

THIS WILL INTEREST STOMACH SUFFERERS

SAYS INDIGESTION COMES FROM AN EXCESS OF HYDRO-CHLORIC ACID.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or constipation.

WALSH COLBY CASE

LITIGATION AT END SO FAR AS WALSH FAMILY IS CONCERNED.

STIPULATION FILED GIVES CREDITORS HALF

Bankers Who Bought Notes Will Receive 50 Per Cent of Claims—Two Large Creditors Not Interested in Colby Suit May Resist Payment of Notes Given to Motor Company.

Special to Times-Republican. Mason City, March 1.—A trust deed apportioning 800 acres of land given by William and Mari Walsh to the creditors of the Colby Motor Company was filed late Saturday with the county recorder. The deed was made by J. E. E. Markley and John A. Seniff, who represented the banks concerned in the litigation.

The stipulation filed Saturday afternoon with the clerk of the district court brought the legal proceedings to prevent the foreclosure of the mortgage against the Walsh land to an end. The stipulation was a victory for the creditors' committee and gave them practically what the foreclosure of the mortgage would have given them. A year ago a mortgage for \$142,000 was taken from Williams and Mari Walsh to cover notes to the amount of \$284,000 and make settlement on a 50 per cent basis. The suit just closed was brought to stop the foreclosure of this mortgage, which was on the entire 1,280 acres by the Walshes.

Creditors Get 50 Per Cent. According to the settlement just made the Walshes will get 480 acres of land and turn over to the creditors committee their claim in the assets of the bankrupt Colby Motor Company. The land the creditors say, has been appraised at \$150 per acre, which makes the 800 acres given them worth \$120,000 and the share of the Walshes in the Colby assets, which is about 50 per cent, is valued at about \$25,000. The Walshes will receive the total of \$144,000. Allowing any slight oversight either in the value of the land or the value of the Colby claims, the creditors will now be able to receive 50 per cent of their original investment in the notes. The cost of the suit just closed is to be paid by the Walshes.

While affairs in the Colby Motor Company case are settled so far as Mari and William Walsh are concerned, it is only the commencement of the agony for the creditors committee. The success of the resistance has had in this case, John Campbell and Banker George H. Fuller, both of Rockwell, according to report, will continue the fight and ask that their mortgages be cancelled. It is alleged that each of these men lost large sums in the Colby Motor Company, secured in very much the same manner as the \$270,000 was secured from the Walsh estate. The same legal talent will doubtless appear in the Fuller and Campbell cases as appeared in the Walsh case.

TO CLEAN UP CLINTON.

Three Months' Religious and Moral Campaign Under Way.

Special to Times-Republican. Clinton, March 1.—A quarter of a year's religious campaign will open today with simultaneous prayer meetings in the district in the district. A month of preparation during which time prayer meetings will be held daily will be followed by a six weeks' evangelistic campaign conducted by Rev. W. R. Scoville and his party of workers. A two weeks' "clean up" session will follow to convert sinners and bring them into the churches. One of the chief objects of the campaign when originally planned was to prepare Clinton to vote dry. With the repeal of the mullet law this object is gone, but the ministerial association, promoting the campaign, believe even more so. They hope to create a public sentiment that will enforce the law when it has become operative. Clinton is one of the river cities hard hit by the prohibitory measure, in the belief of many of the citizens. Because of the strong wet element at present doubts have been openly expressed as to the enforcement of the law when it did go into effect. Ministers and church laymen believe the evangelistic campaign will so strengthen the "dry" sentiment that officials will find it easy and practicable to enforce strictly the prohibitory measure.

CATTLE DISEASE IN LINN.

First Case in County Discovered on Farm Near Springville.

