

Blue Monday. In Bavaria and some other parts of Europe the Monday before Lent was at one time known as Blue Monday. The churches were decorated with blue, and the day was kept as a holiday by classes whose ordinary avocation required them to labor on Sunday. As this led to violent disturbances the custom was legally abolished.

ORIGINAL NOTICE.
In the district court of Iowa and for Marshall county, September term, A. D. 1915.
Alice May Connelly, sometimes written Alice May Connelly, plaintiff, vs. David John Kennedy, James Alexander Kennedy and wife, Florence Kennedy; William Douglas Kennedy and wife, Alice Kennedy; Frankie Diggins and Henry B. Diggins, her husband; Martha Jane Murray and Ira Murray, her husband; Charles Edward Kennedy and Martha Kennedy, his wife; Thomas Benton Kennedy and Mable Kennedy, his wife, and Walter Connelly, sometimes written Walter Connelly, defendants.
To David John Kennedy, James Alexander Kennedy and wife, Florence Kennedy; William Douglas Kennedy and Alice Kennedy, his wife; Martha Jane Murray and Ira Murray, her husband.
You are hereby notified, that there is now filed in the office of the clerk of the district court of the state of Iowa, within and for the county of Marshall, the petition of Alice May Connelly, sometimes written Alice May Connelly, claiming that she and the defendants David John Kennedy, James Alexander Kennedy, William Douglas Kennedy, Frankie Diggins, Martha Jane Murray, Charles Edward Kennedy and Thomas Benton Kennedy are each the joint owners of an undivided one-eighth interest in fee simple in the following described real estate, situated in Marshall county, Iowa, to-wit:
South half (S $\frac{1}{2}$) of the southwest quarter (SW $\frac{1}{4}$) of section twenty-eight (28) in township eighty-two (82) north of range twenty (20) west of the 6th P. M. of Iowa; also the north half (N $\frac{1}{2}$) of the northwest quarter (NW $\frac{1}{4}$) in section thirty-three (33) in township eighty-two (82) north of range twenty (20) west of the 6th P. M. of Iowa.
And that a division thereof can not be mutually had between them, and that the other defendants claim some interest in said property by reason of their intermarriage with the defendants last named above and asking that the shares of the plaintiff and the defendants last named above be confirmed as above set out and that a partition of said land according to said interest be had and if it be found by the court that the same can not be equitably divided or any part thereof that a sale of said premises be ordered and a division of the proceeds of such sales be made among the plaintiff and the defendants last named above according to their respective shares and asking that an attorney fee be allowed to plaintiff's attorneys for bringing this suit in the sum of \$100.00 and that said attorney's fee together with the costs of this litigation be made a lien upon the respective shares of the parties in proportion to their said interest and for costs of this action and for other relief for same see petition.
Now, unless you appear and make defense thereto, at or before noon of the second day of the next September term of said court, to be begun and held at Marshalltown, Iowa, on the 5th day of September, A. D. 1915, your default will be entered and a judgment and decree rendered thereon as prayed for in said petition.
Dated this 29th day of May, 1915.

KENYON'S PLAIN TALK

SENATOR WOULD RESIGN SEAT RATHER THAN VOTE TO MAKE WAR ON MEXICO.

SAYS NATION CAN'T FIGHT FOR FEW CAPITALISTS

Senator in Speech at Estherville Scores Those Americans and Corporations Exploiting Southern Republic and Now Beseeching United States to Afford Protection—Lives Too Precious.
Special to Times-Republican.
Estherville, June 5.—"I have no respect for the interests of Americans in Mexico, those corporations or individuals who could not make enough money in this grand country of ours and have invested in Mexican properties and now look for protection, and I will resign my seat and come home before I will ever cast a vote to send a single mother's son to Mexico to be shot down in the interests of any corporation or individual" was Senator W. S. Kenyon's summing up of the Mexican situation in a brief after-dinner talk made at a banquet tendered him here last evening by the members of the Estherville Commercial Club.
After being introduced by Judge J. N. Lee the senator talked for thirty minutes to the assemblage of nearly one hundred prominent business men and citizens, making a deep and favorable impression by his expression of loyalty and by his ideas on the national and international problems now confronting this country. He urged that all forget party lines and rally to the support of the president, stating that if this country becomes involved in the wars which now rage in Europe we might as well proclaim civilization a complete failure.

HEAD OFFERS LAND FREE.

Jefferson Has Opportunity to Secure Public Park and School Site.
Jefferson, June 5.—Captain Albert Head has made the following propositions relative to school houses and city park sites to the school board and the city council respectively:
"I will donate the following site for a high school building; the five acre tract of land just north, and across the Lincoln-way, from the old chautauqua grounds. If this proposition is accepted and a public school building built thereon, I will make a warranty deed for said tract, to be used for school purposes only. This option to be binding on me till Sept. 1, 1915, if not accepted by that date to be void."
"In the event that my proposition to donate a site for a public high school building and a public school building is accepted I will donate the sum of \$500 for the improvement of said public park and streets adjacent, and the further sum of \$100 yearly for five years for the improvement of said public park and athletic field only, reserving one-half a street on the east end of said land."

