WILL AVOID HASTY REPLY TO GERMANY

Condition So Serious as to Demand Lengthy and Careful Consideration.

BERNSTORFF SEEKS AMERICAN ATTITUDE

Secretary Lansing Begins Draft of Reply But Views of Administration Are Carefully Guarded—Conference Between President and Chief Aid Is Cancelled—Position of United States to Be Clearly Defined.

Washington, July 12.—The situation between Germany and the United States has taken such a serious and critical character that the policy of the American government will require lengthy and deliberate consideration that it may have the firmness which the circumstances require.

This was the statement made today in the high official quarters after taking several days to examine the German reply may not go to Cornish, N. H., after all, to consult with President Wilson. The original plan, it was explained, was for the president and Mr. Lansing to confer and then have the secretary of state draft a note to be submitted to the cabinet on the president's return to Washington. Now belief is that the president and Mr. Lansing, working independently, will prepare memoranda and confer after their ideas have matured.

Seeks Attitude of Government.

Count von Bernstorff, the German ambassador, asked secretary Lansing if he wishes to see him, and the secretary is understood to have replied that it does not appear to be necessary to examine the situation. The ambassador is seeking information on the attitude of the American government towards the German reply. After Mr. Lansing has consulted President Wilson it is not unlikely that some intimation will be given to the German ambassador of the seriousness with which the United States government regards the crisis.

Begin Draft of Reply.

Secretary Lansing has begun work on a new draft of a reply to Germany, but has not given any one the slightest inkling of his views. Such intimations, however, as have been received from the White House as well as from a state department to express even more emphatically than before the views of the United States and the belief is growing that the next note may include some idea of the intentions of the American government if it is not met.

General Comment in Executive Quarters Today Was That the Next American Note Would Define the Position of the United States Even More Clearly, So That Germany's Subsequent Attitude Would Define the Terms of the Diplomatic Relations to Be Continued.

At the White House it was stated there had been no word of any change in the president's plan and it was announced he would not return from Cornish for several days.

Wilson's Release Relaxation.

Cornish, N. H., July 12.—President Wilson played golf here this afternoon and sought relaxation from the press of official duties which have kept him busy during the last few days. On the way to the golf course he sat on the seat of the automobile driver, apparently absorbed in thought, but on reaching the house he became absorbed in his game.

British View of German Note.

London, July 12.—The Manchester Guardian concludes an editorial on a reply to the American note, as follows: "Germany can not obey the law of humanity while she uses submarines to do cruelties work, she can not with characteristic logic that it is her duty to break them. It is kind of logic which America has a simple proof that she will not tolerate and coupled as it now is with the attempt to make the United States dispute in German methods by publishing to Berlin the names of the men who are to go and thereby implicitly consigning them to their fate, it will probably induce President Wilson of the fully continuing diplomatic relations with Germany so shameless."

Grandson for Kaiser.

London, July 12.—The Kaiser's grandson, Prince Wilhelm, is expected to be born in the latter part of the month. The prince was married last night to Countess Bassowitz-Lovett.

RUSSIANS HALT AUSTRO ADVANCE

Activity of Czar's Armies Temporarily Relieves Warsaw.

AUSTRIANS EXPLAIN PAUSE IN OPERATIONS

Declare Object of Lemberg Campaign Has Been Accomplished—Russians Bring Up Reinforcements and Austrians Are Kept Busy in Repulsing Counter Offensive—Russian Successes Are of Local Character.

Austrian Army Headquarters in Galicia, Sunday, July 11, via London, July 12.—The relative subsidence of activity on the part of the Teutonic allies the past week may be explained by the fact that the goal set for the Lemberg campaign had already been attained. This was the recapture of the city and the taking of strong fortifications to the eastward and northward of Lemberg. These positions have now been secured along the line of the Zlota Lipa and Bug rivers and the ridge to the northward of Krasnik.

The Russians attempted a counter offensive from Lublin against the Austro-German positions north of Grasniki, bringing up heavy reinforcements for this purpose.

At All Russian Attacks.

Owing to this movement the Austrian troops, which had rushed beyond the position originally selected, withdrew to the ridge where they have been successful in repulsing all Russian attacks. They feel secure in their present positions and it is believed here they can be easily held against whatever forces Russia can throw against them.

Indications Now Point to a Period of Quiet Along the Russo-Galician Frontier, While the Teutonic Allies are Preparing for Operations in Other Quarters.