Cedar Rapids, March 1.—Linn county has its first case of the hoof and mouth disease among livestock. The disease was discovered on the farm of Thomas Daniels, residing two and one-half miles from Springville, and about seven miles from Marion. When Mr. Daniels first noticed the trouble among his stock he called Dr. Bradley, a veterinarian from Marion, who looked over the herds. Dr. Bradley called Dr. J. W. Griffith of Cedar Rapids. Dr. Griffith represents the state veterinarian's office and is also a special federal agent. Dr. Bradley and Griffith went to the Daniels farm Saturday morning and found several fully developed cases of the disease. Mr. Daniels' herd consists of hogs and cattle and there are about fifteen head all told. Dr. Griffith stated that about half of the cattle were diseased and an equal number of the hogs are affected. The disease is far advanced and Dr. Griffith said that some of the hogs of the animals were ready to drop off, while the tongues of the cattle peeled off when touched. A rigid quarantine was established around the farm and Dr. Griffith intends to extend the quarantine district to within five miles of the farm. This area will include the town of Springville. The quarantine will be enforced two or three weeks and possibly more if new cases develop elsewhere. A federal inspector is expected Monday to appraise the stock, after which they will be ordered killed.

WHAT CATARRH IS

It has been said that every third person is troubled with catarrh in some form. Science has shown that nasal catarrh indicates a weakened condition of the body; that the secretion of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it.

SPUD GROWERS MEET

ORGANIZATION MEETING TO BE HELD AT ST. ANSGAR, MARCH 3 AND 4.

FORM STATE SOCIETY OF TRUCK GARDENERS

New Association to Concern Itself With Marketing Problems and With Question of Adequate and Purer Seed Supply — Interesting Program For Two Days' Session Is Issued.

Special to Times-Republican. Ames, March 1.—Because they believe that Iowa's potato and truck growing interests are large enough to demand such an organization, men interested in this business will meet at St. Ansgar, March 3 and 4, to complete the formation of a state association. In total the potato and truck crops of Iowa rank after corn, oats and hay, as the fourth greatest line of production in the state. The new association will concern itself more or less with marketing problems and also with supplies of adequate and purer seed supplies, the breeding of superior varieties and similar matters concerning the business. The temporary secretary, C. L. Fitch, of Iowa State College, has just issued the following program:

Wednesday, March 3. Address, Hon. W. P. Dawson—"The Potato Crop For Iowa." Prof. S. B. Ames—"The Need to Diversify Iowa's Crops." Frank Sedacek, St. Ansgar—"How I Manage 150 Acres of Potatoes." M. A. Hauser, Liscomb—"The Relation of Alfalfa and Drainage to the Potato Crop." J. W. Rummels, Davenport—"Potatoes in Scott County." M. I. Royce, Winterset—"Maintaining Seed Stocks For Twenty-eight Years on One Farm." C. E. Noe, M. D., Amama—"The Use and Production of Vegetables at the Village of the Ames Society." J. W. Rummels, Nichols—"One Hundred Ten Acres of Early Cabbage Produce \$160 Per Acre." Wesley Greene, Des Moines—"Growing Celery in Iowa."

Thursday, March 4. Banquet with toasts by leading visitors and prominent citizens of St. Ansgar. A. T. Erwin, Ames—"Handling Seed Potatoes." C. L. Krauss, Amama—"How I Grow and Store Potatoes For the 700 People of Old Amama." C. L. Fitch, Ames—"Permanent Potato and Truck Crop Growing in Iowa." (Illustrated with stereopticon pictures.) Prof. J. G. Milward, University of Wisconsin, Madison, Wis.—"What the Wisconsin Potato Growers' Association Has Done in Wisconsin." Frank Gay, Conesville—"Watermelon Production in the Conesville District." H. H. Moeller, St. Ansgar—"247.54 Net Per Acre From Our Sixteen-Acre Onion Field." G. B. Elias, Davenport—"The Pleasant Valley Onion District." A. T. Erwin, Ames—"The Canning Industry of Iowa." Merritt Green, Marshalltown—

Lynnville News Items.

Special to Times-Republican. Lynnville, March 1.—A son was born to E. B. Macy and wife. Bert Lucas and family moved last week to Marion, Ill. The house they vacated will be occupied by John Lawrence. Eugene Renard moved to a farm southwest of Colfax. Will Horn moved to a farm near Prairie City. Mr. and Mrs. Chester Espy, after a several weeks' visit with Tom Thompson and wife, returned to their work in Texas.

