

EAT IT! ENJOY IT! NO INDIGESTION OR BAD STOMACH

NEVER ANY SOUR, GASSY OR ACID STOMACH, HEARTBURN OR DYSPEPSIA.

"PAPE'S DIAPEPSIN" MAKES WEAK STOMACHS STRONG AND HEALTHY AT ONCE.

You can eat anything your stomach craves without fear of indigestion, acidity or dyspepsia, or that your food will ferment or sour on your stomach if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison on stomach gas, which causes belching, dizziness, a feeling of fullness after eating, a feeling of heaviness (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals, when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.
