

TAKE THIS MAN'S ADVICE TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly, WALTER SHIVER, Hope Ark.

317 N. Main St. Subscribed and sworn to before me, this 25th of March, 1912.

A. V. WARE, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone.

Information, telling about the kidneys and bladder. When writing, be sure and mention the Marshalltown Daily Times-Republican.

Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Probate Notice. Office of the clerk of the district court, state of Iowa, Marshalltown, ss.

To whom it may concern: You and each of you are hereby notified to appear at the court house in Marshalltown, Iowa, in said county, at 9 o'clock a. m., on the 20th day of December, 1915.

In testimony whereof, I have hereto subscribed my name and affixed the seal of the district court, this 10th day of November, A. D. 1915.

S. H. REILLY, Clerk of the District Court.

Means Hard Work. "Tryin' to help a man dat can't help hisself," said Uncle Eben.

MURDERER IS SOUGHT

MYSTERY REGARDING BODY OF WOMAN FOUND NEAR LETTS NEAR SOLUTION.

IDENTIFIED AS THAT OF OSKALOOSA RESIDENT

Daughter and Son-in-Law Say Clothing Found on Decomposed Body Was That Worn by Mrs. Anna McDonough When She Disappeared Oct. 28

—Left in Auto With Son.

Muscataine, Nov. 17.—The mystery of the Elsie Hill murder was cleared up yesterday when Mrs. Lou Braun, of near New Boston, positively identified the clothing and bits of jewelry taken from the dead woman as belonging to her mother, Mrs. Anna McDonough, of Oskaloosa, who was last seen alive by her relatives and friends Oct. 28, when she and her son John, started for an auto trip to New Boston for a visit with Mrs. McDonough's daughter, They never arrived.

James Lawrence, chief of the Oskaloosa police, accompanied by George Haber, a son-in-law of Mrs. McDonough, arrived in Muscataine, and accompanied by Sheriff Wiley they left for Letts, where Mr. Haber viewed and identified the clothing and jewelry as the property of his mother-in-law.

Not satisfied, the party motored to New Boston, Ill., where the daughter, Mrs. Braun, made the identification positive, and the mystery of the Elsie Hill murder was a mystery no longer so far as the identity of the murdered woman is concerned.

Had Been Missing. On Oct. 28, Mrs. McDonough, accompanied by her son John, 25 years old, who drove the car, started for New Boston in Mrs. McDonough's Ford. That was the last trace of any of them. They never arrived at their destination and the whereabouts of the son is still a mystery.

The son John, for whom the police in the next few hours, is described as being 25 years old, of medium height, about 165 pounds in weight. He has been married but has separated from his wife. He has two children. The husband of the slain woman is at present in the soldiers' home at Marshalltown.

Had Money on Person. It is supposed that when Mrs. McDonough left her home in Oskaloosa to begin the trip which ended so tragically, she had with her a considerable sum of money which she carried in a sack. No money was found on the corpse.

Besides the daughter at New Boston there are four other children, two sons and two daughters. The dead woman was 27 years old and whether or not she possessed any means is a matter of guess work.

The son John, has been in trouble before, it is said. About fifteen years ago he shot a negro with a shot gun at Colon, three miles south of Oskaloosa, but he was acquitted when arraigned on a charge of attempted murder. The fact that the negro was an ex-convict probably had a great deal to do with the acquittal.

He had at one time been in the United States navy, where he served seventeen months, being given a medical discharge, and all his life he had been a wanderer. It was just last July that he suddenly and unexpectedly returned to his home in Oskaloosa and took up his abode with his mother, with whom he had lived ever since.

Identify Hat Also. The fact that the blood stained hat, found ten miles south of the deserted house in which the body was hidden, was also identified as that of Mrs. McDonough and proves that at the point in the road near Fredonia the murderer, whoever he may be, committed the crime. The supposition is that there was a quarrel and that the murderer was not at once aware of the fact that he had killed her. Then the discovery that he had snuffed out a life he became frightened and drove for miles, always looking for some place where the body might be securely hidden, until at last he spied the deserted house at the top of lonely Elsie Hill.

