PAY LYNCH HEIRS \$9,000 FOR DEATHS

CHICAGO GREAT WESTERN SETTLES CASES FOR FATAL ACCIDENTS AT GREEN MOUNTAIN.

SETTLEMENT MADE ON EVE OF COURT TRIAL

Railroad Settles For \$2,000 the Case of the Elder Lynch, But Agrees to Pay Heirs \$7,000 For Death of Younger Man—Payment to Be Made Within Thirty Days.

One of the largest settlements of personal injury cases made outside the district court in recent years was effected late Monday by C. H. Vanlaw and Garney & Carney in the two cases against the Chicago Great Western railroad for the death of Joseph A. Lynch and his son Joseph T. Lynch, of Green Mountain. Agreement was reached that the railroad company is to pay the heirs of the dead men, \$9,000 cash within thirty days.

The railroad company is also to pay whatever costs it has made in the case. The plaintiff will pay the costs it has incurred.

Final negotiations looking to a settlement were opened Sunday. The cases were both assigned for trial Monday, but when the court was advised that negotiations for settlement were under way he passed the cases and called the next. It was not until late in the afternoon that all the Lynch heirs interested gave their consent to accept the settlement offered. The settlement is divided \$2,000 for the elder man, Joseph A. Lynch, and \$7,000 for his son, Joseph T. Lynch. The father was 68 and his son was 49 years of age. The large difference in their expectancy of life is responsible for the difference in the amounts paid in settlement.

It is understood that the heirs would not have accepted \$2,000 as settlement of the case growing out of the elder Lynch's death, but when combined with the larger sum offered in settlement for the younger man's death it made the tender acceptable.

The father and son were killed Sept. 1914 in an automobile accident on the crossing a short distance southwest of Green Mountain. Their car was struck by a Chicago Great Western south-bound freight. The father died instantly and the son lived until the next day.

Charles R. Lynch, as administrator of the estates, sued the railroad for \$15,000 for the elder Lynch, and \$20,000 for the son's death.

LOT MARKET IS BRISK.

Real Estate Transactions Indication of Continuation of Building.

A continuation of home building well into the fall and as far into the winter as the weather will allow, is the satisfactory feature developed by the week's real estate transactions. Most active among the dealings of the week were the sale of building lots and sites on which to build homes. In no less than four instances the news of the sale of the site carried with it the announcement of the purchaser that he would build at once. In most cases the sites purchased were in outlying districts. Electric addition being one in which two of the new homes will go up.

Another feature of the market was the sale of one valuable inside property, one transaction being for property that is so close in it comes within the classification of business property. The latter transaction refers to the purchase Monday by T. S. Cartwright from the heirs of John Stine of the property at 165 South Center street for \$3,100. The property is a lot 60x150 feet, just south of the Cartwright lumber yard. The house is of small value. The lot was purchased because it was thought to be an opportune time to buy. The lot advanced more as it may be utilized some time as a site for an enlargement of the Cartwright lumber yard or for the building of a new yard. Such improvement is not contemplated before a year or two.

Of special interest in the Third ward was the sale of the comparatively new residence property at 411 West Chure street by Dr. Nelson Merrill to the tenant, Mrs. Ida W. Williams. The price was \$8,500, according to the deed. The lot is 60x90 feet, the former being the Church street frontage. On the rear of the lot is a small house. The large house on the corner is of eight rooms, modern, and was built two years ago.

Other sales of inside property were those of T. M. O'Brien to O. J. Parsons of the old Kiky property at 197 South First avenue, and the property at 2 North Fourth street by Rilla L. Smith to David W. Pugh. Three thousand is given as the purchase price of the latter property.

The real estate transactions for the week totaled \$22,210, compared with \$22,605 last week, \$50,067 for the same week of September, and \$58,465 for the corresponding week of August.

The transfers are: Rilla L. Smith to David W. Pugh, the middle sixty feet of the west sixty-three feet of lot 6, block 1, Jerome's addition, \$1.
 Harry Gerhart, trustee, to Frank Koble, lots 27 and 28, Melrose park addition, \$335.

The Swift Meetings.

An audience which filled the auditorium of the Baptist church Monday evening listened to the most interesting sermon on the subject, "The Worst Prayer in the Bible." The text of the speaker was "I pray thee have me excused." Mr. Swift pointed out the many excuses that are made for not leading a christian life, and emphasizing the importance of a decision now for the life that is worth while. Several decisions were made at the close of the service.

Members of the soldiers' home, the local G. A. R. post and W. R. C. attended in a body. Chaplain H. O. Pratt, then the home choir took part in the service, and the church was decorated with the national colors.

Tonight is business college night, when the faculty and students of the Central Iowa Business College will be guests of the church. Prayer meetings will be held Wednesday morning at 9:30 at the following homes:

Babe, at Baptism, Wears Family Heirloom on Its Dress

Wearing a solid silver buckle that was worn by his grandfather and father upon their baptism, Paul Osmon, the 9-week-old son of Rev. and Mrs. Orlando Ingvaldstad, 103 South Third street, was the center of attraction in a baptismal service celebrated by his father at the Elm Lutheran church Sunday. Rev. Mr. Ingvaldstad baptized his son as he lay in his mother's arms, and Mr. and Mrs. W. B. Ingvaldstad and Prof. O. H. Hokaason, of Decorah, acted as sponsors.

Seventy-six years ago, when the late Peter Olson Ingvaldstad was baptized in the Norwegian Lutheran church, his mother used on his baptismal dress a little silver buckle. This was given by the mother to her son, and was used on the dresses of his twelve children when they were baptized. Because Paul Osmon bore the same initials as his grandfather, Mrs. Josephine Ingvaldstad, of Decorah, the babe's grandmother, sent the buckle here to be used on the babe's baptismal dress, then to be laid aside until his children are baptized.

Professor Hokaason, who is a boyhood friend of Rev. Mr. Ingvaldstad, and who is a professor of history in Iowa State College, Ames, left the city Monday night for Rochester, Minn., where he will consult surgeons relative to an injury to his knee, sustained by falling from a bicycle. Mr. and Mrs. W. B. Ingvaldstad and son Kenneth left this morning for their home.

Care of the Hair
 And Other Beauty Secrets.

Switches will be unknown among women when they give as much care and attention to the hair as they do to the face and hands. Women troubled with dandruff and falling, thin, scraggy hair, will do well to shampoo at least twice a month with a teaspoonful of eggol dissolved in a cup of hot water. This will remove all excess oil, dirt and dandruff. A simple and delightful hair tonic to be used in connection can be made very easily by mixing half a pint of water with half a pint of alcohol and adding one ounce of beta-quinol, massaging this simple tonic into the scalp nightly will soon stop the hair from falling, kill all the dandruff germs and soon produce a fine, glossy and luxuriant growth.

Not so much the big wrinkles, but the little ones are what rob the face of its youthful appearance. No matter how faithfully and vigorously you massage the face, there will be no perceptible result unless the proper article is used. If you will get from your druggist the hair cream of powdered eggol, dissolve it in half a pint of hot water, you will have a remarkable wrinkle remover that will in a short time produce a startling change, making the face plump and youthful to a marked degree.

Fashions decrease that arms and neck should be entirely devoid of those ugly hairs. Using pastes, powders and razors, only strengthens the roots, so the hairs grow thicker and stronger than before. Next to the electric needle, the electrolytic hair cream is the only safe, sure and painless way is to get one ounce of simple sulfo solution; apply freely to the hairs and in about three minutes they will be dissolved away entirely, leaving the skin soft and white without any irritation whatever.
