

SOLONS INVITED WEST

DAVENPORT AND ADJACENT CITIES ASK CONGRESSMEN TO VISIT THEM.

WILL PAY EXPENSES OF EIGHTY-THREE

"Visit of Education" to Government Arsenal on Island in Mississippi is Planned—Invitations Being Prepared and Will Be Sent Out at Once—Date of Visit Oct. 14 and 15.

Davenport, Sept. 29.—To boost the Rock Island arsenal, eighty-three members of congress from five states have been invited to spend Oct. 14 and 15 in the Tri-Cities as the guests of honor of this five-borough community. At the meeting of the committee of fifteen at the Davenport Commercial Club \$2,000 was pledged by the representatives of Davenport, Bettendorf, Rock Island, Moline and East Moline to care for the expense of entertaining these members of the national legislature. The money was raised on the basis of the population of the five cities participating. Davenport's share is \$860, which will be paid by the Greater Davenport committee. Rock Island will furnish \$480, which will be raised by popular subscription. Moline will furnish \$480 from the funds of the Greater Moline committee or the Moline Commercial Club. The East Moline Commercial Club will furnish \$60 and Bettendorf's share of \$40 will be furnished by the Bettendorf Company. The visiting members of congress will spend one entire day at the arsenal inspecting its splendid advances from a manufacturing standpoint and on the second evening of their stay will be entertained by a monster banquet, which will be open to all residents of the five cities.

When the visiting members of congress come to the Tri-Cities in response to the invitation—and most of them have never seen the arsenal and know very little about it—their attention will be called to the fact that this big plant in which the government already has an investment of \$12,342,731 and which has an actual value of many millions than this total, is located 1,700 miles from the Atlantic coast, 800 miles from the Gulf of Mexico and 400 miles by air line from the nearest point on the Canadian border. They will be shown the ten great shop buildings with a total of 30,400,000 square feet of floor space, of which 15,000,000 square feet are ready for the installation of machinery and the manufacture of war munitions. They will be informed concerning the water power plant which now produces 2,000 horse power at a cost of 15 mills per k. w. hour and which, with an expenditure of \$135,000 for new equipment, could be made to produce 4,000 horse power at a cost of less than 3 mills per k. w. hour. And even this development would use only 15 of the 42 openings in the power dam. With all of the openings equipped with turbines 9,000 horse power could be developed at an equally low cost per unit.

Very few of these members of congress know that the Rock Island Arsenal reservation comprises 896.62 acres for which the government paid only \$150,000 and which now has a value as farm land of \$280,000. Factories, with a total of 3,000,000 square feet of floor space, and a residence property, consisting of it should be subdivided into lots of more than \$12,500, 600.

There is much more interesting valuable information concerning the Rock Island Arsenal which will be pointed in to the ears of the visiting statesmen and every bit of which tends to confirm the statement that the arsenal has every advantage that a government plant for the manufacture of arms and munitions should possess and that not one of the other four government arsenals has one-tenth of these advantages.

NEW COMPANIES INCORPORATE.

Randall Shoe Company and Farmers' Savings Bank Organized. Special to Times-Republican. Des Moines, Sept. 29.—Articles of incorporation were filed today by the Randall Shoe Company of Waterloo. The company incorporated for \$10,000. The incorporators are R. R. Randall, of Waterloo, and W. M. Brunk, of Des Moines. The Farmers' Savings Bank of Haverhill has incorporated with a capitalization of \$20,000. The officers are President, S. H. Gill; vice-president, G. A. Speer; cashier, Benjamin Leitch, all of Haverhill. The Cement Products Company, of Sac City, has amended its articles of incorporation and has increased its stock to \$130,000. The officers are J. J. Hammen, president, and J. J. Redford, secretary. The Farmers' Savings Bank of Ottumwa has increased its capitalization to \$20,000. The Masonic Building Association of New Hampton has incorporated with a capitalization of \$20,000. The officers are President, C. S. Sheakley; vice-president, Edson Sewall; secretary, G. B. Harris; treasurer, G. M. Bliflow.

ONCE PASTOR AT NEVADA.

