

OLD MAN ASSAULTED

ATLANTIC'S RAILROAD TAX ROW CULMINATES IN PERSONAL ENCOUNTER.

COUNTY ATTORNEY GOODSPEED HITS AGED CAPITALIST

Incident Stirs Entire City—Goodspeed Says His Honesty Has Been Impugned and Libel Laws Give Him No Recourse—Propose to Pummel All His Traducers.

Special to Times-Republican. Council Bluffs, Oct. 8.—Another climax in the exciting feud at Atlantic, growing out of the tax controversy, occurred last night when County Attorney Goodspeed attacked William Prall, the well-known capitalist, and one of the applicants for the reinstatement of the railroad tax case. After the encounter Goodspeed went before Mayor Straight and pleaded guilty to fighting. Goodspeed made this statement:

"I regret exceedingly that I hit an old man, but that is the only regret I have in the matter. I propose to make any insinuation against my integrity and honesty hereafter a personal affair, and I will get whatever personal satisfaction out of any coward who impugns them."

Goodspeed said he encountered Prall as he left his office, where he had been searching the law on libel, and had found that the law provided no satisfaction for the injured party, and was in a nasty frame of mind when he upbraided Prall for his charges against him, Goodspeed.

"I am getting tired of being maligned, and something will happen to some of those fellows who are peddling lies about me," said the attorney.

Prall is 70 years old. He is a retired farmer. The assault only added fuel to the already burning fires and the city of Atlantic is boiling.

GOES CRAZY ON TRAIN.

New York Man Enroute Home From West in Jail at Boone. Boone, Oct. 8.—William Bell of Totterville, N. Y., who is enroute from Lincoln, Cal., to New York City, is in the city jail occupying a cell, pending an investigation of his case. Bell is crazy. Thursday night he was violent on Northwestern train No. 10 and Conductor Conner had to summon police officers and have the man removed and incarcerated in this city.

Bell acted rather funny all the way from the Bluffs to Carroll, but it was not thought that his condition was serious. At Carroll he insisted on leaving the train. He told his fellow passengers and the members of the train crew that he could walk and beat the train. Conductor Conner refused to let the man off, and for a few minutes nothing happened. Then Bell kicked two or three men who tried to prevent him from going to the vestibule and leaping off. Finally a couple of men had to take him by main force and hold him in the seat of the car. In the meantime word was sent on ahead to Boone and when the train reached this city Conductor Conner turned the matter over to the authorities and he was placed in a cell for safe keeping. His condition is pitiful. His New York relatives have been wired for instructions.

SOLD IMPURE OIL.

Earling Firm Pays Nominal Fine and Goes After Wholesale House. Special to Times-Republican. Harlan, Oct. 8.—Information was filed here by State Food Commissioner Barney, thru County Attorney E. S. White, against Langenfeld Bros., well known hardware merchants of Earling, in this county, charging them with selling misbranded and adulterated lard oil to customers. S. O. Van De Bogel, a state inspector, took a sample from their store in August and upon chemical analysis it was found to contain petroleum oil and the action was brought on this account. Mr. Langenfeld appeared in court yesterday, and pleaded guilty and was given a nominal fine of \$10. He then took a train for Omaha, to take the matter up with the firm of whom he purchased the goods.

FOUND DEAD IN ROAD.

Young Menona County Man Meets Death in Unaccountable Manner. Mapleton, Oct. 8.—Mystery envelops the fate of Peter Thomas, son of John Thomas, of Copper township. The dead body of the young man was found Wednesday morning a few rods from a bridge over a ravine near the home of B. F. Nepper. Life had evidently been extinct for several hours. There were no marks upon the body. In the Ford school house yard a pony was found which young Thomas had ridden from a dance late the previous night. The animal's head and neck were covered with fresh dirt and mud and the supposition is that it stumbled and fell, throwing its rider. He was known to have a weak heart and the fall may have suddenly stopped its pulsations, as he apparently had not moved after striking the ground.

PAINTER'S BAD TUMBLE.

Falls From Scaffold Striking Cement Walk Eighteen Feet Below. Special to Times-Republican. Iowa City, Oct. 8.—Henry Meade, a painter, aged 45, fell backwards from a scaffold, while at work here and plunged eighteen feet to the cement walk below. He sustained a fracture of three ribs, his head was cut open, and he was otherwise injured, including the dislocation of a finger. If other internal injuries do not develop, he will recover.

INJURED IN RUNAWAY.

