WOUNDS FLEEING MAN

JOHN JONES, COLORED, SHOT BY DETECTIVE WHILE TRYING TO ESCAPE.

ARRESTED AT MASON CITY FOR MINNEAPOLIS MURDER

Jones Later Confesses Crime and is taken to Minnesota to Stand Trial—Arrest Follows Shrewd Piece of Detective Work—Wound is Not Serious.

Special to Times-Republican. Mason City, Oct. 10.—John Jones, alias Frank Baker, was arrested in this city shortly after midnight Saturday by a Minneapolis detective, assisted by a detail of local police, on a warrant charging him with the murder of a man in Minneapolis about five weeks ago. As the detective was making the arrest Jones made a dash for the window and attempted to jump, when the detective shot him in the hip. He was taken to the hospital, where Jones refused to have the bullet extracted. The extent of the injury could not be told. The wound was dressed and when he was told that he would be taken at once to Minneapolis he confessed to have killed the man but said it was in self defense.

Murder Follows Quarrel. The detective told the story that the two men had been drinking and had quarreled. Finally they made up and shook hands and Jones went away. He was gone but a short time when he returned and stabbed the man to death. The detective and his prisoner took the early morning passenger for Minneapolis. It was a very shrewd piece of detective work. Immediately after the murder a negro detective was put on the case. About two weeks ago, shortly after the arrival of Jones in this city, a Minneapolis negro arrived. For several days he worked by the side of Jones and was the spotter, and the detective who came knew just where to find his man. Jones worked here as a drayman. When he received his check from Arthur Diertz, for whom he had been working, he gave the name as Frank Baker, but the detective says that his right name is John Jones, that he has a prison record and is what is styled "a bad nigger." At the time of his arrest four negroes were in the house where Jones boarded engaged in shooting craps.

BEGIN ATTACK ON SALOONS. Crusade Inaugurated to Make Fort Dodge Dry Town. Special to Times-Republican. Fort Dodge, Oct. 10.—Fort Dodge is the oasis of a territory reaching from Waterloo on the east to Sioux City on the west, and from Des Moines on the south to Austin, Minn., on the north, and as a result the saloons in the city are most prosperous and are enjoying a rushing trade. The present consent expires on July 1, 1911, and the first blow to wipe out the oasis was struck on Sunday by the Iowa State Anti-Saloon League, when representatives occupied the saloons in practically all of the churches of the city. During the afternoon a special meeting for the men of the city was held at the new Christian church and an organization perfected to oppose the signing of the petition which will be circulated in the near future for a further lease of life for the saloons. Sunday evening a mass meeting was held at the armory and was largely attended, with short addresses by a number of the Anti-Saloon League representatives. It is believed there is a good chance to wipe out the saloons in Fort Dodge, and this will leave a desert extending from Dubuque to Sioux City across the state.

NEW AND LARGER BOAT. Contract Let for River Craft to Replace Burned J. S. Muscatine, Oct. 10.—The steamer J. S., which was destroyed by fire the past summer, is to be replaced by a bigger and heavier excursion boat. This information is given out by Captain John Streckfus, of the Acme excursion and packet line. It is expected that the contract for the steamer will be let soon. The new boat will be propelled by a stern wheel. The hull will be 250 feet long, with a fifty-one and four-tenths beam, and there will be a seven and five-tenths foot depth in the hold. The craft will be propelled by two powerful engines, and will have a carrying capacity of 3,500 people. One of the features of the boat will be a postless dance hall 140x35 feet. One year's time will be required to complete the boat.

THREE BROTHERS INJURED. Team Driven by Harrison County Men Take Fright at Auto. Special to Times-Republican. Logan, Oct. 10.—Joe Flaharty and his two brothers, of Harris Grove, while leading a number of horses behind a conveyance, sustained injuries by the overturning of their vehicle caused by their team being frightened at the Thomas Chaburn auto coming toward them on one of the streets leading out of Logan. Mr. Chaburn authorized the damage to be made good at his expense. Will Flaharty was thrown on his head and shoulders, and Joe Flaharty sustained injuries by the wheel running over him.

SIoux CITY MAY GET SCHOOL. Reformed Church to Establish Large Seminary in Northwest. Sioux City, Oct. 10.—A theological college, costing about \$200,000, with an endowed chair of medicine, is one of the possibilities that may be realized soon in Sioux City if local physicians and Sioux City business interests offer sufficient inducements. The Reformed Church of America is anxious to establish a college in the west and is looking with favor upon Sioux City as a site. Rev. J. F. Kerlin, pastor of the Grace Reformed church, Sixth and Cook streets, is conducting negotiations with the Sioux City men interested in the project. The location of the college will be determined at the annual synod of the interior of the Reformed church, which

will be held at Fairview, Kan., beginning Oct. 12. The church has established several colleges in the east, but has none farther west than Ohio. It is known the directors of the church are anxious to build a college in Iowa or Nebraska and in case Sioux City should not secure the institution it will probably go to Lincoln or Omaha.

FALLS DEAD ON STREET. Daniel Roy, Aged Citizen of Eagle Grove, Victim of Heart Failure. Special to Times-Republican. Eagle Grove, Oct. 10.—Daniel Roy, of this city, dropped suddenly upon the street Saturday afternoon and died without a struggle. Heart failure is assigned as the cause. Mr. Roy was 77 years of age, and was apparently in his usual good health all day, complaining of no ailment. He had been making his home here of late with two sisters.

SPUDS GETTING CHEAPER. Wholesale Price Reaches 45 Cents at Des Moines. Des Moines, Oct. 10.—The state board of control will have to make purchase of a goodly number of potatoes for the state institutions, as not a sufficient quantity has been grown on the state farms to supply the needs of the state. The board has been gratified because of the fact that reports from the potato growers in the effect that the price of potatoes is going down and they can now be bought in quantities for 45 cents a bushel.

