Kept Getting Worse. Could Not Put Hand in Water for Six Months. In Three Weeks

HEALED BY CUTICURA SOAP AND OINTMENT

"I had a breaking out on my hand last fall and I tried everything that I could think of, but it kept getting worse. It was called eczema. I was given a salve which healed it for a while but it broke out again. Just one simple broke out on my hand first and it itched and burned so badly I could not put my hands in water for about six months. I was doing my work with one hand at that time. I read an advertisement of Cuticura Soap and Ointment and I decided to give them a trial. The Cuticura Soap and Ointment healed me in three weeks." (Signed) Mrs. Alice Creed, R. BUY IOWA POTATOES

CAMPAIGN IN FAVOR OF HOME PRODUCT INAUGURATED BY IOWA STATE COLLEGE.

IMMENSE SURPLUS IF TUBERS ARE SHIPPED IN

College Announces Plans to Bring Producer and Consumer Together—Iowa Potatoes Equal in Quality to Those Shipped In—Crop This Year 3,500,000 Bushels Above Average.

Special to Times-Republican. Ames, Sept. 16.—Iowa potatoes for Iowa consumers.

That is the slogan of a campaign that is being promoted by the agricultural extension department of Iowa State College. Through a clearing house managed by C. L. Fitch, of the college, the department hopes to bring producers and consumers in Iowa together and thus stop the costly practice of buying this staple food outside the state when it can just as well be bought at home. In the past Iowa has spent more than a million dollars a year for potatoes bought outside; this year the crop is good and large enough to make this buying abroad unnecessary.

"We do not need to look outside of Iowa either for quantity or quality of potatoes," says Mr. Fitch. "Moreover, we should not do so. The United States has a crop equal to last year, which was one of the largest ever grown. That means that some one will have potatoes left over next spring. If we buy as many outside as usual, Iowa will have them left, for we have 3,500,000 bushels more than our usual crop. We can't afford to waste this year. We should use our own. It is a matter of a million dollars or two to the state to do so."

To bring about the desirable end of consuming the potatoes grown in Iowa, Mr. Fitch offers a number of suggestions. Dealers and growers should give local growers a chance to meet outside competition in price and grade. Growers should not hold out for top prices, but should meet Minnesota delivered quotations and so keep the home market.

Attention should be given by growers to quality and the proper grading of their crop. According to the Chicago market conference of last March, the first class "red" and "white" or rural potatoes should contain no tubers that will go thru a hole 1 1/2 inches square; Ohio's and Burbank's, none that will go thru a hole 1 1/2 inches square. All good market potatoes must be practically free from scabby, knobby and rough tubers.

Attention to the package is important. If dealers want potatoes put up in even weight sacks, already to go out to the trade without weighing, the grower should put them up that way.

"Give the buyer what he wants, if he will pay for it," is a good rule. The western fruit growers have made their pack reliable and attractive and profited by it. Potato growers will get more money if they do the same thing. Put potatoes up in good condition and sell early, and fairly remunerative prices will come.

Growers who want to market their potatoes to good advantage will get every possible assistance from Iowa State College if they will write to Mr. Fitch, without any charge, information about the market will be sent out and buyers and sellers will be brought together. Growers who do not care to grade their potatoes and put them up in good packages can not make the best of the present potato situation.

Alleged Chicken Thieves Escape When Jail Service is Applied to Sentence. Special to Times-Republican. Iowa City, Sept. 16.—Chased miles across the country, firing revolvers, and being fired at, captured by irate farmers, who charged them with robbing henneries, John Anderson and his son, Walter Willis, Anderson pleaded guilty to carrying concealed weapons, and were not prosecuted for the alleged robberies. They were indicted, pleaded guilty, waived a trial, were sentenced to two months and twenty-two days in the county jail, and released from jail all within an hour. This was done because the men had been in a cell since last spring, and Judge Howell applied the time of imprisonment on their sentence and let them go. They left town forthwith today.

PASSENGER TRAIN DITCHED. Two Severely Injured in Rock Island Wreck, Near Montezuma. Special to Times-Republican. Montezuma, Sept. 16.—The Rock Island passenger train at 9:30 Tuesday evening went in the ditch about nine miles east of here. Rotten ties upon dirt ballast caused the rails to spread. There were two passengers quite severely injured. The injured were taken to Barnes City for attention. The accident occurred when the train was running upon a straight track at about ten or twelve miles per hour. Examination of the track reveals that the fish plates had been broken at both ends of one of the rails under the train and that the breaks were old ones. Fully half of the ties were rotten, also. A wrecker arrived from Cedar Rapids.