The blood stains on the hat, gloves and clothing of the murdered woman would preclude the idea that she had been choked or strangled to death and the police adhere to the theory that she was killed by a blow on the head, probably delivered with some blunt instrument.

Son Murdered Also? While the police are seeking the son alive they are also working on the possibility that he may have been the victim of an atrocious double murder in which both he and his mother lost their lives.

The body of the mother was hidden in the deserted house ten miles away from the scene of the murder but what has been done with that of the son, in case this latter theory proves correct, is just as much a mystery as the most mysterious angles of one of the most mysterious cases in the crime annals of Iowa.

BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine", simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J.

HARDING SEEKS TO SAVE FORD.

Lieutenant Governor Appears as Attorney For Sioux City Gangster.

Des Moines, Nov. 17.—An application for an injunction to prevent the Woodbury county court from placing Charles Ford on trial Friday on charges of murder and robbery, was filed yesterday in the supreme court by E. L. Harding, lieutenant governor, who is serving as Ford's attorney.

The Ford case is one of the most sensational of western Iowa. Sioux City is greatly excited over it. Yesterday the newspapers of that city were featuring an alleged plot in which it is claimed that Ford planned to put John Brennan, one of the state's witnesses, out of the way by means of poisoned whisky. The plot failed.

Lieutenant Governor Harding asserts that Ford is not guilty of the crimes charged. Ford was indicted on four counts, charging murder and robbery. The murder charge is in connection with the killing of Roy Morley, it was related yesterday at the state house.

The attorney filed an application in the Woodbury county court for a writ of habeas corpus for Ford. It was denied and the court fixed Friday as the date for opening the trial of Ford.

If the supreme court grants the restraining order today, Ford will not go on trial until the high court decides the habeas corpus case. Harding stated that he will file an application for advancement of the habeas corpus hearing in the supreme court so there will be no delay in getting a ruling.

Ford operated a small hotel at Sioux City. Witnesses claim he is implicated in the robbery on Sept. 11 of the Greenville bank located in a suburb of Sioux City. The murder of Morley occurred the day following the Greenville robbery in a fight over division of the spoils, it is claimed. Ford is said to be mixed up in both cases.

RETURN FIVE INDICTMENTS.

Three Named in True Bills by Cerro Gordo Grand Jury Not Apprehended.

Mason City, Nov. 17.—Five indictments were returned to the district court Tuesday, only two of them named in the bills having been apprehended. H. W. Lane was indicted for a statutory offense and is now in jail unable to secure bail. Fred Ward, thought to have been implicated in two holdups at Cerro Gordo, was indicted for "preparing his parole." He is in custody. It may be several days before the three others are apprehended.

Albia Boy Killed by Engine. Albia, Nov. 17.—George Dies, the 15-year-old son of Mr. and Mrs. Elmer Dies, of Hiteman, was run down by a switch train at No. 6 mine and instantly killed. His body, which was found by the train crew, was badly mangled. It is supposed he intended to get off the train at No. 6 mine but the train did not stop there and jumped from the train and the suction threw him beneath the train.

Keep Your Bowels Regular.

If your bowels become constipated, take a dose of Chamberlain's Tablets just after supper and they will correct the disorder. They are mild and gentle in their action. Obtainable everywhere.

Southern Iowa Items

Muscataine. The opening of the November term of the district court being the beginning of the fifteenth year of service for George Hawley as a bailiff, it was fittingly remembered by members of the bar association, who presented him with a gold headed cane and a plaque. The presentation took place at a meeting of the body just prior to the convening of court by Judge Donegan.

Shenandoah. A cut on the foot fourteen months ago caused a slight case of lockjaw, which, with complications of lung fever, proved fatal to the boy, Humphrey Garber, the son of Mr. and Mrs. J. F. Garber, 719 West Thomas avenue. Floyd had been sick for five weeks. He was a little over 4 years old.