IOWA STEERS TO FRANCE.

Special Train Carries Herd Carefully Selected for Quality.
Manchester, June 5.—Delaware county is furnishing a consignment of the choicest kind of beef cattle for the food supply for the French soldiers. A few days ago H. and W. L. Carver, rothers and Charles Lundell, farmers and stock raisers of Delaware county, sold to Ike Brown, a representative of the Armour company of Chicago, for shipment to France, the 215 head of choice steers being shipped from the little town of Robinson, Iowa, to Bordeaux, France. A special train conveyed the cattle from Robinson to New York City, and will make a number of stops en route for food and water. According to a statement by Mr. Brown, these Delaware county cattle were the choicest he purchased in a long time, and the price paid the farmers was above the Chicago market price. The entire herd aggregated the neat sum of \$30,000.

HAVE HIGH GRADES.

Three Members of Graduating Class at Estherville Entitled to Scholarships.
Special to Times-Republican.
Estherville, June 5.—The commencement exercises held at the local Methodist Episcopal church Thursday evening marked the closing of the most successful year in the history of Estherville's public schools. A class of thirty-four graduated and out of this number nine have made grades during the past year averaging 94.5 and the young ladies, Misses Clara Brees, Gladys Rosenberger and Rose Blagden made the grade of 97.5 which entitles any one of them to the four-year state scholarship.

ATTACK BEQUEST OF POOR.

Relatives Seek to Set Aside Portion of McDonald Will Bequeathing \$200,000.
Monticello, June 5.—The suit brought by relatives of John McDonald, of Center Junction, to break McDonald's will which left \$300,000 to relatives and \$200,000 to the poor of Jones county is up for a preliminary airing in the Linn county district court at Marion. Mr. McDonald was a thrifty Scotch farmer and amassed a fortune of half a million. He was unmarried.
By the terms of his will, the Monticello State Bank is named as trustee of \$200,000 left exclusively for the care of the poor. The bank therefore is defendant in the suit brought by the relatives to break the will. The relatives contend that Mr. McDonald was of unsound mind when the will was made and that the entire estate should be turned over to them.
Isaac Petersberger, of Davenport, and Barnes, Chamberlain & Bardsley, of Cedar Rapids, are among the attorneys retained by the plaintiffs. The bank is represented by J. W. Doxey and Her-

CO-OPERATIVE COMMITTEE FROM EACH SCHOOL

Alumni at Ames Takes First Steps Toward Harmonizing Clashing Interests of Two Leading Educational Institutions—Seeking to Avoid Harmful Antagonisms Long Prevailing.
Special to Times-Republican.
Ames, June 5.—Alumni of the University of Iowa and of Iowa State college will hereafter work together to prevent any useless antagonism between the two institutions through co-operating committees to be appointed by each school, if the alumni of the state university favorably accept a plan proposed at the recent meeting of the Ames alumni association.
Heretofore, it was pointed out, much harm has been done by over-zealous alumni of both schools who as individuals have sometimes needlessly stirred up feeling against the sister institution thinking they were benefitting their own schools thereby. By the new plan, each alumni association will appoint a committee of three persons, the six to work together for the interest of both institutions to avoid needless agitation.
The gathering of the alumni at Ames this year was featured by the class reunions of the '05 and '10 classes with 110 members of the '05 class and their families in attendance and 42 members of the '10 class present. A ball game won by the '10 class, breakfasts and dinners and an alumni dance formed the social part of the entertainment. The '10 class voted \$450 toward the new concrete bleachers.
Three hundred and fifty old graduates attended the annual alumni dinner, where speeches were made by representatives of every five-year class from 1875 on.
On hundred sixty "home" folks from Rippey and vicinity made a sociable run of forty-five miles in twenty-nine automobiles from the southern end of Greene county to Iowa State College Wednesday, under the supervision of County Agricultural Agent C. W. Davis. This was the first time that so

KILLED BETWEEN CARS.

Clyde Fitch, of Missouri Valley, Falls to Death—Both Legs Cut Off.
Special to Times-Republican.
Leozan, June 5.—Word has been received here from Missouri Valley announcing the death of Clyde Fitch, of Missouri Valley, last night. Mr. Fitch fell between moving cars and his right leg was cut off below the knee and the left leg just above the ankle. Mr. Fitch was a barber by trade, 38 years old. He is survived by his parents and two brothers.

WINNEBESK COUNTY GAINS 509.

Decorated June 5.—The revised and final reports of the census for Winnebeshiek county have been filed with the county auditor. The returns show that the population of the county is 22,238, a gain of 509 since 1910. There were losses in eleven townships, but these were more than made up by gains in incorporated town. The population of the county showed increase except Jackson Junction.

OTTUMWA.
Mrs. Frank Warder, struck near her Hedrick home by a Milwaukee train, died at midnight last night from her injuries. She was 70 years old and a pioneer of the community.

WASHINGTON.
Ora Turner, wife and son, have started for California in their Ford. They were accompanied by Jim Conger and Red McCreedy, on a motorcycle, with side-car attached to the party car, full camp equipment, and expect to live out of doors.

