

GLUTTED WITH WHEAT ADVICES FROM ALL SOURCES ARE OF DEPRESSING CHARACTER AND PRICES FALL.

FOREIGN SUPPLY ENORMOUS; STORING HOME SURPLUS Corn Dragged Because of Forecasts That Weather Would Be Perfect—Oats Covering by Shorts Kept Prices Comparatively Steady—Light Run of Hogs Made Provisions Firm.

Chicago, Oct. 24.—The quotation blackboards had nothing cheering to do for the owners of wheat. World shipments exceeded predictions, and there were reports of free offerings of new crop from Argentina and of heavy tenders from other countries. Forwardings from Russia alone for the last week were nearly 6,000,000 bushels. Assertions were heard that storage wheat was becoming exhausted. Arrivals from the charter of vessels for 500,000 bushels of wheat to land and hold during the winter. The market opened 1/4¢ to 3/4¢ lower. December started at 92 1/2¢@92 3/4¢, and declined to 91 1/2¢. Receipts in Chicago, Minneapolis and Duluth were 742 cars. Recovery was added by smallness of the visible supply and by rumors that France had removed duty on oats and potatoes. The close was firm with December at 92 1/2¢, a net loss of 1/4¢@1/2¢.

Corn dragged because of forecasts that the weather would be perfect for curing and marketing. December opened 1/4¢ to 3/4¢ off at 44 1/2¢ to 45¢, and declined to 44 1/2¢. Receipts were 250 cars. Reports that farmers were feeding corn to cattle and had many more than a year ago rallied prices. The close was firm with December at 45 1/2¢, a net gain of 1/4¢@1/2¢.

Oats. In oats covering by shorts kept prices comparatively steady. December started 1/4¢ lower at 30 1/2¢, rallied to 30 3/4¢ and reacted to 30 1/2¢. Receipts were 178 cars. Provisions. A lighter run of hogs made provisions firm. First sales were unchanged to 10 cents higher.

Grinnell and Vicinity. Grinnell, Oct. 24.—A special agent of the treasury department, Mr. Low, was here on Saturday last to look over the site that had been offered to the government for the location of the new government postoffice building which Grinnell expects. It is understood that none were found suitable in size and surroundings except some distance below the Rock Island tracks and the location in that case would not be convenient for the business public. The matter of the new building therefore remains in statu quo until a suitable site is located at a suitable price.

At the meeting of the Woman's Home Missionary Society on Wednesday afternoon next in the Congregational church parlors, Mrs. G. W. Cowden, who has recently returned from an extensive trip over the far west, will be the leader upon the topic, "The Passing of the Sage Hen." Mr. H. B. Westlake will be hostess for the occasion. Mrs. F. R. Porter, who has been for some weeks visiting friends in Colorado and who stopped on her return for a brief respite at Grinnell, friends started on Saturday for her home in Clark's Grove, Minn. Mr. and Mrs. Miles Chaffee, who are spending the evening of life at the home of their daughter, Mrs. Adie C. Walker, 927 High street, this city, are today, with their children and grand-children around them, celebrating in a quiet way their 62nd wedding anniversary. Mr. Chaffee was born in Springfield, Erie county, N. Y., and passed his 89th birthday last week. Married in 1847 and in 1848 and Mrs. Chaffee became an invalid a few years later, the young couple came first to Wisconsin in search of health for her and, in December, 1868, to Grinnell, Iowa, where they have lived ever since. During the past 58 years Mrs. Chaffee has been an invalid and these cases have been her normal condition of life and she has been a constant work of church and society but during that time the sweetness of personal christian character and life has made her home a center of attraction. Mr. Chaffee was for 28 consecutive years both justice of the peace and township clerk here, was overseer of the poor for seventeen years, city treasurer for six years, county coroner for five years, and deacon in the Congregational church for twenty-four years, having been a member of the church here for forty-two years, and in all these cases without his personal satisfaction and work for the places of honor. Many messages and tokens of remembrance are coming from absent friends and relatives to help the celebration of this very unusual anniversary.

