

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderuff, get a drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out and you can't find any dandruff.

FOOD SOURING IN STOMACH CAUSES GAS, INDIGESTION

"PAPE'S DIAPEPSIN" NEUTRALIZES ACIDS IN STOMACH AND STARTS DIGESTION

FIVE MINUTES! NO SOURNESS, GAS, HEARTBURN, ACIDITY OR DYSPEPSIA.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

KEOKUK FACTORIES INCREASE OUTPUT

FEWER ESTABLISHMENTS BUT VALUE OF PRODUCTS IS MUCH GREATER.

CAPITAL INVESTED ALSO SHOWS DECREASE

Salaries and Wages of Employees Show Gain in the Aggregate of More Than 27 Per Cent in Past Five Years—Rented Properties Not Considered in Report.

[Special Correspondence] Washington, Feb. 16.—A preliminary statement of the general results of the census of manufactures for Keokuk, Iowa, has been issued by Director Samuel L. Rogers of the bureau of the census, department of commerce. It consists of a summary comparing the figures for 1909 and 1914, by totals, prepared under the direction of Mr. William M. Stuart, chief statistician for manufactures. The population of Keokuk at the census of 1910 was 14,695. The statistics represent the establishments located within the corporate limits of the city. The summary for manufactures shows an increase in the number of persons employed, salaried employees, the power used, amount paid annually for services, cost of materials, and value of products. There was a decrease, however, in the number of establishments, proprietors, and firm members, wage earners, and capital invested. The value of products increased from \$1,241,000 in 1909 to \$1,334,000 in 1914. The value of materials used increased from \$851,000 in 1909 to \$1,110,000 in 1914. The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year and does not necessarily have any relation to the amount of sales for that year. The value added by manufacture represents the difference between the cost of materials used and the value of the products manufactured from them. The value added by manufacture was \$2,100,000 in 1914 and \$2,715,000 in 1909, the increase being \$615,000, or 27.7 per cent. The value added by manufacture formed 21.8 per cent of the total value of products in 1914 and 36.7 per cent in 1909.

Decrease in Capital Invested. The capital invested, as reported in 1914, was \$1,241,000, a decrease of \$93,000, or 21 per cent, over \$1,334,000 in 1909. In this connection it should be stated that the inquiry contained in the census schedule calls for the total amount of capital, both owned and borrowed, invested in the business, but excludes the value of rented property, plant or equipment which was employed in the conduct of manufacturing enterprises. In the final bulletin and reports the rental paid for such property will be shown separately.

Cost of Materials. The cost of materials used was \$1,110,000 in 1914 as against \$851,000 in 1909, an increase of \$259,000, or 30.4 per cent. In addition to the component materials which enter into the products of the establishment for the census year there are included the cost of fuel, mill supplies, and rent of power and heat. The cost of materials, however, does not include unused materials and supplies bought either for speculation or for use during a subsequent period. The census inquiry does not include amounts paid for miscellaneous expenses, such as rent of offices, royalties, insurance, ordinary repairs, advertising, traveling expenses, or allowance for depreciation.

Value of Products. The value of products was \$1,334,000 in 1914 and \$1,241,000 in 1909, the increase being \$93,000, or 7.5 per cent. The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year and does not necessarily have any relation to the amount of sales for that year. The value added by manufacture represents the difference between the cost of materials used and the value of the products manufactured from them. The value added by manufacture was \$2,100,000 in 1914 and \$2,715,000 in 1909, the increase being \$615,000, or 27.7 per cent. The value added by manufacture formed 21.8 per cent of the total value of products in 1914 and 36.7 per cent in 1909.

Salaries and Wages. The salaries and wages amounted to \$1,418,000 in 1914 and \$1,110,000 in 1909, the increase being \$308,000, or 27.7 per cent. The number of salaried employees was 835 in 1914, as compared with 245 in 1909, making an increase of 590, or 152.2 per cent. The average number of wage earners was 1,233 in 1914 and 1,541 in 1909, the decrease being 308, or 13.5 per cent.

