DES MOINES IS WILLIN'

STATE CAPITAL NOT AVERSE TO
HOLDING ON TO BOTH SEN-
ATORSHIPS.

SEVENTH DISTRICT HAS
MANY CANDIDATES IN FIELD

Will Be Impossible for District to Unite
on Any One Candidate—Des Moines
Food Combine to Be Brought to Ac-
count—To Ask State for Appropria-
tion for River Improvement.

Special to Times-Republican.
Des Moines, Nov. 24.—The notion
that the selection of a second senator
in Des Moines or in the Seventh dis-
trict would ultimately work out to the
disadvantage of the senior senator and
cause him embarrassment when he
comes up for re-election four years
hence, does not seem to have any con-
sideration in this immediate locality.
In fact it is being pointed out that
other cities have had two senators
quite recently, as, for instance, In-
dianapolis, Denver, Jacksonville and
others. It is true that it is not very
often any one city has two senators of
one political faith. But Des Moines and
the Seventh district is able to furnish
all the candidates that the legislature
needs out of which to pick a man to
carry on the work which senator Dol-
liver had carried on.

The Des Moines list of those who are
candidates or "also mentioned" includ-
es Lefe Young, Henry Wallace, Harvey
Jugan, Frank Jackson, James Henry-
hill, H. F. Carroll and Sidney Foster.
The Seventh district list includes
George W. Clarke, William H. Berry
and William O. Payne.

And besides, Byers and Garst both
have lived in Des Moines much of their
time in recent years, tho not voters
here.

In the opinion of politicians here it
ought not to be necessary for the leg-
islature to go very far for a senator, in
view of this fine bunch of available.

In view of the large and respectable
field of available in this immediate
neighborhood it is of much concern to
the various persons as to the attitude
of the three members from Polk coun-
ty and eleven from the Seventh dis-
trict. It is certain this vote will be
divided very much in the campaign
caucus. It is known that some of those
who will represent the district want to
avoid the responsibility and shift it
off to the people by a special primary.
Others believe that while the primary
principle is right yet there is not suf-
ficient call for having the whole state
distracted by a mid-winter campaign to
select a senator for a few months.
Every one of the eleven will, of course,
go into the republican caucus and
abide by its results whatever they may
be. But it will not be possible to get
the entire Seventh district united on
any one candidate at any time.

There are some indications that the
combine of dealers in food products in
this city will be brought to account at
an early date. The evidence which
Mayor Hanna has been collecting in re-
gard to the matter will be laid before
the grand jury next week. That there
is either a combine or some sort of an
agreement in regard to prices in Des
Moines is generally believed, because
the evidence is overwhelming that
prices here are higher than in many
other cities similarly situated. That
which seems to be the fact is that here
the price level has so long been main-
tained at a high plane that economies
in mercantile life have not been worked
out and there is wastefulness and ex-
travagance that ought not to exist.
The officials hope that an investigation
may lead to reform even if this is all
that is in the way of low prices.

The matter of the improvement of
the Des Moines river for navigation
and water power purposes, which at
the outset took the form of a demand
for utilizing the waste, is now in the
form of an effort to increase the
amount of water in the river by stor-
age basins. During the past year the
flow of water in the river has been
fairly sufficient, with a few excep-
tions, and for nearly two years
there has not been enough water in the
river at any time to utilize the water
wheel system in Des Moines to full ca-
pacity. Now it is proposed by the com-
mission which has been working on
the navigation matter that at least
five big dams be constructed along the
upper river for the storage of vast
quantities of water at times of flood
to be utilized when the river is nearly
dry. In this way water power as well
as navigation on the lower river will
be made possible. It is expected the
state will be asked for an appropria-
tion for this.

It is now evident from information
which has been received here that the
plan of President Taft to have the pen-
sion offices abolished will be pushed
hard before the next congress. This
would involve the pension office in Des
Moines and in this matter, Des Moines,
with two senators, a congressman and
a congressman-elect, will make a great
effort to head off the Taft policy.

MANY SENATORS CONTRIBUTE.

Colleagues of Dolliver Add to Memor-
ial Fund.
Fort Dodge, Nov. 24.—The Dolliver
Memorial Association is greatly en-
couraged by the manner in which the
contributions are coming in both by
mail and as a result of personal solici-
tation, altho it is regarded that the
work has been but fairly started in the
city.

Personal letters addressed to the
various United States senators at
their Washington, D. C., addresses
have met with a prompt response
where the senators had arrived at
Washington, while a number of let-
ters were received from the secre-
taries of those not yet in Washington
announcing the matter would be
brought to their attention on their
arrival at the capital and that it was
to be expected a donation would be
made. In these letters the senators
were notified that sums not to ex-
ceed \$25 would be accepted and this
amount has been forwarded to Treas-
urer O. M. Olson by Senator Moses E.
Clapp of Minnesota, Senator Robert
LaFollette of Wisconsin, Senator Ol-

iver of New York, and Senator
William Lorimer of Illinois. It is to be
expected the response will be received
even more numerous during the next
couple of weeks, with the return of the
senators to Washington.

