

ROOSEVELT EXPLAINS

CRITICISM CEASES WHEN HE DENIES RESPONSIBILITY FOR NEW YORK PLATFORM.

BRYAN RAPS COLONEL DURING HIS IOWA VISIT

Refers to Seeming Inconsistency of New York Leader, Who He Says Injures More in Iowa and Kansas Than in New York—Bryan Looks For Democratic House Next Session.

Special to Times-Republican.

Des Moines, Oct. 10.—Now that Theodore Roosevelt has distinctly and emphatically disavowed responsibility for the New York platform of adulation of the tariff bill, and become a standpatter as to his own utterances in Kansas and Iowa on national issues, it is anticipated that criticism of him will at least be modified. There is no doubt, however, as judged by the expressions of leading republicans, that the action of the New York convention in adopting a platform contrary to the views of Colonel Roosevelt injured the latter in the estimation of the people, for it was assumed that he did in fact have some authority over the convention.

The fact that Colonel Roosevelt immediately sent for Senator Cummins to explain the situation to him in person and to head off any possible criticism from the junior Iowa senator personally, showed that Colonel Roosevelt is doubly anxious to maintain the good will of the progressives of the middle west. The fact that he next went to the south to explain publicly his position and to disclose the fact that he had nothing whatever to do with the platform making in New York is taken to indicate that he is solicited for the favor of the southern progressives. It is recalled that in Georgia the progressive movement has already practically broken the democratic party.

While in the city Saturday, William J. Bryan referred to the seeming inconsistency on the part of Roosevelt in regard to what he has just done in Iowa and New York, assuming that Roosevelt wrote the New York platform and that it represented his views. "I am much interested in him," said Mr. Bryan. "You will notice that the quality of his insurgency varies according to locality. He rages more in Kansas and Iowa than he does in New York."

This expressed the popular view as revealed by the record as made thus far. It is expected that Mr. Bryan will devote a good deal of his time in speaking to Colonel Roosevelt. He showed very plainly that he is mostly concerned with election of a democratic house so as to tie up the administration.

"I am deeply interested in your democratic candidates for congress in this state and will speak especially for them," said Hon. William J. Bryan as he tarried at democratic state headquarters between trains Saturday.

"I suppose you want to know about the next congress. Well, it will be democratic. I can give you exact figures on the majority. It is more important that it be in fact controlled by the democrats."

When it was suggested to him that a local standpatter editor had expressed a hope of about seventy-five democratic majority he added: "I expect that's about right, but anyway it will be enough."

"What do you think of Colonel Roosevelt?" was asked.

"It's an interesting study. I am watching him. You will notice that the quality of his insurgency varies according to locality. He appears to be a great deal more of an insurgent in Kansas than in New York. As for his new nationalism I am not quite certain. If he will submit a diagram showing what is new in his nationalism and nationalism in his newness I will try to pass judgment upon it. But in what he has been saying and doing there is not very much that is either new or national."

None Follow Him. "The proposal for the national incorporation of railroads is likely to come nearest to raising a question as to the concentration of power in the nation. But he is going to find a great many republicans unwilling to follow him in this proposal. All the democrats will be against it. Hence there is not much prospect of an issue there. The democratic attitude toward the railroad question is clear. We democrats, as expressed in our national platform, favor the solving of all interstate questions under state authority and the national solution of interstate problems. In other words, the federal authority to be invoked only to supplement the state authority and to be used only when and where the state authority will not suffice. There is no occasion for a federal authority supplementing state authority. Avoids Issue.

"Now as to conservatism," continued Mr. Bryan, "you will notice that the New York platform seeks to avoid raising the issue of national or state supremacy by referring to both as necessary. That would indicate that the new advocates of conservatism are not quite sure of their position. In fact it would be hard to say that it was a change of front or a back down from the attitude at St. Paul because that was never made very clear."

Prospects Bright. "On the whole," said Mr. Bryan, "democratic prospects are very bright. I have made one speech in Kansas and several in Missouri. Everywhere the democrats are making a gallant fight for the principles they have long supported. I anticipate that Iowa will make good report of herself."

Cummins Home From East. Senator A. E. Cummins returned Sunday morning from New York where he went in response to an invitation from Col. Theodore Roosevelt for an interview prior to Roosevelt starting out of his last speaking tour in behalf of the progressive movement. Senator Cummins was looking well and indicated his great pleasure at having visited New York at this time. In addition to seeing Colonel Roosevelt, he saw Lloyd Griscom, who managed the campaign for the overthrow of the bosses in New York and defeat of the bosses in the Sherman party dicta-

tor, and he saw others of influence in the east.