Girls Attend Short Course. Special to Times-Republican. Hampton, Feb. 16.—One of the pleasing features of the short course here was the presence at all the classes of two young women of Ingham township, Misses Marie and Luella Krukow, sisters. They were present at the early and the like, and of course missed not a single class period of stock judging work and corn instruction. None were more interested than they in all that

LOOKING FOR WORK. Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard. Rich blood, strong lungs and healthful digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

Rich blood, strong lungs and healthful digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. was doing. Only one, Miss Marie, could qualify for the examination, but she received markings up among the prize winners. Evidently they are interested in the better things of the farm. Members of the short course crew state that it is the first case of young women in their classes.

CRUSHED BY FALLING TREE. Thomas Thoman, residing near Riverside, is Fatally Hurt. Special to Times-Republican. Muscatine, Feb. 16.—Thomas Thoman residing near Riverside, was perhaps fatally injured on Tuesday when he was struck by a tree which he was chopping. The heavy tree crashed toward the ground before he could make his escape. He was plowed beneath its weight and when he was removed a broken leg and many bruises about the head and shoulder was revealed. It is feared also that his chest was crushed by the weight.

MAY LOSE EYE SIGHT. Louisa County Farmer Injured in Explosion of Gasoline Container. Special to Times-Republican. Muscatine, Feb. 16.—S. L. Hanft, a prominent farmer of Louisa county, may lose his sight as a result of an accident which occurred when he attempted to melt a steel gasoline container. The tank exploded, throwing him a distance of 100 feet. A medical attention was given him in the hope of preserving his eyes. He was badly cut about the head by flying steel.

Fatal Coasting Accident. Sioux City, Feb. 16.—Douglas Bruce, 20-year-old son of Mr. and Mrs. W. G. Bruce here, is dead as the result of a coasting accident. He was steering a bobbed down a steep hill last Tuesday night and collided with another sled. The shock caused the muscles around his heart to be torn. Death occurred at St. Joseph's hospital where the young man was taken after the injury.

Section Laborer Killed. Fort Dodge, Feb. 16.—C. Holmes, a section laborer for the M. & St. L., was struck by a passenger train and instantly killed. The train was several hours late and it is believed that Mr. Holmes was therefore not watching it. The rumor that he was on a gasoline speeder is unfounded. The body was brought to Fort Dodge and turned over to the undertaker.

Mrs. Hannah Wood Dead at Union. Union, Feb. 16.—Mrs. Hannah Wood died yesterday at the home of Mrs. Al Wood. About a month ago she went to Iowa Falls to care for her sister. Falling ill, she returned to Union, her former home, about two weeks ago, where, after a short illness, she died. She was 75 years old.

Throw Off Colds and Prevent Grip. When you feel a cold coming on, take Laxative Bromo Quinine. The cause of colds and griping is a "Bromo Quinine." E. W. Grove's signature on box, 25 cents. Jefferson county has long held the

and other details. The granting of the new franchise closes a deal whereby David G. Fisher & Co., of Davenport, purchases the entire plant and buildings of the local company. Keokuk. The high price of chemicals will not hinder the River Smelting and Refining Company, the Keokuk branch of the National Lead Company, from operation. The local company is making its own chemicals and according to R. G. Hall, superintendent, is making them so much more cheaply than ever when the war is over it is doubtful if the Keokuk plant will buy chemicals elsewhere in any quantity. The process used is a secret. The price of the chemicals used formerly was from 12 to 15 cents a pound, while now it is \$1.50 to \$3 and for that reason it was necessary to find some other way to get the chemicals. The local plant has been delayed in the matter of electrical machinery. All of the machines have now been shipped and it is expected to have them all installed by the middle of next month. Fifty men will be at work in the smelter by the middle of April and already enlargements of the plant are planned.