CHEROKEE TEAM INELIGIBLE.

State Association Rules Out Several
Games For Rules Violations.
Fort Dodge, Nov. 24.—Altho Cherokee
has not as yet won the state cham-
pionship, its team had a good chance to claim
a post-season game with Iowa City if
the state association had not found
them guilty of playing an ineligible
man and forced them to forfeit three
games. Ida Grove charged Cherokee
with playing one man who was a pro-
fessional, and with playing another who
was over 21 years of age. The board
could find nothing in the state rules
against playing a professional if he was
not receiving money at the time he
was playing. They did, however, find
that Carl Nelson was over 21 years of
age, and declared all games in which
he had participated as forfeited. He
played against Fort Dodge, Ida Grove
and Sioux City, all of which teams
were defeated by Cherokee on the field
but by the decision of the board are
declared to the game by a score of 0
to 0.

This will change things considerably
and will destroy Cherokee's hope of
winning for themselves the honor of
being claimants for the state cham-
pionship.

Dows News Matters.

Dows, Nov. 24.—Eulogy of Mrs. R.
L. Grimes received the sad news of her
death yesterday at her home at
Ottumwa. Her death was caused by blood
poisoning. She was taken sick about
six weeks ago at her home in Water-
loo and, desiring to be under the care
of her family physician, she was taken
there about ten days ago. Mr. and
Mrs. R. L. Grimes were residents of
this community for five years and re-
moved to Waterloo about three years
ago. Mrs. Grimes was a talented lady
along the line of music and very pop-
ular in this community.

Grand Chancellor J. N. Cole, of Ottumwa, will visit Star line No. 259, F.
of P., on Monday evening, Nov. 28. The
rank of pure and esquire will be con-
ferred on candidates and refreshment
will be served.
Mr. and Mrs. A. L. Fuller left for
Chicago last night, where Mr. Fuller
has been called for a meeting of the
executive committee of the farmers'
congress at the Palmer House. Before
returning they will visit their son, M.
L. Fuller, at Peoria, Ill.

GREEKS AND ITALIANS MIX.

Almost Fatal Encounter Among Mason
City Cement Plant Employees.
Special to Times-Republican.

Mason City, Nov. 24.—Greeks and
Italians employed by the Lehigh Port-
land Cement Company, which is now
erecting a \$2,000,000 plant here, came
very near having a mix-up at the plant
yesterday. An Italian and a Greek
were in an encounter when the former
hit the latter over the head with a
spade, inflicting a bad wound and for
a time it was supposed that he was
killed. The Greeks later made an ef-
fort to secure the Italian, but he was
secreted. There was a bad jangle of
a time, but there were enough Ameri-
cans present to prevent an outbreak.

Helped Capture Jeff Davis.

Special to Times-Republican.
Mason City, Nov. 24.—Mrs. James
Davis, president of this city, received a tele-
gram last evening from Antigo, Wis.,

Charles Ludkey. Mr. Ludkey was a
member of the Fifth Wisconsin
cavalry and was one of the men who
assisted in the capture of Jefferson
Davis, president of the southern con-
federacy, at Irwinville, Ga., on May 10,
1865.

HOW HAPPY THE
WORD 'CUTICURA'
SOUNDS TO ME

For It Cured My Baby of Itching, Tor-
turing Eczema. First Came when
Between 3 and 4 Weeks Old. Used
Everything Imaginable. 2 Cakes
Soap and One Box Ointment Cured.

"I can't tell in words how happy the word
'Cuticura' sounds to me, for it cured my
baby of itching, torturing
eczema. It first came when
she was between three and
four weeks old, appearing
on her head. I used every-
thing imaginable and had
one doctor's bill after an-
other but nothing cured it.
Then the eczema broke out
on her neck and I was told
that I really thought her
ear would come off. For
months I doctored it but
to no avail. Then it began
at her nose and her eyes
were nothing but sore. I
had to keep her in a dark
room for two weeks. The
doctor did no good, so I
stopped him coming.
"For about two weeks I had used Cuti-
cura Soap for her every day. Then I got
a box of Cuticura Ointment and began to
use that. In a week there was a marked im-
provement. In all I used two cakes of Cuti-
cura Soap and one box of Cuticura Ointment
and my baby was cured of the sores. This
was last November; now her hair is growing
quit nicely and she has not a scab on her
skin. I can't praise Cuticura enough. I can't
say my child anywhere and people are amazed to
see her without a scab. From the time she
was four weeks old until she was three years,
she was never without the terrible eruption
but now, thanks to Cuticura, I have a well
child. Mrs. H. E. Hennessey, 2224 W. 16th
St., Baltimore, Md., May 10, 1910.
