Wis., aged 76. With the veteran Bridgeman will be two of his sons.

#### Madison Lauds Roosevelt.

The big crowd that surrounded the train before the day's program began were insistent in their calls for Roosevelt. Several members of the party made speeches to entertain the impatient people until Roosevelt finally appeared and made a few remarks. Representative Madison declared a glowing tribute to Roosevelt. "He has made an impression upon the whole world because he stands for things that make men better and nobler," said Madison.

#### Pinchot Praises Platform.

James E. Garfield, in a brief address, said this new order as represented by the progressive republicans simply meant better citizenship. Gifford Pinchot said he had read the recent Kansas platform and was the finest document ever written by any party. "Who wrote it?" shouted a man in the crowd. "I don't know who wrote it, but the people will write it the next time," responded Pinchot.

#### Garfield on Special Interests.

Garfield spoke of the relation of the special interests toward politics. "The special interests of all kinds, whether corporate or otherwise," he said, "are entitled to just consideration and fair treatment, but not to representation in any public office." He pointed out the danger to the people in a legislator being under the influence of special interests, and declared, "The present great fight for the perpetuation of political liberty, is to free ourselves from that kind of influence."

#### Pinchot on Natural Resources.

Pinchot followed with a plea for the conservation of the natural resources so as to give the greatest benefit to people now and hereafter. [Roosevelt's speech will be found on page 7.—Ed.]

## KANSAS INSURGENTS WIN.

### Have Big Majority In State Convention—Standpatters Give Up.

Topeka, Kan., Aug. 31.—The Kansas insurgent republicans had a good working majority in the party council here yesterday and carried everything by storm. The standpatters, realizing the overwhelming vote of the primary, decided not to make any effort to oppose the insurgents.

Senator Curtis was the only one who even made an attempt to stem the tide. He tried to get an unqualified endorsement of President Taft into the platform, but failed in the committee and did not carry the fight to the convention floor. After the council adjourned Senator Curtis was asked for a statement.

"I have no statement now," he said. "I haven't had time to study the platform. I voted against it. That ought to be sufficient comment."

Senator Bristow and the other insurgents were supremely happy. They had endorsed President Taft for the efforts he had made to fulfill the republican national platform pledge, but had declared that the tariff bill was a fulfillment of the party's duty. Some of the schedules did not represent the difference in cost of production at home and abroad.

## MADRIZ FORCE'S LAST FIGHT.

### Garrison in Grenada Church Bombarded Four Hours. Finally Surrenders.

Washington, Aug. 31.—After four hours' bombardment a garrison of 600 Madriz followers, who made their stand in a church at Grenada, surren-

ered on Monday to the Estrada forces, according to a dispatch received at the state department today. It is believed here that this garrison was the last formidable armed opposition to the Estrada government. Even under the persistent shelling of their position the men refused to surrender until Estrada assured them that, as prisoners, they would be protected. The garrison had 1,800 rifles and 150,000 cartridges.

## BELITTLES PROPOSED INCREASE.

### Statistician of Santa Fe Says Rates Would Increase Earnings But \$94,000

Chicago, Aug. 31.—James Peabody, statistician of the Santa Fe system, belittled the effect of the proposed freight rate advance when he took the witness stand in the Interstate Commerce Commission hearing today. He declared it would mean only \$94,000 increase per year for his road.

The cross examination of Peabody was continued by Attorney Thorne, of Washington, Ia., who is representing the American National Livestock Association. Thorne asked if the tables showed, as he had deduced, that the earnings on the passenger traffic increased between 1903 and 1909 about \$8,000,000, and the net earnings on the freight increased in the same period \$700,000. Peabody answered that the tabulations in the evidence did not show such a condition. Much time was consumed in examining and discussing the various items in the tabulations.

## PLEADS FOR JUSTICE

### Roosevelt Makes Address at Ottawa, Kan., in Which He Demands Equality For All—Is Joined by Governor Stubbs and Party.

Ottawa, Kan., Aug. 31.—Governor Stubbs, of Kansas, joined the Roosevelt party at Osage City this morning. The private car of the governor and his party was attached to the Roosevelt train. Roosevelt greeted Stubbs warmly, and in response to the cheers of the crowd he delivered a short speech.

After expressing pleasure at being back in the United States, Roosevelt said he was "to work for whatever is for the benefit of the country," and continuing he said: "It is just the same now as it was with you men of the civil war, in those dark days of 1861 to 1865. The crisis now is to secure a better and more even chance for the average man. We do not wish to do any injustice to the man of wealth or to the great corporations, but we wish to see that they do not do any injustice to the little man."