MUCH CRIME AT FORT DODGE. Stabbing Affray May Result in Third Murder in Month. Fort Dodge, Sept. 16.—A third murder in Fort Dodge during the past month may be the outcome of a fight in a bunk car near the Great Western tracks.

Sam Vinovich, a foreign laborer is at Mercy hospital in a dangerous condition from wounds received by a knife and Joe Milich, another foreigner is in the city jail with his head in bandages from a knife cut.

Lenor and money caused the fight between Vinovich and Milich. Yesterday was pay day for the men and the fight started after both men had imbibed freely of some intoxicating liquor. The police received a call from the

roundhouse last evening about 7:30. Making the run that they discovered Milich with his head dripping in blood. He was taken to the police station and medical assistance called. His condition is not serious. At this time there was no knowledge that another man had been injured.

Shortly after the 7:00 call, the police were again called to the bunk car. This time Vinovich was found unconscious over in the weeds near the car, with his body covered with knife cuts. It is said that after he was injured in the fight he went over in the weeds to die.

Vinovich was immediately taken to the hospital where his wounds were dressed. Last night, little hope was held out for his recovery, but this morning, his condition was reported as improved and there is a chance that he may live.

Vinovich's condition is too serious for him to tell anything about the fight. He is conscious, however. Two indictments for murder were returned late Tuesday afternoon by the grand jury in a partial report to Judge H. E. Fry. John F. Butler faces an indictment for the killing of George R. Sullivan a few weeks ago. George McDonald who was found responsible by a coroner's jury for the death of Charles Hird Saturday night, also is under indictment for murder.

John Cody, the sixteen-year-old Clare lad who was charged with having thrown a rock that hit Dr. John North who died later, was not indicted and is now free from the charge.

Evangelical Association Purchases Grounds Near Cedar Falls. Cedar Falls, Sept. 16.—The Iowa organization of the Evangelical association of churches purchased a tract of wooded land overlooking a tract of Cedar river at the northeastern edge of Cedar Falls as a permanent site for their annual campmeetings. The tract comprises about ten acres, being the eastern portion of the eighty-acre wooded tract known as Mullerkey's park, owned by Emmett Mullerkey, a pioneer resident who bears the distinction of being the first white child born in the city of Cedar Falls.

The Evangelical association will improve the naturally beautiful piece of woodland for its particular purpose.

IOWA'S FATTEST MAN, WEIGHT 527 POUNDS, SUITABLE BRIDE.

Special to Times-Republican. Nevada, Sept. 16.—Iowa's fattest man is married. Tuesday evening at Ames was celebrated the marriage of George D. Nichols, age 43, weight 527, and Mrs. Violent Williams, of Washington, age 49, weight 230.

"Nick" is familiarly known over the state, especially among the traveling men, and among the students and alumni of Iowa State College, he having been engaged in the livery business in Ames for years.

The romance which developed into this marriage started a year or so ago when "Nick" confided to a friend, a traveling man, that he had a desire to take unto himself a wife, one to make a home for him and share his worldly possessions, the accumulations of years of work. The friend furnished him the name and address of a widow whom he recommended very highly. "Nick" wrote to her, stating the circumstances and his desire to wed. Some time elapsed and no answer came.

The next time the salesman showed up "Nick" told him of his disappointment and he was furnished with the name of Mrs. Williams, a comely widow of suitable temperament and proportions. A letter was directed to her and an answer came shortly afterwards. An equitation was formed. "Nick" got his throw well aimed and the marriage of the couple Tuesday evening was the result.

During late years the bride has been operating a home for the aged at Washington and it is her intention to start a similar institution at Ames, in this she will be assisted by her husband.

"Nick" is but five feet six inches in height, has a waist measurement of seventy-three inches and weighs 527 pounds. The bride is over six feet in height and weighs 230 pounds.

MAY REHEAR KIRK CASE. "Dr. Deerfoot" May Again Be Tried on Charge of Manslaughter. Special to Times-Republican. Iowa City, Sept. 16.—The grand jury now in session here, will not have to re-investigate the case of the state of Iowa vs. William Kirk, otherwise "Dr. Deerfoot," the so-called "Indian doctor" who shot and killed his wife. He was indicted for murder, tried, pleaded self defense, was found guilty of manslaughter, and carried the case to the supreme court. It was remanded here for trial and the "doctor," now out on bond, may be tried again this term of court.

