

DR. CRIPPEN GUILTY; PENALTY IS DEATH

LONDON JURY DELIBERATES ONLY THIRTY MINUTES AFTER BEING SENT OUT.

DEATH SENTENCE IMPOSED AFTER JURY'S FINDINGS

Prosecutor Argues to Jury That Body Found in Crippen Home Was That of Doctor's Wife—British Court Makes Quick Disposition of Famous Case—To Be Hanged Nov. 16.

London, Oct. 22.—Dr. Crippen was today found guilty of murdering his wife. The case was given to the jury at 2:17 this afternoon and after deliberating just thirty minutes a verdict was returned against the defendant. Immediately after the verdict Crippen was sentenced to death.

When the trial was resumed today, Lord Chief Justice Alverstone called Crippen to the stand and asked him questions regarding the use of hyoscin, a poison with which it is charged, the accused killed his wife. The justice questions regarding the use of hyoscin, which was administered thru the mouth and also hypodermically.

The Closing Arguments. Richard Muir then began the closing speech for the prosecution. He said the defense had relied largely on the theory that Crippen was too kind hearted to commit murder. Counsel pointed out that the defendant had, however, lived for months a life of hypocrisy, mocking the grief of his wife's dearest friends. The prosecutor's address occupied nearly more than an hour. He concluded by saying that the prosecution had proved beyond a reasonable doubt that the body found in Crippen's home was that of his wife, Belle Elmore, the actress, and that none but the prisoner could have cut up the body and buried it in the cellar. Alverstone began his summing up of the case soon as Muir had concluded. The case was then submitted to the jury.

To Be Hanged Within a Month. When the verdict was announced Lord Chief Justice Alverstone asked the physician if he had anything to say. Crippen replied in a low voice: "I still protest my innocence." The chief justice then donned the black cap and pronounced the sentence of death. Crippen will be hanged probably within a month.

It is announced this evening that Crippen will be hanged Nov. 16.

"I can't claim any merit for coming here," said Colonel Roosevelt, "for I have for many years come to Massachusetts, not to give strength, but to get it."

"The opponent of Governor Draper has said that the tariff is an issue in this campaign," he said, "to elect a man who, having tried to dominate one party and having failed, now seeks to dominate another party."

Colonel Roosevelt closed with a tribute to Senator Lodge and an appeal to the people of Massachusetts to send him back to the senate.

FORAKER IS CAUSTIC

"Denounces 'New Nationalism' as 'Preposterous Absurdity'—Considers It as Destructive of Our Institutions As Any Invoked in Name of Southern Confederacy.

Marysville, O., Oct. 22.—Former Senator Foraker, in a speech this afternoon, criticized the "new nationalism," and endorsed the Taft administration. Foraker considered the new nationalism as destructive of our institutions as any invoked in the name of the southern confederacy.

He said that possibly the new doctrine was intended for use only in the event that the author be not nominated for the presidency by either of the old parties. He stamped it as a "preposterous absurdity."

LOSSES DAMAGE SUIT.

Maxwell Youth Fails to Recover From Horse's Kick.

Special to Times-Republican. Nevada, Oct. 22.—Roy Beal, a young man of down near Maxwell was kicked by the horse in a stable. The court held that such a transfer, although the effect of preventing any great decrease in the number of saloons by firms going out of business, as in most cases the transfer was legal, and that the city council by resolution was able to make the transfer.

The opinion of the court is the same as that held by local attorneys, and the city council has on several occasions made such a transfer, although the legality has been doubtful. The decision makes this practice a legal one, and will have the effect of preventing any great decrease in the number of saloons by firms going out of business, as in most cases the transfer was legal, and that the city council by resolution was able to make the transfer.

The number of saloons in this city is now fifty-four, being twenty-four in excess of the number allowed by the Moon law. All of them, however, were in operation at the time the law was passed.

SMITH NOT A CANDIDATE.

Congressman Does Not Seek Dooliver Vacancy in Senate.

Council Bluffs, Oct. 22.—His attention being called to the rumor that he might be a candidate for the senate made vacant by the death of Senator Dooliver, Congressman Walter I. Smith said: "You may say for me that I have no thought whatever of being a candidate for the office of senator. I have several letters urging me to consider the matter, but I shall in no wise change my plans. Several letters have been written to Governor Carroll urging my appointment and copies of these have been forwarded to me. I am a candidate for congress and this matter just now is receiving my almost undivided attention. My thought in reference to this matter at this time is that all republicans should be concerned first in electing a republican legislature in order that we may be sure the successor to Senator Dooliver will be a republican."

LINEMAN KILLED, TWO ARE INJURED

CREW OF FOUR MEN PRECIPITATED TO GROUND BY BREAKING OF LINE OF POLES.

KENNETH HOLCROFT, AGED 19, HAS NECK BROKEN BY FALL

Holcroft a Resident of Marshalltown—Two Other Workmen Seriously Injured and Rushed to Hospital—Accident Occurred in Operation of Traction Line at Independence.

Special to Times-Republican. Waterloo, Oct. 22.—When a string of eight telephone poles snapped off in the outskirts of the city today, one lineman was killed instantly and two others were seriously hurt by being precipitated to the ground. The dead man is Kenneth Holcroft, aged 19 years, of Marshalltown, and the seriously injured are D. Quick, of Dubuque, and F. E. Richards, of Liscomb, Wis.

Four Men Fall. The linemen were employees of the Copper Wire Company, which is constructing a toll line from Waterloo to Independence. Four men were working on top of the line of poles just at noon today, preparing to quit for the dinner hour. Suddenly one of the poles snapped off at the ground, and when it fell its weight and that of the wires caused seven other poles to break, precipitating the four men, who were working on different poles.

