

Baldheaded Men

Ignorance of the Hair Causes Much Business Among Men. Early piety doesn't cause baldness, neither does any kind of piety. Some baldheaded men console themselves with the idea that baldness is caused by a superabundance of gray brain matter, and would have the world believe that a baldhead is a sign of great intellect.

Such, however, is not the case. Ninety-nine times in one hundred, baldness is caused by dandruff germs which dig down deep into the roots of the hair, destroy its vitality and cause it to fall out.

All this may come gradually and take time, but as an up-to-date humorist would say, "what's time to a dandruff germ?"

If you have dandruff, the little invisible, persistent devils called dandruff germs are at work. Destroy them at once, or sooner or later they will cause your hair to fall out and you will be compelled to take your place in the baldheaded class.

In France baldheads are few because men understand how to care for the hair. Parisian Sage is a hair grower and invigorator that is guaranteed by McBride & Will Drug Company to grow hair if the hair root is not already destroyed, to eradicate dandruff, stop itching scalp and falling hair, or money back.

Fifty cents for a large bottle at McBride & Will Drug Company's and druggists everywhere on money back plan.

SHEARER TRIAL MONDAY

SENSATIONAL MURDER CASE TO BE CALLED NEXT WEEK AT MASON CITY.

EXPERTS WILL DECLARE PARSONS COMPETENT WITNESS

Simple-Minded Youth Who Accuses Shearer of Killing Young Luak to Be Corroborated—State to Make Hard Fight to Secure the Conviction.

Special to Times-Republican.

Mason City, Nov. 9.—One of the most important murder trials that has ever been fought out in the courts of northern Iowa, will be on trial at the opening of court here on Monday the 14th. J. S. Shearer, a man aged 51 years, is accused and under indictment for the murder of Henry Lucas. On Oct. 20 Shearer, according to the grand jurors' report, "feloniously did strike, beat and abuse the said Henry Lucas on and about the head, with a certain deadly weapon, the particular description of which is to the grand jury unknown, which he, then and there held in his hand, inflicted then and there in the manner aforesaid, several mortal wounds with the intent and in the manner aforesaid, the said Henry Lucas then and there died."

The Boy's Story. Possibly never has a case been tried where the conditions were like this one. The only one who claims to know all the circumstances connected with the murder is Harry Parsons. He is a cousin of J. S. Shearer. He is far from being a foolish young man but he does not possess a strong mind. He testifies that he was with Shearer when Lucas was killed, that he was in the buggy when they drove near where Lucas was walking along, that Shearer got out and walked up behind Lucas and struck him down. After Lucas fell Shearer told Parsons to drive up to where the body lay and he did. The body was then lifted into the buggy and placed on the seat. Shearer then got into the buggy and they drove about half a mile east and half a mile north thru a pasture where the body was dumped out of the buggy and Shearer then dragged it into the woods. This is Parsons' story in brief.

The Legal Contest. The legal fight will be as to the amount of credibility that can be given the story of a boy of unsound mind whom the defendants will endeavor to make out as an accomplice if a crime was committed. This phase of the question will be the legal tangle that will be determined by a point of law that is sure to be raised and Judge Kelley will be asked to rule upon. The defendant's attorneys believe that on those grounds they will be able to take the case from the jury for they will insist that there is no corroborating evidence and without corroborating evidence the law says that no conviction can be secured. And it may be said that there is little evidence of this description. W. F. Hamelton will swear that he saw a horse in front of his home about 10 o'clock on the night of the murder and heard one say: "Wait a minute." Joe Nagle will swear that since the murder Shearer said to him: "Once I saw a man or a boy killed."

Corroborative Evidence. Edna E. Winter will swear that Shearer was away from home the night of the 16th and she didn't see him again until the morning of the 17th. Martha Schekensow will swear that Shearer owned a white horse of the description of the one seen the night of the murder in that vicinity. That is about the extent of the corroborative evidence as was laid before the grand jury. The facts of the finding of the body, the manner in which Lucas was killed, the identity as it has been admitted. An effort was made to secure a confession from Shearer but he has always claimed that he was innocent. It will be remembered that it was in connection with the Shearer affair that the "diamond robber" fiasco was started. The sheriff put a diamond robber, or he reported that he did, in the cell adjoining the Shearer cell. The diamond robber, who was none other than a Pinkerton detective, worked with Shearer for two weeks trying to get him in some kind of a criminal compromise, but it was of no avail.

