

BITTEN BY MAD DOG

THREE TAMA CHILDREN RUSHED TO IOWA CITY FOR PASTEUR TREATMENT.

ANALYSIS OF CANINE'S BRAIN SHOWS RABIES

Two of Victims Bitten Several Weeks Ago and Third One Week Ago—Babe Which Won Prize at Tama Chautauqua, Among Those Bitten—Others 5 and 11 Years Old.

Special to Times-Republican.

Tama, Aug. 5.—Two children of John Godfrey, aged 5 and 11 years, and Gaylord Douglas, 2-year-old son of Mr. and Mrs. Charles Douglas, were taken to Iowa City today to receive the Pasteur treatment.

Early this summer the two Godfrey children were bitten on the leg and arm by a dog owned by Mrs. John Godfrey. On Thursday of last week the Douglas babe was bitten on the head by the same dog. It was decided to kill the animal and the head was sent to the laboratory at Iowa City, where the brain was analyzed. This morning a letter was received from the authorities saying the brain contained rabies germs, and requesting that the three children be sent at once to the university hospital for treatment. There was hasty compliance with the request.

The Douglas baby was the winner of the frog prize in the baby health contest conducted last week in connection with the chautauqua.

MAN HAS CATTLE DISEASE.

Veterinarian Infected in Strange Manner—Believes Recovered.

Sioux City, Aug. 26.—Carl Viere, a veterinarian, of Vermillion, S. D., is suffering at St. Joseph's hospital, in Sioux City, from a severe case of anthrax, an infectious disease found in cattle. Although the disease is dangerous, Dr. Viere is in a favorable condition and it is believed that he will recover.

Dr. Viere contracted the disease in a peculiar way. Several weeks ago he made incisions in a steer which had died from anthrax on the S. M. Simonson farm. He made the examination for the purpose of learning how the disease had worked.

While operating on the carcass he was bitten on the left arm by a mosquito. Unconsciously he rubbed the itching spot with his right hand and a few days later he found the arm irritated. When he became alarmed a test of his blood was made at the state health laboratory at the state university.

The deadened germs were detected at once. Dr. Viere then came to Sioux City. A portion of the flesh below the elbow was removed to check the spread of the disease to other parts of the body.

TO MEET LOSS OF MULCT TAX.

Clinton City Council Increases Levy to Make Up Deficit.

Clinton, Aug. 26.—The annual tax levy for Clinton, made by the city council at an adjourned session Tuesday night, provides for an increase in four of the wards of the city, and a decrease in three.

The increase will provide more money for streets and sewers. The general fund next year will be depleted about \$40,000 because of the loss of mulct tax revenue. At the most the funds available will be only about \$50,000, made up by the corporation tax and license moneys from various sources. Thus the probability is there will be no op-

proportion for the street next spring and the cleaning must be paid out of the city improvement and grading funds, and the two mill street cleaning tax levied against the old town of Clinton. The appropriations for this year totaled something like \$50,000, so it appears the city will have to operate next year with considerably decreased funds.

TRUSTEES BREAK JAIL.

Prisoners at Muscatine Take Advantage of Sheriff's Leniency.

Muscatine, Aug. 26.—Bert Day and Pearl Gray, two prisoners held in the county jail, serving a term for bootlegging, made their escape from Sheriff Wiley after they were made trustees. They were both given outside work by the sheriff. At the time they escaped they were working in the basement of the jail.

An immediate search was made by the local authorities and information was received that one, if not both men were on the Illinois shore about a mile south of the city. Sheriff Wiley, Deputy Sander and Officer Faulhaber, together with the sheriff from Rock Island, paid the place a visit, to find one of the men, Gray. He was immediately arrested by the sheriff of Rock Island, and as he refused to return to Muscatine without the proper papers, was taken to Rock Island.

Bert Day is still at large, but it is expected that his arrest will follow in a short time. He only faces the remainder of his jail sentence, but stands subject to a term of one additional year for escaping.

ALGONA MERCHANT HURT.