Davenport. With the upper portion of his body terribly burned as the result of a coal oil explosion, Mort Bradway, of Carmen, suffered intense agony for twenty-four hours until death relieved his pain at 7:45, at Burlington hospital. The burning occurred during the period between the accident and the coming of death. Bradway was conscious. Bradway is a well known citizen of Carmen and has a wife and family residing in that town. In accordance with the usual custom he arose early Friday morning to build a fire in the kitchen stove. The kindling burned slowly and Bradway, in order to hasten its progress, leaned over the stove and poured the dangerous liquid into the stove. An explosion occurred which threw burning oil on the upper portions of Bradway's body and on his face. The kindling flames beat frantically at the flames which were torturing him and members of the family, hearing his screams, ran to his aid. They extinguished the fire, but not before it had baked the body of Bradway until the outer skin dropped off.

Keokuk. Declaring that they will resist every move on the part of the local theater men to exhibit "The Birth of a Nation" in this city and that they will go to the courts if necessary in order to secure an injunction prohibiting the film from being shown in Keokuk, a delegation of negroes headed by the Rev. D. A. Baker, appeared at the city hall to demand that officials take steps to prevent the picture from coming to this city. Later the delegation proceeded to the Grand opera house, where they held a consultation with Messrs. Dodge and Baker, managers of the theater. Then they returned to the city hall, where the Rev. Mr. Baker reported to the officers the result of their conference with the theater men. The Rev. Mr. Baker said that Messrs. Dodge and Baker of the Grand would make them no definite answer, but intimated that the picture would come here as originally booked. When the delegation of negroes suggested that a committee be appointed to view the film before it was exhibited to patrons, the theater men said this could be done, but did not state that the suggestion would be followed out. "As matters now stand the Grand intends to bring the picture here," said Mr. Baker.

Southern Iowa Items

Council Bluffs. Mrs. John Malory was chosen the pastor of the First Free Methodist church. Her appointment marks the first of its sort ever made in western Iowa.

Davenport. Frank Ketchum guard on the Muscatine basketball team, who was unconscious for two hours Saturday night following a collision with a Davenport player, was taken home Monday. His recovery is expected.

Mount Airy. For the fifth time in sixteen months, the property owned by William Kelley and occupied by Mrs. Nina King, caught fire and this time was completely consumed. Fire was discovered Sunday. Most of the household goods burned.

Sidney. S. S. Kellogg, 55 years old, one of the best known farmers in this section, died at a Nebraska City hospital Saturday. While attending the funeral of John Watson, Nebraska City, at that time one of his lifelong friends last Saturday, his face was frozen. Erysipelas followed.

Wilton. The N. N. C., a prominent federated women's club of Wilton, has presented to the Wilton high school a large oak table for use in the library. The gift was by the club in commemoration of their fourteenth anniversary which they recently celebrated. The table is of oak and was specially constructed for the library. It is finished in dark wax and will bear a name plate, containing the necessary data.

Des Moines. That a gang of expert counterfeiters are operating here is the belief of the local authorities. Three local business houses were the victims of the latter, in each a counterfeit bill was passed. A bill for \$50 was passed upon a shoe store. A man purchased a pair of shoes for \$2.50 and handed a \$50 bill to the clerk. He left the store with \$47.50. The bill was discovered to be a forgery. An aside grocer was another victim. The Griggs Piano Company reported a forged check for \$15.

North English. Revival meetings began at the Christian church Saturday evening, Feb. 12. Charles S. Early, of Oskaloosa, is the evangelist. He has a singer with him and will be assisted by the local gospel team of Mr. Early comes from Des Moines where he has been holding a meeting. He has had a good deal of experience as both evangelist and pastor, and his work in both lines has been very successful, so the Christian people of North English are looking forward to a good meeting.

Muscatine. Earl Lippigoes, residing on Cedar street, attempted to take his own life by swallowing carbolic acid but medical attention prevented his attempt from resulting seriously. Lippigoes has been the victim of domestic affairs and Sunday night visited one of his relatives on East Fourth street. On leaving the house he took a quantity of carbolic acid from a bottle, but the amount taken and the prompt medical attention of Dr. W. S. Norton, soon put him out of danger.

Leon. At a special election held here the Leon Electric Company was granted a new franchise for a period of twenty-five years. The new franchise is practically the same as the one under which they have been operating in the past with the exception of a few minor changes in regard to street lighting

ROAD FEVER IN WRIGHT

RESIDENTS OF EAGLE GROVE AND VICINITY TELL HOW HIGHWAYS WERE GRAVELED.

