

COUNCIL APPOINTS E. M. DODGE ASSESSOR

CHOSEN TO SUCCEED J. G. WEATHERBY—PROBABLY TAKE OVER WORK AT ONCE.

ASSESSMENT UNFINISHED; LAMB VOTES NEGATIVELY

New Assessor Will Probably Take Up Work Where Weatherby Has It Partly Finished—Clerk Wilson Goes Into Office—Miss McMahon Reappointed Deputy Clerk.

E. M. Dodge, 217 East Main street, a former boarding house keeper, who at present is in the real estate business, was appointed city assessor by the council this forenoon to succeed J. G. Weatherby. The appointment is effective at once, or as soon as the appointee qualifies by filing a bond.

Weatherby has not yet completed the assessment for the year, but unless the council later delays the turning over of the work to Dodge, the new assessor will take over the books in an uncompleted condition.

Lamb Votes Against Appointment. Councilman Nicholson introduced the resolution to appoint, and the mayor seconded it. Councilman Lamb voted against it. Lamb said he did not favor the change just at this time because of the uncompleted condition of the assessment.

"I don't quite see how it will be possible to get the assessor's books in proper condition on time," he said.

"If the present incumbent has his books in the proper shape his successor can go right on with the work," replied the mayor. "But," he added, "if the appointment now will complicate the work and the records it would be a mistake to make it."

Lamb remarked that it would not be possible for Weatherby to finish the work by May 1, when the council, as a board of review, is supposed, according to the law, to have passed the assessments made.

CLERK WILSON IN OFFICE. Council's Appointee Begins Work—Miss McMahon Reappointed.

J. J. Wilson, who was appointed city clerk Wednesday morning, went into office in the afternoon, and this morning qualified by filing a bond, which was approved by the council. Clerk Derby was asked to stay for a time until the new clerk became familiar with his duties, but Derby declined to do so, as he has other work in view that he expects to take up very soon.

On the recommendation of Clerk Wilson the council this morning reappointed Miss Anna McMahon deputy city clerk at a salary of \$75 a month, beginning May 1.

While approving the clerk's bond the council also approved the bond of City Solicitor F. E. Northup, City Electrician L. Schneider and Deck Sergeant M. J. Cummings.

The council formally adopted the Bailey franchises, voted by the people at the March election.

MOORE TALKS FOR TAX.

Urges Council to Assess Automobiles That Have Not Paid Auto Tax. A. A. Moore, president of the Marshalltown Club, appeared before the council this morning and urged it to post the new assessor on the taxation of automobiles that were behind in their state auto tax. Automobiles that did not have a state license for 1912 on Jan. 1, 1913, are liable to taxation as personal property, Mr. Moore said. "I venture to say," he said, "that if the council will station a policeman at the corner of Main and Center streets he can count fifty automobiles in one day that have no license number for the current year." He added that if such cars were assessed for city taxes, as the law provides, the city would get such tax money for road work.

Mr. Moore complained of the condition of the M. & St. L. tracks across South Third avenue, just south of the old general office building.

BETTER SHOES

The Wallace Shoe Store Offers You a Better Choice to Find What You Want Than Any Shoe Store in Marshalltown and the Reason.

You naturally expect at this time of the year to find new styles in foot wear at all stores. The reason that you will find better and a more complete line at the Wallace Shoe store is, that during the large clean up sale held a few months ago we disposed of practically every pair of shoes which we had on hand.

We made room for the large spring shipment which was ordered for this season's trade, we say it honestly that we do not think there is another shoe store in this city that can show you as varied a line as you will find here every new shape in every new leather and in all sizes. We make an effort to fit every foot with the shoe that it should have and we would rather lose a sale than to misfit a foot. If you have your mind made up to a certain shoe drop in and let us show it to you. We have it if it is made.

WALLACE SHOE STORE. DINGES BOUND OVER.

Local Man, Arrested For Bootlegging, Held to Federal Jury.