## BRADY IS NOMINATED

### Idaho Republicans Choose Him For Governor—Race For Republican Senator So Close Outcome Is In Doubt—Hawley, Democrat, Beaten.

Boise, Idaho, Aug. 31.—Indications this morning are that Brady, republican, was nominated for governor by about 2,500 majority at yesterday's primaries. The race for congress is so close between Hamar and French, both republicans, that no accurate statement is possible at this time. French is undoubtedly running stronger than had been expected. It developed that in this city many democrats voted for O'Neill, republican, for governor, and the plan was carried out over the state, thus cutting down Brady's majority and possibly beating Hawley, democrat, for governor, and nominating Rice.

### SAID BECKEMEYER WAS "SOUSED" WHEN HE CONFESSED

#### Takes Special Grand Jury But an Hour to Return Bill Against Kelley—Two Other Witnesses For Defense Being Investigated—Defense Rests in Trial, State's Rebuttal Begun.

Chicago, Aug. 31.—The special grand jury, called to investigate the testimony of three witnesses for Browne, who is on trial for the alleged bribery of legislators, began hearing witnesses today, and within an hour indicted Patrick J. Kelley, formerly a city detective in the office of State's Attorney Wayman.

Kelley became a witness for the defense and on the stand he swore representative Beckemeyer was intoxicated when he confessed he received the \$1,000 bribe to vote for Lorimer for Senator.

## TAFT TALKS OF JUDGESHIPS.

### President Still Favors Bowers for Supreme Court.

Beverly, Mass., Aug. 31.—After his usual golf game at Myopia yesterday President Taft motored over to Ipswich and was the guest of honor at a judicial luncheon given by Charles P. Sears, of Boston. It is said the two vacancies on the supreme bench that the president soon must fill were discussed.

It is reported here last night that Mr. Taft is still thinking strongly of appointing Solicitor General Lloyd W. Bowers. There is said to be a strong likelihood that the second appointment will be made from the Eighth judicial circuit. Nothing has occurred to indicate a change in the plan to nominate Governor Hughes as the chief justice.

The president's activity in canvassing the situation has led to a renewal of the reports that he may call the senate in extraordinary session to confirm his nominations in October.

## PARKER DEFENDS COURT.

### Explains Opinion Given in Bakeshop Case Criticized by Roosevelt.

New York, Aug. 31.—Judge Alton B. Parker, who wrote the prevailing opinion of the court of appeals of New York in the "bakeshop case," which was decided by Roosevelt in his recent address to the Colorado legislature, in which the former president criticized the supreme court of the United States, made a statement today in defense of the supreme court. Parker says there were five opinions written in the case, showing, he says, the court's appreciation of the fact that the question involved was a close one. He reviews the case and its progress to the final decision and defends the supreme court in its deciding opinion.

Chattanooga, Tenn., Aug. 31.—Charges that Joseph Choate, of New York, the former ambassador of the United States to Great Britain, had been guilty of a violation of the constitution of the American Bar Association in his failure to uphold the honor of the profession of law, and a petition that he be expelled were presented to the American Bar Association today, and referred to the committee on grievances.

#### Choate Sold Out.

The business was with the Prime-rose colliery, Pennsylvania. Choate's firm, it is alleged, was engaged by Watts to sue for \$350,000 damages because of a breach of contract. The petitioner alleges that in Choate's office representing the Westons, the attorney, he accidentally overheard the attorney, well of Cleveland, \$50,000 to compromise the suit, and that the suit resulted in only six cents damages being awarded. For that reason, the petitioner believes, "the suit was sold out or thrown away." Several other charges are made in the petition.

Special to Times-Republican.

Onawa, Aug. 31.—A sensational jail delivery was made here this morning when Sheriff Ed Rawlings was assaulted by three prisoners who have been held for trial since July for burglary. At 8 o'clock the sheriff entered the corridor of the jail with his breakfast. No sooner had the sheriff dealt out their rations than he was pounced upon by three fellows and beaten into insensibility with a wash tub.

He was gagged with a towel, his hands were tied behind him and he was then tied to the cot. The prisoners then made their escape. Rawlings was unconscious and the bandages around his head and throat were fast rendering him very weak and but for the timely assistance he would have been strangled.

#### Posse Gives Chase.

A posse of citizens was organized, headed by Deputy Martin and chase was given. A number of automobiles were headed in each direction on the main traveled roads. McGrade, one of the prisoners who escaped, who is a cripple, was overtaken west of town, near Blue Lake. He made no resistance and entered the auto to be driven back to the jail.