FARMERS AND BUSINESS MEN DONATE GRAVEL.

Cash Subscriptions Aid in Making Possible Completion of Thirty Miles of Good Roads in Vicinity of Eagle Grove—Jefferson County May Lose Lead in Highway Building.

Special to Times-Republican. Des Moines, Feb. 16.—As the result of a movement started at Eagle Grove last summer graveled roads in Wright county have been developed and extended until now that county has some thirty miles of well graveled roads. These were built largely by voluntary subscriptions. Money, materials and labor were all contributed freely.

Some of the men active in the movement are in Des Moines this week attending the annual meeting of the cooperative road dealers' association. Much of the work was done last fall. In September a subscription was started at Eagle Grove. Farmers residing along the main traveled roads leading into Eagle Grove were especially interested. Enough money was soon subscribed to buy 20,000 loads of gravel. Of this amount one-third was contributed in the city and two-thirds in the country. Then the good roads fever began to spread all thru this vicinity. In a district known as the Kennedy district fifteen men contributed 300 loads of gravel and seven miles of road were graveled. In an adjoining district six men gave 300 loads of gravel each.

The Eagle Grove men and the farmers living near there were so successful that neighboring communities began to make inquiries as to how the work was done and seven miles of road were graveled. In an adjoining district six men gave 300 loads of gravel each. The Eagle Grove men and the farmers living near there were so successful that neighboring communities began to make inquiries as to how the work was done and seven miles of road were graveled. In an adjoining district six men gave 300 loads of gravel each. The Eagle Grove men and the farmers living near there were so successful that neighboring communities began to make inquiries as to how the work was done and seven miles of road were graveled. In an adjoining district six men gave 300 loads of gravel each.

Jefferson county has long held the

distinction of having the best system of graveled roads in the state but with Polk county, Wright county and a number of other counties getting into the game there will eventually be a number of rivals for this honor. Frisco Furnishes Returned. A car load of the furnishings and decorations used in the Iowa building at the Panama-Pacific exposition at San Francisco has been brought back here by Curator Harlan, Curator Harlan will take out the few things which he deems important to preserve for their historic value and the rest of the stuff is to be auctioned off to the highest bidder. It has all been stored in the old Capitol Hill Christian church building not far from the state house.

Charles Brenton Ill. Charles Brenton, of Dallas Center, has been quite ill at his home, being threatened with bronchial pneumonia. He is reported to be improving although still confined to his bed. He is a member of the state board of education and is one of the well known business men and bankers of the state.

Avoiding Inheritance Tax. Quincy A. Willis, deputy treasurer, and Wiley S. Rankin, of the attorney general's office, are watching the collateral inheritance tax collections closely. There appears to be a disposition on the part of many collateral inheritance heirs to avoid paying this state tax and especially do the object to paying interest when the same has accumulated. Yesterday Attorney Rankin was in Ottumwa looking up the Pitt estate. The state claims about \$3,000 in collateral inheritance taxes and interest from this estate.

Among the Candidates. Henry Brady, of Perry, candidate for the republican nomination for lieutenant governor, was in the city yesterday. He declares his prospects are fine. Mr. Brady was representative from Dallas county in the thirty-fourth, thirty-fifth and thirty-sixth general assemblies. Roy Murray, of Storm Lake, representative from Buena Vista county in the last general assembly, is again a candidate. He has written to Secretary of State W. S. Allen, for nomination papers. R. A. Lenocker, of Dexter, Madison county county representative in the last general assembly, is also out for re-election.

Traer News Notes. Special to Times-Republican. Traer, Feb. 16.—The 14-year-old daughter of Frank Marquis was operated upon Sunday for acute appendicitis at the Traer hospital. Miss Jefferies who was operated upon ten days ago, has sufficiently recovered to be able to leave the hospital. The Perry township trustees had four applicants for road superintendent for 1915. They employed George Bonewitz at \$5 per day for himself and team. He will have charge of the road grading.