Guthrie Center. Three auto thieves, one a woman, drove up to a garage at Guthrie Center and took twenty auto tire casings and attempted to blow the safe. The woman stood on guard while the men got the goods. The tires were loaded first and they went to open the safe when the approach of another car caused the safe-blowers to desert their tools and flee.

Humeston. Recently George D. Rickert, a prominent farmer living a mile south of Humeston, started out to his field to plow with a span of young mules. While en route to the field in passing thru a bunch of weeds one of the mules suddenly became frantic, caused by a prairie chicken trying to arise from the weeds under its feet and immediately gave a lunge and kick. The kick from the mule landed square on the prairie chicken's neck and broke it.

Council Bluffs. William E. Roberts, aged 43 years, living at Thirty-fifth street and Fourteenth avenue, was killed by a train in the union station yards at Omaha sometime Thursday night. The body, badly mangled, was found Friday morning, but not identified until Friday afternoon. Roberts, who was formerly a railroad man, had not been working for some time. He is survived by a widow, three sons and a daughter.

Washington. The W. O. W. hall in the new Vern Roberts building was dedicated Friday night in the presence of a very large crowd. The Woodmen of the World rent the hall and they sublet it to four other lodges, the Woodmen Circle, Court of Honor, Yeomen and Ancient Order of United Workmen. These four lodges were guests of the W. O. W. at the meeting Friday evening. The hall itself is very attractive. The walls are of a bright buff color and the floor is waxed birch. The main room measures 44x32 feet. A platform ten feet wide is placed along the west end of the room. Besides this room there is a splendidly equipped kitchen, and also two cloak rooms.

Washington. Washington is to have the largest and best life and drum corps in the central west if all the plans of the promoters of the new organization work out as they hope. These martial bands used to be a common thing and many towns had them, but of late years they have not been so prominent. Some of the old drummers about town do not see any reason why an organization of this character can not be made as efficient and as popular as in former times and they are going to work hard to have a corps of which Washington can be proud. The organization is a good hands and it will not lack for consistent promoters. It will be known as the "Washington Fife and Drum Corps" and will consist of between twenty and thirty men with instruments.

IOWA HAS MANY HOGS

LARGE INCREASE IN HERDS OF STATE BECAUSE OF ABSENCE OF CHOLERA.

STATE OFFICIAL TOURS NORTHWEST PART OF STATE

Finds From 100 to 125 Per Cent More Hogs on Farms Than Last Year—Farmers Not to Purchase Corn—Will Market Unfinished Cattle When Present Crop Is Fed—Pop Corn Poor.

Des Moines, Nov. 17.—As the result of freedom from hog cholera, northwestern Iowa has from 100 to 125 per cent more hogs at the present time, than in normal years, declared Ivan Whitted of the Iowa department of agriculture, who returned to Des Moines yesterday after an inspection tour.

"Conditions in northwestern Iowa are good," said Whitted. "The bankers and stock yards men, as well as the farmers, say that more cattle have gone into that section this year than in any previous year. The feeders are needed to consume the soft corn. However, I was told that but few farmers expected to finish the cattle, and they would sell most of the animals as soon as the soft corn is gone.

Good Corn Will Be High. "They are advising the farmers in the north to carefully sort the corn to keep the good grain. They expect good corn to be high next year. I talked with many farmers regarding hog cholera. T. A. Hartman, editor of the Live Stock Record of Sioux City, said that in his opinion northwestern Iowa has from 100 to 125 per cent more hogs now than usual at this time. He says this is due to freedom from cholera. Vaccination has prevented cholera, he says. Farmers expressed the same opinion.

Not Supposed to Cure. "Hartman said that the dissatisfaction among some farmers with vaccination is due to the fact that they expected vaccination to save hogs, after they had developed cholera. The vaccination will prevent, but will not cure the disease in his opinion. "Iida and Sac counties of Iowa produce about all of the popcorn used in this country. I made a trip thru that region to see how the crop came out. The popcorn crop is about in the same shape as field corn. Much of it is soft. It looks as if the farmers have about 50 per cent of a crop. The price will be high so that part of the loss will be made up for in that way."

