"THE HOME OF THE ROUND OAK GOODS"

Discard Your Dust Cap Sweep Without Dust

Yes, madam, there is now a new way to sweep without raising a particle of dust. You can dust your ornaments first then sweep, and the ornaments will be as clean as before you started sweeping.

Here's how you do it: Get a can of Nomordust—a powder—sprinkle a little across the room, then sweep it ahead of you as you go. Nomordust enables you to collect the dust, whereas ordinary sweeping spreads it.

But it does more than this. It makes sweeping much easier. You can clean any room in half the time and with half the effort, yet you only have to sweep

half as often, because Nomordust gets the room so much cleaner. As one housekeeper said: "Nomordust gives me as much time for other things as if I had a new maid"—yet Nomordust costs but a few pennies a month.

Nomordust is fine for old rugs too—brings out the original color, and it's good for wood floors and linoleum as well.

You know about dustless dusting—now learn about dustless sweeping. Get a 10c can and then if you're not more than pleased, your money will be refunded.

Nomordust PRICE 25 CENTS Phone 113—We Deliver. All Grocers—10c. & 25c. a Can.
