

TO MAKE YOUR HAIR MORE BEAUTIFUL

To give your hair that gloss and lustre and wavy silky softness, use Harmony Hair Beautifier. It takes away the dull dead look of the hair, and makes it bright—turns the stringiness into softness—overcomes the oily odors and leaves a sweet, true-rose fragrance—makes the hair easier to put up neatly and easier to keep in place. It is just exactly what it is named—a hair beautifier, and whether your hair is ugly now or beautiful, it is delighted with the results. Simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of hair, nor darken gray hair.

Gagey gave a cornet solo, and a piano solo was given by Miss Evelyn Lawrence. The program was closed by the singing of "The Star Spangled Banner" by the audience.

Wonderful Treatment For Corns Callouses and All Sore Feet

"Millions of people who endure daily torture from sore feet will welcome the information that there is now a simple treatment that positively and quickly cures foot ailments of all kinds. You can say goodbye to corns and callouses; bunions; swollen, itching, bad smelling and sweaty feet. This treatment works right through the pores and removes the cause of the trouble. Use it once and your feet feel delightful; use it for a week and your foot troubles will be a thing of the past." "Dissolve two table-spoonfuls of Calcoide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts." Amazing results follow. Calcoide was formerly confined to doctors' use, but now any druggist will supply it. If it does not have its effect he can get it in a few hours from his wholesale house. A twenty-five cent package is said to be enough to put the worst feet in fine condition.

\$224,000,000 For Potatoes.
Statistics show the above enormous amount was paid to the farmers for their 1913 potato crop. What it will be in 1914 is what is of interest now.
Whether it is a garden plot or a number of acres, there are going to plant this season, is the first consideration.
You do not want to take chances, using your own valuable space, spending your good hard money to say nothing about the work, experimenting with unreliable seed.
What you want is genuine Red River Early Ohio grown in Clay county, Minnesota. These are the potatoes that mature early and that yield abundantly. Packed two bushels to the sack, for sale by Willhu & Halverson, C. M. Wheeler, Burdick & Yocum, Brandon & Coleman, George McCord, Reynolds & Sheldon, G. L. Andrews, Whitney Bros., Lockard & Overturf, A. E. Myers, W. B. Donaldson.—Advertisement.

A ring at the door bell.
The visitor's face is girlish and unfamiliar. "Do you want to contribute to a fund to buy flowers for?"
"Who is?"
"He died last night, and we want to get some flowers for him."
"I don't know him, never heard of him."
"That's all right. I thought you might want to contribute."

SIMPLE WAY TO END DANDRUFF
Stop Falling Hair and Itching Scalp.
There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain common liquid arvon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it straggly, straggly, dull, dry, brittle and lifeless, and everybody notices it.
