SAGE TEA PUTS LIFE AND COLOR IN HAIR

DON'T STAY GRAY! IT DARKENS SO NATURALLY THAT NO-BODY CAN TELL.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wych's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin, have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wych's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