"I am entirely satisfied with my trip east," he said. "I do not care to add anything to what has appeared in the papers."

There has not been and will not be any breach between the leaders of the progressive movement. The outlook for republican success in New York is very bright.

German Alliance in Politics.

For the first time in the history of the state an effort is being made to organize the German voters of Iowa and an attempt will be made to swing the 45,000 members of the German American Liberty alliance, into line for such democratic and republican candidates as will support an out and out home rule and local option measure and vote for the repeal of the existing millet law.

The pre-election meeting of the executive committee of the German American Liberty Alliance of Iowa was held in Manning, Iowa, on Saturday. There arrangements were made for holding between 90 and 100 meetings of German voters before the November election.

Organizers for the alliance from all parts of the state were in attendance at the meeting and according to Col. Joseph Elbeok, president of the alliance, indications are that the organization is pretty sure of securing a large majority of votes for in the house and two or three in the senate.

SCARE FOR DEMOCRATS.

Ouster Suit Begun Against Candidate On State Ticket.

Des Moines, Oct. 10.—A bomb was thrown into democratic circles Saturday when it was learned that D. D. Davidson & Co., of Ottumwa, had asked the Wapello county supervisors for permission to bring ouster proceedings against County Treasurer James V. Curran, the democratic candidate for state treasurer opposing W. W. Morrow, the republican candidate. If necessary to compel him to do his duty.

From the information received in this city it seems that D. D. Davidson filed with the Wapello county auditor a statement charging that Curran was guilty of non-feasance in office in that he had refused to send out notices required by law after tax arrears have made their report. Mr. Davidson has asked the supervisors of that county to give to Davidson & Co. power to bring action to compel Curran to act whether by mandamus proceedings or ouster proceedings. Curran is reported to have said that he courts the fullest inquiry.

TAG DAY SUCCESS.

Visiting Nurses' Association at Davenport Realizes \$2,826.

Davenport, Oct. 10.—Tag day for the benefit of the Visiting Nurses' Association was a gratifying success here, the total amount realized being \$2,826.97, or \$175.37 over that of last year.

An amendment to the rules of the Visiting Nurses' Association, made some time ago, provides that any one giving a dollar or more shall be entitled to membership in the association. The returns show that about 315 new members have been added to the lists, but the actual figure will not be given until the regular meeting which will be held Thursday, Oct. 20.

Traer News Items.

Special to Times-Republican. Traer, Oct. 10.—Hesperia, Iow. No. 34, A. F. and A. M., went to Toledo Friday evening to take part in dedicatory services of the Toledo lodge. Five auto loads went.

The travel on the Rock Island became so heavy that the motor has been substituted as being temporarily by a larger car drawn by an engine.

Amos Elliott has bought 450 acres of land near Outlook, Canada, and will move there in the spring.

R. H. Moore invested in 320 acres more land near Outlook, Canada, recently. This gives Mr. Moore 1,250 acres in all together. About half is under the plow.

Joe Sebetin, who has been on the A. Pratt farm for the past three years, has purchased 150 acres near Pipestone, Minn., at \$80 per acre. He will move in the spring.

Rev. Mr. Melville pronounced the services that united the lives of Miss Grace McDowall, of Traer, and Robert Young, of Grant township. The marriage was celebrated at the bride's home in Traer in the presence of only immediate relatives. The bride has been one of Tama county's successful rural teachers for a number of years, while the groom is one of Grant township's substantial farmers.

Football at Sutherland.

Sutherland, Oct. 10.—The champion high school team of LeMars came down and defeated our boys in the hardest contested game of the season by a score of 27 to 0. It was a game of blood and the LeMars boys are well aware of the fact that they have been up against the best thing and were able to win out only by hard knocks and plenty of kicking.

LEAPS FROM LINER

NICHOLAS ZIMMER, OF FRANKLIN COUNTY, IOWA, DROWNED AT SEA.

LEFT NOTE SAYING HE COULD NOT STAND PAIN

Zimmer Writes Will on Collar Box, Bequeathing Property to Wife, Who Recently Died, Unknown to Husband—Zimmer Well Known Farmer and Stock Buyer.

