I wish to thank the Methodist Brotherhood and many others for the substantial way they remembered my 72d birthday; also to thank my many friends for the cards and letters of remembrance. Gratefully yours, William Long, 8 Court street. Fire Damage at Scranton. Special to Times-Republican. Scranton, March 2.—The large general merchandise store of Sease & Dunning caught fire yesterday about 3 o'clock and for a time it looked as if the store and contents were doomed. To add to the danger it was found that two or three of the water hydrants were frozen. Luckily the fire was discovered soon enough so that a small amount of damage was done. Interurban Buys Station Site. Special to Times-Republican. Iowa City, March 3.—The Iowa City-Cedar Rapids Interurban Railway Company has purchased the center-of-the-city quarter block, from the Messons. The fraternal organization had intended to build a \$35,000 temple thereon, but will shift two blocks east to the Coldren terrace. The Interurban

people will erect a passenger station on their new site. The railway company paid \$20,000 for the corner. The new structure it is believed is designed to supply service for the company's other interests, as well as the existing road, inasmuch as it is believed that an Iowa City-Muscatine line will be constructed ultimately. Finest Crop of All. "No country, after all, produces any better crop than its inhabitants. And as I travel onward I like to think of these brave, temperate, industrious, God-friendly American people. I have no fear of the country while so many of them are still to be found upon the farms and in the towns of this land."—American Magazines. Two Gallons in Egg. Worth \$300, an egg of a tall, flightless bird, the aepyornis maximus, is on exhibition in Liverpool. This gigantic bird made its home in Madagascar and only 20 of its mammoth eggs are known to exist. Each is a foot long and nearly a yard in circumference. One will hold two gallons of water. Wonderful Human Heart. The efficiency of the human heart is greater than that of any piece of machinery, taking into consideration the size. It pumps nearly eight tons of blood daily.
