RAILROAD COMMISSIONERS MAKE IMPORTANT RULING AS TO HIGH TENSION WIRES.

BIG ELECTRIC COMPANIES CAN'T RUIN TALK WIRES

Ruling of Vital Interest to Lines of Farmers Telephone Companies—Transmission Companies Given Choice of Two Remedies—Commissioner Huilher in Dissenting Opinion.

Des Moines, Oct. 5.—Electric companies to secure franchises for high tension lines in Iowa must agree to construct their lines so as not to interfere with telephone systems now in service, according to a ruling made yesterday by the Iowa railroad commission.

Altho the railroad commission has no control over the telephone lines, by a majority opinion it has ruled that the hundred of farmers' telephone lines of the state shall not be rendered useless by the construction of high tension lines. Commissioners Thorne and Wilson join in the majority opinion.

In the dissenting opinion, Mr. Gulther holds that the electric companies are privileged to construct lines wherever the railroad commission directs, regardless of the telephone lines which already occupy the highways.

Under the new law all fees are due Jan. 1. 10 per cent penalty will be added if they are not paid before April 1, and 5 per cent additional for each month thereafter. Motor cars are subject to lien for all unpaid fees.

The estate has been placed at \$700,000, which would make a collateral inheritance tax due the state and county amounting to approximately \$30,000.

FREEBORN COUNTY PAYS BILL.

Iowa Given Verdict Against Railroad and Minnesota Pays Costs.

Special to Times-Republican. Mason City, Oct. 5.—Freeborn county, Minnesota, is somewhat peeved because of the fact that an Iowa railroad case was tried in their courts and Freeborn county had to foot the bill of expense. Fred Beck, an Iowa man, brought suit against the Chicago, Milwaukee & St. Paul road for damages for running a rusty nail in his foot while walking in their yards.

EAT LESS MEAT AND TAKE SALTS IF KIDNEYS HURT. SAYS A TABLESPOONFUL OF SALTS FLUSHES KIDNEYS, STOPPING BACKACHE. MEAT FORMS URIC ACID, WHICH EXCITES KIDNEYS AND WEAKENS BLADDER. Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the kidneys in most excited get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
