

IOWA GUARDSMEN FIT

STATE MILITIA ORGANIZATION ON COMPLETE REGULAR ARMY BASIS.

READY FOR SERVICE AS COMPLETE UNIT

Guard Organized as Brigade, With Artillery, Cavalry, Hospital and Other Required Adjuncts—Brigade Headquarters in Cedar Rapids—Company Commanders and Their Location.

Special to Times-Republican.

Des Moines, April 14.—Within the last year and a half the Iowa National Guard has been reorganized so that it is now more efficient than for many years. It now consists of a brigade of infantry, made up of three regiments, one squadron or four troops of cavalry, two batteries of field artillery, one company of engineers, one field hospital and one ambulance company.

Adjutant General Loman conceived this reorganization plan and not only recommended it to the governor in his report of 1914 but wrote to the war department about it. The war department replied that this was exactly the plan which should be followed by all national guard organizations and was the plan that it was about to recommend to all of the states.

Up to 1915 the organized militia of Iowa consisted of one brigade of infantry, one separate regiment of infantry, one battery of field artillery, one medical department and the necessary staff corps and departments to furnish the required officers and men for administration and supply.

The present organization. The brigade headquarters are at Cedar Rapids. Brig. Gen. Hubert A. Allen, of Cedar Rapids, is the commanding officer. Maj. Edwin E. Lucas, of Des Moines, is second in command. Captain Edgar Ridenour, U. S. A., is acting inspector general.

The first infantry has headquarters at Tipton. John E. Bartley, of Tipton, is colonel and George W. Ball, of Iowa City, is lieutenant colonel. The regiment band is located at Cedar Rapids of which Jacob Schmidt is chief musician. A machine gun company is located at Tipton of which Earl C. Ford is captain.

The second infantry has headquarters in Webster City. Norman P. Hyatt, of Webster City, is colonel, and Winfred H. Bailey, of Sheldon, lieutenant colonel. The band is located at Mason City and Thomas L. Gates of Mason City is chief musician. The machine gun company is located at Eagle Grove. The companies are as follows: Company A, Mason City; Company B, Ida Grove; Company C, Webster City; Company D, Mason City; Company E, Sheldon; Company F, Fort Dodge; Company G, Fort Dodge; Company H, Sioux City; Company I, Boone; Company K, LeMars; Company L, Sioux City; and Company M, Cherokee.

The third infantry headquarters are in Des Moines and Ernest R. Hennet is colonel and Matthew A. Tinley, of Council Bluffs, lieutenant colonel. The band is stationed at Clarinda and George W. Landers is chief musician. The machine gun company is stationed at Des Moines. The following are the companies: Company A, Winterset; Company B, Des Moines; Company C, Ames; Company D, Centerville; Company E, Shenandoah; Company F, Villisca; Company G, Ottumwa; Company H, Oakloosa; Company I, Clerwood; Company K, Corning; Company L,

Council Bluffs; Company M, Red Oak. A separate company is maintained at Grinnell.

The total membership of the guard now is over 3,500. On Dec. 31, 1915, it was exactly 3,503, but a number have enlisted since then. Practically all of the companies are up to their peace requirements, a minimum of sixty-five men. The war strength is the number of persons subject to military duty in the state, 821,568 as reported by the county auditors in 1914. The 1910 federal census however gave the total number as 473,832. Military officers are a score of residences are under construction, more than have been built there in the last ten years.

BOOM AT EAST DUBUQUE.

Increased Liquor Business Necessitates Opening of New Bank. Special to Times-Republican. Dubuque, April 14.—Since the advent of so many saloons and wholesale liquor houses into East Dubuque the banking business there has experienced such a big boom that a second bank has been organized and has already opened for business. It is the German State Bank of East Dubuque and has a capital stock of \$50,000. A fine new brick bank building is under construction, but in the meantime the business is being conducted in a small frame.

The boom has also brought to East Dubuque other buildings, as more than half a dozen fire proof structures are being built for saloons, while more than a score of residences are under construction, more than have been built there in the last ten years.

For a Bilious Attack.

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and bilious bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere.

Sometimes the Result.

"People who snubbed my wife made me rich." "How so?" "Oh, I had to struggle until she got into a position where she could snub them."

TO PICK STATE SLATE

DEMOCRATS OF IOWA TO HOLD GET-TOGETHER MEETING IN DES MOINES SATURDAY.

