LEAGUE COMMITTEE VISITS ROCK ISLAND

WILL INVESTIGATE LOCAL CONDITIONS FOR TEAM AND RECOMMEND ACTION.

A. P. STRUB SERVES AS COMMITTEE MEMBER

If Committee Recommends That Central Association Occupy the Disputed Territory, Action Will Have to Be Taken Immediately, as Time Limit Expires Within Week.

Territorial rights in Rock Island, disputed between the Central association and the Three-I league, probably will be settled in the next day or two. An investigating committee from the Central association is in Rock Island today to determine the preference of the fans and the probability of the association claiming the territory recently awarded it.

The committee, composed of President Justice, Helden Hill, of Cedar Rapids, and A. P. Strub, of Marshalltown, will gather information, which probably will be submitted at a meeting of the executive board of the association to be held later this week. J. V. Bass, of this city, originally named by Mr. Justice to the committee, refused to serve under conditions imposed by the latter. It was then suggested that the committee, rather than being vested with power to act in the matter of placing a team in Rock Island, be empowered only to recommend such steps as deemed necessary to the executive board.

Should the committee recommend that the territory be occupied, and the executive board so determine, the club must be financed by one week from today, the time limit prescribed by the national association's special committee, expiring Feb. 3.

There seems but one way in which the Central association can claim the territory before the expiration of the time limit. This would be in securing the co-operation of the Three-I league organization in Rock Island and having the funds secured for a Three-I league club diverted to the use of a Central association team.

Waterloo Files Appeal.
The appeal from the result of the election at Burlington, in which President Justice cast a vote for himself, insuring his re-election, has been fled by director of the Waterloo club with the national commission. The Marshalltown club was a party to the appeal.

A decision is not expected for some time, as the commission may ask sufficient time properly to review the case. **Dubuque Seeks Berth.**
If Rock Island territory is not occupied by the Central association, Dubuque will seek a berth in the association, according to word from that city. The admittance of Dubuque, however, would be dependent on the withdrawal of Keokuk. Mr. Justice, however, has assured the directors of the local club that Keokuk will retain its franchise if a team is not placed in Rock Island.

MRS. BYERS AT Y. W. C. A.

General Executive of District Opens Preliminary Anniversary Campaign.
Mrs. Emma F. Byers, of Minneapolis, general executive of the north central field of the Y. W. C. A., addressed the members of the local association and others interested in the association work Tuesday evening at the Y. W. C. A. rooms. Mrs. Byers opened a series of entertainments which will be held during the nation-wide observance of the fiftieth anniversary of the organization of the Young Women's Christian Association, which will be celebrated March 3. During the month of February Jubilees will be held throughout the country in local organizations. Mrs. Byers is one of the largest and best-known workers in the association, and her work has taken her to many different countries in the world. Thru her work and vast experience as a secretary in the organization for twenty-three years she has become thoroughly acquainted with the growth and work accomplished by the organization, and her talk was unusually interesting. She gave a brief sketch of the origin and history of the association telling how it had grown to be the largest woman's organization in the world, with branches in nearly every country, in the south for the negro girls, and even for the Indian girls throughout our country. Mrs. Byers also spoke of the christian and religious work, telling of a woman's bible class which has met every Sunday afternoon for forty years in New York City, and gave other interesting facts and details accomplished along these lines. Before closing she told of the wonderful Y. W. C. A. buildings and homes for girls that the association has built in different parts of the country, and of the women who have worked and made it possible to do these things. Mrs. Byers also spoke of the future of the association.

Before the talk the annual business meeting was held by the local association. The various reports from the officers of the board and heads of different committees proved more than satisfactory and encouraging. The year has been profitable in every way and the membership is larger than in any previous year. Mesdames S. P. Kniskern, R. S. Patten, C. C. Trine, and L. R. Willard, whose terms on the board of trustees had expired, were re-elected. Mrs. P. F. Arney, president of the board, and Miss Lora B. Hager, local secretary, gave short talks during the meetings. Miss Ruth Haines closed the program with two songs. An hour was spent socially while the refreshments were served.

AMUSEMENTS

At the Casino.
Two good productions, with comedy predominating, were shown at the Casino Tuesday night, when Douglas Fairbanks appeared in "The Lamb" and Raymond Hitchcock made one of his first bows on the screen in "My Valet." There were other stars of the film world, including some who were formerly well known on the legitimate stage. "The Lamb" is a comedy drama of a

young man who was a little too "lamb-like" to suit his prospective bride, but who, by a series of extraordinary adventures in Mexico, became a real man. Douglas Fairbanks and Beena Owen are the two principal characters, and both are good. The evening with Pearl White and Bruce McRae in the leads. The story teaches the beauties of parental love, and the moral points out that all evil deeds shall suffer accordingly. Fair-sized audiences saw the picture, which was well put on and included good acting by the cast.

"GYM" WORK GROWS.

Capacity of New Y. M. C. A. Equipment Almost Reached.
An enormous increase in the activity and range of the gymnasium work of the Y. M. C. A. in the last year is seen in the report for the month of January, made by Physical Director C. E. Gilman. It indicates that the capacity of the gymnasium, insofar as the number of classes is concerned, has been almost reached. A few more individuals can be accommodated in some of the classes.

There are sixteen classes taking gymnasium work compared with six in January, 1915. The enrollment is 762, compared with 224 at the same month last year. The attendance at "gym" classes in January was 2,525, compared with 1,041 in January, 1915. The classes had 101 sessions in January compared with forty-eight in January, 1915.

