

YOU CAN INTEREST HIM.

Any Man Over Fifty. You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of twenty-five nor the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health.

He will notice among other things that the stomach of fifty is a very different one from the stomach he possessed at twenty-five. That greatest care must be exercised as to what is eaten and how much of it, and even with the best of care, there will be increasing digestive weakness with advancing years.

A proposition to perfect or improve the digestion and assimilation of food is one which interests not only every man, woman and child of an age because the secret of good health, good blood, strong nerves, is to have a stomach which will promptly and thoroughly digest wholesome food because blood, nerves, brain tissue and every other constituent of the body is entirely the product of the stomach.

No, the stomach itself wants help and in no round about way either it wants direct, unmistakable assistance, such as is given by one of two Stuart's Dyspepsia Tablets after each meal.

These tablets cure stomach trouble because they use given the stomach a chance to rest and recuperate; one of Stuart's Dyspepsia Tablets contains digestive elements sufficient to digest 3,000 grains of ordinary food such as bread, meat, eggs, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with indigestion is because many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug whereas as a matter of truth any drug that is advertised in the papers and Stuart's Dyspepsia Tablets have cured more people of indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

DON'T COUGH. The cause of a cough is aggravated by coughing. An irritated condition of the delicate membrane of the air passages is the cause of a cough, and the act of coughing increases the irritation. Therefore, any cough should be cured as soon as possible. We know of no better remedy than MAYER'S WHITE PINE COUGH SYRUP. It relieves promptly, it is harmless and it cures thoroughly. Try it. We will cheerfully refund the money if it fails to give satisfaction. Price 25 and 50 cents.

NEW TELEPHONE COMPANY FORMED

MERCHANTS', MECHANICS' AND FARMERS' TELEPHONE COMPANY IS ORGANIZED.

CAPITAL STOCK OF \$100,000 AUTHORIZED

Stock to be Offered For Sale in Shares of \$10 Each, But No Subscriber May Purchase More Than Twenty Shares.—Articles of Incorporation Adopted At Mass Meeting Saturday.

The Merchants', Mechanics' and Farmers' Telephone Company, a mutual organization for the operation of an independent telephone system in Marshall county with an authorized capital stock of \$100,000, was organized Saturday afternoon at a mass meeting held at the east court room. The organization of an independent company has been discussed since the trouble between the rural lines and the Iowa Telephone Company arose several months ago, but no action looking toward a permanent organization was taken until about a week ago, when a committee composed of M. E. Mevin, W. H. Jones and F. R. Benedict, was appointed to draft articles of incorporation to be presented at a mass meeting Saturday.

Articles Adopted. The committee made a report to the mass meeting Saturday afternoon, and the articles of incorporation were adopted after some amendments had been made.

The meeting was not largely attended, but those present were disposed to carry the matter to a completion and before adjournment was taken, the new company was launched.

At the conclusion of the meeting those present had an opportunity to subscribe for stock in the new company and practically every one present signed for from one to twenty shares. Capital Stock \$100,000. By the articles of incorporation the capital stock of the company will be \$100,000, divided into shares of \$10 each. In order that everyone may have an opportunity to acquire stock in the company no person will be allowed to purchase more than twenty shares. The original draft of the articles called for not more than ten shares to any one person, but this article was amended to permit of a stockholder buying twenty shares, with permission of the board of directors. If possible, however, an effort will be made to keep any one from getting possession of the maximum amount.

No stock will be issued except as paid for at once. The price of the stock will be the same to all buyers, and for no reason will there be a reduction in the price. The independence of the company means no excess two-thirds of the capital stock and private property is exempt from liability.

Officers of the company shall consist of a president, vice president, secretary and treasurer, and a board of directors of nine members. The annual meeting will be held the first Saturday in October.

Twenty stockholders, representing one-fourth of the capital stock, will form a quorum, transient business. Stock Now For Sale. A mass meeting will be held in the near future, when officers will be chosen. Prior to this meeting, however, stock will be sold.

There seems to be considerable interest manifested in the new enterprise, and according to Mr. Herman, who acted as chairman of the meeting Saturday, there will be no difficulty in disposing of the stock either in the city or country.

A practical telephone man from Chicago was consulted as to the advisability of installing an automatic or manual apparatus. He gave as his opinion that in some cases independent companies had found the old system better while in others the automatic was found more desirable.