The conspiracy case of the state of Iowa vs. Emma Ricord and Attorney Franklin B. Kimball, now of Chicago, and a resident of Iowa City when indicted, may be tried this term, also.

Story County District Court. Special to Times-Republican. Nevada, Sept. 16.—District court has been busy since Monday afternoon in the trial of the case of Sigvald Askeland vs. C. N. W. Railway Company. This is a case wherein the plaintiff, who was for some years employed by the company as section man and in the Hall signal system, was injured when thrown from a gasoline car which was over near Ames. The accident occurred on May 17, 1912. Askeland was badly injured and was laid up for some time. A few months afterwards he effected a settlement with a claim agent of the company in which he accepted \$25 and gave a receipt in full. Later he brought the damage action claiming that his condition had been misrepresented to him by the company's physicians and the claim agent and also that he did not understand what he was doing. He brought suit for \$20,000. The case was tried at the November term of last year and the jury disagreed.

The Blecher case was concluded Tuesday forenoon about 10 o'clock but the court has withheld its decision. In the case of the Johnson estate, from over near Story City the court held that the mother of the family did not elect to accept the farm in question by

occupying the same for a certain number of years and the proceeds of the sale of the land will be divided among the several heirs.

F. L. McClure, the Ames young man under indictment here for forgery and also wanted at other places for the same crime, pleaded guilty and was sentenced to serve seven years at the state reformatory. The court recommended the case to the board of parole. James Van Scoy, a man from Ames of mature years, was arrested under indictment charging him with the crime of incest. A stepdaughter is the alleged victim.

G. P. Rich, a chiropractic, is under two indictments by the last grand jury, one of them charging the practice without a license in Indian Creek township and the other in Collins township. Mr. Rich will appear for himself in the case. It is understood. He is not a member of the association, which employs an attorney to defend all cases.

Sheffield News Notes. Special to Times-Republican. Sheffield, Sept. 16.—Misses Gladys Waitnaby, Pauline Stoll and Bessie Butts left Tuesday for Cedar Falls, where they will attend school.

C. F. Johnston, Jr., left the first of the week for Madison, Wis., where he will attend university the coming year. The Parent-Teachers' Association gave a reception for the teachers Tuesday evening. A short program was given. An orchestra furnished the music.

Former Teacher to Wed. Special to Times-Republican. Mason City, Sept. 16.—The announcement is made that on Oct. 26 Miss Ruth Buyer, a former teacher in the public schools of this city, now living in Lewistown, Ill., is to become the bride of Milton F. Beecher, Mr. Beecher was graduated from the state agricultural college at Ames, and for a time was one of the college professors. He is now with a concrete and structural company at Worcester, Mass.

Negro Shot in Leg. Special to Times-Republican. Algona, Sept. 16.—There was a shooting affray on the fair grounds Saturday morning, when a negro officer, working under the supervision of Attorney General Cosson's office, shot another colored man for stealing a suit of clothes from one of the barns on Friday night. The negro who was shot in one of his legs was taken to the county jail and will be up before the grand jury this week.

Vote for No-Mor-Dust

Think of it! There's a new way to sweep without raising dust. You don't even have to close the door of the room you're cleaning—you can dust the ornamental furniture, etc. First, then leave them uncovered, and they'll be as clean when you finish sweeping as before.

And it's so simple, too! Just spread a little Nomordust on the carpet and sweep the room and then sweep it ahead of you as you go. Not only will it get your floor cleaner than you could possibly without it, but it doesn't allow a particle of dust to fly. Nomordust collects the dirt—ordinary sweeping spreads it.

Nomordust is fine for your rug and carpets. It brings out the color and makes them look like new. Equally good for wood floors and linoleum. But this is not all. Nomordust costs only half the effort and time of sweeping and you only have to sweep half as often to keep your house even cleaner than it has ever been before. This is because you get all the dust every time you sweep—it clings to the powder. Use Nomordust user says that it's just like keeping an extra maid; she has so much time now for pleasure. Yet Nomordust costs but a few pennies a month. Get a 10c can from your grocer today. Try it. Money back if not more than pleased.
