COUNCIL IS READY TO BUY BIG PUMP

COUNCILMAN M'FARLAND AUTHORIZED TO ADVERTISE FOR BIDS FOR MACHINE.

WILL DOUBLE CAPACITY OF CITY PUMPING PLANT

City Experts to Purchase Pump of Capacity of 4,000,000 Gallons Per Twenty-Four Hours—Estimated Will Cost \$12,000 to \$15,000—May Have to Enlarge Pumping Station.

The capacity of the city pumping station is to be doubled. At a meeting of the council this afternoon Councilman M. S. McFarland, superintendent of the water works department, was authorized to advertise for bids for a pump for the pumping station.

The department will purchase a pump of a rated capacity of 4,000,000 gallons per twenty-four hours.

The newest of the two old pumps, and the only one that is being used practically continuously, is a 2,500,000-gallon pump that was installed ten or fifteen years ago.

It is probable that an addition will have to be built to the pumping station in order to give room enough to install the new pump.

HELLBERG BOBS UP.

Like a Swiss Watch Down a Well He is Still Running on Time.

Hellberg has been found. He is back at the bench squinting at lame ducks in the watch line. No, he has not been lost exactly, but he has been farming his orchard in the Koshkong district, but now he is back at the watch business again, and like a fine Swiss movement, even tho' it be recovered from a well, he comes up running on time just the same as ever.

New Swiss watch movements are arriving for the fall trade, new rings and jewelry of all kinds. Crops have been good in the south and Hellberg is buying for a big trade in jewelry this fall. It beats all what a booster a man will be when business is good on his side of the street. Signed—His Son.

Young People of City in a Near-Surprise Wedding

What they intended to be a surprise wedding, and not to be made public for the present, was spoiled by the "horrid newspaper" which began to ask questions following word from Cedar Rapids that Leo McLaughlin, aged 22, and Nellie Heisinger, aged 24, had been granted a license to wed at Marion Saturday.

Returning to this city Saturday evening, and going their separate ways, and the bride leaving Sunday morning in company with her mother, Mrs. J. C. Heisinger, for Gilchrist, S. D., gave promise to the young people that they had "put one over."

John C. Heisinger, the bride's father, knew absolutely nothing, and thought the newspaper was joking. He knew it wasn't so because he had bought his wife and daughter tickets and seen them aboard a train Sunday. Mrs. Frank McLaughlin, aunt of the groom, while admitting the truth of the wedding, explained that the young people did not want anything said about it for the present.

Mr. McLaughlin, who is a motorman employed by the Iowa Railway and Light Company, went to Cedar Rapids Friday night. Miss Heisinger took a morning train for the same place Saturday. Rev. Mr. Hastie performed the marriage ceremony at 1:30.

Also surprised at the news, Mr. Heisinger said that he had expected some day the young people would be married. Mrs. McLaughlin and her mother expect to be gone two weeks. They visit Mr. Heisinger's sister, Mrs. L. H. Diller, at Wayside, Neb., near Gilchrist.

Twenty-five receptacles for rubbish, refuse and waste paper of all kinds have been placed on the streets by an agent who agreed to furnish them free if the council would allow him to sell advertising space on the side of the boxes to various merchants.

Just inside the tin box are four hooks, and from these a paraffine bag will be suspended. The rubbish will be thrown into the bag, and in this way may easily be emptied by street cleaners, without the trouble of emptying the box itself.
