**FLOWERS FOR CARRANZA**

NEW PRESIDENT OF MEXICO WARMLY WELCOMED IN CAPITAL CITY.

RULE OF CONSTITUTIONALIST LEADER PROMISES PEACE

Carranza and Staff Pass Thru Cheering Crowds and Are Showered With Flowers—Given Keys to City by Mayor and City Council—Receive Flag Which Madero Dropped.

Mexico City, Aug. 21.—General Venustiano Carranza, the supreme chief of the Mexican revolution, and from today provisional president of the republic, entered the capital yesterday. In an address he promised a new era of real constitutional government.

It is estimated that more than 150,000 persons crowded the line of march of the new president and his followers, which extended from the village of Atzacotalco to the national palace, a distance of six miles.

Showered With Flowers. There was not the slightest disorder as Carranza and his staff passed thru the cheering crowds, which showered them with flowers and confetti and from which came cries of "Long live Carranza; long live the constitutional government!"

At dawn the troops began forming at close intervals in a double line along the entire distance over which the victorious leader was to pass. Back of the troops were ranged the sightseers, and every roof and balcony also held spectators.

It was near noon when Carranza, mounted on a superb horse and accompanied by his staff and the generals of the northwest, the central and north-east divisions of the constitutionalist army, left Atzacotalco, escorted by a squadron of cavalry and the Fourth Sonora battalion of Infantry, which acted as guard of honor.

Given Key of City. On reaching the city limits the column was met by the mayor and the city council of the capital, who delivered to General Carranza the keys of the city. The cavalcade then proceeded to the historic Chapultepec Castle, where two batteries of artillery fired a salute. Here the parade turned down the beautiful Paseo de la Reforma avenue, which leads from the castle to the national palace. Here were grouped hundreds of school children dressed in white, each carrying a bouquet and a Mexican flag. As Carranza passed they sang a hymn written for the occasion, entitled "Union and Liberty."

Flag Madero Dropped. When the procession reached the National theater it halted in order that the chief executive might receive at the hands of a delegation of workmen the flag which President Madero dropped at the very spot on the fatal 9th of February, 1913, the date of the Huerta-Diaz uprising.

A few moments after he entered the palace President Carranza appeared on the balcony under the liberty ball and made his address to the crowd. The troops then passed in review.