H. Dinges, of this city, who was arrested here Monday by Deputy United States Marshal George Bidwell, has been bound over to the federal grand jury by Commissioner McArthur, before whom Dinges was arraigned in Des Moines. Because Dinges is sick, he was released on his own bond, and allowed to return to this city.

The federal grand jury goes into session about May 15.

School Entertainment. The production of "Silas Marner" will be given in the manual training building of the high school, Friday evening, April 18, at 8 o'clock.

The play is entirely a student production and is the culmination of the work on "Silas Marner."

Finishing Street Lighting System. Electricians were today finishing the work of erecting and assembling the street light posts to complete the lighting system for South Third avenue from the Chicago Great Western tracks to in front of the Iowa Central's old general office building. The posts will be ready for the lights to be turned on tonight or Friday night.

Mme. Labadie to Appear Locally in "Tomorrow"

MME. HARRIET LABADIE, Dramatic Interpreter of Plays, Coming Under Local Society's Auspices.

The Marshall County Society for the Prevention of Tuberculosis has completed arrangements for the appearance at the Odeon on the evening of Friday, April 25, of Mme. Harriet Labadie, of Philadelphia, a dramatic interpreter of plays, who will read Percy MacKaye's "Tomorrow." Mme. Labadie is said to be one of the finest readers of dramatic productions before the public today. She has appeared in most of the large cities of the country, and is now under contract for a world's tour.

Critics who have heard Mme. Labadie pronounce her the equal of Mrs. Scott Siddons and Charlotte Cushman, and compare her work to that of those artists.

Mme. Labadie has appeared successfully in Ibsen's "A Doll's House," "Hedda Gabler," "An Enemy of the People" and "The Master Builder," Charles Rann Kennedy's "The Servant in the House," Shakespeare's "King Henry VIII," "The Florentine Tragedy" by Oscar Wilde; and others. Her interpretations of the three-act play, "Tomorrow," is given by special permission of the author.

"Tomorrow" is a play that is built around the theory of eugenics, and its significance is said to mark an epoch in the American drama.

In making arrangements for Mme. Labadie's local appearance the Marshall County Society for the Prevention of Tuberculosis is to receive 25 per cent of the gross receipts. The money so derived will be used for the work of the society in this county. The committee of the society for this county, which is affiliated with the state, and thru it with the national society, comprises Dr. W. S. Deane, chairman; Dr. George M. Johnson, and Dr. F. P. Lierle.

Mrs. F. L. Barnes and Mrs. A. B. Roberts, canvassers employed by Francis Labadie, husband and manager for Mme. Labadie, have arrived in the city and are soliciting the sale of tickets.

School Entertainment. The production of "Silas Marner" will be given in the manual training building of the high school, Friday evening, April 18, at 8 o'clock.

The play is entirely a student production and is the culmination of the work on "Silas Marner."

DATES CHOSEN FOR HOME TALENT SHOW

MAY 1 AND 2 SETTLED UPON AS DATES FOR "SOPHIA'S SEVEN SUITORS."

MRS. SHANK TO SING LEADING FEMININE ROLE

Des Moines Soloist to Appear With Local Principals in New Miller-Whitacre Production—Cast Includes R. A. Jones, W. C. McCarten, Clifford Muchmore and Others.

The cast for the two performances of "Sophia's Seven Suitors," the new two-act musical comedy by Howard L. Miller and Joseph A. Whitacre, which is to be presented at the Odeon under the auspices of St. Margaret's Mission, has been chosen and the dates for the performances fixed for Thursday and Friday evening, May 1 and 2.

Mrs. Mabel Wagner Shank, of Des Moines, a dramatic soprano, has been secured to head the cast. Mrs. Shank recently appeared in the leading role of "The Isle of Freedom," the Whitacre-Miller musical comedy, at the Des Moines presentation.