PLAN OF FACTIONS TO BURY HATCHET

Call For Conference Issued by State Central Committee and Progressive Wing Is Expected to Participate—Meredith Generally Favored as Candidate For Governor.

Des Moines, April 14.—With all past differences apparently forgotten Iowa democrats will meet at the Savery Hotel tomorrow to consider candidates for governor and other state offices, candidates for legislative positions, for congress in several districts and for thirteen members of the electoral college from Iowa. It is believed that harmony will prevail throughout the meeting and that there will be a unity of opinion as to who shall be candidates.

The call for the open conference which was issued from the offices of the democratic state central committee was sent out chiefly to county chairmen and to democratic weeklies and was in such form that no answers were expected. It is therefore uncertain how many will respond, but word has been received from all but two members of the state central committee and from National Committeeman W. W. Marsh that they will be present. Many are expected to arrive tonight. Tim Donovan, fourth district committeeman, will be out of the state tomorrow, and A. E. Johns, first district committeeman, may be unable to attend because of ill health.

Meredith is favored. E. T. Meredith will find himself the almost universal demand of the conference as the democratic candidate for governor. Party leaders have never given up hope that he will permit the use of his name as a candidate in the primaries and now express the opinion that the demand for his candidacy will be so strong that he will not feel warranted in ignoring it or refusing to run.

In the recent split in the democratic ranks over the choice of a national committeeman and a slate of delegates to the national convention no opposition to Meredith as a member of the organization ticket was manifested by the progressives. He is the one man, according to party leaders, upon whom the entire party can best center its support, the fight of the progressives having been directed entirely toward the organization itself and toward the men who have controlled it during a long period of years.

W. E. Palmer, of Sioux City, who was regarded as an active candidate for the democratic nomination several months ago, is understood now to be in a less receptive mood for the place. He was said to have been aligned with the Deam organization in the campaign for national committeeman but to have taken very little active part in it. His candidacy may receive attention at tomorrow's conference.

None of the minor offices have been swapped with seeking to be candidates on the democratic ticket, and there has been little consideration of available men by the party leaders and an apathy among the body of the party toward bringing out candidates. Duty Considered Strong. On Sunday afternoon, May 7, Hayden's oratorio "Creation" will be given as a part of the annual May festival of the college. In this the soprano parts are to be taken by Miss Sophie Christian, formerly of this city, but, until the European war broke out, for some years in Paris. Miss Christian perfected her musical education in Paris, sang in opera at Bordeaux and in Meyerbeer's "Huguenot" in grand opera in Paris. She had other engagements there when the beginning of the war put a stop for a time to all musical activities. She is said to be the first Grinnell singer that has appeared at a Grinnell performance since the war. Her friends on Wednesday night will be a long time in recovering from his injury because of the injury he had received from an aviation fall in Florida just before he came to this city.

Grinnell and Vicinity.

Special to Times-Republican. Grinnell, April 14.—The city council boosted the valuation of the stocks of all retail merchants. The commercial club held an executive session Wednesday afternoon and met the council in the evening for a discussion. Postmaster W. J. Nelson was one of the

"PRESERVE OUR ANCIENT NAMES," BLACKFOOT INDIANS ASK WHITES

BLACKFEET INDIAN AND CHIEF EAGLE CHILD (ABOVE)

The Blackfoot Indians, zealous for the preservation of their tribal history, are petitioning the United States government against the giving of white men's names to the mountains, lakes, rivers, waterfalls and other natural features of Glacier National park, in Montana. The Blackfeet sold the park to the government in 1895. "Time was," say the Indians, "and not so very long ago, when we owned all the country from the Saskatchewan to the Yellowstone and from the summit of the Rockies eastward for some hundreds of miles. We desire to have some memorial of our wise and brave fathers who ruled that vast domain, and what more fitting than that their own mountains should be their monuments?" At the head of the petitioners is Chief Eagle Child.

principal speakers and he presented quite clearly the views of the retail merchants, nearly all of whom are members of the commercial club. Quite a little fight had been stirred up, and many protests are likely to be filed. When asked whether this raise was made because the members of the council thought they needed more money to run the city, they replied that it was not, but that they thought the merchants were not paying taxes on as high a valuation as they should. The Rock Island railroad has just paid the award of the jury, given nearly a year ago, of \$1,390 for damage to the automobile, and its occupants of J. H. Rowe of this city. Mr. Rowe was going north on High Street and was caught on the crossing with a dead engine.