In the increase in the business men's classes is a good illustration of the general increase. Last January there was one class with an enrollment of thirty-four and an average attendance of seventy. This January there are three classes, with an enrollment of seventy-six and an average attendance of sixty-two.

LOCAL MARKETS.

Prices Paid to Farmers by Marshalltown Merchants.
The following prices are quoted by Marshalltown dealers for the different varieties of farmers' provisions, grain and produce.

Batesole & Davis quote the following:
Butter—28.
Eggs—33.
Benedict Flour and Feed Company will pay the following prices at their place of business in this city, subject, however, to market changes:
Corn—55.
Oats—45.
Wheat—1.15.

Local Live Stock Market.

Brittain & Co., hoggers, quoted the following prices for hogs in wagon loads:
Premium hogs, over 170—7.25.
Hogs, 125 to 170—7.00.
Good packers—7.15.

SCUTTLE RETURNS HOME.

Mason City Man Claims He Was Doped and Robbed, Not Drunk.

J. L. Scuttle, the Mason City man who was taken in custody by the police Monday night with his hands badly frozen, returned to his home Monday night. Scuttle says that he was doped by a man whom he met at his brother's house in Des Moines and was not drunk. He said he and the man came to this city, and the man gave him a drink of something which he thinks now must have been dope. When he came to he says he was short \$15 in cash which he had in his pocket.

HOW ESKIMO WOMEN INFLUENCE THE FASHION FOR WINTER WRAPS

Cut a la Eskimo is this beautiful garment of broadest sage-green velvet overshot with gold threads. Patches of fox fur trim the hood and the hood, which when not needed, falls back in graceful drapes. A French woman designed this wrap.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty.)
There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone.

Proposes Garbage Gathering Scheme

Glenn E. Hawkins has applied to the city for the job of collecting the city's garbage from the back doors of homes, provided the council does certain things. Hawkins, in a written communication to the council, offers to put on a sanitary tank wagon in which to gather garbage for a charge of 75 cents a month, with a 15-cent rebate for payment in advance or before the 10th of the following month.

Hawkins' conditions are that the city must pass an ordinance compelling people to take care of garbage in a sanitary way, and also any one gathering up garbage must haul it in a sanitary tank wagon.

Vandave News.

L. H. Treggs spent Tuesday in Marshalltown. Miss Lizzie Harrington was called to Laurel by the serious illness of her niece. Mrs. Jack Hauger, who has been having a serious time with the measles, is much better now.

Miss Annie McClouch was a Marshalltown visitor Saturday. Mrs. Will Galentine went Sunday to Melbourne to help care for "Grandma" Galentine, who is quite sick.

George Greenfield, of Spooner, Wis., left for Tripoli, where he will visit at the home of his brother-in-law. From there he will go to Ostrander, Minn., for a few days on business and to visit at the home of Peter Hanson.

Mrs. W. C. Smith received the sad news of the serious illness of her brother in Chicago.

H. L. Galentine, who has been a patient at the Deaconess hospital at Marshalltown, has returned home. The annual meeting of the Congregational church was held in the church Tuesday. Reports were read and all branches of the work showed an increase.

Mr. H. A. Monroe, of Marshalltown, was a business caller in Vandave Wednesday.

Mrs. John McNabb, of Maxwell, is

SAGE TEA PUTS LIFE AND COLOR IN HAIR

DON'T STAY GRAY! IT DARKENS SO NATURALLY THAT NOBODY CAN TELL.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll use a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

spending a few days with her son John and family.

Mrs. J. C. Mears, of Marshalltown, is spending a few days here with her son, Herbert Mears.

Charles Wehler, of Cherokee, who has been visiting relatives in the east, stopped off here on his way home to visit his sister, Mrs. C. C. Quick. Miss Esther Bollenbacher, of Melbourne, is visiting at the J. Nason home.

R. N. Worden, of Melbourne, while at his farm south of Vandave, fell on the ice and bruised his hip badly. The doctor was called and said no bones were broken.

Henry Malfeid fell on the ice and dislocated his shoulder.

Mr. Linham fell on the ice and sprained his wrist.

Local Weather Record.
Seven above and 8 below zero were the extremes of temperature Tuesday, compared with 9 above and 3 below the extremes Monday. A year ago the extremes were 29 and 11 above zero. At 7 o'clock this morning the temperature still stood at 8 below, five degrees colder than at the same hour Tuesday morning.

Injured at State Center.
George Jackson, a farmer, living four and one-half miles southwest of State Center, was kicked by a cow Tuesday and suffered a fracture of the right forearm.

The 20-year-old son of Conrad Finke, living three miles northeast of State Center, fell out of a cutter Tuesday and fractured his collar bone.

Walter Was Puzzled.
This is a true story. Little Walter, whose father is a professor in a middle west university, was scrutinizing his parents closely, and said: "Father, how do you get such heavy eyebrows, and mother has hardly any! What are eyebrows for?" The father replied, impromptu, "Why, eyebrows are—er—eyebrows—they are to keep the sweat from getting into people's eyes, when they work hard." "But, father," protested Walter, "I don't see how that can be, for mother's would need to be many times heavier than yours." And

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Points of Merit In BUCK'S Cast Iron Ranges

Built throughout like a watch. Oven thoroughly ventilated and constantly provided with fresh heated air—prevents "drying out." All body joints perfectly air-tight—no cold air in flues.