Emmett Lynn, of Des Moines, will also appear in the local production. Mr. Lynn specializes in Hebrew characters, and has had some professional experience. The complete cast follows: John Smith, a millionaire packer; W. C. McCarten, a cubist artist; Miss Lou Vogel, his wife; Harry Smith, his son; Sidney M. Blaine, a hotel clerk; Joseph A. Whitacre, a vaudeville artist; Tornado Sal, Pete's better half; Miss Margaret Nell, a vaudeville artist; Mrs. C. H. Whitehead, a flight nurse; James McDonald, a comedian; Horace Patton, a bell hop; Ed Swingley, a maid; Pearl Adams, manager of the show; H. H. Young, the leading lady; Miss Katherine Welch, a nurse; Miss Hilary Richards, a character woman; Miss Katherine Kennehan, the heavy; James McDonald, the comedian; Jay McDonald, the comedian; Glen Crosby, a vaudeville artist; and Mrs. Mabel Wagner Shank, a vaudeville artist.

Several feature dance numbers will be introduced, including "The Rag Time Reel," which was used so successfully in the Des Moines production.

of "The Isle of Freedom"; the "Divine Love" waltz and the one-step, the popular new dance which is now the rage in the larger cities. The musical program follows:

Act 1. Opening Chorus: "After the Show." "I Haven't Found the Right Girl Yet." Clifford H. Muchmore. "Me and My Medals." Raymond A. Jones. "Life is a Game of Chance." Mrs. Mabel Wagner Shank. "Gumshoe Saddle." Miss Willard and Mr. Lynn. "I've Been to Every College." Sidney McMullen. "Dreaming Dreams of You." Mr. McMullen and double quartet. "Love is Divine." Mr. Muchmore and Miss Adams. Closing chorus, "John Smith."

Opening chorus: "Dance, You Tenderfoot, Dance." Mr. Lynn and chorus. "Me Fer You All De Time." Mr. Gregory. "Oh, You Peek-a-Boo Man." Mr. McMullen and Miss Welch. "You'll See It All in the Movies." Mr. Muchmore and chorus. "My Lovin' Soldier Man." Mrs. Shank, Mr. Jones, and chorus. "You Are My First True Love." Mr. Welker and Miss Welch. "At the Cabaret," chorus; introducing Hazel Cole, violinist; H. H. Young, soloist; Emmett Lynn, Hebrew comedian; James Wiley and Miss Ida Starbuck in the one-step, and Mrs. Mabel Wagner Shank. "Forgive and Forget." Mrs. Shank and Mr. Jones. "The Rag Time Reel." Mr. Muchmore and Miss Adams. Closing chorus, "Sophia's Seven Suitors."

RAISE LIMIT TO WIVES

Wives and Widows of Civil War Veterans May Enter Home If They Were Married Prior to 1890—Old Law Specified 1885.

Wives and widows of honorably discharged civil war veterans, who were married prior to 1890, will be admitted to membership in the Iowa Soldiers' Home, according to the provisions of a new law, which passed the Iowa senate Wednesday. The old law specified 1885 as the date limiting the marriages in order to gain admission to the home. Widows of veterans who may have become divorced thru no fault of their own, are also admissible under the same law, and a subsequent marriage shall not deprive such membership.

Hawley Insurgent Delegate. P. A. Hawley, of this city, was elected as one of sixty-five delegates from Iowa to the national conference of Insurgent Modern Woodmen, to be held in Springfield, Ill. Mr. Hawley was also chosen fifth district member of the state executive committee of the insurgent organization, at a meeting held in Des Moines Wednesday.

MARSHALLTOWN WOMEN SAVE MUCH MONEY

Instead of so much meat a great many Marshalltown housekeepers are now serving "Minnesota" Macaroni twice a week. They say the men folks are not only glad to see them save the meat money, but like the delicious nut-like flavor of "Minnesota" Macaroni much better than meat.

To those who do not know what a big difference there is in macaroni as sold at the stores, the rich, delicious, flavor of "Minnesota" Macaroni will be a revelation. It is four times as nutritious as beef-steak, is much easier to digest, and costs only about one cent a dish.

Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Adv.

Can't Get Away From It

Is it possible to nourish, strengthen and rebuild the Brain by Food?

Every man who thinks uses up part of the brain each day. Why doesn't it all disappear and leave an empty skull in say a month of brain work? Because the man rebuilds each day.

