BUSINESS MEN OF FOREST CITY HOLD INDIGNATION MEETING OVER DEPOT.

STATE COMMISSIONERS FAIL TO ORDER DESIRED RELIEF

Conference With Board and Road Officials Comes to Naught and Merchants Hold Lively Session and Plan For Future Retaliation—Other Iowa News.

Special to Times-Republican. Forest City, Oct. 1.—Feeling is running high in this city against the M. & St. L. railway on account of their apparent neglect of the demands of the town for a new station building.

The present depot facilities have been inadequate for many years, the present building with a waiting room of about 16x18, has done service for over thirty years, and facilities which might have been all right in 1879 will not satisfy the traveling public of a county seat and college town in this age.

The railway commissioners of the state of Iowa, Messrs. N. S. Ketchum and Col. David J. Palmer, were in Forest City Tuesday and canvassed the situation. A committee of twelve business men waited upon the committee and presented their side of the case, the railroad was represented by Superintendent Stembler. The commissioner while apparently admitting the needs of better facilities, left the inference that the best that might be expected could be a remodeling of the present building along lines as promised the city by the officials some time ago.

It found favor in the eyes of the delegates and they referred it to the general officers with instructions to thoroughly investigate and report back at the next biennial convention.

DEAFNESS CANNOT BE CURED. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. It and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

have notified the local committee that they will be present. They are eager to renew old friendships and are assured of a good time. The reunion will be held under the auspices of Wisner Post, which is making many preparations for the entertainment of the visitors. Montezuma sent one company in each regiment mentioned. W. L. Powell an honored and successful merchant of Montezuma, has just learned that he is the only survivor of his company. Mr. Powell was lieutenant of Company F, Nineteenth Virginia Infantry, under General Lee, during the civil war, and saw four years of hard service. His son, Ben L. TUBERS AND ART. Iowa Girl Raises Potatoes to Enable Her to Study in East.

Spokane, Oct. 1.—Frances E. Parker, an ambitious young woman, who came to Spokane several years ago from Henry county, Iowa, with two purposes in view, is likely to realize the greater as a result of her summer's work in a vegetable patch at Garden Park, near here. Miss Parker's goal was to harvest the largest crop of commercial potatoes ever gathered from a four-acre tract in eastern Washington, also to paint the best pictures in the inland Empire. Her tract yielded more than 1,000 bushels of tubers this season. As soon as these are marketed she will go either to Chicago or New York to study portrait painting. Miss Parker's two landscapes have been praised by competent critics and they have encouraged her to continue her studies along that line, but she prefers portrait work. She has youth and plenty of enthusiasm and is not afraid of hard work. William Rhodes, an artist-farmer at Mount Pleasant, Iowa, is her uncle. Miss Parker is employed in a local gallery and lives with her mother, Mrs. Albert B. Parker, in a pretty suburban home near Lincoln Heights.

GERMAN TO WED IOWA GIRL. Captain in Kaiser's Army Comes Far For Bride—Can't Speak English.

Des Moines, Oct. 1.—When Capt. Herman Mueller, an adjutant in the German army, steps up to the desk of "Cupid" Baldwin at the court house this week to ask for a civil license to wed Miss Anna Huebinger of West Seventeenth street, he will present a formidable document stamped with the

imperial seal of the emperor of Germany. This is his majesty's sanction and approval upon this international marriage which is to take place at the St. John Lutheran church on the afternoon of Oct. 12, with the Rev. A. B. Loamer, pastor of that church, as the officiating clergyman. Before an officer in the German army may marry he must first show to the emperor that he has not only sufficient means to keep a wife, but that his private and military standing has been unimpeachable. The royal majesty also passes judgment upon the worth of the young woman who is to take her position in the military life of his country. Miss Huebinger, an Iowa girl and a native of Des Moines, has won the approval of his imperial majesty. Captain Mueller, arrived in Des Moines yesterday to claim his Iowa bride, is unable to speak one word of the English language. He speaks several of the foreign languages fluently and by making a composite language of these he was able to reach Des Moines without incident.

The Milwaukee Railroad Company mailed to the milling firm of Nielson & Dueland of Slater, a check for \$5,000, paying them for the amount of insurance carried on their mill which was burned in April. The mill was set on fire by a spark from a passing train and the insurance company immediately after the loss notified the railroad company that they would be expected to pay for the loss to the amount of insurance carried. Doesn't it show you what a live county like Marshall can do when they all get together and boost as we did our County Fair?

Not only did our people visit the Fair but they placed on exhibition the largest and best display of livestock ever seen in a county fair in Iowa. In hogs, we even lead the state fair. 504 choice selections from the farms of the best breeders in Central Iowa. As regards quality, the judge said he never saw better. This is Marshall county's advertisement, this county fair and Marshalltown being the county's largest city and the location of the fair grounds, its up to us to make good every year, and boost and boost. Its so easy when we all do a little of this boosting. If every man in Marshall county would give one day each year in boosting what we have and do, inside of five years we would have the livest and best talked of county in Iowa.

Its just like pushing a business, everlastingly at it. Business is just what the management make it, and a county is just what the people make it. Our experience of retailing merchandise in Marshall county dates back fifty years, and we can truthfully say that this year's record is so far the best in our history. This could not be possible if the conditions of Marshall county were not the best that ever existed.