Austrian Army Checked.

Russian Successes Temporarily Relieve Situation at Warsaw.

London, July 12.—Comparative calm exists in the various fighting areas with the exception of the Italian front where the Italians claim a substantial advance in their efforts to invest Trieste. Petrograd is elated at the Russian success over the Austrians, who are said to have lost one of the three corps which began the advance against Lublin. The Teutonic allies are reminded, however, that this is only a local triumph on forty miles of a 1,000-mile front.

Austrian operations against the Warsaw railroad have been checked, if not thwarted, which means that the threatened advance on Warsaw is a little less dangerous than when the Austro-German attacks began.

A dispatch from Austrian headquarters in Galicia explains the apparent lull in the Austro-German advance by asserting that the Teutonic allies seek Lemberg as the objective of the present campaign with the idea of establishing themselves in strong defensive positions to the northward in order to use part of their troops elsewhere. It is claimed that this has been accomplished by establishing lines along the rivers Bug and Zlota Lipa and the Krasnik ridge. It is further explained that the Austrians proceeded beyond Krasnik, but encountering unexpected opposition, retired on the positions originally selected where they have resisted all further Russian attacks.

TURKS ARE HARD PRESSED.

Russian Successes Claimed in Turkish Armenia.

Tiflis, Trans-Caucasia, Monday, July 5, via Petrograd and London, July 12.—Reports from the various fronts of the Russo-Turkish campaign indicate that heavy fighting has occurred recently north and south of Zank Lake, Turkish Armenia, and south of Olti, in Trans-Caucasia, 55 miles west of Kars. All of the encounters are said to have resulted favorably for the Russians. According to the reports a Turkish force of 40,000 men, which was concentrated to the east of Bitlis, near Zank Lake, is being hard pressed by the Russians.

Organized massacre of Armenians in Bitlis, is taken as an indication that the Turks intend to retreat from that point. The Turks distributed 40,000 rifles among Kurds in Mush valley, for use against Armenians. Notwithstanding massacres and epidemics, the Armenians are resisting bravely. They have been joined recently by 140 Armenian volunteers from America.

GERMANS LOSE 100,000 MEN.

French Successful in Drive From Arras.

On the heights of Notre Dame de Lorette, near Arras, France, July 12, via Paris, July 12.—After battling 120 days for the hill country between Bethune and Arras, the French forces are in possession of the plain of Flanders. Lille, Douai, and Cambrai, all are visible from here.

Every position along the broad national road between Arras and Bethune has been won except Souches, and last night another quarter mile of trenches in the Souches was torn away.

The attack was made under parachute rocket lights, the French burning bluish white and the Germans greenish white, covering the scene of the desperate conflict with a ghastly glow.

Fight on Ten Mile Front.

The most desperate fighting has been along the short ten mile front from Arras to Aix Nolette, which began

COSSON TO TAKE CHARGE OF CASE

Attorney General to Personally Direct Hearing at Bedford.

PROMISES FAIRNESS TO BOTH FACTIONS

Rumors That Mrs. Maria Porter, Chief Witness For State, Had Disappeared, Are Denied—Sends Word She Will Be at Bedford Tuesday to Testify—Daughter of Murdered Man Believed to Be in Des Moines.

Des Moines, July 12.—Attorney General George W. Cosson today took personal charge of his department's investigation of the so-called Bedford murder and treasury chest cases and will go to Bedford Tuesday to take personal charge of the hearing of the four men charged with the murder of a wealthy cattleman and his son in 1868.

The determination of the attorney general to personally conduct the investigation followed a conference with his assistants, C. A. Robbins, assistant attorney general, returned to Bedford today.

Rumors that Mrs. Maria Porter, of Quinn's Mead, the state's chief witness against Samuel Scriber, Bates Huntman and John and Henry Darnwood, had disappeared, were cleared up by a long distance call from her husband in the local at Bedford tomorrow to give her testimony.

Fair to Both Sides.

Attorney General Cosson made it plain that he was entering upon the investigation with the intention of being fair to both sides. He called attention to the facts that the arrest of the men at Bedford were made on the authority of County Prosecutor Bulman of Taylor county, but said evidence thus far made public warranted the inquiry by his office.

Daughter of Smith Found.