TO PROBE STOCK OUTBREAK.

Senator Kenyon Member of Committee Investigate Stock Epidemic.

Fort Dodge, Nov. 17.—Senator W. S. Kenyon, of Fort Dodge, while in Des Moines expects to confer with Congressman Harry Hull of the Second district with reference to foot and mouth disease conditions here in Iowa during the time of the outbreak last winter. Senator Kenyon is a member of the committee from the United States senate, together with Senator Gore, of Oklahoma, and Senator Shephard, of Texas, investigating the outbreak of this disease in the United States.

The senate committee is not only investigating as to the original source of trouble and how this disease got into this country, but is also inquiring into the manner in which the federal bureau at Washington handled the outbreak. Congressman Hull of the Second district was active in behalf of the Hilsinger bill, passed by the last legislature, and voted by the governor, which limited the area which could be put under quarantine for foot and mouth disease.

IMPROVE DANGEROUS ROAD.

Nevada Citizens Plan New Graveled Highway to Eliminate Bad Turn.

Nevada, Nov. 17.—There is a movement on foot to provide another graded road entrance into the city from a heretofore inaccessible quarter and at the same time eliminate one of the most dangerous turns in this part of the country, which is at the southeast limits of the city. There is a high bank at this corner and one coming from the east can not see a vehicle coming from the north until fairly up on it and then to make a hasty dodge one would be precipitated down a steep embankment.

The new plan is to go north at the Denmore corner, striking First avenue southeast at the Montgomery place and then west on that avenue until the business portion of the city, just south of the high school site. Funds are being raised to grade and gravel the new road.

YOUNG LAMPMAN TO ELDORA.

Clear Lake Lad Who Confessed Forgery Is Sent to Industrial School.

Clear Lake, Nov. 17.—Dison Lampman and his brother, Earl, were yesterday committed to the industrial school until they are 21 years of age, unless sooner discharged according to law. Dison admitted forging a check for \$150, but made good in returning every cent of the money. Earl is a brother and is only 13 years old. His mother deemed him incorrigible and he was taken along to Eldora with his brother.

Eldora News Items.

Eldora, Nov. 17.—Mrs. Herman Tietz, living four miles west of town, suffered an attack of apoplexy and for a time her life was despaired of. She is now reported to be improving.

The M. & St. L. has a large force of men employed in building a new switch to be used as a passing track. This will relieve the congestion which has always taken place when two or more trains have been tied up at this point.

Dr. Koeneman addressed the Men's Forum last evening, his subject being "Boys." The doctor, in a frank, straightforward way, dealt with a matter generally overlooked by most communities, instruction on personal hygiene. The speaker for the next meeting, Nov. 29, will be either D. W. Norris, of Marshalltown, in the interest of good roads, or Miss Dunlap in the interest of woman suffrage.

The state inspector of the W. R. C. was in Eldora last evening to review the work and report on the efficiency of the local organization.

At a meeting of the city council Monday evening a resolution of necessity was offered for the paving of twenty-two blocks.

Toledo News Notes.

Toledo, Nov. 17.—The second number of the City and College Lecture Course will be Thursday night, when the Killarney Girls will appear.

A large number of witnesses from Gladbrook were in attendance at the court house yesterday, summoned for the case Oakes vs. Deland, which is a suit for damages in which an automobile accident is involved. However, the hearing was postponed and the probabilities are that the case will not come to trial until the December term.

Mrs. G. A. Kenderline is enjoying the company of her former friend, Miss Oakes, who is here this week.

W. E. Benson is here from Gladbrook visiting his two brothers and his brother-in-law, James Slesson.

The lady singers of the college have been training under Prof. K. E. Runkle, of the conservatory of music, and have perfected the organization of a Glee club. Their first appearance will be at Highland, south of Tama, where the club will give a concert Friday night.

Mr. and Mrs. A. Hufford have come into possession and moved into the residence in south Toledo near the college campus they recently purchased of G. T. Braw. They sold their ten acres on the north edge of town to Zeno Phenix, who, since his farm sale, has moved to his new place.
