BULGARS ENTER WAR OFFICIALLY

Declaration Against Serbia Posted Thruout Nation.

TEUTONS OUTBID ENTENTE ALLIES

Action of Bulgaria Result of Diplomatic Trading of Territory—Bulgaria Hopes to Get Back Country Conquered From Turkey and Later Lost Thru Second Balkan War—Army Smaller Than Roumania's.

London, Oct. 13.—Bulgaria has declared war on Serbia says a Central News dispatch from Paris. A dispatch from the Bulgarian frontier states that a declaration of war will be posted thruout Bulgaria tonight.

The decision of Bulgaria, the twelfth nation to enter the war, to join the ranks of the belligerents on the side of Germany, Austria and Turkey was reached only after a diplomatic duel wasted for months between representatives of the Teutonic allies and the quadruple entente.

Bulgaria finally decided Germany and her friends had made a higher bid. Bulgaria's army, while much smaller than that of Roumania, is well drilled and equipped. Her military strength in time of war is about 300,000 men. Country is isolated.

Since the second Balkan war, in which Bulgaria fought Greece, Serbia and Montenegro, after the victory of all four nations against Turkey, Bulgaria has been isolated to a certain extent from the other Balkan states.

The second war, resulting from a dispute over territory, was not participated in by Bulgaria, which also kept out of the first Balkan conflict. Roumanian troops invaded Bulgaria, however, and forced territorial concessions.

Due to territorial trades, Bulgaria was compelled to relinquish a large part of the territory she had gained in the first war. The ill-feeling thus engendered made it doubtful whether Bulgaria would consent to enter the present war on the side of Serbia and Montenegro.

The first important victory of German diplomacy was scored when Turkey was induced to cede Bulgaria territory along the line of the Dedeaq-hatch railway. Bulgaria also is said to have been pledged efficient help in obtaining the whole of Macedonia as well as part of Dobruja.

Bulgaria ordered the mobilization of her army on Sept. 21. Bulgarian troops actually invaded Serbia about twenty-four hours before war was declared. The issue between Bulgaria and Serbia apparently has been joined squarely. It is reported unofficially that Bulgaria has declared war. Little is known here of the progress of hostilities between these combatants beyond the fact that Bulgaria has invaded Serbia and is engaged in the opening engagements. In northern Serbia the Austro-German invaders are meeting with stubborn resistance.

German Report Progress.
Berlin, via London, Oct. 13.—The Austro-German invasion of Serbia is making progress the war office announced today, also the Serbians are interfering to some extent with the advance.

BOSTON WINS WORLD SERIES

Captures Fifth Game of Series, Making Four Straight Victories.

CONTEST REPLETE WITH HITTING

Three Home Runs on Philadelphia's Small Field, Boston Players Grabbing Two and Philadelphia's One—Mayer Starts in Box For Phillies and Is Soon Supplanted by Rixey—Foster Does Mound Duty For Victors.

Philadelphia, Oct. 13.—The Boston American League team won the national championship. By taking today's game by a score of 5 to 4 the Bostonians made it four straight wins, after losing the first game of the series. The final and deciding game was featured by hard hitting, and three home runs were hit out, two by Boston and one by Philadelphia. The score:

R. H. E.
Boston.....5 10 1
Philadelphia.....4 9 1

Philadelphia, Oct. 13.—Ideal weather prevailed here today for the fifth game of the world's series. The sky was clear and the temperature at 8 a. m. stood at 52. Conditions indicated it would go higher during the day.

Both the Philadelphians and the Bostonians, contestants for the championship for the world, were given an enthusiastic reception on their arrival here today from Boston. A thousand or more rooters who had accompanied the teams to Boston, after the first two games of the world's series here last week, were on the same train, as were also several ticket speculators and many other camp followers. Baseball was almost the sole topic of conversation thruout the journey. The faithful followers of the Phillies still were optimistic in spite of three defeats, while the Royal Rooters and other Boston fans were jubilant in anticipation of a victory today which would clinch the premier title for the Red Sox.

Interest Undiminished.
When the bleacher gates were opened thousands of men and boys were waiting eagerly to gain the front seats. The fact that Boston has won three games did not appear to decrease the interest in today's contest and the demand for tickets equalled if it did not surpass that for the opening game last Friday.

