ANSONS DROP THIRD GAME TO BLUE JAYS

HOLLENBECK'S STICK WORK RESPONSIBLE FOR TAYLOR'S DEFEAT.

COMES UP IN PINCHES; MAKES EVERY HIT COUNT

Tuttle Forces in Run, Passing Delaney With Bases Full, Harvey Scoring Anson's Lone Run—Final Game Marked by Sensational Fielding—Harvey Again in Hero Role.

Special to Times-Republican.

Waterloo, July 14.—"Duke" Hollenbeck was the Blue Jay who broke up yesterday's game. He drove in all four runs with three of his safe swats, and added another safety in his fourth trip to the plate. His double in the second frame put the game on ice and made it three straight wins from the Marshalltown Ansons. "Tex" Sheldon was there with two healthy swats, setting on the paths ahead of three of Hollenbeck's hits, and scoring three runs. The fourth run was scored by Evans in the second round.

Waterloo began the fireworks in the second frame, when Sheldon led off with a single thru Richards. Evans advanced Sheldon to third with a safe drive to center field, and both scored on Hollenbeck's double to center. Tuttle met one on the nose and drove it at mile-a-minute clip over short, but Harvey made a beautiful stop of the drive, by leaping high and pulling it down. Harvey then ran to second, completing a double play. Anson's double was thrown out at first by Harvey. The third run was scored on Sheldon's double to left field, and Hollenbeck's single to the same territory. Sheldon scored again in the eighth on Holly's fourth safety.

Tuttle Forces in Run. The Ansons scored one run in the sixth frame. Taylor fluked a hit to the infield, but was out at second by Harvey. Jude followed with a single, advancing Harvey to second. Foster's one-base hit filled the bases. Tuttle then walked Delaney, forcing Harvey across. On Seibert's rap to Tuttle, Jude was thrown out at the plate and Seibert was doubled up at first.

There were several sensational plays made, the first by Harvey when he pulled down Wintz' apparently safe drive over short. McAuley speared a liner from Seibert's bat and threw the Anson left fielder out at first. The real fast play was made by Sizin in the final frame for the last out. Taylor hit a line drive just inside second base, but Sizin made a great stop of it and got him out at first.

Gain on League Leaders. By winning yesterday's game, the Blue Jays stepped within a game and one-half of the league leaders, according to the dope being sent out from Clinton, where it is claimed that President Justice has allowed Bert Houck's protest on a game won by Burlington from Clinton by being called on account of darkness in the eighth inning. It was claimed by Houck that it was not too dark to play, and Justice is claimed to have allowed the protest. This puts Burlington twenty points ahead of the Blue Jays. The score: MARSHALLTOWN. A. B. Palmer Does Not Report. Manager Richards was disappointed this morning when Palmer, the Racine Wis. pitcher, who was to have reported here today to join the Ansons, did not arrive. According to reports of yesterday's games Palmer pitched for Racine against Appleton, winning his game easily, allowing Appleton but six hits. The president of the Racine team wired the local management three days ago that Palmer would report at once, but it is apparent now that the Racine team intends to use Palmer as long as it is able to hold him.

Shakeup in Batting Order. Manager Richards today shook up the batting order of the Ansons in an effort to make the team's hitting more productive of runs. The team has been securing hits sufficient to win games, but the difficulty has been that the hits have been so scattered that they have been without effect, and batters frequently fail in the pinches. The new batting order follows: Delaney, second base; Harvey, shortstop; Foster, first base; Jude, center field; Richards, third base; Seibert, left field; Andreen catch; Shook, right field; Richardson, pitcher.

Delaney, who is a sure hitter, is made lead-off man, with Harvey, who is proficient in drawing passes and in sacrificing, to follow, and Foster, who is usually sure in pinches, as third in the list. Jude is placed as clean-up man.

MAY FIGHT ROCK ISLAND.

Territorial Rights Again Advanced by Three-I League Cities.

Altho the fans of Rock Island are busy with preparations for a big booster day to inaugurate the transfer of the Ottumwa club franchise to the Illinois city, the newspapers of the Three-I league have revived the territorial rights claim and intimate that the Three-I league will make a fight to prevent Egan from maintaining a Central Association team in Rock Island. The Davenport management is opposed to the franchise going to Rock Island, it is said, and a conference was arranged in Dubuque yesterday.

The Peoria papers take up the fight also in their recent issues, and declare that Rock Island should be retained as Three-I league territory. It is even proposed that Rock Island be given a berth in the Three-I next year in order to keep the Central association out, it being presumed that Danville is to be the boat in the deal being compelled to give up its franchise for the Islanders.

KEOKUK ON THE ROCKS.

Indians' Ship Foundering, and 'S. O. S.' Call is Sounded.