Valuable Prizes Offered. The exhibit of Ayrshire cattle is especially interesting from the fact that few of these herds have ever before been exhibited in Iowa and never before has more than one herd been entered in this state. There are two of the most celebrated herds in the country at the Waterloo show. Many of the entries are especially notable from the fact that the animals have but recently been imported to this country from Scotland or the Jersey Islands.

Southern Iowa Items

Gravily. By order of the county attorney, all slot machines in Gravily were recently closed or removed. Every business place has complied with the order and there is nothing doing in that line in the town.

Elkhorn. The Danish Lutheran college of this place was formally dedicated last week by Rev. G. B. Christensen of Audubon, president of the synod. A fine program of music and addresses was carried out and the dedication was a big event in this city. The school was formally opened the next day.

Creston. The city contemplates the placing of a large septic tank at the mouth of the main city sewer, in view of doing away with the offensive odor that comes from the creek just west of the city. A St. Louis firm has been figuring on the work and the council appointed a committee to take up the matter further and report at the next regular meeting.

Kalona. The town residence and land belonging to the Christian Sonntag estate was sold at auction, the town residence to William O'Laughlin for \$1,200. The farm was sold in three parts. One tract of 76 1/2 acres was sold to M. C. Bender for \$140 per acre, and the remainder, 80 acres, to Joseph A. Miller, for \$149 per acre, making an average of \$136 per acre, and a total of about \$31,600.

Afton. The old building which has served as the Afton creamery building for a number of years was razed to the ground last week and work of constructing a modern two-story brick commenced immediately. The building will be a two-story structure with a cement floor and all the modern conveniences of an up-to-date creamery. There will be new machinery installed and when completed Afton will have one of the most modern creameries in this section.

Kalava. A piece of vandalism was perpetrated that overshadowed anything so far done in Kalava. One of the large plate glass windows in the new Edmondson store room was shattered by some one, as yet unknown. The new room is not completed yet and the mischief had secured a heavy oak standard, entered the rear of the building, which was not securely closed, and had smashed the plate glass from the inside. The damage is considerable, probably around \$100.

Knoxville. Miss Alice Marrow, of Washington township, aged 52, was before the insanity commissioners and was adjudged to be of unsound mind. The present is her second attack of insanity. Twelve years ago last January she was sent to the Mt. Pleasant hospital for treatment and was paroled six months later. The present attack is similar to the first—a religious mania and a dread of personal harm. Her father, William T. Marrow, is in the Mt. Pleasant hospital under treatment.

Missouri Valley. Art Beebe, while driving to Missouri Valley, found a woman standing on the Boyer river bridge just south of the city acting very queerly. He induced her to get into his buggy and then brought her to town. She told a pitiful story to the authorities, saying she was 30 years of age and lived southeast of here about six miles. Being asked if she had been contemplating suicide, she said she had been standing on the bridge all night trying to make up her mind to jump into the water. Upon being asked why, she

DAIRY SHOW OPENS

CONVENTION OF STATE ASSOCIATION AT WATERLOO LARGELY ATTENDED.

DAIRY CATTLE SHOW IS FIRST OF ITS KIND

Iowa Pioneers in Matters of Exhibiting Herds—Ayrshires Attracting Wide Attention—Valuable Prizes Hung Up For Cattle and Machinery—Other News of the Day.

Special to Times-Republican. Waterloo, Oct. 10.—The thirty-fourth annual convention of the Iowa State Dairy Association convened in this city today under the most favorable auspices, the attendance already being exceedingly large and promising to eclipse that at any previous meeting. The first dairy cattle show ever given by this or any other state dairy association is attracting thousands of visitors from all over the country. Over 400 head of the four principal breeds of dairy cattle—Guernseys, Jerseys, Holsteins and Ayrshires—have been entered, and these include a large number of famous animals, many of whom have never met defeat before. In a number of cases animals that have heretofore carried off all prizes are pitted against each other here and the interest in the outcome is intense among dairymen.

The exhibit of Ayrshire cattle is especially interesting from the fact that few of these herds have ever before been exhibited in Iowa and never before has more than one herd been entered in this state. There are two of the most celebrated herds in the country at the Waterloo show. Many of the entries are especially notable from the fact that the animals have but recently been imported to this country from Scotland or the Jersey Islands.

Kennan, who has been the popular pastor of the Baptist church of this city, has tendered his resignation, effectual the commencement of next year. At a brief business meeting of the church immediately following, it was accepted. To the people of the city in general the move was not unexpected. Many regard him very highly and consider him a good preacher and pastor. His decision, however, to quit the pulpit here, was final, and the church could do nothing less than to accept it. His plans are not known. He came here from Chicago. He is a preacher who is able to command a good pulpit.

Another Woman Cured. By Lydia E. Pinkham's Vegetable Compound. Black Duck, Minn.—"About a year ago I wrote you that I was sick and could not do any of my housework. My sickness was called Retroflexion. When I would let down I felt as if I could not get up. I took Lydia E. Pinkham's Vegetable Compound and did just as you told me and now I am perfectly cured, and have a big baby boy." Mrs. ANNA ANDERSON, Box 19, Black Duck, Minn.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Albia. The district court wrestled several days with the case of Laura Woodford Jackson versus Cleora D. Dozier for \$5,000 damages. The parties to the suit are colored. This property stand told some pretty hard stories, but eventually the jury put no credence in them as they awarded the plaintiff \$1,200 for her wounded feelings.

Jefferson. The board of supervisors established drainage district No. 53, in Hardin township, otherwise known as the Vest ditch. This property stand told some pretty hard stories, but eventually the jury put no credence in them as they awarded the plaintiff \$1,200 for her wounded feelings.