BETTER CATTLE TONE MARKET ABOUT STEADY IN DIVISION, BUTCHER STUFF AT SLIGHT ADVANCE.

PRIME AND WESTERN IN BETTER DEMAND Hogs Opened Strong on Speculative Demand, Then Weakened—Lamb Demand Despite Lighter Receipts Last Week—Good Inquiry for Both Sheep and Lambs in Feeder Division.

Chicago, Oct. 24.—Cattle were about steady on the average in the steer division, while a strong tone obtained in butcher stuff, many sales being quoted by buyers as showing 10 cents advance over the closing last week. Prime stuff sold at \$7.90, the high market for the day. Many loads brought \$7, or better. Western steers sold at \$6.25.

Hogs. Hogs opened strong on speculative demand, then weakened. Indications were that all the advance would be lost before the close. The top was \$9.40, paid for lights.

Sheep. Sheep and lambs were uneven. Fat lambs looked a little weaker in spite of the fact that the run was cut down far below the receipts of last Monday. Fat sheep were without any marked price change, and there was good demand for both sheep and lambs in the feeder division.

CURE NOSTRUMS ADS DR. WILEY WOULD HAVE GOVERNMENT SUPERVISION OF MEDICINE MAKERS' CLAIM.

SAVES PRESENT STATUTES ARE MUCH TOO MILD Wiley Thinks Federal Censorship Would Prove of Benefit to the Patrons of Drug Manufacturers—Conference Held to Discuss Needs of the Law—Much Good Already Done.

Washington, Oct. 24.—Plans for extending the present federal control of food and drug labels so as to cover newspaper advertising were discussed yesterday at a conference of officials of the agricultural department. Dr. Harvey W. Wiley, the department's authority on poisons, believes that there is urgent need for a drastic federal censorship of such food and drug advertising. It was to consider his proposal on this subject that the conference was called.

Many Put Out of Business. Although many quack and manufacturers of adulterated foods and spurious medicines have been put out of business merely by barring their circulation from the mails, others, more powerful, have survived this measure by turning to the newspapers and flooding the country with their advertisements. Up to the present time this has been a safe expedient for the men who have been getting a glib public to invest in their worthless and often dangerous wares. If Dr. Wiley's plan is carried out, however, Uncle Sam may undertake the prosecution of all advertisers who sell through the medium of newspapers and magazines wares which they fall to come up to the requirements of the food and drug act.

Thinks He Has Remedy. Dr. Wiley, in presenting his views to the conference, declared it to be his conviction that advertisements misrepresenting the character and virtues of foods and drugs constitute misbranding, as defined by the food and drug act. He believes the government is authorized under the act to prosecute a firm for making a misstatement concerning its product in a newspaper advertisement as well as in its private literature or on a label of its goods.

Trumbull, is under arrest charged with counterfeiting Nicaraguan 5 peso notes, made a confession to United States secret service operatives yesterday, in which he told of being aided by powerful allies in the plot to defraud the Nicaraguan government.

He claimed that former high officials of Nicaragua knew he had arranged to have the counterfeit notes made. The names of former Presidents Jose Zelaya and Don Jose Madriz and Generals Toledo, Hales, Vasquez and Martin were mentioned by Secret as being among his acquaintances. He said they only knew he had left the country and come to the United States.

Tells How to Make a Pint of Laxative Cough Syrup Very Cheaply at Home

The reason that most all cough syrups are ineffective, is that the ordinary preparations are very constipating and after a while they aggravate the congestion and bring on fever and pneumonia. To avoid pneumonia the bowels should be laxative and the cough will soon be overcome. The finest acting, most pleasant tasting and laxative cough syrup can be made at home by any one. Obtain from a well stocked druggist 2 1/2 ounces of essence of mentholaxene; empty it into a pint bottle. Make a syrup with a pint of granulated sugar and a half pint boiling water; stir and let cool. Then fill up the bottle with syrup. Shake it well and take a teaspoonful every hour or two until the cough is cured. This is the quickest acting and surest cough remedy ever conceived. All wholesale druggists and most retail druggists sell essence mentholaxene.