New York, Oct. 10.—Having made his last will and testament on the lid of a collar box, bequeathing \$700 in cash and \$10,000 worth of mortgages to his wife, Nicholas Zimmer, a second cabin passenger on the Kaiser Wilhelm der Grosse, mysteriously disappeared. He was seen last by some of the stewards on Oct. 1, and his nonappearance at meals the following day led to the finding of the collar box. It is believed he jumped overboard.

The will found under a steamer rug in his cabin, read as follows: "I can't stand this pain any longer. This is my last will and testament. My sole heir is my wife, Mrs. Nicholas Zimmer, of North Washington, Iowa, to whom please forward the contents of this box."

A search of Zimmer's papers showed that he was an American citizen and 60 years old. He had spoken to many of his fellow passengers during the voyage and had made friends with some of the stewards. He had not acted at all strangely. The box was found \$700 in cash and mortgages worth approximately \$10,000. When the immigration officials board the liner the money and the collar box will be handed to them. They will be forwarded to Mrs. Zimmer.

Had Been to Africa. Hampton, Oct. 10.—Henry Zimmer was a well known farmer and stock buyer, living at North Washington, near here. He had been traveling in southern Europe and Africa for the past four or five years. His wife died recently at the family home at North Washington. The fact that he left a will devising all of his property to her indicates that he had not feared of her passing away. He has four daughters, all married and living in Iowa. It is estimated that his estate is worth \$20,000.

CLUE TO MURDERED MAN.

Body Found at Boone That of Guiseppe Salvoan.

Boone, Oct. 10.—The authorities spent a busy day trying in some manner to unravel the murder mystery, for it is a foregone conclusion that the Italian found over near the ice plant was murdered, but whether the object was robbery or spite remains to be seen.

On the 2nd day of August Guiseppe Salvoan was missing from his work and from the place where he boarded. He had some time and money coming to him from the Northwestern company. Nothing more was ever heard of him, according to the authorities. He had a cousin here by the name of Guiseppe Garganta, with whom he roomed for a time. Finally Garganta secured a room down town and boarded in the city. Salvoan had a bank account in the First National Bank in this city, amounting to \$140, the last deposit according to the books being made on the 23rd of last July. The book was found in the possession of Garganta, the cousin, as were all of Salvoan's clothing, his trunk, etc. The cousin professed to know nothing of the missing man, nor anything of his whereabouts. Yet he had the bank book, the clothes, trunk, etc. A missing bunch of keys and chain, the officers would like to get hold of, for these would aid quite materially in establishing the guilt or innocence of any party suspected.

BURIAL OF HARTLEY VICTIMS.

Body of George Godfrey Taken Charge of By Brother.

Hartley, Oct. 10.—Under the direction of his brother, Otto Godfrey, of Postville, Iowa, the body of George Godfrey, murderer and suicide, was buried in the Hartley cemetery. The services were private. The funeral services for Rita Arnelshur took place for nine years and the body was found in the victim of George Godfrey's insane jealousy, was held at the German Lutheran church at Hartley Sunday morning. Rev. Mr. Fischer, pastor of the church, was in charge.

The brother of Miss Arnelshur, a slavey arrived here and at once made arrangements for the burial. Godfrey has another brother and one sister, but neither of them has been heard from.

Warned Sister of Suicide. Keokuk, Oct. 10.—Mathias Kelleher, when he left the home of his father at 1 o'clock in the afternoon, said to one of his sisters: "There will be crepe on the door by 6 o'clock this evening."

He returned about 5 o'clock and after exchanging a few words with a sister and saying that life was not worth living, he took from his pocket a three-ounce vial of carbolic acid and drank it. He died within half an hour. No cause for the deed is assigned.

One of the most important cases which will come before the November term of court will be the trial of P. M. Joyce, formerly president of the First National Bank at Lake Mills and who is charged with the issuing of fraudulent paper to the amount of over \$50,000.

WELLS REEK WITH GERMS.

Yet Cedar Rapids Citizens Resist Efforts to Prohibit Use of Water.

Cedar Rapids, Oct. 10.—The owners of bad wells in the district which has been put under the ban of the city health department, when Police Officer Tinsty attempted to close up a well by pouring sand into the pipe, the owner refused to allow him on the premises, threatening all sorts of dire things. Mr. Tinsty reported the trouble to the council and he was authorized to go with an officer and put all suspicious wells out of commission and arrest anybody who made trouble.

Several irate citizens, aired their grievances before the council, claiming that if their wells are closed it will work great hardships among them, as they can not afford to connect with the city water mains. One woman declared that she and her husband had been drinking water from a well which was found full of bacteria for nine years and the grave as her opinion that she knew as much about it as any doctor. Another man averred he had one of the best wells in town—that it always was cleaned out every spring, but when Mayor Mills looked up the list of wells which had been examined he discovered that only one other well contained as much bacteria as the well that undergoes its yearly clean-up.