J. S. McIntyre Dies of Injuries Received in Chicago.

Special to Times-Republican. Algona, Aug. 26.—Mr. J. S. McIntyre, of the Kraft-Misbach Clothing Company, was fatally injured last week in Chicago, when, in company with his wife, he had come to pay a visit to his daughter. Mr. McIntyre was thrown from a street car just as he was stepping off, causing a broken leg and other injuries. He was taken to the Jefferson Park hospital. News of the death of Mr. McIntyre was received here Tuesday evening and came quite unexpected, as it was not known that his injuries were so serious. Mr. and Mrs. James Misbach left for Clarinda Tuesday evening to be present at the funeral as the body was sent to that place for burial. Mr. McIntyre was the father of Mrs. Misbach.

ASKS \$40,000 FOR HUSBAND.

Woman Sues Him Who Fatally Assaulted Man Year Ago.

Sioux City, Aug. 26.—Alleging that Charles Allner, a Hornick farmer, inflicted injuries on Herman H. Bolte, her husband, which caused his death, Mrs. Bolte yesterday afternoon sued Allner in the district court for \$40,000 damages.

Allner attacked Bolte, his neighbor, in the roadway in West Park town-ship July 29, 1914, the wife alleges, cutting him with a knife and beating him on the head and body with his fists. Bolte suffered in this fight caused Bolte's death on March 29, this year, the widow asserts.

Allner and his brother, William Allner, were indicted by the district grand jury at the September, 1914, term of court for assault because of the attack on Bolte. Charles Allner pleaded guilty to the charge in December and paid a fine, the court records show.

LITIGATION RENEWED.

Long Drawn Out Case Believed Settled Bobs Up Again.

Special to Times-Republican. Iowa Falls, Aug. 26.—The Stonerook-Wisniewski litigation over a lot in this city died a lingering death and when it was thought the supreme court had put a quietus on the whole matter by sustaining Editor Stonerook's of the Sentinel, in his contention that the Interstate brewery last Tuesday when the real estate deal went thru, Stonerook gave a note for part payment of the lot, but when the Wisniewski failed to deliver all of the lot he retained for himself, Mr. Wisniewski advised him not to pay the note until the litigation was terminated. After many years an apparently final settlement was obtained in the supreme court and it was supposed the note could be returned to Stonerook in adjustment of the shortage on the lot, but it now appears action is brought against the Sentinel editor on this obligation.

WILL GO TO HEAR SUNDAY.

Sioux City Delegation Will Go to Omaha to Hear Boze Sermon.

Sioux City, Aug. 26.—Hundreds of Sioux City people are planning to visit Omaha during the revival services which will be opened Tuesday Sept. 7, "Billy" Sunday and his party of evangelists. Plans have been reached for the formation of one large Sioux City delegation, which would make the trip in special cars or on a special train.

It is possible that such a movement will be started by the men's bible class at Grace Methodist Episcopal church. Members of the class are considering attending one meeting in a body. An effort may be made to obtain enough names to hire a special train.

Men of the Whitefield Methodist Episcopal church, and in fact, of most churches of the city, are considering attending at least one of the meetings. The largest number to go at any one time probably will be church members exerted by Sunday's "booze" sermon, pastors said Tuesday night.

KOSUTH COUNTY FAIR PLANS.

Annual Exhibit to Be Held in Algona Sept. 7, 8, 9 and 10.

Special to Times-Republican. Algona, Aug. 26.—Arrangements are being made for the big Kosuth county fair, which will be held in Algona on Sept. 7, 8, 9 and 10, and promises to be one of the best fairs ever held in the county. There will be ball games, races and many amusing features for entertainment, and there some talk of a game of auto polo for one day, which will prove a great attraction. There will be two bands on the grounds each day. A butter contest, open to all creameries, will be held, over \$150 in prizes being offered. The baby health contest will also be one of the features of the fair this year.

HOPE TO IMPROVE HIGHWAY.

Muscatine County Supervisors Seek Modification of Compensating Rules.

Muscatine, Aug. 26.—Hope for the improvement of the Muscatine-Cone or "Burlington" road was given a new lease of life at the meeting of the Muscatine county board of supervisors despite the seemingly impossible requirements made by the state highway commission.

