BOARD MUST BUILD SCHOOL BUILDINGS

WILL ASK VOTERS TO AUTHORIZE TAX LEVY FOR MONEY TO BUY SITES.

WANT \$30,000 FOR SITES AND REMODELING

Crowding of High School Will Force Building of Graded School in First Ward—Fifth Ward Demanding Another Building to Supplement Anson—Board Would Buy Sites Now.

Authorization to levy \$30,000 of taxes for sites for new school buildings, remodeling old buildings, installing a heating plant, and for paying interest on bonds, will be asked of the voters at the annual school election to be held Monday, March 13. The usual proposal for authorization for a tax levy for the school house fund will not be made. The amount of the tax wanted was agreed at an adjourned meeting of the board, held Tuesday night.

The term of G. W. Lawrence, of the board, will expire. He is a candidate to succeed himself. A treasurer will be elected to succeed Harry Jennings, whose term expires July 1.

The election will be held at the central fire station from 9 in the forenoon until 7 at night. Two members of the board and G. R. Norris, Herman Savage, and W. M. Clark will be the election board.

Must Build More Schools.

The \$30,000 that the board will ask the voters to authorize them to levy is wanted for several urgent and future needs.

Among the most important of these needs are two school buildings that will be required within a few years, if not by next year. One of these will be for the First, the other for the Fifth ward. One will supersede the new John Childs, the other will supplement the Anson school.

Childs For High School.

The high school building, even with the grade pupils out of it now and in the John Childs school, is crowded because of the attendance. Superintendent Palmer estimates from the known percentage of pupils who come each fall from the graded schools into the high school that next fall the high school attendance will increase to 700 or more. If it does the high school building will not hold them all.

In that case it is proposed to make the John Childs school an addition to the high school and turn the grade pupils out of it. For them, then, a new building will be required, and part of the money to be asked for will be to purchase a site for this building.

Pupils in Basement.

The Anson building is so crowded now that classes are being held in basement rooms, which are unfit for such a purpose. Of the children who attend the Anson school, 180 come from east of Sixth avenue. The people of the southeast section of the city ward are demanding a new building. It is to buy a site for it that part of the money to be asked for will be used.

Other purposes for which the money is wanted is for a heating and ventilating plant for the Arnold school, estimated to cost \$4,000.

He enlisted in Company G, Seventy-fourth Illinois Infantry, Aug. 12, 1862, at Rockvale, Ill., and was discharged June 10, 1865, at Nashville, Tenn. Marks leaves no relatives. His body will be sent tonight to J. L. Marks, a friend, at Iowa Falls, for interment.

SISTERS' WILLS PROBATED.

Leave Each Other Property Which Neither Inherits.

An unusual coincidence in the probate division of the district court cropped out this forenoon when the wills of sisters who bequeathed each other property that neither lived to enjoy were probated. The sisters were Mrs. Mary E. Forsythe and Harriet N. Lyle, both of LeGrand.

Miss Lyle was the first to die. Her death occurred Dec. 21, 1915. Her sister, Mrs. Forsythe, died Jan. 14, this year. Both wills were made Jan. 7, 1914, and in some respects are identical.

Miss Lyle left a life interest in all of her property to her sister, Mrs. Forsythe and another sister, Rachel F. Lyle. At their death the estate was bequeathed to a niece, Mrs. Maggie F. Piper, of LeGrand. To William S. McCarran she bequeathed \$100, and to the home and foreign missions of the Christian church of Iowa she gave \$25.

Mrs. Forsythe bequeathed to her sisters Harriet N. Lyle and Rachel F. Lyle a life interest in her property, which at their death goes to her daughter, Mrs. Maggie F. Piper. To William S. McCarran she bequeathed \$100, and to the Christian church of Iowa she gave \$25.

daughter, Mrs. Maggie F. Piper. To William S. McCarran she, like her sister, bequeathed \$100, and to the Christian church of the Central Christian Conference of Iowa, she also left \$25. S. R. Piper was nominated executor in both wills and was appointed.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