The council is determined to do its duty in closing up wells that are known to contain typhoid fever bacilli, even if the whole police force has to be brought into requisition to do it.

LYON COUNTY GOES DRY.

Injunction Issued Against Saloons and Drug Stores by Judge Gaynor.

Rock Rapids, Oct. 10.—Lyon county is dry, injunctions having been granted by Judge Gaynor against every saloon in the county but two that are still on trial. No injunctions were issued against the buildings. There are about twenty saloons in the county and no licenses were served on all by the anti-saloon league. Three drug stores in the county were also enjoined. The injunctions are for five years.

Natural Religion. Religion should be native. It should be concrete and applicable. Religion is the natural expression of living, not a set of actions or of habits, or a posture of the mind added to the daily life. The type of religion, therefore, is conditioned on the kind of living; and the kind of living is conditioned, in its turn, very largely, on the physical and economic effectiveness of life. The religion of the open country should run deep into the indigenous affairs of the open country. Everything with which men have to do needs to be spiritualized. This is much more effective for our civilization than merely to spiritualize things that we hope for.

WELLS BOOSTS FIGURES

GRAIN DEALERS' SECRETARY SAYS CORN CROP OF IOWA WILL BE LARGE.

AVERAGE YIELD FOR STATE FORTY BUSHELS PER ACRE

All Sections Exceed Usual Average of Thirty-Five Bushels—South Section Leads—Seed Considered Poor Proves Germinating Value—Other News of Iowa Interest.

The Corn Yield Per Acre. Bushels. North section 38 Central section 40 South section 41 Total (approximately) 325,000,000 bushels.

Des Moines, Oct. 10.—Iowa's corn yield will be much above the average. This is the estimate made in the monthly crop bulletin issued today by Secretary George A. Wells of the Western Grain Dealers' Association.

In the north section of the state the yield per acre is fixed at thirty-five bushels, in the central section at forty bushels and in the southern section at forty-one bushels. This would make a total yield of approximately 325,000,000 bushels.

The average yield for Iowa is considered approximately at thirty-five bushels per acre.

The report states: "Seventy to ninety per cent of the corn is now out of the way of damage by frost and some bumper yields will certainly be reported." Further, it is stated that "much of the seed that was supposed to be weak in germinating quality proved to be vital and the low and overflow lands, in the absence of rain, have been well cultivated and will produce an excellent crop of corn."

SURVEYING NEW ROAD.

Preliminaries for Proposed Line From Waterloo into Hardin County.

Des Moines, Oct. 10.—Surveyors will run a line this fall for the St. Paul & Des Moines railroad from Waterloo to Garden City, thru Eldora. The survey will commence this week and the officers of the road give assurance that it will be built soon. A survey has also been made from Hampton to Charles City by the same company.

Big State Silo Filled.

Glenwood, Oct. 10.—The big silo at the state institution here has been filled. This is one of the largest in this part of the state and the managers of the institution state that the quality of the ensilage is very fine. The work of filling the silo has been in charge of W. F. Johnson, the institution farmer. When the silo had been completely filled and packed the ensilage was given a soaking and then small grain was sown over it. This will sprout and help to form an air tight covering.

Iowa at Washington.

Washington, Oct. 10.—Philip J. Hall has been appointed postmaster at Mansfield, Franklin county, vice D. T. Wolf, resigned.

Pensions have been granted Iowans as follows: Hanson G. Arnold, \$15; C. Bowen, \$15; David Bracken, \$15; John A. Dabrymple, \$15; John A. Gast, \$20; William H. Harding, \$15; Jacob Hite, \$20; John T. Hobbs, \$25; William Likens, \$20; Mattie A. Lodge, \$12; Benjamin T. Nix, \$15; Ole A. Peterson, \$24; Alice R. Patt, \$12; Emil Rundorf, \$15; Samuel E. Shannon, \$15.

Better Look Outside.

If you want to make the best of your life, don't spend much time in looking within and wondering if your feelings are all right, say Home Chat. Look outside instead, and see what you are doing for others, what you are saying about other people, how you are behaving to those around you. If you are behaving kindly and truly to your neighbor you will not go far wrong.

Managerie of insects.