The proposition made by the residents along the road was accepted by the board and J. D. Buser was named as a committee of one to go to Ames and lay the matter before the commission and seek a modification of the restrictions ordered by the state body. The farmers residing along the road had agreed to make donations of time and team toward the work of gravel-

OIL COMPANY SUED

CLEAR LAKE GIRL INJURED IN EXPLOSION, SEEKS TO RECOVER \$15,000 DAMAGES.

GASOLINE AND NAPHTHA MIXED WITH KEROSENE

Such is Allegation of Plaintiff, While Company Declares Order Was Properly Filled—Sioux City Woman Sues Resident of City For \$40,000 Because of Fatal Injuries Inflicted.

Special to Times-Republican.

Mason City, Aug. 26.—Nellie Carter, daughter of A. E. Carter, residing north of Clear Lake, wants \$15,000 from the Marshall Oil Company and the matter will be fought out in the district court of this county at the September term. A. E. Carter bought fifty gallons of kerosene and had had it delivered in his tank at the farm. He claims that instead of delivering kerosene they delivered a mixture of kerosene, gasoline and naphtha.

This was on Dec. 5, 1914. On the morning of Dec. 7, Mrs. Carter, a sister, started to build a fire. She went to the tank and took out a cup full and threw it on the kindling. There was an explosion. Frances escaped injury but Nellie was frightfully burned and for weeks she was not expected to recover. Her arm, breast and neck were so badly burned that the muscles were drawn, causing a deformity. The company will fight the case claiming they delivered what was ordered.

ASKS \$40,000 FOR HUSBAND.

Woman Sues Him Who Fatally Assaulted Man Year Ago.

HOPE TO IMPROVE HIGHWAY.

Muscatine County Supervisors Seek Modification of Compensating Rules.

Muscatine, Aug. 26.—Hope for the improvement of the Muscatine-Cone or "Burlington" road was given a new lease of life at the meeting of the Muscatine county board of supervisors despite the seemingly impossible requirements made by the state highway commission.

The proposition made by the residents along the road was accepted by the board and J. D. Buser was named as a committee of one to go to Ames and lay the matter before the commission and seek a modification of the restrictions ordered by the state body. The farmers residing along the road had agreed to make donations of time and team toward the work of gravel-

ing the road. Their proposition was to haul every other load of gravel and dirt free of charge. But the highway commission demanded a permanent survey of the road and its being brought to grade before any attempt was made to gravel it, and also asked that the farmers be urged to give cash support rather than donations of labor.

The board feels that these terms are impossible at this time, but decided to accept the proposition of the farmers and send a personal message to intercede with the highway commission to modify its ruling.

L. B. YAW DIES SUDDENLY.

Well Known Resident of Iowa Falls Stricken—Seemed in Good Health.

Special to Times-Republican. Iowa Falls, Aug. 26.—L. B. Yaw, a well known resident of this city for many years, was stricken with heart trouble Tuesday evening, and died a few moments later. Mr. Yaw was in apparently his usual good health during the day and even up to the moment of his death stroke. He had worked with a threshing gang on the Sunny Side farm during the day and returned to his home about 7 o'clock in the evening. He ate supper and sat down to read the evening paper. Mrs. Yaw, who sat near him, heard her husband

carrying less than six passengers.

driver included; a \$3,500 bond for a vehicle carrying more than six and less than seven, and a \$5,000 bond for a vehicle carrying over ten. An annual license fee is required for a five passenger machine; \$25 for fifteen passenger; \$30 for a vehicle having a capacity of thirty, and \$35 for a machine carrying over thirty. An operator desiring to operate in the motor bus business must file an application for a license, stating his age, address, type of motor vehicle and the seating capacity. It shall be unlawful to add to the seating capacity after obtaining a license.

Waterloo.