State Will Fight Hard. It was thru Harry Parsons that Shearer was arrested. Witnesses will go on the stand who are experts in their line and will swear that the story of Parsons is worth as much credence as if told by one whose stability of mind was unquestioned. He knew right from wrong, he knew what punishment meant, and he knew what he told in evidence could be relied upon the same as any man's story. Most of the lawyers who have looked into the case are of the opinion that if the case can ever get to the jury that there is a probability of a conviction, but they think that the attorneys for the state will have a pretty hard time of it getting it past all the legal technicalities with which it seems to be surrounded.

CRITICS

The physician who recommends, the patient who uses and the chemist who analyzes

Scott's Emulsion

have established it as pre-eminently the best in purity, in perfection and in results. No other preparation has stood such severe tests, such world-wide imitation and met with such popular and professional endorsement.

To the babe, the child and the adult it gives pure blood, strength, solid flesh and vitality. ALL DRUGGISTS

SHOT BY MERE LAD.

Son of Former Packwood, Iowa, Citizen, Kills Man in Wyoming. Packwood, Nov. 9.—The shocking news has been received here that Walter Perry, the 18-year-old son of Mr. and Mrs. G. P. Perry of Gillette, Wyo., had killed a man. No further details than that he shot the man thru the heart has yet been learned here. The Perrys were residents of Packwood for a few years. Mr. Perry was editor of the Packwood Review, and Walter was one of the jolliest and kindest of little boys, shunning the company of tough boys.

It is hoped by friends here that there may be mitigating circumstances and the boy not guilty of the awful crime of murder.

BISHOP DEATH MYSTERY

Finding of Body of Nora Springs Youth at Roundup, Mont., to Be Investigated by Relatives—Was Young Man of Excellent Character.

Special to Times-Republican.

Mason City, Nov. 8.—Not until John Bishop, the father, reaches Roundup, and has an opportunity to look into affairs, will it be known how Lloyd Bishop, his son, aged 23 years, came to his death. About midnight, Sunday night, John Bishop, a prominent farmer of Portland township, received a delayed message from Roundup, to the effect that the body of his son had been found hanging to a tree. It had been hanging there for several days. Lloyd left here a year ago last June and was living on a ranch about ten miles out of Roundup. He was unmarried and he and another man were baching it. The report is there had been some trouble between Lloyd and the man he was living with. Some two weeks ago John Bishop sent his son a draft for \$150. It is thought that this may throw some light on the question. When Bishop's body was found hanging from the tree there was no money to be found. It may be that he was killed or that he might have committed suicide before he received the money, but if he had received the money, and it is now nowhere to be found, it will be pretty clear evidence that he was murdered and his money stolen.

Lloyd was a clean, honest young man with no bad habits. It is claimed that the section of country in which he lived is pretty wild. Jay Bishop accompanied his father from here and another son, Ed, who is a resident of Washington, will meet his father at Roundup and a thorough investigation will be made.

A Break for Liberty from stomach, liver and kidney trouble is made when a 25 cent box of Dr. King's New Life Pills is bought. McBride & Will Drug Company.

Southern Iowa Items

Iowa City. Miss Veronica Miller, aged 55, is dead at her lifelong home in this city. She had never known a well day in her life. Surviving are her mother, two brothers and four sisters.

Manning. It is planned to hold a corn and grain show in connection with the meeting to be held in December. Prizes of considerable value will be given and the indications are now for a show of much interest.

Humeston. The Christian church, which is being built in this city at a cost of \$8,000, was witness to a beautiful service when the cornerstone was laid. Rev. C. C. Davis, of Chariton, was the principal speaker.

Dunlap. James, the son of Mr. and Mrs. Patrick Loy, was killed while working in the yards at Chicago last week, and the body brought home for interment. It is not known exactly how he met his death.