John Booher, Nevada, Dragged by Frightened Horse and Badly Hurt. Special to Times-Republican. Nevada, Oct. 8.—John Booher, a resident of this city, was quite badly hurt in being dragged from a rig in which he was riding, sustaining serious injuries to his head and body. The horse became frightened at a passing automobile and broke loose from the rig. The occupants were thrown out.

Booher was dragged along the hard road for considerable distance and his face, head and body were badly bruised and skinned, while his son, who was with him at the time, was kicked on one of his legs and is unable to get out of bed today. Both are under the care of a physician and will be for some time.

BABE ACCIDENTALLY STRANGLER

Little Daughter of Jefferson Couple Meets Singular Death. Special to Times-Republican. Jefferson, Oct. 8.—A remarkably peculiar death occurred here. Marie was the 15-month-old daughter of Mr. and Mrs. Peter Higgins. After the brothers and sisters had gone to school Marie went out in the yard where there was a swing and was playing. The mother could not see the child from where she was working, but frequently called to her and there was a response. The last time the mother called the voice was hushed. She went to the child and found her sitting on the ground with her head thrown over the swing rope. It was against her throat and the contact had been sufficient to cause the child to strangle to death.

MORE INFANTILE PARALYSIS.

Two Cases at Ames—Child of Former Nevada Couple Ill. Special to Times-Republican. Nevada, Oct. 8.—Two cases of infantile paralysis have developed at Ames, one of them in the Sith home within the city and the other at the Carpenter home in the east edge of town. Neither of them has proven serious so far.

The H. R. Boyd family of this city have received word from Misses Leslie, Wash., where their daughter, Mrs. W. H. Hanna and husband, formerly of this city and Jefferson, reside, saying their 4-year-old son is very seriously ill with the dreaded disease.

FORMER IOWAN KILLED.

Slyvester Lasheck, Once Resident of Iowa City, Loses Life in Chicago. Special to Times-Republican. Chicago, Oct. 8.—A message from Chicago to Dr. and Mrs. A. J. Burgo announces that the latter's uncle, Sylvester Lasheck, a former Iowa City man, was killed there. Details were not given. Mr. Lasheck was about 50 years of age. His widow and an infant son survive. The ill-fated man was born and reared in Iowa City, but removed to Chicago in the '90s.

FIREMAN HAS LEG BROKEN.

Mason City, Oct. 8.—News was received in this city that Stephen Casey, fireman on the Chicago, Milwaukee & St. Paul, was injured at New Hampton. Mr. Casey fires on passenger run No. 27, leaving here at 1:45, running to McGregor and returning. Yesterday he left at usual time, but when at New Hampton the engine was troubling. According to reports Engineer Comfort and Fireman Casey went out to fix it and the cylinder head blew off striking Mr. Casey on the right leg and breaking the bone just above the knee.

Reinbeck. Herbert Lorenz met with a very painful accident. While using a lever scraper, the lever flew back, striking him in the mouth, cutting his upper lip open. He is getting along nicely at present.

Cushing. Lew Olson has rented his 272 acre farm to Holstein parties at an annual rental of \$5.25 per acre. Lew has bills out for a public sale Oct. 10, and intends moving soon after that date to South Dakota.

LeMars. While Willie, 10-year-old son of Mr. and Mrs. Mary Osborn, was hauling his little cousin on a toy wagon the former fell off a bridge to the cement gutter, eight feet below, and suffered concussion of the brain. He will recover.

LeMars. Dr. Peter Schwind, one of the oldest and best known medical practitioners of LeMars, passed away at his home here. The news came as a shock to many friends, who also aware of his illness had not known that his condition was so serious.

Ira Grove. Mr. and Mrs. George Hummel's baby got hold of some rat poison and ate a quantity before it was discovered. Physicians were summoned and two applications of a stomach pump were required to relieve the little sufferer. This is the same child who a few weeks ago was poisoned by drinking fly poison.

Latimer. A serious problem in Latimer that will soon have to be considered is the scarcity of dwelling houses. Every house, and every place in which it is possible for a family to live, is now on the market and the price is rapidly increasing, as is also the price of dwelling property. Unless there are several houses built here during the next year there will certainly be a house famine in Latimer.

Ira Grove. The grand jury adjourned for the October term Wednesday noon and in addition to the indictments brought in against the two tourists for assaulting Marshal Van Wagoner, they also returned an indictment against Carl Frees, a young man of Battle Creek, for assault with intent to commit rape. The young man is out on a bond of \$500 and the trial will be held at the December term of court.