A managerie of insects will soon be installed in the Paris museum of natural history. Cages of glass, instead of steel, will be occupied by spiders, ants, bees, caterpillars and beetles. Instead of lions, tigers, wolves and hyenas. Then it will be possible for the public to study the lives of ants underground and of bees in their hives.

Knees Became Stiff

Five Years of Severe Rheumatism The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory by Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years. It kept me from business and caused excruciating pain. My knees would become so stiff I could not walk. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's." Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Notice of Final Report.

In the estate of John A. Campbell, deceased.

In the district court of Iowa in and for Marshall county, No. 2845 probate. To whom it may concern:

You are hereby notified that the undersigned Anna M. Campbell, executrix, of the estate of John A. Campbell, deceased, will file her final report there-in in the office of the clerk of the district court in and for the aforesaid county, on or before Oct. 12, 1910, and will ask for its approval and her discharge from further duty or responsibility thereon, and that said report and application for discharge will come on for hearing before the court aforesaid at 3 o'clock p. m., on the 18th day of October, A. D. 1910, at which time and place you can appear and show cause, if any you have, why said final report should not be approved and the undersigned discharged from any further duty or responsibility thereon. ANNA M. CAMPBELL, Executrix.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regular graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who doesn't get it, doesn't take a substitute of unknown quality for this reliable and known composition. No counterfeits as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most precious possession—your health—may be your life itself. See that you get what you ask for.

Lennox Furnaces Good For The Babies. GROWN-UPS MAY GET ALONG DURING THESE COLD MORNINGS AND EVENINGS WITHOUT A FIRE IN THE HOUSE BUT THE BABIES NEED HEAT AND WHAT IS ABSOLUTELY NECESSARY FOR THE BABIES IS A GREAT COMFORT TO WOMEN OF LOW VITALITY, AGED PEOPLE AND REALLY TO EVERYONE NO MATTER HOW ACTIVE HE MAY BE. AND IT IS HERE THAT LENNOX STEEL FURNACES ARE SO POPULAR. THE STEEL RADIATES HEAT SO QUICKLY THAT A SMALL FIRE OF WOOD OR TRASH STARTED BEFORE BREAKFAST WILL HEAT UP THE ENTIRE HOUSE, TAKE THE CHILL OFF AND LEAVE IT COMFORTABLE ALL DAY. WITH STEAM OR HOT WATER A STRONG FIRE MUST BE BUILT TO GET UP STEAM OR HEAT IN THE RADIATORS AND BY THE MIDDLE OF THE FORENOON WHEN THIS KIND OF A HEATING PLANT BEGINS TO WORK THE SUN IS HIGH ENOUGH TO HEAT UP THE HOUSE. UP GO THE WINDOWS, THE HOUSE IS OVERHEATED AND UNNECESSARY FUEL IS WASTED. SO IT IS WITH THE CAST IRON FURNACE, IT TAKES TOO LONG TO HEAT IT. AND THIS KIND OF WEATHER WILL LAST FOR THREE MONTHS ALMOST. THEN ONLY DURING JANUARY AND FEBRUARY WILL HEAVY FIRES BE NECESSARY FOLLOWED BY TWO SPRING MONTHS OF LIGHT FIRES. FOR FIVE MONTHS THE STEAM, AND HOT WATER PLANTS AND CAST IRON FURNACES REFUSE TO RESPOND TO LIGHT FIRES, THEN WHEN REAL COLD WEATHER IS ON THE LENNOX STEEL FURNACES, WITH THEIR LONG SMOKE TRAVEL THRU THE EXTRA RADIATOR ARE AS POWERFUL HEATERS AS WERE EVER DEvised BY MAN. FOR SIX YEARS NOW, THEY HAVE BEEN SHIPPED INTO THE CANADIAN NORTHWEST WHERE NONE BUT THE MOST POWERFUL FURNACES CAN ENDURE. EVERY YEAR THE CANADIANS DEMAND MORE OF THEM AND A DUTY OF 30 PER CENT NEVER STOPS A MAN IN THE COLD NORTHWEST WHEN HE KNOWS WHAT A LENNOX STEEL FURNACE WILL DO. THE LENNOX FACTORY IS THE LARGEST FACTORY IN THE WORLD FOR MAKING STEEL FURNACES AND NOW SHIPS LENNOX STEEL FURNACES INTO 22 STATES FROM TEXAS TO CANADA AND FROM PENNSYLVANIA TO THE PACIFIC COAST. Retail Store Up Town, 121 West Main St. LENNOX Furnace Co. Marshalltown, Ia.
