

RUSS TAUGHT COSTLY LESSON

Officialdom Taught Soldiers Can Not Fight Without Munitions.

HASTEN TO REMEDY PRESENT DEFECT

Board of Munitions Created With Un- limited Power to Seize and Control Private Factories — Comparative Quiet Prevails on Western Front — French Forces Making Gains Against Turks—6,000 Dead Found in Trenches

London, June 30.—Russia's reply to the brilliant series of Austro-German victories in Galicia is a law setting up a board of munitions, empowered to spend unlimited money and given virtually unrestricted power over all private interests.

It is reported in Petrograd that the creation of the board bears law with a celerity that was absolutely astounding, which is taken to indicate that the country fully realizes that the recent disasters to the forces of Grand Duke Nicholas largely were due to lack of munitions and equipment.

Comparative quiet prevailing on all fronts except on the border between Russian Poland and Galicia, the attention of the English public is again turned to diplomatic questions.

Bulgaria, it is said, is not satisfied with the territory offered by the quadruple entente.

Rumors of a break in diplomatic relations between Italy and Turkey again are rife. With the exception of the French claim that they have retaken all trenches captured by the Germans in the Vosges, no changes on the western battlefield is reported.

6,000 Dead Turks in Trenches.

Paris, June 30.—The Havas Agency dispatch from Athens says the exhaustion of the Turks facing the French forces on the Gallipoli peninsula is evident and leads to the belief that the Turkish position at Krithia will soon be taken by assault. In a recent advance made by the French, it is added, 6,000 Turks were found dead in the trenches and the front was taken.

Recent fighting in the Dardanelles has resulted in an appreciable advance by the allies, the dispatch declares. The French troops under General Gouraud, commander of the French expeditionary forces at the Dardanelles, particularly distinguished themselves.

Facing the French, the Athens correspondent continues, the Turkish front does not exceed three and one-quarter miles. The Turks are meeting with growing difficulties in bringing up reinforcements and supplies.

It is reported from a reliable source, the correspondent adds, that German officers have left Jaffa, in Palestine, and an important port in a neutral state, for Tripoli, to lead the natives there against the Turks. The Turks are said to have gained to their cause a Senegal chief, who promises a general rising of the Arabs in Tripoli.

Two Turk Trenches Captured.

London, June 30.—A British official statement today says with operations in the Dardanelles announces the capture of two lines of Turkish trenches and that three lines have been stormed.

Turk Report Differs.

Amsterdam, June 30.—An official communication issued at Constantinople announces that the Anglo-French forces on June 23 struck the left wing at Avri Burnu and the Turkish right wing at Sudd El Bahr but were repulsed with very heavy losses. The Turkish center, the statement adds, captured two lines of allied trenches and silenced the allied batteries on Capt Tepeh.

Socialist Pleads For Loyalty.

Berlin, June 30.—Among the items given out today by the Overseas News Agency was the following:

The socialist leader, Dr. Knib, has published a pamphlet in which he says the socialist party is at the parting of the ways. He declares the war has laid a new basis for the whole German people and the monarchy. The socialist, he adds, should cease to fight against so-called militarism, if they should be convinced their opposition to military system for the army is no longer tenable. They realize that their task is, above all, national, that they should become capable of parliamentary action, as otherwise the party is due to perpetual lack of influence.

The assertion made by David Lloyd-George that Germany, while preparing armaments, was friendly and meek toward all the powers, especially Great Britain, was officially refuted by the German government as a baseless defamation. The best proof of the contrary is that Germany soon after the beginning of the war suffered from lack of ammunition, which, however, was quickly removed by the promptness of German efficiency.

Russians Still Retreating.

Berlin, June 30.—The Russians have begun a retreat from the Vistula river and the district of Zamos, southeast of Lublin, in Russian Poland, according to the official statement issued today by the headquarters staff.

MEXICANS MAY DISCUSS PEACE

Leaders of Warring Fac- tions Said to Be Ready to End Strife.

ROBLES AUTHORITY FOR PEACE REPORT

Declares Heads of Two Leading Parties Have Agreed to Discuss Means to Bring End to Revolution Soon — United States Authorities Search El Paso For Felix Diaz, Said to Have Secretly Crossed Border.

El Paso, Texas, June 30.—The possibility of peace being considered soon by the leaders of the two warring factions in Mexico and the continued search by federal authorities for Felix Diaz, nephew of former President Diaz, reported to have reached El Paso secretly last night, were the outstanding features of the Mexican situation today.

Jose Robles, minister of war in the cabinet of Eulalio Gutierrez, former provisional president, was authority for the statement that leaders of the two dominant factions had agreed to discuss peace plans. Robles declined to discuss any of the proposed terms but expressed the belief that developments might be expected by the middle of July. Robles arrived yesterday from the south, presumably to act as mediator.