Dows. It is now thought that the parties who stole J. C. Jacobson's horse in Dows several weeks ago are young boys who live right here in town. An attempt was made a few nights ago to take the same rig again, but the boys were detected and foiled in their attempt. The matter is now being looked into, and in all probability, the guilty parties will be apprehended in a short time.

Waverly. J. W. Kehe and H. H. Myer are proprietors of a drug store at Readlyn and their prescription business was managed by Dr. M. N. Guernsey. I. M. Clements, a state pharmacy commissioner, filed an information against them, charging them with conducting a drug store and selling at retail drugs, medicines and poisons and compound prescriptions without being registered pharmacists. There were 110 counts in the information, alleging as many violations of the law. Defendants pleaded guilty to eighty counts in the information. The penalty prescribed by the state law for each violation is \$5, making a total penalty on eighty counts of \$400 against each of the members of the firm, which was imposed by the Justice. The defendants paid the fine and were discharged.

Odebolt. Fire destroyed the barn and out-buildings on the Albert Stevens place in Highland Park addition. The fire company was called out, but as the place is outside the hose limits, the only way they could fix it was by organizing a bucket brigade. A strong wind was blowing at the time and they were unsuccessful in saving the out-buildings, but by heroic work confined it there, saving valuable residence property in the neighborhood. Conflicting reports are given as to the fire's origin. The loss is several hundred dollars.

Crystal Lake. The Farmers' National Bank of Crystal Lake has opened up for business in the building formerly occupied by the First National Bank. The new bank is strictly a home institution, all the stock being held by residents of this community. There are a total of sixty-four stockholders, who hold from one to fifty shares each. The capital stock of \$25,000 was all subscribed for in about two days, and a number that wished to secure stock had to be disappointed, because there was not enough to go around. The directors are: H. R. Kluyver, president; Neils Matson, Ed Peterson, J. C. Nelson, John Valley, August Hansmire, and M. J. Barrett, all well-to-do farmers.

Waterloo. The tabernacle site for the Sunday meetings has not yet been definitely chosen by the architect, Albert P. Gill, who came to Waterloo to make preliminary arrangements for the Sunday meetings. The site committee have been considering the problem for the past three days and their progress has been very slow owing to the many unforeseen obstacles that presented themselves. Two sites remain from which to choose and one of these will certainly be used, according to the members of the committee. Mr. Gill was obliged to go to Chicago to transact important business Wednesday evening and until his return the announcement of the site will not be made public.

Waterloo. Two strangers worked a clever swindle on Ed Stolte, proprietor of the Stolte pool and billiard hall, and succeeded in getting away with \$8.90 before the game was discovered. They made a trifling purchase and one made a trifling purchase and one made a trifling purchase, throwing down a \$10 bill on the show case with which to pay for it. As the change was being made the partner interrupted with "Let me pay for it" and proceeded to make a diligent search of his pockets. Five cents was all that he could find in his pockets and as the purchase amounted to ten cents this amount was insufficient. The other man then threw down what was supposed to have been the \$10 bill which he had first flashed and then picked up again what the other fellow said that he would pay \$9.90 in change was counted out and the bill placed in the money drawer. Picking up their change the men quickly disappeared. It was not until a few minutes later that the mistake was discovered and instead of a \$10 bill it was found to have been a \$1 bill which the man had substituted in place of the ten.

\$150,000 FIRE LOSS

STORAGE WAREHOUSE AT MASON CITY TOTALLY DESTROYED, WITH CONTENTS.

FILLED WITH MACHINERY BELONGING TO JOBBERS

International Harvester Company Loser to Extent of \$100,000, With No Insurance—Flames for Time Menace Standard Oil Plant—Ice House Destroyed.

Special to Times-Republican. Mason City, Oct. 8.—At 4 o'clock this afternoon Mason City had the most destructive fire in its history in the destruction of the Mason City Transfer and Storage plant, one of the largest concerns on the C. M. & St. Paul lines. Secretary and Treasurer C. H. Keidel places the total loss at \$150,000.

The fire started in the ice house belonging to the railroad company and the fierce wind blowing from the south fanned the flames into a fierce conflagration. From the ice house it spread to the new building erected by the storage company in which was stored valuable machinery belonging to various concerns. This immense building was in ten minutes completely enveloped and for a time it was thought the flames would leap to the Standard Oil plant just to the east, where thousands of gallons of oil were stored. But fortunately the fire was confined to the two buildings.

