

Curling Hair Like This Promotes Its Health

For those whose hair is straight and lacks nothing better could be recommended than the filiform method. This secures a beautiful curliness which is perfectly natural in appearance, and the health of the hair is not affected as when the heated iron is used.

Word received this morning by T. C. Cartwright from his father, T. S. Cartwright, at Rochester, Minn., was to the effect that surgeons had decided Mr. Cartwright did not need an operation for the prostate trouble with which he had been suffering for some time. Mr. Cartwright went to Rochester a week ago, expecting to undergo an operation, but after an examination it was decided that treatment for a few weeks would answer the purposes of surgery, at least for the present.

Mrs. E. K. McConnell, 605 Jerome street, is quite seriously ill of heart trouble, and her condition is such that a trained nurse is in attendance upon her. Mrs. McConnell suffered from a weakened heart last spring following two sieges with diphtheria, but during the summer improved materially. A few weeks ago the trouble recurred owing to over exertion during the illness of Mr. McConnell's mother, the late Mrs. Elizabeth McConnell. Altho it has not been decided definitely, it is probable that when Mrs. McConnell improves sufficiently to enable her to make the trip, she will be taken to Chicago for examination by a heart specialist.

Miss Elsie Johnson and Mrs. F. R. Gould, of Gilman, had their tonsils and adenoids removed at the Deaconess today.

MORE CARRIERS FOUNDED. Some Children of St. Mary's School Detained at Home.

Reports of the bacteriological examination of cultures taken from the throats of the children of St. Mary's parochial school, received in this city Monday that showed positive caused signs of "diphtheria carrier" to be posted on several homes. The "carriers" are being detained at home until second cultures can be taken at the end of five days for another examination.

The children sent home as "carriers" were Paul Collins, 406 West Nevada street; William Carter, 603 South Third street; Pauline Foster, 105 South Twelfth street; Catherine Steery, 618 Woodbury street; Marie Grabenbauer, 801 South Eighth avenue; Agnes Hillis, of LeGrand; and Sister M. Nicholas, one of the teachers. A diphtheria carrier sign was not posted on the home of the sisters on the order of City Physician Lierle.

Second reports from "suspicious" cases of other children of the Glick school caused them to be sent home and their homes to be posted with "diphtheria carrier" signs. They are Emmet Cross, 506 South Fourth street; Rosalind Walker, 516 South Third street; and Ethel Blake, 108 South Third street.

Cultures were taken from forty telephone girls and employees of the Marshall Telephone Company Monday evening, and about 250 children were examined at the Franklin school. Dr. Lierle said this morning that he had not been getting replies from Iowa City on the cultures which he had sent, and a telephone message there this morning elicited the information that Dr. Boyd, who was here a week ago, was out of the city. It will probably be some time before word is heard on the cultures which have been sent down recently.

FLYING SQUADRON MEETING. Oliver W. Stewart Tells of Campaign Against Saloon Thruout Country.

Before a fair-sized but enthusiastic audience, Oliver W. Stewart, of the Flying Squadron campaign against liquor, delivered a clear and interest-

ing address at the Central Church of Christ Monday night. Mr. Stewart told at length of the work that had been done by the squadron thruout the country, and of the good results that had followed wherever the squadron had worked. He also touched briefly, yet concisely, on the various phases of the saloon question, and declared that a "saloonless nation" was on the way and that it would not be long before such a state of affairs would be reached.

Besides the address Miss Vera K. Miller sang several very pleasing selections, accompanied by Miss Iris Robinson on the piano.

Pump Contract is Signed. The formal contract with the Allis-Chalmers Manufacturing Company for the 4,000-gallon pump for the city pumping station was formally approved by the council Monday. The company agrees in the contract to deliver and install the pump within five months after the signing of the contract. According to this agreement the pump should be installed by early in June.

Licensed to Wed. Samuel M. Horwitz, show business, aged 39, and Reba Askman, aged 33, both of this city.

Peel Off the Old Skin; Bring Out the New

You know that beneath that muddy, over-red of blotchy complexion you have a skin that's clear, soft and white. If you could only have this more beautiful skin exposed to view instead of the horrid old skin you now behold in your mirror! You can—and by a very simple, painless, harmless process which you can use yourself. Get an ounce of common mercurochrome wax at your druggist's and this evening spread a thin coating of it over your face. Tomorrow morning wash it off with warm water. Small powder-like particles of the lifeless top skin will come off with the wax. Repeat this daily until all the worn-out scurf skin has been absorbed. Then you'll have a lovelier, healthier looking complexion than you now think possible. Blackheads, pimples, spots, freckles, chaps or other surface blemishes are of course removed with the skin tissue.

If your skin is wrinkled or flabby, bathe the face daily for awhile in a lotion made by dissolving 1 oz. powdered salolite in 1/2 pt. witch hazel. This is just splendid.