Since the overthrow of the Gutierrez government, Robles says he has taken no part in the Carranza or Villa cause. Robles is known to have conferred with men high in the councils of both factions.

Fail to Locate Diaz.

An all night search had so far failed to disclose the whereabouts of Felix Diaz. Friends of Diaz were silent on the subject, while adherents of General Huerta professed ignorance of the incident.

Advices from Carranza stated that General Villa, entrenched in Encarnacion, thirty miles south of Aguascalientes, was engaged in desperate fighting with the Carranza forces under immediate command of Gen. Benjamin Hill. In a message to Miguel Alemán, his foreign minister, General Villa expressed pleasure over the action of American authorities in apprehending Generals Huerta and Orozco. Villa instructed Lombardo to telegraph President Wilson of his appreciation.

Hospital Supplies for Capital.

Galveston, Tex., June 30.—Arnold V. Shanklin, American consul general, and Charles J. O'Connor, representing the Red Cross, are expected to reach Mexico City tonight with a large quantity of medical supplies for the use of the Red Cross hospital at the capital, according to advices from Vera Cruz. With two aides they left Vera Cruz last night and halted at Apizaco.

Report Adds to Rio del Fuerte Troops in Mountains.

The report adds that 500 tons of food for the army was sent to Rio del Fuerte today under guarantee of safe transportation by Carranza.

Red Cross food supplies sent to Vera Cruz on the transport Beaufort remain in the city, says the dispatch, which they could easily be transferred to the interior.

Commenting on the report from Carranza on June 19, that General Carranza had taken refuge in the Castle San Juan de Uloa, the dispatch says:

"The report was absolutely unfounded. The first chief remains at his headquarters in the Ferros building, where he sees the public daily."

Huerta Troops in Mountains.

Laredo, Tex., June 30.—Alleged Huerta troops were concealed in the mountains of Chihuahua, Mexico, last Thursday, and from some time before that, according to a letter reaching here today from Madra, in the state of Chihuahua. This letter, dated June 17, says:

"The mountains are full of Huertistas and they are paying for everything with Mexican gold and national bank notes."

The letter says a sack of flour at Madra costs \$350 in Mexican money.

Today's reports of the fighting between Carranza and Villa forces in Monterey said shooting was almost incessant and loss of life was heavy.

MORE MEXICANS ARRESTED.

United States Officials Have Six Men in Custody in Addition to Huerta.
El Paso, Tex., June 30.—Gen. Marcello Caraveo, 1st and Frank Alderete were arrested by federal officials today in connection with the alleged Huerta plot to launch a new revolution in Mexico. They were arraigned before United States Commissioner George Oliver.

Caraveo's bond was fixed at \$5,000 and \$4,000 each was fixed on the Alderete brothers. This makes a total of six arrests on similar charges since Huerta was taken from a train at El Paso by the United States officials. Yesterday Jose Zozaya was taken into custody. Zozaya is owner of a large warehouse where officials recently located a quantity of machine guns, rifles, and ammunition. Caraveo is known to have been in conference with Huerta yesterday. He was one of Orozco's chief officials in the revolt against Madero.

The Alderete brothers were residents of El Paso and were two of the bandmen who furnished surety for Huerta and Orozco.

CROWDS ATTEND CLARK WEDDING

Blanket Invitation to Peo- ple of State Brings Throng.

MANY NOTABLES AMONG GUESTS

President, Members of Congress and Others Send Valuable Gifts—News- boys Employed by Editor-Groom Send Tablet—No Liquors Served at Wedding Feast—Guests Served From Huge Tables Spread at Clark Home.

Bowling Green, Mo., June 30.—Miss Genevieve Clark, the 20-year-old daughter of Speaker Champ Clark, of the national house of representatives, was married here at the home of her parents late this afternoon to James Thomson, editor of the New Orleans Item.

Hundreds of guests from other states, many of them prominent in the political life of the nation, came to Bowling Green to attend the wedding. To the people of this state Speaker Clark issued a blanket invitation, and so great was the throng that took him at his word that Bowling Green could scarcely hold it. To provide quar- ters sleeping cars were sidetracked in the local railroad yards.

President Sends Gift.

The wedding took place on the lawn of "Honey Shuck," the Clark home. Rev. Robert S. Boyd, of Louisville, Ky., cousin of the bride, was the officiating clergyman. For weeks wedding presents from far and near have poured into the Clark home. President Wilson sent two silver caskets. The Missouri congressional delegation sent a silver flower basket, three feet high, adorned with hundreds of red and white roses. The newsboys and paper carriers of the New Orleans Item sent a silver tablet, a fac simile of the first page of the Item.

