LADIES! SECRET TO DARKEN GRAY HAIR BRING BACK ITS COLOR AND LUSTER WITH GRANDMA'S SAGE TEA RECIPE. Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, the most troublesome use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application of two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger. Weyth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

ROADS LIVE QUESTION

MOST IMPORTANT ISSUE BEFORE PEOPLE OF IOWA, ACCORDING TO POLL.

REFERENDUM BEING TAKEN BY DES MOINES BOARD

Chamber of Commerce at Des Moines Gathering Public Opinion With Idea of Inducing Legislature to Take Action—Opinions Asked on All Matters Now Before Public.

Des Moines, April 5.—Good roads is the most discussed subject of potential legislation before the people of Iowa today. If the reports of the first referendum of the chamber of commerce shows anything.

The legislative committee of the chamber two weeks ago ordered a referendum on what legislation was most desired and most discussed in the various localities in the state. The referendum was taken in commercial clubs and in order to have a representation from all sections of the state, the following cities were chosen for a vote.

Primarily in Johnson county, Chariton in Lucas county, Washington in Washington county, Charles City in Wood county, Independence in Buchanan county, and Adams in Adams county.

Each of these cities reported that its locality was interested in the road question ahead of everything else, and Charles City and Marion reported that a road and county meetings are being held to work up sentiment for good roads.

Extend the Referendum. Because of the success of the first referendum, the legislative committee decided to extend the work and ordered that the referendum be extended to include the following commercial clubs: Toledo in Tama county, Carroll in Carroll county, Hampton in Franklin county, Knoxville in Marion county, Waukegan in Allamakee county and Keosauqua in Keosauqua county.

The committee also expects to ask votes on measures affecting industries and agriculture.

LESSON FOR CITY DADS. Lincoln Highway Farmer Goes to Town and Improves Streets. Special to Times-Republican.

Tama, April 5.—The many sick holes in the Lincoln Highway cause grief to travelers these days but if all road men were as painstaking and unselfish as T. B. Reid, a well-known farmer on the Lincoln Highway west of Tama, many of these holes would cease to bother them. Not content with having his own township roads in excellent condition and the city streets adjoining in an impassable condition he secured the help of his neighbor, Steve Carmichael, and invaded the city with spade and drax, to dig out the holes. He had a very bad hole so that it could be negotiated on high and Mr. Reid then dragged the Lincoln Highway from the city limits to the Lincoln garage in order to demonstrate a reluctant and negligent council the benefits of well kept road drainage. When a community is burdened with a road which will not have the streets drained it is very fortunate to possess country neighbors like Messrs. Reid and Carmichael.

COST OF PAPER INCREASING. State Executive Council Lets Contract at Much Higher Price.

Two months ago the state executive council let a contract for the purchase of paper for the state at a price of 10 cents a pound. Now the price has risen to 12 cents a pound. The state executive council yesterday gave an explanation why a contract for paper, valued at \$1,000,000, was suddenly from 10 to 12 cents a pound. This company has the state contract for paper for the year ending 1917. Fortunately some of the paper which will be used during the life of the contract has been delivered to the state. According to the agreement, the variation in the wholesale price is taken

Sidewalks around the school were decorated with paint. Many words are written on the walks, such as "We love Mac," "He killed the spirit," "Killed him," and "The red arrows painted on the walks led to the scene of the hanging.

Some peevishness among the students during the present school year has been ascribed to the new system of having roll rooms instead of bells in the auditorium. Cutting down the number of athletic assemblies also has caused grumbling among some of the pupils.