Since the mail routes have been so extended one carrier, John Andrews, in order to cover his route, has been obliged to press his wife into the service and she, with a team, delivers mail over a portion of the route. Mr. and Mrs. W. J. Sackett have decided to move back to town March 1 and will occupy their property near the U. P. church now occupied by Mr. Davis. The latter will move to Oak Park and occupy the Vet Bailey property. Mr. Bailey will make his home with them.

Traer and vicinity is simply being over run with measles. Eight children of Arthur Manful were down at one time. Miss Margaret Owens has been very ill. Harry Taylor, who is attending a school of journalism at the University of Missouri, has been chosen as assistant secretary to Dean Walter Williams and put on a salary. His duties will include some instruction to young students and, too, he will have much to do with the management of the daily paper published by the school. Charles Drava, who recently moved to Muscatine, surprised his many friends by taking a new wife who proves to be an old sweetheart. They will make their home on the forty-acre farm near Shelbina that Mr. Davis recently purchased.

New Sharon Items. Special to Times-Republican. New Sharon, Feb. 16.—John N. Moore, who has been very ill since his fall on the ice three weeks ago, is slowly improving. Mrs. R. P. Dorse and Mrs. John Dorse of Gilman, gave an 11 o'clock breakfast at the home of the former Thursday morning in honor of Miss Vera Drennan, who is to be married March 2 to Mr. Ward, of Gilman.

Mrs. Ruth Allan is seriously ill at the J. C. Phillips home. Mrs. J. C. Heitsman returned to the hospital at Des Moines where she will undergo an operation. The newbays of Moscow must wear uniforms, in order that they may be identified.

WOMEN'S STOMACH TROUBLES The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach. For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:—

Newfield, N. Y.—"I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound."—Mrs. BURN WILLIAMS, R. D. No. 29, Newfield, N. Y.

Many women suffer from that "all-gone feeling" and "feel so faint" while doing their work. Ten chances out of nine their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

CIVIL WAR PRICE IS PAID FOR OLD CORN Cedar Rapids, Feb. 16.—A record price for old corn was paid at an auction near here when William Maxfield bid \$1.15 a bushel for 500 bushels sold by Chris Fredericks. This price is said to be even higher than that paid during civil war times.

Carpenters Ask Higher Wages. Fort Dodge, Feb. 16.—Fort Dodge carpenters have announced that they will demand 52 1/2 cents an hour for their work after May 1. This will be ten hour a day for an eight hour day. The bricklayers announce they will not raise their rate. There is a movement here for a building trades council.

Cold in the Head?—Look Out—Its Dangerous—

CASCARA QUININE The old standard remedy—In tablet form—No unpleasant after effects—No grippe—Cure colds in 24 hours—Laxative in 3 days—Money back if it fails—Mr. Hill's picture on it—Insist on genuine—Box with red top—25¢ at any drug store. W. H. Hill Company, Detroit.

PAIGE The Standard of Value and Quality LET this one thought "sink in." When you buy a Paige "Six-46" today, you are buying a car that has passed the experimental stage. You are buying a car of proven quality—proven ability. In a word, the "Six-46" is an extremely safe automobile investment. The Paige-Detroit Motor Car Company, Detroit. Marshall Motor Car Co. 122-124 EAST MAIN ST. The Fairfield "Six-46" \$1295 maximum.

Make This a Year of Saving

Never in the history of the United States has a year opened in which there was such need for saving as in 1916. Nor have the prospective rewards of thrift ever been greater than now. The Marshalltown State Bank wants everybody in Marshalltown to realize this and invites them to make use of the safety and convenience of its savings department in building up their 1916 opportunity fund.

4% Interest Compounded April 1 and October 1. 4%

Marshalltown State Bank MARSHALLTOWN, IOWA

MEMORANDUM Act So Daily Don't wait until the cold snap arrives before you think about filling your coal bins. Place your order now and with us you will be safe. Our coal never disappoints—that's because it's well screened, free from slate and dirt. In fact it's all coal. THE HAWKEYE FUEL CO. PHONE 133 WOOD GEORGE W. POWELL