The presence of Governor Brumbaugh and members of his official family to represent the state, and Mayor Blankenburg, representing the city, gave today's contest an official flavor.

Word came from Belvidere, N. J., that the special trains on which the players of the two teams and the rooters are traveling from Boston, had been delayed because of engine trouble and they were three hours late arriving here.

The batting order follows:
Boston—Hooper, right field; Scott, shortstop; Speaker, center field; Hoblitzel, first base; Lewis, left field; Gardner, third base; Barry, second base; Thomas, catcher; Foster, pitcher.

Philadelphia—Cravath, center field; Cravath, right field; Luderus, first base; Whitted, left field; Niehoff, second base; Burns, catcher; Mayer and Rixey, pitchers.

The train bearing the two teams arrived at the railroad station here at 11:15 a. m. There was no delay in starting the game.

Crowd of 20,000 Sees Game.
More than 20,000 faithful Phillies fans—crowded into the little park to encourage the home team in its last stand against Boston, who went into the game today with the count three to one in their favor.

A victory for the victors meant the winning of the world's championship. A victory for the Phillies meant a prolongment of hostilities, with tomorrow's battle staged in Boston.

A poor steaming engine of the special train bearing the members of the two ball teams delayed their arrival in the city from 9 o'clock until shortly after noon. In the meantime, runs were current of a serious accident and a consequent delay in the series. However, word came that all was well and that the game would start on time.

Look to Cravath.
The Phillies, once more in their white home uniforms, were first on the field today and got a rousing cheer of welcome from the crowded bleachers. The local fans fully believed that Alexander would turn back the invaders and that some of "Gavvy" Cravath's long hits which went for outs on the vast playing field in Boston, would develop into home runs today.

than the one in Boston. The Philly park seemed tinier than ever after two days of playing at the Braves field, but the Boston players claimed they did not fear the heavy artillery of the Phillies any longer.

RUSSIA SCORES NEW SUCCESS

Victory Over Austrians in Galicia Believed Definite.

RETREAT MAY AFFECT BALKANS

Continued Neutrality of Several States Believed Due to Recent Russian Reverses—Great Battle Reported to Be in Progress in Champagne as Prelude to Another Forward Movement by French Armies.

London, Oct. 13.—The reports from Petrograd yesterday of an important Russian success in Galicia has been confirmed officially. General Ivanoff has broken the Austro-German front along the Strpa, taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated in the official announcement, the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable moral effect in the Balkans, where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia during the summer campaign.

In the Dvinsk region desperate but indecisive fighting continues, with the offensive shifting frequently from one side to the other.

Field Marshal Von Hindenberg evidently intends to continue his attack, as it is reported reinforcements for his army are on the way to the Dvinsk front.

Great Battle in Champagne.
From the western front came reports bearing evidence that the French are resuming the offensive in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent reports a great fight at the front is now proceeding in the Champagne. This is regarded as an indication that the French intend to resume the offensive.

Beyond the announcement made by Premier Viviani in the French chamber, little has yet developed as to the extent of aid to be given by the entente.

Philadelphia—Klem announced that a runner may take two bases on an overthrow because of the extended field stands. This ruling changes Gardner's error in the fourth inning to an error for Hooper, as Hooper's throw went to the stand. Cravath up. Ball one, strike one, ball two, strike two. Cravath fanned. Luderus up. Ball one, foul strike one, ball two, foul strike two. Cady is now catching for Boston. Ball three. Luderus walked. Whitted up. Luderus was out stealing. Cady to Barry. Ball one. DELASSE QUITS CABINET.
French Foreign Minister Resigns—Premier to Take Over Duties.
Paris, Oct. 13.—Foreign Minister Delcasse resigned today. His resignation was accepted.

Premier Viviani announced the resignation of M. Delcasse and its acceptance at a meeting of the cabinet council today, presided over by President Poincaré. It was decided that the premier should take over the role of foreign affairs.

Father of Triple Entente.
Theophile Delcasse has been one of the foremost French statesmen during the last twenty-five years, having to his credit the inspiration which led to the Anglo-French cordiale. He was credited with an effective influence in the settlement of differences between Russia and Great Britain, making possible the formation of the triple entente.

