It Is a Good Rule

To "PREPARE" means something more than getting a haphazard education. It means getting a THOROUGH BUSINESS TRAINING.

Enter Summer School Next Monday

We teach stenotypy, shorthand, typewriting, bookkeeping, and modern business methods. We teach them so thoroughly that our graduates are always in demand at good salaries.

Central Iowa Business College
Marshalltown, Iowa

It Pays to Buy Good Machinery, and Make Hay While the Sun Shines.

The John Deere and Dain hay machinery has for years been among the best. The Deere, Dain mower and Dain loader is greatly improved this year and far better than before. In the line of cylinder loaders there is none better than the new Deere. We want to call your special attention to the Dain side delivery rake. This rake has three sets of teeth which revolve slowly, gently lifting and turning the hay into a loose, continuous windrow, leaving it in an ideal condition for the air from the sun heated stubble to pass thru and carry away the moisture, and easy for the loader to pick up. Will rake the hay clean and leave all trash.

Don't forget that we sell the good John Deere light draft binder. It will pay you to get one this year. It will pick lodged grain better than any other binder on the market.

WINNERY FAMILY IN REUNION AT BANGOR

DESCENDANTS OF ZIMRI WHINERY HOLD ANNUAL GATHERING.

F. Z. WHINERY, OF UNION, IS ELECTED PRESIDENT

J. M. Whinery, of Union, Chosen Vice President; Harry Hollingsworth, Secretary and Ralph Kirk, Treasurer—Last Son and Daughter of Zimri Whinery Died Since Last Reunion.

Sixty descendants of Zimri Whinery, one of the very early settlers of the county and the founder of the Whinery family of this county, held their sixtieth annual reunion and picnic at Bangor Thursday. The reunion was less largely attended than usual, probably because it was hastily arranged.

It marked a new period in the gathering of this family, for it was the first reunion that sons or daughters of Zimri Whinery did not attend. At last year's reunion the two living children, Samuel Whinery, of this city, and Mrs. Sarah J. Hollingsworth, of Bangor, were present. Both have died since then, Samuel Whinery being the last to be stricken.

The program provided for Thursday was a very informal one. A few musical numbers were given, but most of the day was spent visiting and renewing family ties. A big picnic dinner was served at noon.

At the short business meeting the officers elected were: President, F. Z. Whinery, Union; vice president, J. M. Whinery, Union; secretary, Harry Hollingsworth, Bangor; and treasurer, Ralph Kirk, Bangor.

MARRIED.

Smith-Middleton.

The marriage of Miss Hazel M. Middleton and Floyd Smith took place on Thursday evening at the new home of the bride and groom, 208 South Twelfth street. Rev. W. H. Scott performed the ceremony in the presence of forty guests at 8:30.

The bride wore a dainty dress of white pussy willow taffeta and net and carried a bouquet of bride's roses. She was attended by Miss Pearl Smith, sister of the groom, who wore a pretty white lawn dress. The groom was attended by his brother, Harold H. Smith, as best man.

Smilax and syringas were used in decorating the rooms and formed a bower in which the bridal party stood during the service. The wedding march from Lohengrin was played by Melvin Bridges, of Montour, who also played "O Promise Me" during the service. Little Vivian Bridges was the ring bearer.

After the ceremony a three-course supper was served. The bride is a daughter of Mrs. Ella Middleton, 211 South Third street. The groom is a son of Mr. and Mrs. M. L. Smith, 202 North Third street.

Guests from away were: Mr. and Mrs. Edward Corfe, Union; Mr. and Mrs. Morris Bridges and son, Dillon; Mr. and Mrs. W. D. Bridges and children, Vivian, Velma and Delmar, Montour; and Miss Minnie Bridges, of Minneapolis.

CHAUTAQUA AT ALBION.

Opening Entertainments Are Well Attended and Programs Please.

The Albion chautauqua opened Thursday afternoon with a program of music and readings by Kusey's Orchestra. The same organization furnished the entertainment for the evening program. The programs are being given in a tent on the public square and the attendance at both programs Thursday was large.

The Jones Duo Company gave a program this afternoon consisting of readings, solos and instrumental pieces. Clifford Roe, of Chicago, also gave a lecture. The program this evening will consist of a humorous lecture by Francis Clifford with a prelude by the Jones Duo Company. Saturday afternoon Professor and Mrs. Reese are scheduled for a song and piano recital with a lecture by J. Ewing Cowgill, entitled "Something to Eat." The Reese's will again give a short program Saturday evening, preceding a lecture by S. Bose, on "India and Her Awakening." The chautauqua closes Tuesday evening.