List of Losses. The following are the losers: International Harvester Company \$100,000 Empire Creamery Separator Company, Chicago 15,000 John Deere Plow Company, Omaha 10,000 Smith Manufacturing Company, Chicago 10,000 Lindsey Bros., Milwaukee 10,000 Dain Manufacturing Company Ottumwa 5,000 Total \$150,000

The International Harvester Company carried no insurance. Having about 200 concerns over the country they set aside an insurance fund and rely on their own losses. The other companies carry insurance. The building was insured for \$5,000 in the Mercantile Fire Insurance Company. I. W. Keel, cashier of the Iowa State Bank, is president of the transfer and storage company and C. H. Keidel secretary-treasurer.

The picture are shown Deltz and his wife, posed near either end of the group. The girl in the center is Miss Almyra Deltz, the 20-year-old daughter who is near death as the result of the volley of shots fired upon her and her two brothers by officers as they were passing thru the woods Saturday. Leslie, the second son, is shown standing at the left. He escaped unharmed from the fusillade. The young man standing at the right is Clarence Deltz, who was shot by the deputy sheriffs and made a prisoner.

It is said that Deltz is a devoted husband and loving father. He is well read, especially in the law. His numerous tilts with the authorities have whetted his wits as well as perfected his marksmanship.

John F. Deltz is wanted by the Wisconsin authorities for the shooting on Sept. 6 of Bert Horel in Waterloo, Wis., where Horel received a bullet wound in the neck and shoulder, when he assumed the role of peacemaker in

a quarrel between Deltz and C. G. O'Hare, president of the school board. The two last named met on the primary election day and differences of opinion as to the rent allowed Deltz for a room in his cabin for school purposes arose.

Deltz had been allowed \$22.50 a month for rent and janitor service for school purposes. The public examiner had told the school board the charge was excessive. Deltz said the bargain must be kept and when the argument became heated Horel stepped between them.

The Old Quarrels. There had been former encounters between Deltz and Sawyer county sheriffs. It was in April, 1904, that Deltz first showed his mettle. The Chippewa Lumber & Room Company had been sending logs thru Cameron Deltz announced that the logs would not pass thru without paying for the privilege. He demanded \$10,000. The company laughed at him, but he held the key to the situation.

The foreman of the driving crew heeded Deltz's threats. They were not allowed to open the dam under the cover of night to open the gates. When the water had been let out and the logs were left high and dry, Deltz had done this himself.

The courts were appealed to. Injunctions were started to force him to permit the passage of the logs, but

while they scattered thru the woods seeking cover. It was noon the next day before the wounded deputy was picked up and taken to Waterloo. Thru his first fight public sentiment was with Deltz. He was proclaimed a hero and nobody cared to oust him. He stood on the common law theory that "a man's house is his castle." Warrants were sworn out charging Deltz with attempts at murder.

From the time of the pitched battle to the shooting of Bert Horel, Deltz was unmolested.

Position Impregnable. He has all the cunning of a frontiersman and his position is almost impregnable. His log cabin is situated on a hill overlooking the dam, which he guarded so zealously, and approach is difficult.

To those who have his confidence, and they are few, for he suspects nearly everybody with being a spy of the lumber company, he is most friendly. The latchstring of his cabin is always out for those who come by the road, but he resents the encroachment of those who take to the by-paths.

Idolized By Family. Deltz is the idol of his family. His children are the only children in the district and he has had a lean-to built next to his cabin, where the school board furnishes a teacher to give the children instruction. He has practical ideas of education, and has a typewriter in the home, saying it is better for his daughter to become a good typist than a poor school teacher.

John Deltz and Family, and History of Troubles.

The above photo shows the family of John Deltz, of Cameron Dam fame, as it appeared in 1905, when the picture was taken by Bish, a photographer at Chippewa Falls, Wis. It is probably the only group picture taken in recent years of this family that has been in the limelight of publicity for so long a time. Mr. Bish gained Deltz's good will, and this he had not allowed a photographer to come upon the premises for years before, the handy gun man got his family in front of the log cabin and posed them before the camera.

In the picture are shown Deltz and his wife, posed near either end of the group. The girl in the center is Miss Almyra Deltz, the 20-year-old daughter who is near death as the result of the volley of shots fired upon her and her two brothers by officers as they were passing thru the woods Saturday. Leslie, the second son, is shown standing at the left. He escaped unharmed from the fusillade. The young man standing at the right is Clarence Deltz, who was shot by the deputy sheriffs and made a prisoner.