Fontanelle. The new depot at this place is now open to the public, having been completed recently. From now on trains will stop and start from the new station. Eight or ten minutes will be saved by the company, as it will not be necessary to back in and out as was the case with the old structure.

Newton. By a unanimous vote Rev. George E. Kemp was called to the pastorate of the Congregational church of this city and will commence upon the regular pastoral duties next Sunday. Dr. Kemp has filled the pulpit at the local church for the past two Sundays and has proven himself to be a most able speaker.

DeWitt. A large and appreciative audience assembled Sunday morning to greet the Rev. W. W. Carlton, district superintendent of Mt. Vernon, who conducted the services at the formal opening of the new Methodist church. Rev. Mr. Carlton was assisted by Rev. J. B. Albrook, also of Mount Vernon, and Rev. Mr. Shiffer, of DeWitt. The choir rendered special music. The new church cost \$7,500.

Davenport. Fire, starting near one of the furnace registers in the floor of the church auditorium, was the cause of a damage of probably \$1,000 to the church consists of scorching, water and smoke damages to the wall, woodwork and benches and seats.

Tama. While husking corn Friday afternoon, a farmer near Tama found a rifle ball sack in his field. A. G. Davis of Cedar Rapids, chief clerk railway mail service, was notified, and after a careful investigation it was ascertained that the mail sack is the one which was stolen from the Northwestern depot at Tama on the night of Sept. 14. Altho the contents of the mail pouch had been carefully gone over by the chief it is doubtful that he received any remuneration for his trouble.

Davenport. Since having received serious injury in a fall from a wagon about a week ago, the condition of William J. Bryant, the West Second street grocer, has improved but slowly. A fracture of the skull, which was thought at first would

FUEL FAMINE COMING

UNUSUAL SHORTAGE OF COAL SURE TO ENSUE IF WEATHER TURNS COLD.

ALL LARGER CITIES ARE SHORT ON SUPPLY

Paramount Trouble is Scarcity of Cars, Bumper Grain Crop Exhausting All Transportation Resources—Railroads Issue Circulars to Agents Advising Merchants to Stock Up on Coal.

Cedar Rapids, Nov. 9.—If a sudden cold spell hits this part of the country, Cedar Rapids will experience a coal famine such as it has never gone thru before, is the opinion of men who are familiar with the coal situation and know something about car shortage. The vital proposition is not how to avoid a scarcity of coal during the winter months; on the contrary, it is how to avert a sudden cold famine at this time of the year when winter weather is just beginning.

Shortage of Cars. The paramount cause of a possible coal famine is again a shortage of railway cars. It is said by good authority that at the present time the railroads have enough business to tax the utmost capacity of their rolling stock, and that when the demand for more cars and more business arrives, the railroads will be in trouble to which last year's car shortage can not be compared. It is said by good authority that the car shortage just winter. Merchants haunted the railway offices from morning until night, and the unfortunate officials were begged, called down, and cursed, there being no possible remedy, and cars were not to be had for three or four months. Several merchants received winter goods so late in the season that they could not use them, and so great was their wrath that this year winter goods were ordered months ahead of time.

Swamped by Crop Yield. The big coal business, caused by the ending of the Illinois strike and the prosperity of the country do much to help the car shortage. The principal cause, however, is said to be the great grain business. The farmers did not expect a record breaking crop this year, and consequently kept much of last year's grain. A bumper crop puts 1910 as an important year in history, and

now the railroads are hauling the crops of two years. The grain business together with other business caused by the prosperity of the country makes a monster job for the railroads, and even at this early season the railroads can hardly keep up with the demand for cars. Railway and business men wonder what the situation will be in the middle of winter. There is no hope in sight for relief, for business gives no promise to avert a coal famine in case of a sudden cold spell. A merchant said yesterday that one railroad was sending circular letters to all its agents to advise the merchants to stock up with coal and be prepared for the big rush of business, for when the rush comes it will be impossible to give quick relief.