If he builds a little less than he destroys, brain fog and nervous prostration result sure. If he builds back a little more each day, the brain grows stronger and more capable. That also is sure. Where does man get the material to rebuild his brain? Is it from air, sky or the ice of the Arctic sea? When you come to think about it, the rebuilding material must be in the food and drink.

That also is sure. Are the brain rebuilding materials found in all food? In a good variety but not in suitable proportion in all.

To illustrate: we know bones are made largely of lime and magnesia taken from food; therefore to make healthy bone structure we must have food containing these things. We would hardly feed only sugar and fat to make healthy bone structure in a growing child.

If we desired to keep brain strong and healthy we would use food known to contain the things Nature uses for the purpose.

True, Nature provides these elements in a variety of edible things. We submit the following facts for those who care to know something definite on the subject.

Analysis of brain by an unquestionable authority, Geoghegan, shows of Mineral Salts. Phosphoric Acid and Potash combined (Phosphate of Potash) 2.91 per cent of the total, 5.32 of all mineral Salts.

This is over one-half. Beaufs, an other authority, shows "Phosphoric Acids combined" and Potash 73.44 per cent from a total of 101.07.

Considerable more than one-half of Phosphate of Potash.

Analysis of Grape-Nuts shows Potassium and Phosphorous (which join and make Phosphate of Potash) is considerable more than one-half of all the mineral salts in the food.

Dr. Geo. W. Carey, an authority on the constituent elements of the body, says: "The gray matter of the brain is controlled entirely by the inorganic cell-salt, Potassium Phosphate (Phosphate of Potash). This salt unites with albumen and by the addition of oxygen creates nerve fluid or the gray matter of the brain. Of course, there is a trace of other salts and other organic matter in nerve fluid, but Potassium Phosphate is the chief factor and has the power within itself to attract, by its own law of affinity, all things needed to manufacture the 'elixir of life.'"

Further on he says: "The beginning and end of the matter is to supply the lacking principle and in molecular form, exactly as Nature furnishes it in vegetables, fruits and grain. To supply deficiencies—this is the only law of cure."

The natural conclusion is that if Phosphate of Potash is the needed mineral element in brain and you use food which does not contain it, you have brain fog because its daily loss is not supplied.

On the contrary, if you eat food known to be rich in this element, you place before the life forces that which nature demands for brain-building.

Mind does not work well on a brain that is broken down by lack of nourishment.

A peaceful and evenly poised mind is necessary to good digestion.

Worry, anxiety, fear, hate, etc., directly interfere with or stop the flow of Ptyalin, the digestive juice of the mouth, and also interfere with the flow of the digestive juices of stomach and pancreas.

Therefore, the mental state of the individual has much to do (more than suspected) with digestion.

Brain is made of Phosphate of Potash as the principal Mineral Salt, added to albumen and water.

Grape-Nuts contain that element as more than one-half of all its mineral salts. We must remember that nearly 95 per cent of the brain is composed of water and albumen, but the little worker, Phosphate of Potash must be present in order to blend the more bulky materials into useable form.

ash is more than one-half of all the mineral salts, but the total volume of those elements is exceedingly small as compared with the greater bulk of other food elements contained in Grape-Nuts.

We should also remember that this small ingredient should not be put into the food in the form it might come from a chemist, because man cannot produce these elements in as digestible a form as Old Mother Nature, when she puts them in the wheat and barley from which Grape-Nuts is made.

A healthy brain is important, if one would "do things" in this world.

A man who sneers at "Mind" sneers at the best and least understood part of himself. That part which some folks believe links us to the Infinite.

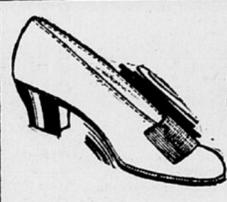

Mind asks for a healthy brain upon which to act, and Nature has defined a way to make a healthy brain and renew it day by day as it is used up from work of the previous day.

Nature's way to rebuild is by the use of food which supplies the things required. Brain rebuilding material is certainly found in a very natural and perfect form in

Grape-Nuts