DES MOINES.
Blinds on the new North High school swimming pool which will be built just south of the new building, were authorized by the school board at a meeting at East High school yesterday afternoon. The pool and the enclosure which will be erected over it will cost approximately \$4,000. The tank will be 20x50 feet.

MAXWELL.
Tuesday of this week, George Hardbrook, who has occupied the position of postmaster in Maxwell for the past eighteen years, turned over the office and effects to George J. Boltrott, the new appointee, and the latter is now our local Nasby. Clyde Hardenbrook who has been his father's deputy, will remain in that capacity, at least until Mr. Boltrott becomes more familiar with the routine of the office.

MONTICELLO.
Tuesday a big tarantula dropped off a banana stalk in the George F. Johnson store. Nearly all the bananas had been pulled from the stalk when this poisonous gentleman dropped, and he made a "screech" among the employees. A pin on the end of a stick pincioned him to the floor and chloroform was applied. He is now in alcohol. Now and then a tarantula has been found in banana stalks and in some instances they have been known to take a nip at a finger close and a bad case of poisoning results.

KEOKUK.
The playground at Fifteenth and Clay streets shows signs of great activity the past week. Carpenters have erected a neat little building to be used for store room and sanitary purposes. Several teams have been hauling dirt to level up the grounds at the north end and sewer and water connections have been made. Grass has been mowed and from actual count more than forty children play there every day. The playground association hopes to have everything in readiness by June 10th for the playground director to assume charge.

KEOKUK.
It is estimated that nearly \$50,000 worth of damage to crops was done when the Des Moines river went out of its banks Tuesday evening, announced exclusively in The Constitution-Democrat last evening. This is based upon available information received today. About seven hundred acres is under water, but it is not thought that the damage will be any greater than was announced last evening, as the Des Moines is now falling and will continue to do so through Friday unless there is more rainfall, according to the official announcement of the Keokuk weather office.

OTTUMWA.
It was decided at the regular meeting of the Ottumwa Commercial association Tuesday to solicit funds for the building of four principal highways, one in each direction out of the city and committees started out on an effort to raise the \$2,000 which will be needed to do this. The county supervisors are working with the good roads committee of the association and have agreed to put the highways in proper condition for paving and to put the oil on if the committee can raise enough money to purchase the material. The band concert committee reported at the meeting Tuesday and

CAVALRY TROOP ORGANIZED.

Eighteen Young Men of Oxford Volunteer For Service.
Oxford, June 5.—Colonel Judge Howell, of Iowa City, and Colonel Cozswell were in Oxford attending a meeting at the city hall, called for the purpose of recruiting in Oxford a cavalry troop. Colonel Howell spoke at length, stating the conditions and requirements, after which he called for volunteers, and eighteen of our best young men came forward at once and enrolled themselves. Colonel Howell called for thirty-three young men, which would make half a troop to be united with a like number from Williamsburg and which would be known as Troop C. The enlistment is for three years unless sooner discharged for good and sufficient reasons. Members of the troop must furnish their own horses. The government will furnish the uniforms, saddles and blankets, and also all other accoutrements for both men and horses. They will be required to drill one evening each week. The state will furnish each troop of six men \$1,000, or of each half troop with \$500, to be used in furnishing an armory or club room. Colonel Howell depicted in glowing terms the advantages to be derived from this organization, and said that it would put Oxford on the map of the United States.

Dependability versus Ingenious Claims
MORE than 75 Concerns now manufacture Tires. We believe that the average Tire Manufacturer is fair in his treatment of Adjustments, and that few deliberately misrepresent their product, either verbally or in print.
We believe that no Tire Manufacturer can afford to make statements in print about his product, which statements cannot be borne out by the performance of his Tires, in actual use.
We believe that the Tire has never been made which will not "Rim-Cut" if run "flat" for any considerable distance, and that many makers, including ourselves, have always produced Tires that would not otherwise "Rim-Cut."
We believe that the cutting out of needless expenses like this (which our Precision Methods save) constitutes one of the strongest reasons why the largest Rubber Factory in the World (Ours) produces the greatest Mileage—per Dollar of Cost—in its Tires.
And "THE PROOF of the Tire is in the Mileage thereof."
We believe that the House which sticks to the Truth in its Advertising, is considerably hard to stick to the Facts in its Selling.
You have never yet found anything in Goodrich Advertising which was not in the Goods it advertised.

Are You the TWENTIETH MAN?
It is said on good authority that there are only five men out of every hundred, who after the age of sixty years, are not dependent upon
THEIR DAILY EARNINGS, THEIR RELATIVES OR PUBLIC CHARITY.
A man of sixty years made this lament in our presence not long ago: "I ought to be able to simply live and enjoy myself, instead, however, I must keep on 'knuckling down' just because all thru my best working years, I did not save a part, even a small part of my earnings."
If you are still young or in your prime, NOW is the time to plan for the later days of life. Observe the self-reliance of your friends who persistently save some part of their earnings; they will depend on no one for the comforts of life during the retirement of their sunset years.
