THREE BADLY HURT IN AUTO ACCIDENT

FIVE INJURED, THREE FROM THIS CITY SERIOUSLY, IN CAR CRASH AT GIFFORD.

CAR DRIVEN BY FRANK WOOD RUNS OFF BRIDGE

Seriously Injured Are Mrs. Frank DePuy and Daughter Bernice, of This City, and Baby James Evans, Aged 14 Months, Also of Marshalltown—DePuy Girl May Be Fatally Hurt.

Five of an automobile party of seven were injured, three of them who lived here seriously, and one perhaps fatally, when a car driven by Frank Wood, of near Gifford, ran part way off a bridge in Gifford Tuesday night and hurled the occupants out.

Bernice DePuy, aged 9, of this city, daughter of Mr. and Mrs. Frank O. DePuy, 402 North Third avenue; injured in the head; condition very serious.

Mrs. Frank O. DePuy, of this city, mother of Bernice, four ribs broken and perhaps injured internally; condition serious but not fatally hurt.

James Evans, aged 14 months, son of Stewart H. Evans, 111 South Third avenue, employed at Merchants' restaurant; left leg fractured; brought to St. Thomas hospital.

Lillie Lepley and Michael Lepley, children of Mrs. John Lepley, of Gifford, scratched and slightly bruised, but not badly hurt.

Children Hurt; Men Escape. A coincident of the accident was that the two men of the party escaped without injury, while the children of the party were the victims.

Those in the party were Frank Wood, of near Gifford; Mr. and Mrs. Frank O. DePuy, and their daughter Bernice, of this city; James Evans, the babe, and Lillie and Michael Lepley, the children of John Lepley, of Gifford, whose husband was murdered in this city a few years ago.

The party had been to this city in the afternoon and had gone into the edge of the town of Gifford when the accident happened about 7:30 in the evening.

Car Hung Over Bridge. It is not known exactly how the car was run so nearly off the bridge that it all but went over, and yet did topple over far enough to hurl the occupants of the rear seat into the creek bed six feet below. The front running gears of the car caught on the edge and pulling of the bridge when it struck and hung. It is said that the car was running at a fairly rapid speed.

Those who were injured were all in the rear seat. When the car struck and started to go over the edge of the bridge, the rear end swung around.

Girl Unconscious All Night. By far the most seriously injured is Bernice DePuy. She was unconscious when she was picked up and remained in that condition all night. This morning she showed signs of reviving and it was believed that she might entirely regain consciousness. This was looked upon as an encouraging symptom by the attending physician when he saw her this morning. Her injury consists of a most severe concussion of the brain. There was no fracture, but there was evidence of hemorrhage of the brain. It will require a long time to determine the probable outcome of her case.

Mrs. DePuy Not Fatally Hurt. While Mrs. DePuy's injuries consist of four fractured ribs of the left side and internal injuries of the abdomen, her condition is not thought to be critical. This morning she appeared quite strong and it was thought she would recover in due time.

The babe, James Evans, had his left leg fractured near the hip joint. The fracture was reduced Tuesday night and the infant was brought to this city for treatment at St. Thomas hospital, of Gifford, this morning, and taken to St. Thomas hospital.

The babe's mother is dead, and the child was taken to Gifford a short time ago by Mrs. DePuy so that relatives could take care of it. It cried piteously when brought here on the cot.

THE FEAR OF HUMBUG. Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claimed to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their astuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made by a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of the ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food and entering thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name. They are sold by druggists everywhere at 50 cents per package.

this morning and elicited the sympathy of all who saw it at the union station. Mrs. DePuy had recently gone to Gifford to be with her husband, who is a painter, and who is at present employed there.

Mrs. DePuy and her daughter were removed to the Al Wadell home at Gifford, where physicians were summoned to care for them. Later Bernice was taken to the home of her maternal great grandmother, Mrs. Mattilda Burch, living a quarter of a mile south of Gifford.

Thirty-five committeemen, representing all of the six standing committees of the Railroad Y. M. C. Parsons and Assistant State Secretary Leonard Paulson met with the committee and both spoke.

The policies of all the committees were read, and the policy of the association's work as a whole was presented. Secretary Henry E. Wilson said after the conference that the meeting of the committeemen was the most encouraging feature of the opening of the fall and winter work as it indicated an interest and gave promise of much activity in the association's work.

Following on the heels of the meeting last night, a one day canvass was begun this morning for at least fifty additional sustaining members. At noon the committeemen had secured twenty-five and it was believed the mark set would be reached by night.

NO DEVELOPMENTS IN ROBBERY.

Police Say Still Lack Clues in Theft at Citizens' Lumber Company. According to Chief of Police W. E. Nicholson there are no new clues or developments in the theft of the \$160 from the safe of the Citizens' Lumber Company early Monday evening. The police, however, are confident that the office was entered from the west window, which was open, and which leads into a narrow passageway between the office building and the storage building next to it.

Footprints, which indicate that the shoes worn by the thief were of the highheeled fashionable kind, were found in the earth in the passageway that led to the window. The foot prints which showed the heels that made them were small, were imprinted in the ground.

End of a Famous Church. Belgrave chapel, joining Belgrave square, which is almost the last of the proprietary churches in London, is to be demolished, the duke of Westminster refusing to renew the lease which has now expired. Its correct title is St. George's church, and at one time it enjoyed a crowded and fashionable congregation, among whom were numbered the late duchess of Teck, mother of the queen, and Princess Louise, duchess of Argyll. At the height of its popularity the congregation was large that even the steps of the pulpit were occupied.

Too Much Water on the Hair a Mistake. (From Toilettes of Today, Paris) "If your hair is becoming dry and brittle, breaking off and losing color, follow the lead of the many who have abandoned the use of soap and water and taken up the new method of dry shampooing," said Claribel Montague in her lecture on "Beauty" at the Theater Monet, Thursday. "It has been proven beyond question that too frequent wetting and the application of alkaline substances to the hair is a mistake.

"Even those who formerly were devoted to shampooing with eggs now use therox and orris root, and they unhesitatingly declare that this dry shampoo makes the hair as bright and fluffy as ever did eggs.

"To make the dry shampoo mix four ounces of powdered orris root with four ounces of therox. Sprinkle a tablespoonful of the mixture on the head and brush it well thru the hair. Do this once or twice a week if the hair is thin and scanty, and you will soon notice a new growth of hair. Nothing will make the hair so beautifully fine and lustrous as this dry shampoo."

TISSOT'S CHRIST.

The T.-R. Offers Sets of Tissot Prints of Biblical Scenes Free. Every boy or girl who will bring to the T.-R. one small ad for the "want," "for sale" or "to rent" column with the money to pay for at least one insertion at 1 cent per word will be given free a set of ten beautiful pictures in colors, being copies of Tissot's wonderful biblic pictures. Tissot, the French painter, spent twenty-five years living in Palestine and Egypt studying the people, studying the bible and painting the principal scenes described in holy writ. His pictures are the most wonderful palette of scriptural subjects the world has ever known and the prints offered to children free are reproductions in colors, 5x6 inches in size. Just the thing for Sunday school or home instruction in making the bible story real.

We have three sets. The first of the pictures depicts the story of Jacob and his son Joseph. The second of ten pictures depicts the childhood of Christ and the third group of ten pictures illustrates the story of Christ's evangelism. Each set will be offered as a premium for a small ad.

The way to get the pictures is to find somebody who has something to sell or rent or who wants to buy, or trade for something. Bring their advertisement to the T.-R. with the money to pay for one insertion or more at 1 cent per word for each insertion and one set of ten pictures will be given for each ad brought in.
