RELIEF FROM CONSTIPATION

It's Me For Dr. Edwards' Olive Tablets. That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liv- ers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping is the "keynote" of these little sugar- coated, olive-colored tablets. They cause the bowels and liver to act nor- mally. They never force them to un- natural action. If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them 10c and 25c per box. All druggists. The Olive Tablet Co., Columbus, O.

How About Your Dental Work?

ARE YOU GETTING JUST WHAT YOU WANT? If not, give us a chance to show you what we can do.

We are not saying that we are the only ones, but we do say that we have been wonderfully successful in satisfying a great many patients. So much so that they think we are the best. We could not fool the people of Central Iowa for over sixteen years with poor work if we wanted to. Therefore we are putting every ounce of effort that is in us into every case we get. If long experience, perfect equipment and honesty of purpose will do the business, we can give you what you want.

Our three dental specialists are at your service and we believe you will say that our work is up to the highest standard. The best materials and the finest workmanship, and at a saving from 25 to 50 per cent.

Teeth without plates our specialty.

We do not compete with cheap, irresponsible advertising offices.

Levin's Store In 4 Chapters

Levin's Celebrate Their 4th Spring Opening In Marshalltown

Chapter 1 In all probability we would be traveling today in stage coaches had not Stephenson shown us a better way. The magnificent floating palaces which plow the high seas might not have been a splendid reality had not the genius of Fulton asserted itself. Since the world began, originality of thought brilliancy of conception have been the cry of the progressives and to "originality" more than any other one thing do we attribute the success of Levin's Store. The state wide popularity.

Chapter 2 A little over three and a half years ago, Levin's "shied their castor" into the business ring in Marshalltown, with very little capital, but plenty of pluck and determination and most important of all the superior knowledge of merchandise. To be exact, the first opening in Marshalltown in one of our present store rooms, the stock then was not one-twentieth part of the stock today. Today we carry the most comprehensive lines of the finest merchandise in Marshalltown.

Chapter 3 Thus it will be seen Levin's Store originates more new ideas of modern merchandising in this locality. Levin's Store never copies any of their competitors. Levin's Store is always in the lead with the originating new ideas in sales, in mer- chandise, in low prices, etc. This element of leadership has won rec- ognition, not only from Marshalltown people, but practically all over the state. Levin's Store is known everywhere.

Chapter 4 The growth of this business sets us thinking "we need more room." The volume of business we are doing, the stocks we carry, and the little floor space we occupy is very small. On the other hand the volume of our business is very large in comparison with the limited amount of selling floor space. We shall remedy this in time. Meanwhile we are doing the best we can. We realize that it would be more convenient to handle our large business in a larger and more modern building, but the building and the fixtures are not always the main features in merchandising. What the public wants is the right merchandise at the right prices and they get it here every day in the year.

Today the first day of our Spring Opening, you have encouraged us a great deal. The attendance is much greater than what we anticipated. You have all approved our merchandis, our styles, and our prices. Our showing is entirely different from any other. Every model at our opening was especially bought for this store and for the people of Marshalltown and vicinity. We have no garments so-called Parisian med- els sent in on approval for one night showing. Every garment shown here is bought outright by Levin. To our estimation there isn't anything too good for our customers.