As foreign minister in a former cabinet, M. Delcasse, aroused the bitter hostility of Germany, where it was believed his policy aimed at the political isolation of that nation.

German Attack Repulsed.

Copenhagen, via London, Oct. 13.—Another German steamship has been destroyed as the result of the British submarine campaign in the Baltic, undertaken to prevent Germany from receiving supplies from Scandinavia. ENGLISH ABANDON DUMMY WAR CRAFT

German Discover Ruse and Destroy Warships Are Sent Home—Fifty Tons of Coal Tar Dye Stuff, From Germans, Consigned to American Secretary of Commerce, to Arrive Today—England Acquiesces.

New York, Oct. 13.—Russia has receiving munitions of war from Japan at an average rate of twenty train loads a day for three months, according to Cyrus Robinson, a mining engineer of London, who arrived here today on the steamship California from Liverpool.

Mr. Robinson said he was in Petrograd for two months on government business. He declared that rail communications via Vladivostok had been turned over almost entirely to military trains and that the war material coming from Japan helped in a great measure to check the recent advance of the central powers.

A number of the California's passengers were from Glasgow. Several of these persons said they had recently been returned to that port by dummy battleships that had been built by the British fleet. These dummies, made by taking freight steamers and building over their wood work and canvas to resemble war vessels, were used as decoys in an effort to bring about German torpedo boats and also to locate land batteries along the German coast. They are now being dismantled because the Germans discovered the ruse.

GERMAN DYE STUFFS COMING.
Fifty Tons of Coal Tar Preparation Consigned to Secretary of Commerce.
Washington, Oct. 13.—Fifty tons of coal tar dye stuffs of German manufacture were received in New York today on the steamer St. Louis, consigned to the secretary of commerce. The shipment is for the account of William A. Mitchell, of Lowell, Mass., representing the National Association of Cotton Manufacturers. In a statement the commerce department said:

"Several months ago the secretary consented to act as consignee of two carloads of dyes from Germany for which safe passage was assured by permits granted by the British government upon the express condition that the secretary of commerce would be the consignee. The embargo on these exportations was not being lifted. Arrangements were made, however, by American manufacturers, with the British government, whereby that government has permitted exemptions from the United States of the dyes coming on the St. Louis. It is hoped that this is the first similar shipment."

The consignment was shipped into Holland before the embargo was imposed.

To Hurry Turkish Answer.
Washington, Oct. 13.—Ambassador Morgenthau has been directed to inquire of the Turkish foreign office. It was learned today, as to whether concessions regarding exemptions from persecution of protestant and catholic Armenians were being carried out. The concessions were made in response to recent representations by the United States, but unofficial information has reached here indicating that the persecutions were continuing.

Officials stated today that the delay in receiving the Turkish answer might be due to interrupted cable communications.

Turks Force French Consulate.
Paris, Oct. 13.—The American embassy informed the French foreign office today that despite the protest and opposition of the American consul at Beirut, Syria, the French consulate in that city to which American seals and been applied, had been violated by the Turkish authorities, who began an examination of the consulate's archives.

MAY FORCE CONSCRIPTION.
Members of British Cabinet Hope to Force Issue to Vote.
London, Oct. 13.—The parliamentary correspondent of the Daily News asserts that the conscriptionist members of the cabinet, headed by Winston Spencer Churchill and Earl Curzon, will make a renewed attempt at today's cabinet meeting to force the issue and obtain a definite ruling for or against conscription.

The conscriptionist members believe, the News continues, that Earl Kitchener is more inclined to their view than he was a month ago, and they also believe that if the British government should announce adoption of conscription at the present juncture when a new war is beginning in the Balkans it would have a striking effect on the military situation.

Several liberal members of parliament are urging the government to appoint a committee to investigate the circumstances under which the Dardanelles expedition was begun and the manner in which it has been conducted.

Discourage Panama Route Sailing.

New York, Oct. 13.—The governor of the Panama canal zone, because of the continued slides in the canal, has notified Panama railroad officials here, today and immediately thereafter received the royal assent.