BOARDMAN IN SEMI-FINALS.

Youthful Local Golfer Still Playing in State Tournament.

Elderkin Boardman, the son of Mr. and Mrs. C. H. E. Boardman, and one of the younger golfers of the Country Club, has worked his way into the semi-finals of the state golf tournament that is being played over the course of the Cedar Rapids Country Club. By beating R. E. Knepper, of Sioux City, 1 up Thursday Boardman is one of four who play today for the honor of advancing into the finals.

Fred Letts, of Cedar Rapids, the son of P. C. Letts, and well known here, has worked his way into the semi-finals of the championship solace, a flight for the sixteen players who were defeated in the first round of the championship flight.

DENMEAD WINS GOLF PRIZE.

Local Golfer Figures in Advertising Men's Tournament in Chicago. Dwight H. Denmead, of this city, was one of the prize winners in the one day tournament of the Western Advertising Golfers' association at Chicago Thursday at the Glen Oak County Club. Denmead, with a gross score of 50 and a net score of 40, won the low net score for the second nine holes of the eighteen. His gross score for the eighteen holes was 100 and the net was 80.

Another player in the tournament was Lloyd R. Maxwell, a former local golfer. Maxwell's brother, Ray Maxwell, won the low gross prize for the first nine holes with a 43. Denmead had been in Chicago attending the advertising men's convention.

Horses Without Owners. J. C. Lloyd has reported to the sheriff's office that there are two horses in

the North Center street road, six miles north of this city that evidently have strayed far from home. They have been in the road since Monday and no one in the neighborhood claims them. Both the horses are bays, one a horse and the other a mare.

AMUSEMENTS.

At the Orpheum. Strauss and Becker who offer what they term "a refined musical act," are the best performers on the Orpheum bill for the last half of the week. Strauss wears a white flannel dress suit and plays long and well on the saxophone. The lady member of the team accompanies him on the piano and afterwards does a few tunes on the saxophone. The Millard brothers, comedy cyclists, would have a better act if they could confine themselves more to cycling and less to comedy. Most of their humorous efforts were of a rather low order. Their cycling was very good. Hilda Orth, a pale young woman, sings a few songs and plays the piano. Fair sized audiences saw the performances Thursday evening.

FARMERS AND GROWERS

Western Grocery Canning Factory Now Accepting Acceage For Late Cabbage—Farmers Having Lands too Wet For Corn Should Plant it in Cabbage.

Should you have a piece of land or field which has been too wet for corn, there is yet plenty of time to plant it to cabbage.

We have a limited quantity of plants, which we can furnish for \$1 per thousand. Call at our office for further particulars or phone No. 7. Western Grocer Canning Factory.

St. John's Day Not Observed.

St. John's day, one of the days commemorated by Masonic lodges, which falls on June 24, was not observed by the local lodge Thursday. In recent years the day has been observed by a picnic in which members of nearby towns were invited to participate, but no plans were made for such an observance this year.

Mrs. Willard, Pioneer of City, 83 Years Old

Mrs. Matilda Willard, the widow of Hiram Willard, founder of the firm of H. Willard Son & Co., and one of the pioneer women of the city, was 83 years old Thursday. She celebrated the day very quietly at the home of her daughter, Mrs. C. H. Hull, 408 West State street, where in the evening all the relatives came for a family gathering.

Mrs. Willard is one of the oldest women of the city and she has lived here since 1868. Altho past four score years of age, she is in many ways a most remarkable old lady. She is up and about every day and has full possession of all her faculties and is most active.

"She's down town every time she is able to get the machine out to take her," was the cheery comment on her health her son-in-law, C. H. Hull, made.

Mrs. Willard is the mother of L. R. Willard and Frank H. Willard.

Attention! Members A. O. U. W. No. 113 As our financier Mr. W. A. Rice is still away from home we wish to say that all books have been examined by the Grand Lodge Auditor Mr. H. C. Bachrodt and found to be in the best condition up to date. Assessment No. 6 can be paid to Mr. Henry Pappé at the store. Respectfully, Weaver & Petersen.

Local Weather Record.

Eighty and 62 were the extremes of temperature Thursday compared with 78 and 50 the maximum and minimum Wednesday, and 93 and 66 the extremes a year ago. At 7 o'clock this morning the temperature was 67, three degrees cooler than at the same hour Thursday morning.

Miss Margaret Biernatzki, of Aurora, Ill., and Miss Dorothy Sibley, of Burns, Wyo., who have been visiting at the home of their aunt, Mrs. H. H. Center, left Thursday for their homes. Miss Sibley was accompanied by Miss Mabel Moore and Miss Helen Center, the latter of Grinnell, and will stop to visit friends at Fort Dodge on the way to Burns.