Bedford, July 12.—The daughter of Nathaniel Smith, the wealthy cattleman said to have been murdered in Quinn's Mead, is now in Des Moines, where she is now an employee of a Des Moines department store.

This is the startling information that has come to Attorney W. Bulman in the last few hours. Bulman may go to Des Moines to investigate at once.

Bulman, who is attorney for Sam Anderson, claimant for his share of the \$90,000 treasure trove and the man that caused the information to be filed accusing four Taylor county men of the crime, received this message some time yesterday. Just what it amounts to he refused to state, but did say the information was worth investigating.

If the daughter could be found, state officials would be able to clear up considerable mystery now attached to the supposed murdered man, where he came from and when last heard from.

Relative Delays Aid.

Fresno, Cal., July 12.—C. P. Huntman, the nephew of Bates Huntman, one of the defendants in the Bedford, Iowa, murder and buried treasure case, who announced last week that he would go immediately to the assistance of his relative, is still in Fresno. He said today he would leave for Iowa, Aug. 1, if the case is still in the preliminary stages," he said, "and my presence in Iowa probably will not be required until that time."

PREVENT ATTACK ON GUAYMAS.

Admiral Howard and Foreign Consuls Protest Against Bombardment.

Guaymas, Mexico, July 11, by radio to San Diego, Cal., July 12.—A general bombardment of Guaymas by the United States navy, planned for Monday, has been prevented. After a strong protest by Admiral Thomas B. Howard, of the United States cruiser Colorado, and the former consuls, the Guerrero commander agreed to fire only upon Southern Pacific trains entering or leaving the port.

The Guerrero commander agreed to fire only upon Southern Pacific trains entering or leaving the port and the Mexican steamer Bonita anchored in the inner harbor.

The commanding officer of the Guerrero said the train and steamer Bonita would be fired upon because they have been used by the enemy in the transportation of troops. He agreed not to open fire upon any other part of the city. Many foreigners and foreign property would have been endangered by a bombardment.

The plans for the general bombardment was only prevented after Admiral Howard and the French, German, British, Italian and American consuls called upon the Carranza commander on the Guerrero and made a vigorous protest in the name of humanity. They made the trip from the cruiser Colorado in the Admiral's barge.

The time of the bombardment had been set for 6 o'clock Monday morning but the Guerrero commander agreed not to open fire upon the train and the steamer Bonita until 5 o'clock Monday night.

The Guerrero arrived here Saturday and immediately a blockade was declared. A schooner which attempted to enter port soon afterwards was stopped and ordered to put up its guns. Its passengers had been permitted to land. A protest against the blockade was made by Admiral Howard and the foreign consuls.

American Citizen Kidnaped.

El Paso, Tex., July 12.—It was reported to federal authorities today that Estelito Padilla, an American citizen, had been kidnaped by Mexicans and is being held a prisoner somewhere in Juarez. An investigation is being made. Three Mexicans and two Americans in an auto are said to have appeared at

Government to Dispose of 145,000 Acres of Former Flathead Reservation—Best Land Expected to Bring From \$125 to \$2 an Acre.

Washington, July 12.—Approximately 145,000 acres of the former Flathead Indian reservation in Montana will be offered for sale at Kalspell, and Missoula, Mont., during August, under regulations announced today by Secretary Lane.

One hundred thousand acres, classified as agricultural and grazing land, will be sold to the highest bidder in tracts of 168 acres each or less, for cash, most of it at prices varying from \$125 to \$2 an acre. A portion will be offered at Kalspell, on Aug. 16, and a portion at Missoula, on Aug. 23. No one other than the highest bidder to purchase more than 500 acres.

The remaining 45,000 acres classified as barren, burned over and small timber land, will be sold to the highest bidder in tracts of 160 acres or less, at no less than its appraised value, which does not exceed \$1 an acre.

A Rapid-Fire Cabinet.

There were more changes in the cabinet of the ninth administration of the United States than any in the history of the United States. The campaign which preceded it was known as "Tippecanoe and Tyler, too," which elected Gen. William Henry Harrison, with John Tyler as vice president. Harrison died one month after his inauguration on March 4, 1841. When Tyler became president he retained the same cabinet members, but they soon resigned, and by the end of four years the country had had five secretaries of state, four of the treasury, four of war and five of navy. The cause of these rapid changes was owing to the fact that Tyler had broken faith with the party that had elected him.