Local owners of blooded horses expect to start a campaign for the reconstruction of the half-mile racing track at Cedar River park. It is estimated that there are at least fifty horses of racing stock in Waterloo, and a number of the owners propose to take the matter up with the park commission. The owners of the horses have expressed their willingness to bear part of the expense of rebuilding the track, which is now unfit for use and which has not been used for about two years. If the track is rebuilt it is probable that local horse racing enthusiasts will arrange for Saturday afternoon races.

Mason City.

A much surprised and probably wounded burglar beat a hasty retreat from the Scott Craig home at 1246 Sixth avenue shortly after 3 o'clock Monday morning. His plans had been misalligned in that instead of finding a timid frightened woman in the house, he found one armed with a revolver, which she knew how to use. Mrs. Craig awoke to see a man standing in the living room beside the table. The rooms are so arranged that she was able to get up, get her revolver, and get into the kitchen, by passing thru the bath room without being seen by the intruder. On reaching the kitchen she went into action, firing two shots at Mr. Burglar. He fell to the floor apparently wounded. She thought she had hit, and probably killed him, and rushed back to her bed room. When she got back there, where she could again cover the spot where he had been, he was gone. The burglar had gained entrance by cutting the screen door. Mr. Craig is a railway man, and she was alone in the house.

Davenport.

As a result of an alleged prolonged drinking bout, according to the police, Mrs. G. Hanschett, 1028 1/2 West Second street, is lying at St. Elizabeth's hospital. Her condition is being guarded as a matter of life and death. She is suffering from horrible burns about her face, breast and arms, which she sustained in a vain attempt, at suicide at her home about 4 o'clock Sunday afternoon. The attempt was witnessed by a number of neighbors who were with the woman according to the police. The woman had been drinking for several days and quarreling with various people, and Sunday was seized with a fit of violent jealousy, during which she poured the contents of a can of kerosene over her clothing and touched a light match to her dress. As the flames enveloped her, her screams aroused the entire neighborhood, and companions who witnessed the rash act rolled her in quilts until the flames were extinguished. The police were called, and the unfortunate victim was taken to St. Elizabeth's hospital, where she was given medical attention by Dr. E. O. Ficke. An effort will be made to send Mrs. Hanschett to Knoxville as soon as she is able to leave the hospital.

Waterloo.

All motor vehicles, except hotel busses, will come under the requirement of the motor bus ordinance adopted at the regular meeting of the city council Monday evening. The new ordinance was adopted to take the place of the jitney ordinance, which was recently held invalid by Police Judge Meyers. A sliding scale of license fees and bonds is provided for in the new ordinance. An indemnity bond for the protection of passengers must be filed before an operator can engage in the motor bus business. A bond of \$2,000 is required for a vehicle

carrying less than six passengers, driver included; a \$3,500 bond for a vehicle carrying more than six and less than seven, and a \$5,000 bond for a vehicle carrying over ten. An annual license fee is required for a five passenger machine; \$25 for fifteen passenger; \$30 for a vehicle having a capacity of thirty, and \$35 for a machine carrying over thirty. An operator desiring to operate in the motor bus business must file an application for a license, stating his age, address, type of motor vehicle and the seating capacity. If the track is rebuilt it is probable that local horse racing enthusiasts will arrange for Saturday afternoon races.

Mason City.

A much surprised and probably wounded burglar beat a hasty retreat from the Scott Craig home at 1246 Sixth avenue shortly after 3 o'clock Monday morning. His plans had been misalligned in that instead of finding a timid frightened woman in the house, he found one armed with a revolver, which she knew how to use. Mrs. Craig awoke to see a man standing in the living room beside the table. The rooms are so arranged that she was able to get up, get her revolver, and get into the kitchen, by passing thru the bath room without being seen by the intruder. On reaching the kitchen she went into action, firing two shots at Mr. Burglar. He fell to the floor apparently wounded. She thought she had hit, and probably killed him, and rushed back to her bed room. When she got back there, where she could again cover the spot where he had been, he was gone. The burglar had gained entrance by cutting the screen door. Mr. Craig is a railway man, and she was alone in the house.

Davenport.

As a result of an alleged prolonged drinking bout, according to the police, Mrs. G. Hanschett, 1