The famine threatens other cities even more than Cedar Rapids. Chicago fears a coal famine such as it has never gone thru before. Her merchants are fairly flooded with orders for coal, but there is no relief in sight. The situation is much the same in other cities. It is said that nothing can prevent a serious car shortage this winter, and that the only possible escape from a coal famine will be a long continuation of good weather. Warm weather will make it possible for the railroads to supply coal dealers with plenty of stock, and when the cold spell does arrive there will be no sudden clamor for an extra supply.

UNMARRIED; CUT OFF IN WILL.

Woman Brings Suit to Gain Share of Father's Estate.

Stoux City, Nov. 9.—With a view of encouraging his twin daughters to marry young, and imposing conditions that make it obligatory for them to embark on the matrimonial sea, if they would receive the major portion of his estate, Burton Benish, who died Oct. 29, made the terms of his will of unusual nature. The will was filed for probate today in the district court.

Benish recently acquired possession of a Woodbury county farm, having come from Pittsburg, Pa. Prior to his residence in this county he lived for awhile in South Dakota.

By the terms of the will the estate, which is said to be valued at \$50,000, is to be divided equally between his daughters, Myrtle and Mary, provided that both are married before they are 25 years old. Mary was married on Sept. 30 to L. M. Aubrey, of Pittsburg. Myrtle has written to a Stoux City attorney with a view of contesting the will. She says herself and sister have always lived with an aunt in Pittsburg, their mother being dead. On Dec. 2, 1910, she declares she will celebrate her 25th birthday. There are no prospects of her being married by that time, Miss Benish asserts, and unless D. C. Cupid gets her right away, she will ask the court for assistance.

The will provides that if she does not comply with its terms, she shall be cut off with \$5,000. If neither sister happened to be married when 25 years old, they were to receive \$5,000 each and the rest of the estate was to revert to Pittsburg charitable institutions.

Pastor Called to Muscatine.

Ottumwa, Nov. 9.—Rev. John Haefner, pastor of the German Lutheran St. Paul's church of this city, has been extended a call to the Muscatine church, and he is today in the Mississippi river city in conference with the congregation. Next Sunday the local congregation will be told of the call their pastor has received, and some definite action will then be taken. The resignation of Rev. George Meier, of the Muscatine church, was accepted last Sunday at a business meeting of the church organization, and immediately it was voted to extend a call to the Ottumwa minister. Mr. Haefner is quite favorably known to the Lutheran church people of Muscatine, having taken part in services there on numerous occasions.

2,000 Ineligibles at Des Moines.

Des Moines, Nov. 9.—City registration books were being slashed right and left Monday because city clerk Neal Jones ordered the names of two thousand men stricken from the lists of eligible voters. For the first time an extraordinary effort was made to clear the books of those who have moved into or who have died. All members of the city registration boards were flocking to the clerk's office receiving certificates authorizing them to revise their lists.

Nut Cake

Simply Delicious By Mrs. Janet McKensie Hill, Editor of the Boston Cooking School Magazine. In giving this recipe, Mrs. Hill believes it to be one of the best all-around cake recipes it has been her good fortune to make. The simplicity and uniformly good results will appeal to every housewife.

1/2 cup butter; 1/4 cup granulated sugar; 1/4 cup milk; 2 cups flour; 2 level teaspoonsful K C Baking Powder; 1 cup of nut meats chopped fine; whites of 4 eggs, beaten dry.

Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately, the milk and the flour mixture, lastly the whites of eggs and the nut meats. Bake in a sheet in a shallow pan thirty or forty minutes. When cold cover with the icing and decorate with whole nut meats. This is also an excellent white cake recipe when nuts are omitted.

Chocolate Icing One cup granulated sugar; 1/2 ounce chocolate; white of 1 egg, beaten dry; 1/4 teaspoonful vanilla extract; 1/4 cup water. Stir the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat into the white of egg, then beat until cold, add vanilla. The nut meats from the recipe given on page forty of the K C Cook Book may be used in place of the chocolate frosting. If desired, a copy of the K C Cook Book may be secured free of charge, will be mailed free, if you will send the colored certificate pasted in the K C Cook Book, to the Editor of the K C Cook Book, Chicago.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this. As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Alkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
