The Real Secret of Rejuvenating the Face

She holds the true secret of facial rejuvenation who has learned how to remove the dead skin particles as fast as they appear. It's a secret anyone may possess. The aged, faded or discolored surface skin may be brought back to its original softness, in an entirely safe and rational manner, by the nightly application of ordinary mercerized wax. Within a week or two the underlying skin, youthful and beautiful to behold, has taken the place of the discarded outside. So little of the old skin is absorbed each day there's no inconvenience at all, and no one suspects you are putting anything on your face. The mercerized wax, procurable at any drugstore (an ounce is sufficient), is applied like cold cream. In the morning it is erased with soap and water. It's the beauty thing known for freckles, blackheads, pimples, moth patches, liver spots and fine surface wrinkles. For the deeper wrinkles, an excellent recipe is: Powdered saxolite, 1 oz., dissolved in 1/2 pt. witch hazel. Bathing the face in the solution produces quick and wonderful results.

Fugue, Opus 22, Fugue on a Striptotic Air... D. Bruck This promises to be one of the best musical treats Marshalltown has ever enjoyed. The three performers are well known and highly esteemed by all and their productions of unusual character. Mr. Hix has during the past season accompanied Christian Miller, the famous contralto, in concerts. Miss Lewis has just returned from another concert tour. Miss Bell is the popular contralto at the Congregational church. Admission 50 cents.—Advertisement.

MOVE TO MARSHALLTOWN. Mr. and Mrs. Dickensheets Come Here From Chicago. D. W. Dickensheets, of Chicago, arrived in the city Monday evening and will make his home here. Mrs. Dickensheets will arrive in a few days. Mr. Dickensheets is a photographer.

News of the Sick. The condition of Miss Lillian Pegg, who passed thru a severe surgical operation Monday morning at St. Thomas hospital, when her right kidney was removed, is somewhat improved today. Miss E. Paul, of Laurel, who was recently operated at Rock Island. Those who appraise his fortune, largely invested in growing timber, as potentially worth a billion dollars, do undoubtedly exaggerate—but the figure itself is not material. From a brewery hand to one of the richest men in the world is the span of the career of Frederick Weyerhaeuser. By our laws we threw away the legitimate interest of the people in our great forests, and Mr. Weyerhaeuser picked it up. That a German immigrant boy could amass such a fortune in fifty years is quite to his credit, but it is vastly more to the discredit of the laws which allowed him to do it. He died the greatest monopolist of our forests, but it was not the fault of Weyerhaeuser that we threw them away. He took them over, and is said to have been rather in advance of the age in conserving them. Possibly it is better for the nation for a Weyer-

cently operated at the Deaconess hospital, continues to improve. Elijah Shelton, living nine miles west of Eldora, who submitted to an emergency operation for appendicitis abscess last Thursday night, is doing nicely. Mose Bryant, of St. Anthony, who has been critically ill for a week, suffering from kidney and heart trouble, is in a most precarious condition, and not expected to live. DEMOCRATIC CAUCUS. Liberty Township Democrats to Meet at St. Anthony Saturday. There will be a caucus of the democrats of Liberty township at my office in St. Anthony at 2 o'clock Saturday, May 2. J. A. BRYANT. Frederick Weyerhaeuser. He came to this country as a laborer. When he married he was earning a

hauer to own forty million dollars' worth of our children's heritage in forests and mines than to have it distributed among four hundred less efficient men, each owning timber lands to the value of a hundred thousand dollars. Whether this great natural resource belongs in morals to the Weyerhaeuser heirs is a question for the future. The generation which allowed him to acquire the title to it acted for himself—and professedly for all future generations; but future generations were not consulted, and may have something to say for their claim. "The earth hath He given to the children of men"—not some of the generation of the children of men who allowed Mr. Weyerhaeuser to acquire the paper title to the forests of a continent. The future will probably try titles with the Weyerhaeusers and their like in one way or another.—Colliers.