Dr. W. B. Sandford, Called to Des Moines, Held Charge Five Years Special to Times-Republican. Nevada, Sept. 29.—Rev. Dr. W. B. Sandford, who has been called and will accept the pastorate of the Cottage Grove. Sandford was pastor of Central Presbyterian church of this city for five years or more, previous to going to Waterloo where he organized the Wesleyan church ten years ago. The Waterloo church was organized with a membership of sixty and

now has over five hundred. Rev. Dr. Sandford was one of the strongest men ever occupying a pulpit in this city.

DELIVERED OBSCENE LETTER.

Man Sent to Jail After Rather Unusual Postal Transaction. Council Bluffs, Sept. 29.—Albert Redding, who pleaded guilty Monday in federal court to having written an obscene letter to a girl at Carson, Tuesday was brought before Judge Wade and sentenced to three months in the Pottawattamie county jail, with judgment for costs on execution only. Redding, whose home is in the vicinity of Hastings, was arrested at Tekamah, Neb., after his indictment. An odd feature of his crime is the fact that he mailed the letter and it went thru regular postal channels to the postoffice box, where it lay some days without being called for. Then Redding himself called for the letter and in person delivered it to the girl. It was later turned over to the postal authorities and his indictment followed.

George E. Williams, son of the postmaster at Atlantic and himself an employee in the Atlantic postoffice, indicted on charge of mishandling postal funds of his father's office by conversion to his own use, and who was taken up at this time in federal court and given time to plead, Tuesday appeared in court by his attorneys, entered a plea of not guilty and by agreement of counsel for the government his case was generally continued. The term "generally continued," in phraseology of the federal court indicates that the case is in situation to be called at any time either by the court or by prosecution or defense. It was thought unlikely it will be taken up at this term of court, however, as Judge Wade is under necessity of closing his sitting in Council Bluffs this week in order to be at Keokuk Monday for the opening of the eastern division of his court.

PISGAH IS FLOOD BOUND.

Streets Under Water and Train Service Stopped. Pisgah, Sept. 29.—Pisgah, Harrison county is entirely cut off by the flooded Soldier river, say Northwestern railroad reports. The river has flooded the streets and threatens to do serious damage to buildings. The train service of the Mondamin branch of the Northwestern railroad has been abandoned between Orsen and Ute, Soldier, Preparation, Pisgah and Moorhead being without train connection. Pisgah had no telephone service yesterday. The Soldier river lies along the right-of-way of the railroad between Ute and Orsen and is considered by the railroad officials to be a menacing stream during rainy weather. The present flood began Sunday.

Twins and Triplets at College.

Iowa City, Sept. 29.—Registration reports at the University of Iowa this year include the statement that among the 3,000 students attending school there are four sets of twins and one set of triplets. The triplets are girls and two of the sets of twins are also. There are two sets of twin boys, and the various twos and threes dress in accord with each other of their respective families. All come from Iowa.

Sheldon Fireman Killed.

Sheldon, Sept. 29.—Dick Coates, was run over by the city fire truck and died from his injuries. While the department was making a run on a false alarm of fire, Mr. Coates fell from the hose cart and the truck, which followed, ran across his chest, causing internal injuries.

Traveling Man's Experience.

In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.—Advertisement.

Landauers were originally made in a town named Landau, in Germany.

JLITED; WANTS RING

CONNECTICUT MAN VISITS GLENWOOD AND STARTS TROUBLE IN HOUSEHOLD.

SENT DIAMOND AND \$50 TO HIS FIANCEE

She Thereupon Wedded Another and Jilted Easterner Comes West to Secure Cash and Jewel—Assaulted by Husband and Courts Will Settle Difficulties of Trio.

Special to Times-Republican.

Glenwood, Sept. 29.—The deadly triangle has brought two employees of the state institution at Glenwood and Elmer Burkhardt, of Hartford, Conn., into the limelight. Burkhardt met Miss Jennie Collins at Payson, Ill., became engaged to be married, and claims to have sent her a diamond engagement ring and \$50 for traveling expenses east, where they were to be married. July 6 last Miss Collins and B. C. Walker were married at Glenwood.

Yesterday Burkhardt appeared in Glenwood. He visited the home of the Walkers, demanding his ring and money back, and then he alleges he was assaulted by Walker. Walker gave a cash bond for his appearance in court.

