BREAKS MATINEE RECORD

Production of "Madame X" Shatters All House Records For Afternoon Attractions at Odeon—Company Plays to Practically Capacity House—No Small Children Admitted. Henry W. Savage's production of "Madame X" played as a matinee performance at the Odeon this afternoon, shattered all house records for matinee attractions, playing to practically a capacity house. This was one of the very few reserved matinees ever played at the Odeon excepting on holidays. Because the action of the play, and the intensity of the dramatic situations, demand that the audience remain quiet, the management insists that no small children be admitted to the house. Several women who had brought children were refused admission because of the youngsters. No children under 10 years of age were admitted this afternoon, and the same rule will hold good tonight. The sale for tonight's performance is exceptionally large for a Saturday night attraction.

REPORT OF COUNTY FARM.

Superintendent J. C. Koontz Shows Business Done During the Year. The report of Superintendent J. C. Koontz, of the county farm, of the business of the year 1910, was filed with the board of supervisors, by Mr. Koontz today. In it Mr. Koontz sets out in detail the various receipts and expenditures to carry on the work at the farm. Stock and farm products, of a total value of \$6,076.75, were sold from the farm during the year. Of this amount \$2,900 was turned into the county treasury and \$2,122.75 was paid by the superintendent for sundry farm expenses. A balance in cash of \$282.28 was on hand at the close of the year. The total expenses of operating the farm during the year were \$5,535.56. Of this sum \$5,214.11 was paid for salaries and wages of the help. Provisions and supplies cost \$1,706.41, and fuel, light, and clothing cost \$1,450.80. Sundry expenses totaled \$2,434.74, and permanent improvements totaled \$426. This latter, of course, does not include the cost of the new hospital. Of the total expenses only \$1,023.23 was derived from taxation for the maintenance of the farm. Most of the rest was paid for by the proceeds from the sale of stock and farm produce, so that the farm is largely self-supporting. Of this sum \$5,214.11 was paid for salaries and wages of the help. BIRGE VS. IMITATION.

The Proof of the Pudding is in the Eating, and You May Be the Judge. The Birge hand-made leathers are made of lead and oil and can be washed and oiled, and are superior in wearing and artistic effect to the best foreign work known. Don't be confused by cheap German or English pressed and glazed papers with the Birge leathers. They may fool you, but you can not fool your friends, as they look more like varnished tile than they do leather. Everist has both kinds. Come in, compare them, and be convinced, and you will wish with us that there is only one wall paper house, the great Birge. EVERIST. Opposite M. E. Church.