Notables Among Guests.

Among the guests were Henry Watterson, editor of the Louisville Courier-Journal; Norman E. Mack, of Buffalo, former chairman of the democratic national committee, and Congressman Mann of Chicago, republican leader of the house. Members of congress were present, Senators Reed and Stone came on a special train, and Governor Major, of Missouri, a life-long friend of Speaker Clark, his conspicuous place among the guests.

Romance Began at Baltimore.

This interesting romance began in politics at the democratic national convention in Baltimore, where Mr. Thomson was a fierce champion of the party. He was elected to the presidency, and where he met Miss Clark. The marriage will be performed in an atmosphere of politics—from which partisanship has been removed.

Every train arriving in Bowling Green brought guests for the wedding, and hundreds arrived in automobiles. In Missouri for this day there is no other place.

Missouri was not written in when the formal list of invited guests was made out by the speaker and Mrs. Clark, but they caused to be published an announcement that every Missourian was invited and would be welcome. This invitation was accepted by hundreds, for the Clarks are popular.

Wed in Pergola.

The ceremony was performed at 4 o'clock under a pergola on the lawn of "Honey Shuck," the Clark home. The pergola is built under one of the honey locust trees, from which the home gets its name. At one side is a mass of blooming hollyhocks of every color.

Mr. Thomson, the bridegroom, arrived Monday, he became the object of a friendly interest on the part of the whole town. Wherever he appeared every eye was focused on him. Bowling Green saw a tall, slender man, 27 years old, with red curly hair.

Alcoholic Beverages Barred.

Women of Pike county based all the wedding cakes and these were brought to "Honey Shuck" during the day. Likewise came a crate containing twelve dozen frying chickens ready for the pan. These were the gift of a Pike county man, who was a pupil of Mr. Clark.

In the dining room of the Clark home a table twenty-seven feet in diameter was built in sections and an- other was constructed on the veranda. The menu and other details are being closely guarded from the public, but Mr. Clark said no alcoholic beverages would be served, not because he was opposed to them, but because Bowling Green is a "dry" town.

OBKALOOGA HAS \$25,000 FIRE.

Grain Elevator Burned and Adjoining
Special to Times-Republican.
Oskalooga, June 30.—Fire of unknown origin last night burned the grain elevator of W. K. Nell and H. F. Moyer, together with adjoining outbuildings causing damage to the New Sharon cement plant and the Eclipse Lumber Company. The total loss will reach \$25,000.

Commencement at Amherst.

Amherst, Mass., June 30.—Secretary of State Lansing and Governor Whitcomb of New York were guests at the commencement exercises of Amherst College today. Both are graduates of Amherst. It was expected both would deliver addresses at the commencement July 5.

President Prolongs Outing.

Washington, June 30.—At the White House today it was stated that President Wilson plans to remain at Cornish, N. H., until the 3rd of July, the second American note on submarine warfare has been received. The president's first plan was to return July 5.

WILSON ABANDONS COAST TRIP.

Political Advisers Regret Inability of President to Make Trip.

Washington, June 30.—President Wilson will not visit the San Francisco exposition, making political speeches en route.

An intimation to this effect was given by White House officials today. Originally Mr. Wilson had planned to make the transcontinental tour in March. Because of the international situation he remained in Washington. The suggestion then was made that he would start for the Pacific coast in the fall. There is a chance, however, that an extra session will be called in October to provide new taxes in order to place the treasury upon a sound basis. Moreover, the international situation will hardly be alleviated by that time. Even if peace should be under discussion it would be necessary for Mr. Wilson to be in the east.

The political advisers of the president regret his inability to go west. They believe he would be royally re- ceived and that his trip would do the party a great deal of good. It is prob- able that early next year the president will make the tour just before the pri- maries begin.

El Paso, Texas, June 30.—The possi- bility of peace being considered soon by the leaders of the two warring factions in Mexico and the contin- ued search by federal authorities for Felix Diaz, nephew of former Presi- dent Diaz, reported to have reached El Paso secretly last night, were the out- standing features of the Mexican situ- ation today.

CHICAGO SHUTDOWN HITS 200,000 MEN

Becomes Effective Thursday and Affects All Industries Allied With Building Trades—To Remain in Force Until Carpenters Yield to Arbitration

Chicago, June 30.—A general shutdown of allied building constructions and kindred interests will go into effect tomorrow. All plants will remain closed until a complete settlement is reached with organized labor.