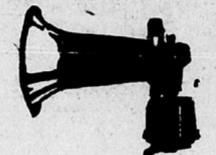

Hand Klaxon 64

If your automobile has no batteries or electricity and you want a good hand signal at a low price, there's the Hand Klaxon at \$4. New this year. A Klaxon through and through. Klaxon quality, Klaxon permanent guarantee.

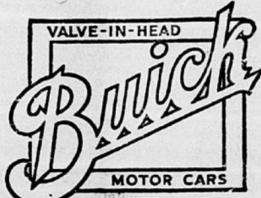

The Hand Klaxon, larger and louder, at \$7.50. The Klaxet, better than either because it operates by electricity with a handy electric button, \$9. Motor-driven—not a "buzzer." The Klaxonet is \$15; the big Klaxon found on all high-priced cars, \$20.

We will show you any of these, or put one on your car on trial.

Type L Klaxon 620

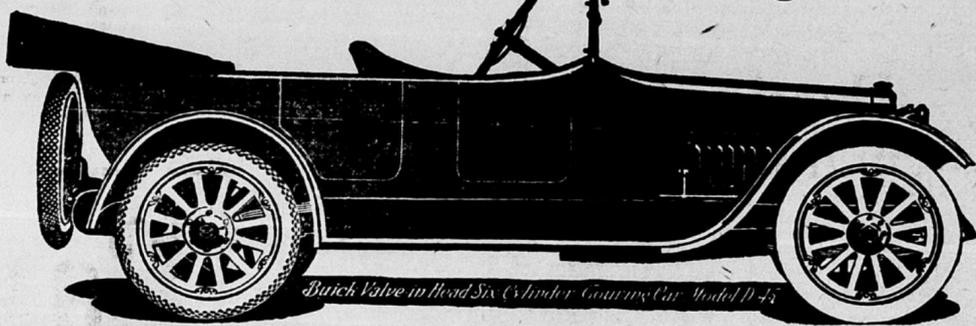

The G. W. Darling Co.
19-21-23 West State Street.

Announcement

The public wants Buick Sixes, so many of them that we shall build nothing else in 1916

PIONEER BUILDERS OF VALVE-IN-HEAD MOTOR CARS

\$985

Regardless of the car you buy or the price you pay, nowhere can you get greater value

More enduring than chrome vanadium steel, more wonderful than the finest workmanship, is the idea that can dominate an industry. In this day when more Buicks are being built than ever before it is interesting to remember that the distinguishing characteristic of the Buick, the Valve-in-Head Motor, has existed as an idea for twenty-five years and been built into Buick cars for thirteen years.

From 1903 to 1907 the Buick Valve-in-Head was a two cylinder engine. From 1908 to 1914 four cylinders dominated the field and the Buick Valve-in-Head Four dominated other types. The Buick Valve-in-Head Six was first put on the market in 1913. Fours were also continued—but the Valve-in-Head Six had stirred the imagination of the car-buying public. The demand from the start outpaced the production. This demand has become so overwhelming that now—for 1916—the

Four gives way to Sixes. Two chassis, both Sixes, with roadster, touring car, coupe, sedan bodies. The Six has been made standard because in the Six the Valve-in-Head idea has its greatest opportunity for service.

Also since the first appearance of the Buick Six there has risen an insistent demand for smaller Buick sixes.

The Six is a natural, logical, efficient form for the Valve-in-Head type. Never before has the Valve-in-Head idea had such adequate materialization.

This year the Buick factory is arranged for Sixes exclusively. The production will be large. Demand necessitates a steady stream of Buick trains leaving the factory during the season.

And the Power, Economy, Dependability and Comfort of 1916 Buick Sixes justify this demand more than ever. Study the specifications and you'll see why.

1916 SIXES Exclusively

HORSE POWER—Built regularly in 45 and 55 horse power, Six-Cylinder Valve-in-Head motor with two size chassis. WHEEL BASE—115 and 130 inches. REAR AXLES—Genuine full floating, with spiral bevel gear drive. REAR SPRINGS—Buick special cantilever. BODY—Full stream line exceptionally roomy for both passengers and driver. One-man top with clear vision side-curtains, which remain attached and fold neatly in top when not in use. WIND-SHIELD—Two-piece rain vision and ventilating. LEFT HAND DRIVE, and center control. Quick demountable rims. UP-HOLSTERING—Fine quality, genuine leather, luxuriously trimmed over curled hair and deep coil springs. Handsomely painted and finished.
