ANNEX SOME ISSUES

PROHIBITION FORCES ADD TO STRENGTH BY BROADENING SCOPE OF CAMPAIGN.

ASK CONSTITUTIONAL CONVENTION TO DECIDE QUESTIONS

Referendum and Recall Will Attract

Other Support to General Issue — Oleo Makers Spreading False Alarm Regarding Butter Shortage—Michigan Likes Primary Election Law.

Special to Times-Republican.

Des Moines, Oct. 19.—The organization engaged in working for a constitutional convention in Iowa, especially for securing a prohibitory amendment, has annexed some support by preparing to come out in favor of other and numerous changes in the constitution while it is being made over again.

The street car situation in Des Moines, in which a great many people outside of Des Moines take at least a little interest, appears to be clearing up. It is known, for instance, that a scheme has been on foot for some time to make a nominal change in the ownership of the road, or rather a change in the financial backing of the present company which will be featured as an entire new deal, and in connection with this negotiations have been under way to effect a great change in the attitude of the public toward the company.

It is learned here that the oleo makers are back of a systematic movement to scare the people about the price of butter, and they have been circulating the story that butter is sure to be worth 50 cents a pound or more. H. H. Wright, former dairy commissioner of Iowa and better informed on the butter question than anybody else, states there is no foundation whatever for any such alarm.

Curator Harlan, of the state historical department, is highly pleased with the co-operation shown by the various soldier organizations of the state in the matter of making collections for the state of historical relics, especially of war materials and literature. At several of the reunions held this fall the veterans have voted to turn over to the state the flags or swords or other relics of value, and there is a disposition to have placed in the hands of the curator the letters, correspondence and other literature pertaining to the times.

Governor Warner, of Michigan, while here last week spoke frankly about the pleasure which the people of his state have in the workings of the primary law. The last election was the first one held. It resulted in a victory for the progressives all along the line and the defeat of Burrows who had been, under the old system, impressive in his position.

QUALITY. It is not the quantity but the inherent quality of SCOTT'S EMULSION that enables it to perform its mission. It is the one remedy universally known and used because of its ability to quickly restore lost strength, increase weight, and vitalize the nerve centers.

NEW POWER PLANT.

Webster City to Build Modern Station Costing \$50,000. Special to Times-Republican. Webster City, Oct. 19.—Webster City is to have a new power station. It will cost \$50,000. The committee having in charge the new location for this plant has as yet picked no site.

Estimates have been made and it is learned that the machinery in the old plant is not worth moving, except one panel of the switchboard and the newly installed water softener. The rest of it is old and the cost of tearing down and rebuilding is more than it is worth.

RECORD LAND SALE.

Eighteen-Acre Tract Adjoining Ellsworth, Brings \$6,000. Special to Times-Republican. Webster City, Oct. 19.—The highest priced farm land ever sold in Hamilton county has changed at Ellsworth for \$338.33 per acre. There are eighteen acres in the place. The land lies just north of the corporate limits of the town and is well improved. It brought \$6,000. It was sold by Fred Rusch, of Ellsworth, to Ole Christopher, of Lake Park. So far as known this is easily the record land sale in Hamilton county.

Hand Maimed by Well Drill. Special to Times-Republican.

Graettinger, Oct. 19.—Patrick Jennings, of Emmetsburg, who has been drilling a well for Louis Lippold, seven miles west of town, got his hand caught in the machinery and the middle finger of the left hand was taken off and his hand crushed. He was brought to town at once and his injuries received medical attention.

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who can not always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Sold by all dealers.

Southern Iowa Items

Cedar Rapids. The Linn county jury awarded G. W. Frasier \$1,000 each for the loss of three fingers while operating a machine in the employ of the William Hunting Company. The action came under the factory act which prohibits the use of dangerous machinery.

Brighton. Charles Lloyd, cashier of the State Bank in this city, died here Sunday evening. Mr. Lloyd was one of the wealthiest and most prominent citizens of Brighton. He had been cashier for fifteen years. A year ago he sustained a stroke of paralysis, which he was in bed for but a week before his death.