Do You Find Fault With Everybody?

An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. For sale by all druggists.—Advertisement

Ottumwa.

The Wapello county farmers grange is raising stock subscriptions to start a bank in Ottumwa. More than half of the \$50,000 capital stock has been subscribed and two locations are in view for the housing of the new bank. It is expected that ten days will see the stock all subscribed for.

Fort Madison.

The Fort Madison Plowing Works started operation Friday morning with a small force of men. They have a very good supply of orders on hand and the season promises to be a prosperous one. The force of men will be increased gradually as the work at the factory warrants.

Loveland.

The high water near Loveland is becoming quite destructive. Two steel bridges are washed out, one four miles southwest of Loveland and another five miles below it. Both bridges are about 100 feet long and cost in the neighborhood of \$2,000. One is now in the Missouri river and the other was rescued about half a mile from its original location.

Davenport.

The office of Dr. Gilbert F. McCullough on the third floor of the McCullough building was burglarized some time Wednesday night, presumably by a dope fiend. Approximately \$10 worth of morphine was stolen, together with a new glass hypodermic outfit, valued at \$7. Entrance was effected via a transom. The burglary was discovered when the doctor arrived at his office Thursday morning.

Burlington.

Milton McFarland, formerly an employe of the Burt-Zaiser Grocery Company of this city, was arrested in Chicago on an information charging him with larceny by embezzlement. McFarland is alleged to have stolen \$1,573.01 from the Burt-Zaiser company some time during the week immediately preceding April 1, 1913. He was bonded to the sum of \$1,000 by the American Surety Company, and it is that company that is pressing the charge against the young man.

Tipton.

Judge John T. Moffit in district court today fined Lew Brinker of Maquoketa, a wholesale liquor salesman, \$1,000. Brinker represents a brewery in Rock Island, Ill. He has been taking orders for liquor and sending them to Rock Island to be filled. He claimed he was exempt as he was doing an interstate business. Judge John T. Moffit held that he was just an ordinary bootlegger, fined him \$1,000, and warned him never to appear in court again. He promised to keep clear of Cedar county.

Oskaloosa.

Crossing the grade at Glendale was accomplished last week in water that went into the buggy bed. The flood current is very swift at this place, the water now much higher than Monday, and no attempts have been made to get across since Monday afternoon. Old residents of the locality say it is the highest water in eighteen years. Crossing at Couriers Mill east of town is impossible. The road is under five to seven feet of water in places and the current so strong that nothing could live against it.

FLOOD DANGER AT MUSCATINE.

Break in Levee Threatens to Inundate Thousands of Acres.

Special to Times-Republican. Muscatine, March 1.—With the waters of the Mississippi threatening to inundate thousands of acres of land, scores of men are now employed strengthening the levee extending from Muscatine to a point about ten miles south of Wapello. The breaking of the Island levee at a point five miles below Wapello occasioned wide alarm on Saturday and Sunday found an army of men seeking to prevent a further washing away of the embankment which protects the most fertile valley in eastern Iowa. The proximity of steam dredges being used in the No. 3 drainage district permitted of repair work being carried on at a sufficient rate of speed to offset the disintegration of the levee and this alone prevented the most serious flood damage in years. The break which extended a distance of about five hundred feet caused scores of families to flee from their homes and many farms were inundated with a resultant loss of livestock.

Present indications point to the most serious flood damage on the Mississippi river in years for with higher stages reported in the north a further rise is expected here.

Eldora News Notes.

Special to Times-Republican. Eldora, March 1.—City Marshal Millan has a dislocated shoulder and is carrying his arm in a sling as the result of a friendly scuffle with the superintendent of the waterworks. Miss Flossie Woodrow spent Saturday and Sunday with her parents in Des Moines. Howell Rickman is in Paducah, Ky., called there by the serious illness of his mother and brother. Miss Rhoda Burke and Mrs. N. S. Carpenter on Friday, at the home of the latter, entertained the Flower Social, a branch of the W. B. C. which has for its purpose the doing of things for the comfort of the sick. Twenty-two members and visitors were present.