A meeting for the election of officers will probably not be called until after a considerable portion of the stock is disposed of.

MISLAID, NOT STOLEN. Mrs. A. J. Busby's Supposed Loss at Waterloo Proves to Have Been Case of Forgetting Where Rings Were Laid—Police Find Them While Investigating.

Later developments in the case of supposed burglary at Waterloo, in which Mrs. A. J. Busby believed she had been the victim of a sneak thief who purloined \$700 worth of rings, proved that the jewels were mislaid, and not stolen.

An officer sent the Busby home to investigate the theft and find, if possible, some clue on which to work, found the rings lying on a dresser in an upstairs room, where Mrs. Busby had placed them. Mrs. Busby had remembered having left her rings on a kitchen table, but had forgotten having taken them upstairs. The find was a source of much relief not only to Mrs. Busby but the police department as well.

HIGH SCHOOL WINS ITS FIRST GAME

VICTORY OVER WEST WATERLOO SATURDAY BY SCORE OF 13 TO 6.

GAME WITHOUT ANY PARTICULAR FEATURES

Wilson Plays Good Game on Defense, and Gabelman, Hatcher and Ray Packer Show Up Well—Wrestling and Boxing at State Center—Nevada Girls Win From State Center.

The Marshalltown high school football team won its first game of the season Saturday at Waterloo, when it defeated the West Waterloo team by a score of 13 to 6. The game was loosely played and was without any particular feature.

The game was played under the new rules and penalties were numerous. Marshalltown excelled in straight football, while the home team was better in the more modern points of the game, especially in the use of the forward pass. Hatcher carried the ball over for a touchdown at the end of the first quarter on a line smash. Goal was missed. At the kick off on the third quarter Gabelman ran ninety-five yards for a touchdown, and kicked goal. Marshalltown's last two points came when a Waterloo player kicked the ball into his own line and it bounded back of the goal line, where Roscoe Packer fell on it. The referee declared it a safety and gave the visitors two points. The Marshalltown players claimed they were entitled to a touchdown.

Waterloo scored its touchdown on a forward pass. The Waterloo official, Squibbin, did not prove satisfactory to Marshalltown, and he was protested by Coach Allen. It was not until the team left the field at the end of the second quarter that the official was removed. Coach Allen and Coach Kenyon, of Waterloo, officiated during the last two quarters.

For the visitors Wilson played an excellent game on defense. Gabelman did some splendid work in tackling and carrying the ball. Ray Packer carried the ball well on tackle smashes, and Hatcher hit the line for repeated gains. The line was weak, and it will be necessary for it to take a decided brace before the team meets Iowa City next Saturday.

The line up: Waterloo. Whittle, Wilson, Freshie, Eigelow, Galmus, Duke, Stewart, Hersh, Whinery, Trask, Ray Packer, Williams, Roscoe Packer, McDonald, Patton, Sharp, Gabelman, Kirk, Malloy, Woodruff, Hatcher. Guyer, of Marshalltown, referee of the first and second quarters, and McQuillan, acted as umpire. Kenyon and Allen officiated the last two quarters. Bennett, of Waterloo, was field judge, and Kirk, of Marshalltown, was head line man. Ten-minute quarters were played.

Nevada Wins From State Center. In the first basketball game of the season at State Center Saturday night the girls' high school team was defeated by the girls' team from Nevada, by a score of 10 to 5. Nevada showed more experience in the game, and the team comprised a number of older players. This was the first game played by the State Center girls.

The team will meet Maxwell at Maxwell next Saturday afternoon.

MARSHALLTOWN BOY IN GAME. Homer Clemens Plays at Center for State University of Iowa.

Homer Clemens, of this city, center on the Marshalltown high school football team for two or three years, played at center Saturday for the State University of Iowa in the opening game of the season, against Morningside College. Clemens played on the freshman team last year and was counted as having a chance for the varsity this year. It is a surprise that he has been able to get the call over O'Brien at center position, however. The university team defeated Morningside by a score of 12 to 0.

Orders Jurors to Report. Judge C. B. Bradshaw today issued an order instructing the trial jurors for the October term of court to report on Oct. 24 instead of Oct. 31, the original date set for the jurors to report. The grand jurors were instructed to report on Oct. 19 instead of Oct. 18.
