## While Waiting for Service Read This Reminder

Don't think of it as an ad. But think of the many, many old methods of housekeeping the good wife is using today, while you in your business, or on the farm, have installed the latest, up-to-date labor-saving devices.  
Buy her that new gas range, or if in the country, that new oil cooking range.  
How about that new power washing machine she wants, or electric flat iron? A modern, up-to-date refrigerator saves so many steps. The convenience of a fireless cooker can not be explained in a few words.  
We have all these goods. Think it over.

1860 **ABBOTT & SON** 1860

We furnished the lumber, mill work, glass and plaster for the Evans Hotel Bldg.—Good quality counts.