From a letter received by Mrs. George Cobb, of this city, it is learned that Mrs. W. E. Utley, formerly Lizzie Carpenter, died at her home in Keokuk last Wednesday from the effects of a paralytic stroke suffered the previous Monday. Her body was taken to Cedar Rapids and buried by the side of her mother. She is survived by her husband, a daughter and two brothers.

Mr. U. W. Utley, formerly agent for the C. & N. W. at this place for several years, and while here he and Mrs. Utley were great favorites in lodge and social circles.

L. B. Webster, who has been confined to his room the past two weeks with stomach trouble, is slowly improving.

W. J. Murray, president of the First National Bank, has purchased a residence lot of Z. Hayden, and will at once commence the erection of a modern bungalow as a home for himself and family.

Mr. and Mrs. G. W. Ryan have sold their residence in this city and will leave Tuesday for Hillsboro, O., where they will make their future home and near which place they own a highly improved farm.

Alden News Notes.

Special to Times-Republican. Alden, March 1.—Mrs. Newton Lawton is in Des Moines, where she is taking treatment. Henry Tardoff has rented his farm west of Alden and bought the W. B. Schultz residence, in which he moved last week. This is one of the most desirable residences in town. Miss Bessie Wood and James Hunter were married Thursday night at the home of the bride's parents, Mr. and Mrs. Frank Wood. Both young people were reared in Alden. They left for Las Animas, Colo., where they have a farm. William Crabtree is loading cars to ship to Pipestone, Minn., where he has bought a farm. George Alden, of Laurel, Mont., has been visiting friends in Alden. Fred Hartkopf leaves about March 1 for Austin, Minn., where he has rented a farm. At the semi-weekly meeting of the Alden lyceum Friday the Ellisworth College debating team was given a 2 to 1 decision over the local team. The question was "Resolved, that the United States should retain the Philippines as permanent possessions." The winners taking the affirmative. Ellisworth College was represented by James Hunter, Frank Wall and Cyrus Albertson. The local team was composed of Rev. Mr. Northrup, Rev. Mr. Haenseler and Professor Hans.

Montour News Notes.

Special to Times-Republican. Montour, March 1.—Blanche Snyder has returned from a week end visit at her home in Beaver. Mrs. Abbie Prout is ill. Miss Ruth Merrill, of Webster City, is assisting her aunt, Mrs. La. LaVake, in taking care of the sick.

CASCARETS CURE HEADACHE, COLDS, CONSTIPATION

TONIGHT! CLEAN YOUR BOWELS AND STOP HEADACHE, COLDS, SOUR STOMACH.

Take a 10-cent box. Get a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are sallow, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; takes the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

AMERICAN AMBASSADOR GERARD SEES KAISER WILHELM ABOUT SHIP SAFETY

Ambassador JAMES W. GERARD. Eyes of Americans were turned toward James W. Gerard, American ambassador to Germany, in the situation that arose over the safety of American ships in the new naval war zone around England.

Gerard, who was formerly an associate justice of the New York supreme court, was invited to have a personal interview with Kaiser Wilhelm at the eastern battle front.

WHY NOT?

KC is pure. KC is healthful. It really does make lighter, nicer biscuits, cakes and pastry than the old fashioned single acting baking powders. And you pay only a fair price for it. No baking powder should sell for more.

Resinol will stop that itch

Don't stand that itching-skin-torment one day longer. Go to any druggist and get a jar of Resinol Ointment and a cake of Resinol Soap. Bathe the sick skin with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. The torturing itching and burning stop instantly, you no longer have to dig and scratch, sleep becomes possible, and healing begins. Soon the ugly, tormenting eruptions disappear completely and for good. Doctors have prescribed this treatment for 20 years.

Resinol Ointment and Resinol Soap contain nothing that could irritate or ferment the tenderest skin. They clear away pimples and blackheads, and form a most valuable household treatment for sores, chafings, cuts, burns, ulcers, etc. For trial size, free, write to Dept. 7-5, Ketchum, Baltimore, Md.