TIED TO TREE AND ROBBED.

Western Visitor in Sioux City Victim of Ape, Bandits.

Sioux City, Sept. 29.—Gargled and bound to a tree among high weeds on a vacant lot, the locality of which he does not know, W. H. White, of Butte, Mont., struggled from early Monday morning until 1 o'clock Tuesday morning to free himself, according to a report he made to police headquarters. Two men in an automobile were responsible for White's predicament. They robbed him of a razor, \$16 in money and a pair of tan shoes.

White got into the machine, was driven "somewhere," presumably to the stock yards district, and then bound. He freed himself after a long struggle. "How do you do," he said, according to White. "My wife has seen you on the street, and she once knew you in Butte. She has sent me to get you."

ROBBED OWN STORE.

Sioux City Pawnbroker Indicted For Defrauding Insurance Company.

Sioux City, Sept. 29.—H. Schoenwald, 313 Fourth street, a pawnbroker, against whom a secret indictment was returned by the grand jury Saturday, charging him with cheating by false pretenses, made arrangements thru his counsel to file a bond in the district court. Since Schoenwald's arrest last March he has been out on bail. Schoenwald is accused in the grand jury indictment of robbing his own store and then attempting to collect burglary insurance from the Aetna Accidental and Liability Company of Hartford, Conn. Charles C. Hunsaker, a detective for the company, testified before the grand jury that he found revolvers and jewelry in Schoenwald's store which the pawnbroker had reported to the insurance company. The alleged theft took place March 20.

GIRL SEEKS \$5,000.

Mother of Nameless Babe Sues Grinnell College Athlete.

Muscatine, Sept. 29.—Testimony in the case of the state on behalf of Maude Tubbs, aged 17, mother of a nameless babe, against Sumner Darrow, a well known Columbus Junction youth and prominent in athletics at Grinnell College, from whom \$5,000 is being demanded by the plaintiff, she

charging him with being the father of her child, was completed, and the arguments by the attorneys were started. During the course of the trial an effort was made on part of the defendant to present an alibi in regard to the dates set out in the petition filed by the plaintiff, in which it was claimed that Darrow was in Muscatine on Aug. 2, 1914, and in accordance with Darrow's own testimony, also Russel Van Fleet, also of Columbus Junction, they both stated they were in the Junction the date claimed they were in Muscatine. They testified they were both here on about May 10, and Darrow admitted to the ride in the auto in question, also to meeting the Tubbs girl on his visit here at the latter date. Van Fleet upon being cross examined told

of the meeting on Second street which led up to the girl's accepting their invitation to take a ride and the trip down the Burlington road, where he admitted that Darrow and the Tubbs girl left the car and walked down the road, denying that Darrow used force in removing her from the car.

Prohibition and Shoes. Soon after the state of Georgia voted to go dry an aged rice-field dandy limped into a general store in one of the southern counties down near the Florida line and called for a pair of brogans.

The storekeeper contemplated the two horny and calloused soles which the customer owned, and then turned to his owner. "Why, Uncle Mose," he said, "what

does this mean? I don't believe you ever wore a pair of shoes before in your life."

"I ain't, boss," said Uncle Mose. "What possesses you to think you want some now?"

"Well, boss," said Uncle Mose, "since dese yeh prob'itionists tuck hold de woods is so full of bottles a nigger can't walk no more, I want de brogans deout jest hitchally 'uttin' de bottoms right off'n his feet."

Not Her Fault. The best efforts to make a home attractive sometimes fail. Recently a district visitor in the east end of London asked the wife of a notorious drinker why she did not keep her husband from the public house.

"Well," she answered, "I 'ave done my best, ma'am, but 'e will go there."

"Why don't you make your home look more attractive?"

"I'm sure I've tried 'ard to make it 'omelike, ma'am," was the reply. "I've took up de parlor carpet and sprinkled sawdust on de floor, and put a bear barge in de corner. But, 'ur, ma'am, it ain't made a bit of difference."

Diarrhoea Quickly Cured. "About two years ago I had a severe attack of diarrhoea which lasted six weeks," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.—Advertisement.