The order to shut down will throw out of employment near 200,000. Several teamsters engaged in hauling material, the building trades, carpenters, painters, plumbers, electricians, and kindred interests will be out of work. The industries to close and the number of establishments are:

Lumber interests, seventy yards.
Brick manufacturers, forty-four yards.
Lime kiln companies, twenty-four.
Sandstone and gravel interests, fifteen establishments.
Sash, door and blind mills, forty-eight.
Planing mills, ten.
Terra cotta plants, two.
Elevator operating companies, three.
Hardwood floor manufacturers, five.
The general shutdown is intended to force the 16,000 striking carpenters, who have been in strike since May 1, to agree to a settlement by arbitration.

The carpenters went out because they were refused a wage increase from \$5 to 70 cents per hour.

WILL DISMISS HAZARDS.

Secretary Daniels and Admiral Fullam Discuss Charges.
Washington, June 30.—Secretary Daniels and Rear Admiral Fullam, president of the naval academy, conferred today over the investigation into charges of hazing, brought out at the inquiry into irregularities in examinations, now in progress at Annapolis. The academy has been hazing, said Secretary Daniels, "he will get out of the academy. There is no discretion to be exercised. The duties of academy officials are plain. Every midshipman has been repeatedly admonished of this, so no one can say he did not know."

DUMBA WAS NOT PRESENT.

Denied That Austro-Hungarian Ambassador Attended Peace Meeting.
New York, June 30.—General Van Nuber, general of Austro-Hungary, pointed out today that a general and erroneous impression existed that Dr. Constantin Dumba, the Austro-Hungarian ambassador, was present at the recent meeting of the American Peace Society at Madison Square Garden in this city.

"Dr. Dumba did not attend the meeting," Mr. Van Nuber said today, "nor was he in the city at the time it was held."

HUGE PROJECTILE ORDERS.

Pittsburgh Steel Mills Turning Out
Munitions For European War.
Pittsburgh, Pa., June 30.—Steel mills in the Pittsburgh district have received in the last few days orders for projectile steel which aggregate 75,000,000 tons. Latest sales have been made at \$33.00.

Tin plate mills in the district are also receiving foreign orders for quick delivery, enough having been booked, it is reported, to keep the mills in operation the remainder of the year.

President to Open Celebration.

Cornish, N. H., June 30.—President Wilson tomorrow will press a button formally opening the Wilson day celebration at San Francisco exposition. A wire to form the local connection has been strung from the village to Harlakenden House.

The president rose early today and went to Hanover, N. H., for a round of golf on the Dartmouth College links. The golf was to be followed by an automobile ride. He was to be accompanied by Dr. Grayson.

Commencement at Amherst.

THAW'S ATTORNEY'S COMPLETE EVIDENCE

Prosecution Ready to Begin Assault
of Bulwark of Evidence Built Up to
Prove Sanity of Thaw—Last Witness
For Thaw Cross Examined.

New York, June 30.—Attorneys for the state were ready today to begin their assault on the bulwark of evidence constructed by Harry K. Thaw to prove that he is sane. When the hearing was continued the state took up the cross examination of the last of the Thaw witnesses. It was expected that these witnesses would be disposed of in time for the prosecution to introduce documentary evidence today.

Deputy Attorney General Becker today submitted Dr. Charles T. Mills, of the University of Pennsylvania, one of the Thaw alienists, to a rigid examination on the manifestations of paranoia. The witness refused to modify his opinion that various acts in Thaw's life, which the state alienists held were symptomatic of paranoia, were those of a sane man. Thaw, Dr. Mills said, had told him that he had objected to an alleged scheme on the part of certain lawyers and alienists, prior to his first trial for murder, to send him to Matteawan in order to avoid publicity and to protect Stanford White and others of their allied relations with young girls.

"Thaw wanted the facts brought out and the witnesses, but that is not evidence that he had a paranoiac delusion in the matter."

MAY ARMY OFFICERS RESIGN?

Resignation of Lieut.-Col. Horney
Filed to Meet Question.
Washington, June 30.—Attorney General Gregory today asked Secretary Garrison for a statement of the facts in the case of Lieut.-Col. Odus C. Horney, the army ordnance officer commanding Planting Arsenal at Dover, N. J., whose resignation to take a position with the Dupont Powder Company, prompted Mr. Garrison to ask for an opinion as to the officer's right to resign in time of peace. Mr. Garrison will decide the feasibility of accepting the resignation of ordnance officers after the attorney general has decided what the law is.

Mr. Garrison pointed out that there was a question of whether the ordnance officer might not be doing the government a good service if his resignation meant the development of commercial plants manufacturing arms and ammunition.

Major William A. Phillips, the other officer whose case is pending, tendered his resignation after Attorney General Gregory's opinion had been sought by the secretary of war.