Wednesday night, at 7:30 at the superior court room, Keokuk fans of the southeastern Iowa city will meet in response to an "S. O. S." call from the direction of the baseball association. The Indians' ship is nearing the rocks, and unless financial assistance comes at once the directors will have to turn the team over to the association, to be run as it sees fit. The following statement has been made by the directors:

"Because of reduced subscriptions to the baseball association for the season of 1914 and also on account of lack of sufficient attendance at the home games, we now find ourselves unable to meet our obligations and must give up our club unless steps are at once taken to secure more money. We endeavored to take up this matter with the people and with as little out-of-town publicity as possible, to that end calling a meeting for last Friday evening. Only one man attended that meeting, and of course, nothing could be done."

"We now call a second meeting to be held at the superior court room on Wednesday evening, July 15, at 7:30 o'clock. Unless steps are then taken to assist us in obtaining the necessary funds, the club's affairs will at once be turned over to the league, thru President Justice. This is final."

BOOSTER DAY THIS WEEK.

Clinton Series to Be Made Red Letter Days of Local Baseball Season.

Owing to the fact that the Clinton team has not been seen in action on the local diamond this season, the Marshalltown Baseball Association has designated Friday, Saturday and Sunday, July 17, 18 and 19, as "Booster Days," and an effort will be made to give the Clinton team a royal welcome when it makes its first appearance. The opening day of the series is ladies' day, and Friday has been chosen as the first of the booster days, that the ladies may be present to witness the festivities. Saturday will be booster day for visitors from out of the city, and Sunday will be one of the big days of the year special arrangements having been made for a specilla attraction at that date.

When Clinton was scheduled here before rain prevented any of the three scheduled games being played, and Friday will in reality be Clinton's first local appearance. With the opening of the Waterloo series today, the Ansons' play nine games at home, three with Waterloo, three with Clinton and three with Cedar Rapids. The association is desirous of playing to crowds sufficiently large to guarantee the success of the team for the rest of the season during the present home series.

Slump in Clinton Attendance.

Owing to a slump in the attendance at Clinton, the Clinton Baseball Booster Club bought \$100 worth of tickets for the last game with Keokuk Friday, as the first step toward swelling the gate receipts. Secretary Ray, of the booster organization, was instructed to purchase 400 tickets for the game that the boosters might attend to show their appreciation of the team. Manager Abbott of Keokuk, is authority for the statement that his town, altho only about one-half the size of Clinton, has given his team better patronage this year than the Clinton team has been receiving. The recent slump of the Clinton team is said to be responsible for the poor attendance.

Manager Abbott Suspended.

Upon the recommendation of Umpire Kennedy, Manager Abbott, of the Keokuk team, has been suspended by President Justice for a period of three days, beginning Monday. The recommendation on the part of the umpire was made following a game at Clinton, where it is alleged that Abbott disturbed the umpire. Abbott and the members of his team declare that the suspension is unwarranted.

Last of Graybeards Is Member of Home

From the best information at hand the Iowa Soldiers' Home has as one of its members the last surviving member of the famous "Graybeard regiment"—the Thirty-seventh Iowa—so named because most of the members were men ranging in age from 45 to 60 years.

The last survivor of the regiment is believed to be W. H. H. Miller, of Dubuque, who recently returned to the home after an absence of a few years.

The Graybeards were mustered into the service Dec. 10, 1862, at Muscatine, and were mustered out at Davenport May 10, 1865.

The fier of Company F, who was mustered in with the regiment at Muscatine, was W. H. H. Miller, a native of Dubuque, 15 years old when he was enlisted. Miller served with his company until it was mustered out.

During recent years different newspapers over the country have printed accounts of the deaths of the "last survivor of the famous Graybeards," and each time some one has denied that the "last survivor" was dead. It is believed by officers of the Iowa home, however, that Miller is in reality the last survivor.

Because of his youth when admitted, Miller is not an old man now as the age of civil war veterans runs. Miller was born in Dubuque April 9, 1847, and therefore is now 67. He entered the home from Johnson City, Tenn., June 16, 1905, but took a discharge four years ago and has just returned and been readmitted.

Miller's family is well known in Dubuque, where his father for years ran the Washington House, one of the early hostleries of Dubuque.

TO ADVERTISE FOR BIDS.

Specifications For Paving Adopted—Open Bids July 27.

The city council Monday afternoon formally adopted the specifications for the concrete paving of North Second, West Church, and South Twelfth streets, and adopted a resolution directing the clerk to advertise for bids. The bids are to be opened July 27.

There are about seven blocks included in the contract to let—from Lincoln to Center on Second, from Ninth to Twelfth on Church, and from Main to Church on Twelfth. The specifications call for a concrete foundation of five inches of a 1-2-5 mixture of cement, sand, and crushed rock, and of a two-inch wearing surface of a 1-2 mixture. The expansion joints are to be one-half inch, twenty-five feet apart, crosswise of the paving and three-quarters of an inch along each curb. The joints are to be filled with asphaltum.

The initial adoption of the resolution ordering a large amount of cement sidewalks also passed the council, and will come up for final adoption next Monday. From the original list a great many walks have been eliminated. The walks that were stricken from the list were for the most part walks that were in need of repair, yet too good to be destroyed, and they will be ordered repaired instead of relaid.