Holcroft's Neck Broken. Young Holcroft was, it is thought, struck by the pole as it fell to the ground and was instantly killed. His neck was broken. Quick and Richards were seriously injured, but whether fatally or not can not as yet be foretold. The men were members of crews recently brought here by the company from Marshalltown and Dubuque.

Holcroft has been in the employ of the company for two years. His mother, Mrs. Frank Sheffield, of Marshalltown, was immediately summoned.

SALOON TRANSFERS LEGAL.

Decision in Supreme Court Case Applies to Excess Under Moon Law.

Council Bluffs, Oct. 22.—The state supreme court has handed down a decision of importance to the city of Council Bluffs and other cities of Iowa. The decision in question was in a case brought by a Sioux City saloonist to test whether the city council could legally transfer a saloon license issued to one firm to another firm, providing the number of saloons in the city was in excess of the one to 1,000 proportion set by the Moon law. The court held that such a transfer was legal, and that the city council by resolution was able to make the transfer.

The opinion of the court is the same as that held by local attorneys, and the city council has on several occasions made such a transfer, although the legality has been doubtful. The decision makes this practice a legal one, and will have the effect of preventing any great decrease in the number of saloons by firms going out of business, as in most cases the transfer was legal, and that the city council by resolution was able to make the transfer.

The number of saloons in this city is now fifty-four, being twenty-four in excess of the number allowed by the Moon law. All of them, however, were in operation at the time the law was passed.

CARROLL STILL MUM

Governor Not Yet Ready to Make Announcement of Intentions Regarding Senatorship Vacancy—Will Not Make Appointment.

Special to Times-Republican. Des Moines, Oct. 22.—Governor Carroll passed thru Des Moines early this morning on his way to Madison county, where he makes three speeches in company with Judge Prouty. He had planned to make announcement of his intentions today on the senatorship, but indicated he was not ready. It is known, however, that he will not make an appointment.

MAY APPOINT KENYON.

Rumor Has It That Railway Attorney Has Taft's O.K.

Des Moines, Oct. 22.—One of the rumors in political circles yesterday was that Governor Carroll would appoint W. S. Kenyon, of Fort Dodge, to fill the vacancy caused by the recent death of United States Senator Dooliver.

The rumor was accompanied by gossip about the Kenyon appointment having the indorsement of the Taft administration. Mr. Kenyon was appointed to an important office in the department of justice during the time that Senators Dooliver and Cummins were persona non grata at the White House.

It has been under the direction of Mr. Kenyon that the most trust indictments have been brought in Chicago.

Mr. Kenyon was a staunch friend of Senator Dooliver. He served part of a term on the district bench and when appointed to the government service had been one of the attorneys for the Illinois Central in Chicago. He has been classed with the progressive republicans. The authority for the rumor about his possible appointment has not been disclosed.

The senatorial succession is enveloped in a cloud of gossip. The governor has the power to appoint a senator to serve until the legislature elects. The politicians are speculating as to whether he will appoint before election or not appoint at all. And if he does not appoint either before or after election the politicians wonder whether he will indorse the plan for a special primary election to be provided for by the legislature, which will convene in January.

TRAVELING MEN'S CONGRESS.

Knights of Grip and Officials of Public Service Corporations Meet. Des Moines, Oct. 22.—The first general Congress came to a close last evening after a successful session at the Chamberlain hotel. It was attended by leading representatives of all the commercial travelers' organizations of the state, head officers of railway and telephone companies, hotel men, railway commissioners and members of the board of health. No definite time was set for the next gathering, but the meeting of yesterday was a successful one and according to those who attended, it is probable another general gathering will be called some time in February, or when the legislature is in session.

The gathering in this city yesterday was a memorable one, for it opens an epoch in the history of getting together between the travelers of Iowa and the heads of the big railway and telephone companies of the state. Many papers were read at the meeting setting forth new ideas that will benefit the traveling public and better conditions.

The meeting was called to order and presided over by President John Rook of Rock of Waterloo. C. R. Rhode of Waterloo, secretary and treasurer of the Commercial Travelers' Congress, was present and delivered one of the interesting addresses of the day.

The keynote of the meeting was sounded in the morning session when President John T. Rook declared, in calling the meeting to order, that the gathering was held for the purpose of bettering the conditions for the traveling public. During the course of the morning session papers and addresses were given by J. A. Gunn, Des Moines; W. L. Eaton of Osage, railroad commissioner, and others. At the afternoon session there were a number of interesting speeches, principally by officials of railway and telephone companies and traveling men of the state.

WOMAN KNOCKED DOWN.

Two Drunks Brutally Assault Mrs. Moore, Near Cadgr Rapids.

Cedar Falls, Oct. 22.—Chas. Enlow and Deputy Sheriff Raymond were called to the vicinity of the Morgan sorghum mill to quell a disturbance in which William Church and Henry Williams were the principal actors. It seems that both Williams and Church were drunk and went to the tent of Thomas Moore and family. Mr. Moore was away from home at the time and the two men assaulted Mrs. Moore, knocking her down and she fell on one of the small children and nearly killed the little fellow. Her cries for help brought neighbors to her assistance and they telephoned Chief Enlow to come and bring the criminals to Cedar Falls for safe keeping.

Church and Williams were placed under arrest, and lodged in jail here. Church in the roundup fell across the tent ropes and is suffering from a badly dislocated left ankle. Both will be held until County Attorney Hoxie can have an opportunity to investigate the matter.