Mrs. Howard Hughes is suffering from many bruises and strains as well as torn ligaments and a broken right wrist, all as the result of getting out of a moving car and standing on the running board to try to find out whether they were running on a flat tire. The accident occurred about four miles west of Malcom. Mr. Hughes was driving the car of a leisurely pace.

On Sunday afternoon, May 7, Hayden's oratorio "Creation" will be given as a part of the annual May festival of the college. In this the soprano parts are to be taken by Miss Sophie Christian, formerly of this city, but, until the European war broke out, for some years in Paris. Miss Christian perfected her musical education in Paris, sang in opera at Bordeaux and in Meyerbeer's "Huguenot" in grand opera in Paris. She had other engagements there when the beginning of the war put a stop for a time to all musical activities. She is said to be the first Grinnell singer that has appeared at a Grinnell performance since the war. Her friends on Wednesday night will be a long time in recovering from his injury because of the injury he had received from an aviation fall in Florida just before he came to this city.

Mrs. A. M. Sherman died on Tuesday morning in the Clara Barton hospital in Los Angeles, Cal., from an attack of pleurisy. The services will be held at 10 o'clock on Wednesday. The body is on the way to Des Moines, where Dr. and Mrs. Sherman have lived for several years. Before that they had a pleasant home in Grinnell, where they were widely known and highly esteemed. Mrs. Sherman has been in poor health for some years.

Rev. W. R. Lawrence, pastor of the United Presbyterian church, attended the meeting of the Des Moines presbytery in that city this week. He has been chosen as one of the commissioners to the general assembly that meets in Cleveland, O., on the 24th of May.

Mrs. J. J. Crase, who was called from her home in Joneedale, Wis., by the tragedy of the death of her son, Aviator Will C. Robinson, of this city, has just returned to her home.

Aviator and Mrs. A. L. Beach have both recovered sufficiently to enable them to go to Chicago, where they can have the best of treatment. Mr. Beach will be a longer time in recovering from his injury because of the injury he had received from an aviation fall in Florida just before he came to this city.

Mrs. George White, who with her daughter, came to this country from Masovaya, Turkey, in the midst of the European upheaval last fall and who has been visiting in Minneapolis since her arrival in this country, has just come to Grinnell and is staying with her sister-in-law, Mrs. C. P. Chilton. Rev. and Mrs. D. P. Breed are having the pleasure of a visit from their daughter-in-law, Mrs. Dwight Breed of New York City.

FLAYS HUGHES' TEMPTERS.

Senator Works Says It is Deploable Politics Should Inevitably Result. Washington, April 13. Senator Works, republican, coupled an attack on the army bill with a denunciation of politicians who, he declared, were trying to tempt Justice Hughes with a

presidential nomination. "Partisan politics," declared the California senator, "is ruthless in its demands and invades the most sacred precincts of the national government. It is seeking place and power wherever it can find entrance. Just now it is attempting to invade the supreme court of the United States. It is presenting a member of that body the greatest temptation that could be offered to an American citizen to surrender his place on the bench and become a candidate for political office. This attempt to bring the highest judicial tribunal of the country or any member of it into politics should be resented not only by the member to whom the tempting offer is made, but by the whole country."

"To my mind, it is of the gravest importance that the great tribunal should be separated absolutely and forever from politics, candidacy for office or any interest in elections beyond that of the disinterested and patriotic private citizen. "If any member of the supreme court is tempted by an offer of a nomination as candidate for the presidency of the United States and refuses the offer because he is a justice of the supreme court and for that reason can not conscientiously accept a nomination to a political office or engage in politics he will have rendered his country a great and lasting service," Senator Works continued.

"The use of his name as a candidate is an offense to him and to the country," declared Senator Works in the course of his startling and striking utterance.

The tempting of Justice Hughes should be resented not only by him, but by the whole country, in the opinion of Senator Works, who in sensational remarks did not mention Justice Hughes by name, but no one questioned to whom he referred.

To say that senators were profoundly interested in putting it mildly. What will be the political results of the utterances of Senator Works it is impossible to predict. Many believe Justice Hughes will feel compelled to eliminate himself completely from the republican situation.