Le Claire. Henry Doennecke, living near Le Claire, has just picked three one-half cases of strawberries from his vines and this after his patch of half an acre had yielded a splendid crop in the summer. Mr. Doennecke sold the berries for \$7.50 per case. The berries were exceptionally large and luscious.

Davenport. William Flynn, indicted for larceny, having been charged with stealing some things from a box car at Linwood, changed his plea of not guilty to one of guilty just as his case was about to be called for trial and was sentenced by Judge House to a term of not more than five years in the penitentiary.

Iowa City. The Iowa river was cheated of two victims late Sunday night by the prompt action of Frank Jones, a freshman and law student at the Iowa university, who single-handedly rescued Gladys Lighter, of Spencer, from drowning just south of the park bridge here and assisted her companion, George Falkell, of Iowa City, to safety. The couple were plunged into the stream by the upsetting of a canoe in which they were boating.

Washington. Fred Hammer, of South Washington, committed suicide by drowning himself in a cistern. He was 65 years old and a sufferer from nervous trouble, but had not seemed worse than usual. He moved here one year ago from Dutch Creek. He rose at 5:30 o'clock in the morning as usual. His family, coming down later, could not find him and after searching the barn noticed the lid was off the cistern. Their screams aroused the neighbors who found his body in the cistern. He leaves a widow and an adopted son.

Nevada. John P. Helland, a well known farmer of the southwest corner of Warren township, has disposed of his half section farm to Henry O. Christian, the price being \$160 per acre. The Helland farm was in the district drained by the Sycamore ditch and since the construction of that outlet, the land has all been thoroughly drained and it is now one of the best in that part of the county. Mr. Helland has purchased a 240-acre farm near Forest City. He will build a residence at Roland and move his family there.

Cedar Rapids. Misses Margaret Murphy and I. E. Chaffee (toiled two would-be handbag snatchers late at night. The men who tried to secure their handbags were Michael Kelly and John Ballard, two strangers in town. Third avenue was pretty well crowded with shoppers on their way home. The Misses Murphy and Chaffee had been shopping and were carrying a few parcels. Just as they reached Fourth street and Third avenue they were approached from the rear by Kelly and Ballard. The men made a grab for the two handbags, but the women held on. The two men yanked and the ladies pulled. There was considerable commotion for a moment or two and then the two men gave up the attempt and started away. The two women went to the nearest telephone and called up the police station. The miscreants were quickly arrested and the women positively identified them.

REMARKABLE YOUNG MAN SHOWS PUGILISTIC ABILITIES

Johnson's Former Manager New Training Palzer in Hope He Will Wrest Honors From Negro-Inches Young, Stands Six Feet Four Palzer, and Uses Brains as Well as Fists.

Special to Times-Republican.

Mason City, Oct. 19.—While other cities of the country are discussing the pugilistic question and laying their claims to the championship, Decorah is likely to again shine in the sporting world. It furnished Farmer Burns and Ole Marsh, two of the greatest wrestlers of their day, and these men discovered and brought out Frank Gotch, and now they believe they have a mightier than any of these in the person of Albert Palzer. George O'Brien who is well versed in pugilistic matters, is in the city and he tells that Palzer is doing wonderful work, and that he is today the white man's hope in wrestling the championship from Jack Johnson, the big negro. He is under training of Sam Fitzpatrick, Johnson's former manager. The promising lad is six feet, four inches high, weighs 230 pounds, is 21 years of age, has a remarkably rugged build, and handles himself perfectly. Besides this he is a heady fellow, and is what is styled a natural born fighter.

DOMESTIC STRIFE TOO FIERCE.

Infirm Veteran, Officer Under Grant, Sues for Wife's Divorce. Special to Times-Republican. Iowa City, Oct. 19.—Lieut. Ewing B. Lewis, an officer under General Grant, today sued his wife for a divorce, alleging that she threatened to kill him;

and taunted him opprobriously when he was ill (at the age of 80) because he did not evince the same ardent affection that he showed to his first wife 50 years ago. The second Mrs. Lewis is 67. The petitioner alleges that she threatened to "smash his entrails"; and "wished that he were in Hades." Lieutenant Lewis is a pioneer of Muscatine, where he lived until recently, and where his wife still resides. He was a stage driver between Iowa City and Muscatine a half century ago.