He has practical ideas of education, and has a typewriter in the home, saying it is better for his daughter to become a good typist than a poor school teacher.

attempts to serve the papers failed. The first attempt to serve the papers on Deltz was made by Sheriff Peterson, who, on April 27, 1904, handed him his mail, saying: "There is a copy of an injunction for you, but it is only a bluff."

On May 3 of that year, Fred Clarke, a friend of Deltz, advised him to go to Hayward and give himself up. He was told he might expect a posse to come for him and there would be shooting.

A week later Sheriff Giblin with three armed deputies approached the Deltz cabin. Shots were exchanged. This posse retired.

William Irvine called on Deltz July 29, 1904, and said that he spoke for the lumber company and that hostilities would be declared off.

Thomas Grist succeeded Peterson as sheriff in 1905, but he had no better success in attempting to dislodge the defender of Cameron dam.

A Pitched Battle. A pitched battle took place July 25, 1905. Several deputy sheriffs were wounded and Clarence Deltz received a scalp wound that caused contraction of the muscles of the right eye. He has since learned to shoot with his left hand. In this battle Deltz was surrounded by his sons, Clarence and Leslie, while his wife and daughter, Almyra, kept up a steady fusillade from the cabin.

Deputy Sheriff Rogich fell with a bullet wound in his hip. The posse, after exchanging 100 shots with Deltz, retired. They carried the wounded deputy into the woods, where they heard a hoisting sound that caused them to leave him there

between the members of the Magnolia and Little Sioux I. O. O. F. lodges. In the evening a grand ball will be held at the opera house.

FOR CITY HALL. Eldora Council Contemplates Purchase of Old Y. M. C. A. Building. Special to Times-Republican. Eldora, Oct. 8.—The city council of Eldora is seriously contemplating the purchase of the Y. M. C. A. building for use as a city hall and council chamber. At a meeting of the council this week the mayor and city attorney were instructed to take such steps as may be necessary to obtain title or a long time lease to the property.

The Y. M. C. A. building was built by a number of young men something like twenty years ago. For a long time there has been an organization in Eldora and the building has been used for various purposes.

When the city purchases this property it will own one of the best buildings in the entire county for a city hall.

Hampton Personal. Hampton, Oct. 8.—Miss Mayne Swartz, who has been employed at the Recorder office for the past several months, returned to her home at McGregor Friday noon.

Mr. and Mrs. H. O. Thomas, Mr. and Mrs. Charles (Charles and W. H. G. Hule) have spent the week at Omaha, Neb., in attendance at the annual carnival.

Mrs. W. F. Kelley and daughter, Katherine, of Minneapolis, Minn., are here as guests at the home of Mr. and Mrs. Thomas Kelley and her numerous Hampton friends.

Mrs. S. J. Seaverigen went to Marshalltown Thursday morning to visit her daughter, Mrs. C. D. Cash.

Miss Jennie Harriman, of San Diego, Cal., came recently to visit with her sister, Mrs. A. R. Ransard, and other relatives.

Little Bald Spot Men Be Sensible, Don't Let it Grow More Conspicuous. If you are beginning to worry about that spot right on the top of your head, where the hair is thin or has disappeared entirely; Don't worry any longer. Go to B. A. Morgan at once and get a jar of Ewing's Cherry Pectoral. If that won't check the falling hair, and cause new hair to grow; nothing on this earth will. Dandruff causes hair to fall and baldness; dandruff germs cause dandruff. Parisian Sage kills the germs; eradicates dandruff; stops falling hair and itching scalp; or money back at B. A. Morgan's. It will cause the hair to grow, if the hair root be not dead. It causes the hair to grow thicker, more luxuriant, and puts so much new life into it that it grows lustrous and beautiful. The girl with the Auburn hair on every package, 50 cents at B. A. Morgan's and druggists everywhere. Mail orders filled by American makers, The Giroux Mfg. Co., Buffalo, N. Y.

Magnolia Announces Good Program for Meet Next Thursday. Special to Times-Republican. Logan, Oct. 8.—The I. O. O. F. picnic program to be given at Magnolia Tuesday, Oct. 11, includes an address of welcome by Mayor D. R. Chambers and various amusements until noon when dinner will be served. The afternoon program will begin with an address by C. G. Saunders, of Council Bluffs, followed by George W. Atkins of Logan, and E. L. Crow, of Mapleton, and others. A game of baseball will be played