WOMAN'S SUDDEN DEATH.

Mrs. Henry Pursell, of Boone, Had But Recently Moved to Montana. Boone, Oct. 19.—A telegram received here from Ballantine, Mont., announces the sudden death of Mrs. Henry Pursell, who, with her husband, had but very recently moved to that place from this city, where her two daughters, Mrs. Maude Campbell and Mrs. Floyd Pulver, reside. The news was a great shock to the Boone relatives, as they had just received a letter from Mrs. Pursell stating that all were well. The cause of Mrs. Pursell's death was not given in the telegram. Her body will be brought here for burial.

Abbott and Vicinity. Special to Times-Republican.

Abbott, Oct. 19.—Little Edwood, son of Mr. and Mrs. Hays Nouts, has been a very sick child, but is better. Some of the Abbott people made an auto trip to Pleasant Valley Sunday afternoon, calling on Mr. L. A. Baumman. Mrs. Lang expects to leave today for Maple Park, Ill., to visit her parents, and also a brother, who is back from California on a visit for a short time. She also expects to go to Aurora and perhaps Chicago before returning.

The farmers' elevator manager, Mr. Strayhorn, who has only one hand, has been showing how useful a one-handed man can be by re-roofing part of the elevator. The stereopticon lectures of Rev. Mr. Wiendans on Japan and the Japanese were quite well attended and netted something above expenses for the Young People's Society.

Miss George Tellingshouse and Miss Margaret Aukes were Grundy Center visitors for several days.

Some farmers are already beginning to sow corn and claim it is of excellent quality and a good yield considering the seed corn problem last spring.

Rev. Mr. Lang was called to officiate at the funeral of his friend and former conference associate, Rev. J. V. Hummel, of La Porte City, who was also a member of the Des Moines conference of the United Evangelical church.

Ben Bleekher has received a number of Shetland ponies which he shipped from Fostoria.

Bishop left Tuesday morning for Colorado, where he will build some shacks on their claims preparatory to moving his family there in February.

For the third time in the past three weeks robbers entered President Brooke's residence Friday night. An alarm was immediately given but the arrival of the marshal and a number of neighbors the burglars made their escape, apparently without their intended plunder, as nothing was missed at the last entrance made, although there had been ransacking done.

Mrs. H. Winters left for Iowa Falls, where she will visit her daughter Blanche before leaving for Kansas, where she will make a more extended visit with relatives.

Sudden Death at Ottumwa.

Ottumwa, Oct. 19.—C. William Moffitt, aged 82 years, a well known citizen and former employe of the Morrell packing house, died suddenly yesterday afternoon from a paralytic stroke. His death caused a shock to his many friends. Mr. Moffitt had been a resident of Ottumwa for over twenty-eight years, having been employed at the packing house until a stroke of paralysis about a year ago forced him to quit the work. Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say: Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Buffalo, N. Y.—"I am writing to tell you that I am pleased with your medicine. I had been sick for a long time with prolapsus. I heard about Lydia E. Pinkham's Vegetable Compound, and I have found that it is the right kind of medicine for me. I felt relieved after taking one bottle and I kept on taking it till now I am well and strong, and am able to do my work."—Mrs. Henry Kossov, 473 Genesee St., Buffalo, N. Y.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

WHITE TRANSFER LINE. WOODMANSEE & HUTT. STORAGE FOR HOUSEHOLD GOODS AND MERCHANDISE. 18 SOUTH FIRST AVENUE. SAFES AND PIANOS MOVED WITH CARE.

MARK TWAIN. A New Edition. Price 1/2. Now for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity—for the first time in the history of publishing, copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

His Complete Works—25 Beautiful Volumes. Brander Matthews said: "Mark Twain will be included in that Cervantes of Count Tolstoy. Twain was the greatest of recent modern writers, and will be handed down to posterity through the trio of his works: 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature." Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author at periods when the different books were in process of writing.

There are beautiful pictures by such artists as Frost, Newell, Smedley, Thelstrup, Clinefelter, Kemble and Oppert. The binding is in rich red rep silk book cloth, with title labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 6x7 3/4 inches. Send books to: HARPER & BROTHERS. A Catalog of Our Standard Sets of Books will be sent upon request.
